Welcome Back!

Dear Friends,

I want to say how happy I am to see each and every one of your children come through the doors of EES! It has been so long since I have enjoyed hearing the talking and laughter in our halls...it does my heart good and I hope it is doing your heart good to get back to something that is familiar.

For those of you remote learning, I have enjoyed talking with you over the phone trying to clear up hiccups in the remote learning system...I am loving learning something new right along side you, and I thank you all for your patience and understanding as we work out the kinks.

The resilience of our little community is unmatched and I know that together we can overcome any obstacle. Please do not hesitate to reach out if there is anything we can help you with.

~Erin
