# Mid-Carolina High School

## A Proud Past. A Promising Future.

Our mission: To engage students in educational experiences that ensure success and life-long learning.

Our vision is of a culture where all ideas are valued; a cooperative relationship exists between the school, the district, and the community; collaboration is expected; and people want to work and students want to learn.

## THE POSITIVE SUCCESS FORMULA

*You have more control and influence than you think you do."*

Indeed, we have more control than we think we do. Our positive energy, our belief system, our attitude, and our actions have a huge impact on the life we live and the success we enjoy.

You can listen to the constantly negative news channels and believe that success is impossible or you can change

your belief and know that with God and an optimistic attitude, all things are possible. Instead of focusing on what they say you can't do, focus on what you can do. *Instead of listening to the negative voices, focus on your positive choices.*

I'm not saying it will be easy. We will certainly be tested on our journey. I'm an optimist but also a realist. These are challenging times. We may lose our

job. We may experience financial difficulties. We may not sell our house as fast as we'd like. We may have to start a new business or venture. We may have set backs. But if we apply the Positive Success Formula to our life I guarantee we will have a big say and influence in the outcome. Instead of letting the world create us we will have a significant role in creating our world.

- Jon Gordon
