

PROCESSES

ROE POLICY DEVELOPMENT – Policy Review and Evaluation

Regional Office of Education policies are statements that guide the ROE's administrators in the management of the Office. Therefore, it is necessary for the Regional Superintendent and the Leadership Team to periodically review the intent of its policies and to monitor the results of policy implementation. Based on the findings of the ROE's policy review, the Regional Superintendent may expand, delete or modify the ROE's existing policy statements. The review of policy will be a regular item on the Leadership Team meeting agendas.

In addition, a formal review of the ROE #9 Policy Manual will occur on a four-year cycle as outlined in the document, Plan for Development/Revision of ROE #9 Documents/Procedures.

Approved: 7/01/01
Revised: 4/01/04, 7/01/17
