### Professional Development/Updates:

- Special Education Positions: 3 Ed Tech I Positions and continued need for substitutes. Interviewing this week.
- Maine Department of Education Monitoring-RSU #34 received our Summary of Findings and will be completing a Corrective Action Plan (CAP). All CAP activities must be completed with documentation sent to Maine DOE by July 30, 2021. The findings center on portions of the IEP and are common areas of focus across the state. We are very pleased with the results and have scheduled Maine DOE staff to provide training on the specific areas so that we can complete our CAP. I have included the areas of support provided through Maine DOE under their General Supervision System.

## Components of General Supervision
