Bid Form: Gym Floor Resurfacing

We, the pricing agency, certify that the bid meets or exceeds the specifications set forth in National, State, and Local Regulations and Requirements.

Delivery Date: Soonest possible date or as negotiated with the owner. Project must be completed no later than August 1, 2023.

Overview:

Fremont County School District #24 is located in Shoshoni, Wyoming. The district built a new K-12 building that was commissioned in August of 2016. Since then the gymnasium floor finish has failed and has exposed wood. Our District is needing a complete renovation of our main competition gym floor, along with our auxiliary gym floor.

Specifications:

A. Subcontractors Qualifications: An experienced installer who has completed wood athletic Flooring finishes similar in material, design and extent to that indicated for this project and whose work has resulted in wood, athletic-flooring installations with a record of successful in-service performance. Proof of insurance will be required when the bid is awarded.

1. Subcontractors Responsibilities: including the following, but not limited to:

- a. Sanding
- b. Resurfacing
- c. Game lines and markers and center graphics.
- d. Finish

1.2 MANUFACTURERS

A. Manufacturers: Subject to compliance with requirements, provide products by one of the following, or approved equivalent:

- a. Basic Coatings.
- b. BonaKemi USA, Inc.
- c. Crawford Laboratories.
- d. Hillyard Inc.
- e. Huntington Laboratories, Inc.
- f. National Coatings Co.

1.4 FINISHING MATERIALS

A. Floor-Finish System: VOC compliant oil modified seal and finish on raw wood or other approved equivalent.

B. High-gloss enamel compatible with finish and recommended by finish and paint manufacturers for this purpose.

1.5 SANDING AND FINISHING

A. Examine substrates, areas and conditions, for compliance with requirements, installation tolerances and other conditions affecting performance of wood-flooring assembly. Proceed with installation only after unsatisfactory conditions have been corrected.

B. Machine sand with coarse, medium and fine grades of sandpaper to achieve a level, smooth, uniform surface without ridges or cups. Remove sanding dust by tack or vacuum.

C. Finish: Apply seal and finish coats of finish system according to manufacturer's written instructions. Provide not less than four-coats total and not less than two-finish coats.

D. Use finishing methods recommended by the finish manufacturer to reduce grain raise and side bonding effect.

E. Lines, Markers and Center Graphics: Apply game-line and marker paint between final seal coat and first finish coat according to paint manufacturer's written instructions. Mask flooring to provide sharp edges. Where game lines cross, break minor game lines at intersection; do not overlap lines.

Proposal Clarifications:

- Includes normal working hours, Monday-Friday as long as there are no interruptions to the learning environment. If classroom access is needed or if construction activities will be required, work must be performed between the hours of 4:00 pm and 7:00 am.
- Any onsite workers that will not be accompanied by school district personnel will be required to have a background check prior to working if children are present in the building.

Reservation: Fremont County School District #24 Board of Trustees reserves the right to refuse any and all bids, and to accept the bid which, in its judgment, will best serve the needs of the school district.
