

Tom Wilsie
Superintendent

Robert Kinsey
Assistant Superintendent

Tecumseh Public Schools
October 14, 2020

Good Evening Tecumseh High School Parents,

I want to update you on our most recent information regarding COVID-19 situations involving our school.

District officials have been notified that an employee and a student at Tecumseh High School have tested positive for COVID-19. We are in contact and working with the Pottawatomie County Health Department in response to these notifications.

All individuals, students and employees, who may have come into contact with these individuals, have been contacted by school officials and the Pottawatomie County Health Department as necessary. Any individual, student or employee, who is found to have been in close contact, will be required to quarantine for 14 days per CDC and Oklahoma State Department of Health guidelines.

If you are not contacted by school officials or Pottawatomie County Health Department officials, you or your child, were not considered to be directly affected in this situation.

We will continue to monitor our protocol for response and prevention and will keep you updated with all COVID-19 related information as it becomes necessary.

Sincerely,

Tom Wilsie
Superintendent
