California Code of Regulations, Title 5. Education

Article 4.1. Administering Medication to Pupils or Otherwise Assisting Pupils in the Administration of Medication During the Regular School Day

§600. Authorization

Pursuant to Section 49423 and subdivision (b) of Section 49423.6 of the Education Code, any pupil who is required to take, during the regular school day, prescribed medication may be assisted by a school nurse or other designated school personnel if both of the following conditions are met:

- (a) the pupil's authorized health care provider executes a written statement specifying, at a minimum, the medication the pupil is to take, the dosage, and the period of time during which the medication is to be taken, as well as otherwise detailing (as may be necessary) the method, amount, and time schedule by which the medication is to be taken.
- (b) The pupil's parent or legal guardian provides a written statement initiating a request to have the medication administered to the pupil or to have the pupil otherwise assisted in the administration of the medication, in accordance with the authorized health care provider's written statement.

CEC. 49423. (a) Notwithstanding Section 49422, any pupil who is required to take, during the regular schoolday, medication prescribed for him or her by a physician and surgeon, may be assisted by the school nurse or other designated school personnel or may carry and self-administer prescription auto-injectable epinephrine if the school district receives the appropriate written statements identified in subdivision (b).

(b) (1) In order for a pupil to be assisted by a school nurse or other designated school personnel pursuant to subdivision (a), the school district shall obtain both a written statement from the physician detailing the name of the medication, method, amount, and time schedules by which the medication, method is to be taken and a written statement from the parent, foster parent, or guardian of the pupil indicating the desire that the school district assist the pupil in the matters set forth in the statement of the physician.

(2) In order for a pupil to carry and self-administer prescription auto-injectable epinephrine pursuant to subdivision (a), the school district shall obtain both a written statement from the physician and surgeon detailing the name of the medication, method, amount, and time schedules by which the medication is to be taken, and confirming that the pupil is able to self-administer auto-injectable epinephrine, and a written statement from the parent, foster parent, or guardian of the pupil consenting to the self-administration, providing a release for the school nurse or other designated school personnel to consult with the health care provider of the pupil regarding any questions that may arise with the medication, and releasing the school district and school personnel from civil liability if the self-administering pupil suffers an adverse reaction as a result of self-administering medication pursuant to the paragraph.

(3) The written statements specified in this subdivision shall be provided at least annually and more frequently if the medication, dosage, frequency of administration, or reason for administration changes.

(c) A pupil may be subject to disciplinary action pursuant to Section 48900 if that pupil uses auto-injectable epinephrine in a manner other than as prescribed.

Section 49423.1 is added to the Education Code, to read:

CEC. 49423.1. (a) Notwithstanding Section 49422, any pupil who is required to take, during the regular schoolday, medication prescribed for him or her by a physician and surgeon, may be assisted by the school nurse or other designated school personnel or may carry and self-administer inhaled asthma medication if the school district receives the appropriate written statements specified in subdivision (b).

(b) (1) In order for a pupil to be assisted by a school nurse or other designated school personnel pursuant to subdivision (a), The school district shall obtain from the physician and surgeon detailing the name of the medication, method, amount, and time schedules by which the medication is to be taken and a written statement from the parent, foster parent, or guardian of the pupil requesting that the school district assist the pupil in the matters set forth in the statement of the physician and surgeon.

(2) In order for a pupil to carry and self-administer prescription inhaled asthma medication pursuant to subdivision (a), the school district shall obtain both a written statement from the physician and surgeon detailing the name of the medication, method, amount, and time schedules by which the medication is to be taken, and confirming that the pupil is able to self-administer inhaled asthma medication, and a written statement from the parent, foster parent, or guardian of the pupil consenting to the self-administration, providing a release for the school nurse or other designated school personnel to consult with the health care provider of the pupil regarding any questions that may arise with regard to the medication, and releasing the school district and school personnel from civil liability if the self-administering pupil suffers an adverse reaction by taking medication pursuant to this section.

(3) The written statements specified in this subdivision shall be provided at least annually and more frequently if the medication, dosage, frequency of administration, or reason for administration changes.

(c) A pupil may be subject to disciplinary action pursuant to Section 48900 if that pupil uses inhaled asthma medication in a manner other than as prescribed.

Sec. 2. This act shall become operative only if Senate Bill 1912 of the 2003-04 Regular Session is enacted and becomes effective on or before January 1, 2005.
