Milton-Union Exempted Village Schools

October 20, 2020

Dear Students, Families, and Community Members of the Milton-Union Schools:

On Tuesday, October 20, 2020, the district received verification that a Milton-Union Middle School student tested positive for COVID-19. With communication and cooperation from the student's family and Miami County Public Health personnel, Milton-Union staff members contacted students, parents, and caregivers identified as close contacts regarding next steps. Recent employee and student test results are not interrelated, but we continue to monitor the situation along with assistance from local public health officials.

Not only will the district remain committed to safety protocols, but we will also strive to maintain the privacy of and confidentiality for students, families, and employees. We hope everyone can remain mindful of safe practices and healthy decisions among our students, staff members, parents, and caregivers both in and outside of school. As always, thank you for your continued support, understanding, and patience.

Respectfully,

Brad Ritchey, Ph.D.
