Dear Parents/Guardians of USD 504 PK-12 Students:

The purpose of this letter is to inform you that the Oswego Service Valley USD 504 Board of Education unanimously approved Friday, November 13, 2020 as a district-wide PK-12 Remote Learning Day. Basically, this means that there will NOT be any PK-12 students on campus that day. All classes will be done remotely. All teachers will deliver that day's lessons electronically. By doing this, we will better be able to determine whether or not our remote learning system will work **if** we are indeed required to go full-time remote learning anytime in the future. Currently, we only have approximately 20 remote learners district-wide. The administration understands that this may be a difficult to manage situation for some families. That is why we have scheduled this day with a one month advanced notice.

Teachers will be on campus and in their classrooms on November 13th, and all students will receive their lessons off campus electronically. In some cases, this may be via Zoom, Seesaw, or by a live-stream. You will be receiving more detailed and specific information from your children's teacher(s) and building principal.

If you have any further questions or concerns, please contact your child's building principal.
