REGULATION

R 5450 <u>ATHLETIC AWARDS</u>

The Willingboro Township Board of Education will recognize the outstanding achievement of athletes who have won state championships by awarding a jacket to each member of a state championship team who have earned a letter.

Recognizing that athletes can be on a championship team more than once, it shall be the policy of the Willingboro Township Board of Education to provide a state championship patch to those pupils who have previously been awarded a championship jacket, in the same sport, in lieu of another jacket.

It must be emphasized that only those members who have earned a letter will qualify to be awarded a state championship jacket.

Individual Athlete Awards

The Willingboro Township Board of Education will recognize the outstanding achievement of each individual athlete who has won a state championship event by awarding each individual a jacket no more than once during that high school person's tenure. Each succeeding championship won by that pupil will be rewarded by a patch in lieu of a championship jacket.
