This Student/Parent Handbook is based in significant part on policies adopted by the Board of Education and Administrative Guidelines developed by the District Administrator. The Policies and Guidelines are periodically updated in response to changes in the law and other circumstances. Therefore, there may have been changes to the documents reviewed in this Handbook since it was printed. If you have questions or would like more information about a specific issue, contact your school principal.

FOREWORD

This student handbook was developed to answer many of the commonly asked questions that you and your parents may have during the course of a school year. This handbook summarizes many of the official policies and administrative guidelines of the Board of Education and the District. To the extent that the handbook is ambiguous or conflicts with these policies and guidelines, the policies and guidelines shall control. This handbook is effective immediately and supersedes any prior student handbook.

Because the handbook also contains information about student rights and responsibilities, each student is responsible for knowing its contents. Please take time to become familiar with the following information and keep the handbook available for your and your parents' use. It can be a valuable reference during the school year and a means to avoid confusion and misunderstanding when questions arise. Should you have any questions that are not addressed in this handbook, contact your School Principal, who you will find listed in the Staff Directory section of the handbook. This handbook supersedes all prior handbooks and other written or oral statements regarding any item in this handbook.

This handbook summarizes many of the official policies and administrative guidelines of the Board of Education and the District. If any of the policies referenced herein is revised after June 30, 2020, the language in the most current policy or administrative guideline prevails. The current policies are available on the District's website.

EQUAL EDUCATION OPPORTUNITY/ANTI-HARASSMENT

It is the policy (Policy [2260](#)) of the District to provide an equal education opportunity for all students. The right of a student to be admitted to school and to participate fully in curricular, extra-curricular, student services, recreational or other programs or activities shall not be abridged or impaired based on the traits of sex (including transgender status, change of sex, or gender identity), race, color, national origin, religion, creed, ancestry, marital or parental status, sexual orientation or physical, mental, emotional or learning disability, or any other characteristic protected by Federal or state civil rights laws (hereinafter referred to as "Protected Characteristics") or other protected characteristics as well as place of residence within District boundaries, or social or economic background.

Deleted: 5517

Students who have been identified as having an impairment or disability under Section 504 of the Rehabilitation Act or the Americans with Disabilities Act shall be provided with appropriate educational services. Parents who have questions should contact Julia Garczynski at Julia.garczynski@gcj2.k12.wi.us.

[It is also the policy \(Policy 5517\) of the District to maintain an educational environment that is free from all forms of harassment. This commitment applies to all District operations, programs, and activities. All students, administrators, teachers, staff, and all other school personnel share responsibility for avoiding, discouraging, and reporting any form of harassment. This policy applies to conduct occurring in any manner or setting over which the Board can exercise control, including on school property, or at another location if such conduct occurs during an activity sponsored by the Board.](#)

[The Board will not tolerate any form of harassment and will take all necessary and appropriate actions to eliminate it, including suspension or expulsion of students and disciplinary action against any other individual in the School District community. Additionally, appropriate action will be taken to stop and otherwise deal with any third party who engages in harassment against our students.](#)

Any person who believes that the Genoa City Jt. 2 School District or any staff person has discriminated against them in violation of [these policies](#) may file a complaint. A formal complaint can be made in writing to a District Compliance Officer listed below:

The complaint procedure is described in Board Policies 2260 and 5517. The policies are available in the School office and on the District's web page.

Due to the sensitivity surrounding complaints of harassment, time lines are flexible for initiating the complaint process; however, individuals should make every effort to file a complaint within thirty (30) days after the conduct occurs while the facts are known and potential witnesses are available. Once the complaint process is begun, the investigation will be completed in a timely manner (ordinarily, within fifteen (15) calendar days of the complaint being received).

If at any time during the investigation process the investigator determines that the complaint is properly defined as Bullying, under Policy 5517.01 - Bullying, and not harassment under Policy 5517, because the conduct at issue is not based on a student's Protected Characteristics, the investigator shall transfer the investigation to the appropriate building principal.

Under no circumstances will the District threaten or retaliate against anyone who raises or files a complaint.

The Genoa City Jt. 2 School District is committed to an educational environment that is free of harassment of any form. The school will not tolerate any form of harassment and will take all necessary and appropriate action to eliminate it, including suspension or expulsion of students and disciplinary action against any other individual in the School District community. Additionally, appropriate action will be taken to stop and otherwise deal with any third party who engages in harassment against our students.

Harassment means behavior toward a student or group of students based, in whole or in part on the traits of sex (including transgender status, change of sex, or gender identity), race, color, national origin, religion, creed, ancestry, marital or parental status, sexual orientation or physical, mental, emotional or learning disability, or any other characteristic protected by Federal or state civil rights laws (hereinafter referred to as "Protected Characteristics which substantially interferes with the student's school or academic performance or creates an intimidating, hostile or offensive school environment. Harassment may occur student-to-student, student-to-staff, staff-to-student, male-to-female, female-to-male, male-to-male, or female-to-female. Examples of conduct that may constitute harassment include:

- A. graffiti containing offensive language;
- B. name calling, jokes or rumors;
- C. threatening or intimidating conduct directed at another because of the other's protected characteristic (e.g., sex, race, learning disability);
- D. Notes or cartoons;
- E. Slurs, negative stereotypes, and hostile acts which are based upon another's protected characteristic;
- F. Written or graphic material containing comments or stereotypes which is posted or circulated and which is aimed at degrading individuals or members of protected classes;
- G. A physical act of aggression or assault upon another because of, or in a manner reasonably related to, the individual's protected characteristic; or
- H. Other kinds of aggressive conduct such as theft or damage to property, which is motivated by a protected characteristic.

SEXUAL HARASSMENT

Sexual harassment deserves special mention. Sexual harassment consists of unwelcome sexual advances, requests for sexual favors, sexually motivated physical conduct or other verbal or physical conduct or communication of a sexual nature when:

- A. Submission to that conduct or communication is made a term or condition, either explicitly or implicitly, of obtaining an education; or
- B. Submission or rejection of that conduct or communication by an individual is used as a factor in decisions affecting that individual's education; or
- C. That conduct or communication has the purpose or effect of substantially or unreasonably interfering with an individual's education, or creating an intimidating, hostile or offensive educational environment.

Sexual harassment may include, but is not limited to:

- A. unwelcome verbal harassment or abuse;
- B. unwelcome pressure for sexual activity;
- C. unwelcome, sexually motivated or inappropriate patting, pinching or physical contact, other than necessary restraint of students by teachers, administrators or other school personnel to avoid physical harm to persons or property;
- D. unwelcome sexual behavior or words including demands for sexual favors, accompanied by implied or overt threats concerning an individual's educational status;
- E. unwelcome sexual behavior or words, including demands for sexual favors, accompanied by implied or overt promises of preferential treatment with regard to an individual's educational status; or
- F. unwelcome behavior or words directed at an individual because of their sex or sexual orientation;

Sexual harassment examples include, but are not limited to:

- A. Repeatedly asking a person for dates or sexual behavior after the person has indicated no interest;
- B. Rating a person's sexuality or attractiveness;
- C. Staring or leering at various parts of another person's body;
- D. Spreading rumors about a person's sexuality;
- E. Letters, notes, telephone calls or materials of a sexual nature;
- F. Displaying pictures, calendars, cartoons or other materials with sexual content;
- G. A pattern of conduct, which can be subtle in nature, that has sexual overtones and is intended to create or has the effect of creating discomfort and/or humiliation to another; or
- H. remarks speculating about a person's sexual activities or sexual history, or remarks about one's own sexual activities or sexual history.

It is also the policy of the School that a sexual relationship between staff and students is not permissible in any form or under any circumstances, in or out of the school, in that it interferes with the educational process and may involve elements of coercion by reason of the relative status of a staff member to a student. An inappropriate boundary invasion by a District employee or other adult member of the School District community into a student's personal space and personal life is sexual harassment.

If you wish to report harassment, please contact one of the Compliance Officers listed above.

A copy of [Board's Anti-Harassment Policy 5517](#), including the reporting, investigation, and resolution procedures, is available in the school office [and on the District's web page](#).

BULLYING

Bullying is defined as a person willfully and repeatedly exercising power or control over another with hostile or malicious intent. Bullying can be physical, verbal, electronically transmitted, psychological (e.g., emotional abuse), through attacks on the property of another, or a combination of any of these. Examples of bullying include:

- A. Physical – hitting, kicking, spitting, pushing, pulling, taking and/or damaging personal belongings or extorting money, blocking or impeding student movement, unwelcome physical contact.
- B. Verbal – taunting, malicious teasing, insulting, name calling, making threats.
- C. Psychological – spreading rumors, manipulating social relationships, coercion, or engaging in social exclusion/shunning, extortion, or intimidation.
- D. "Cyberbullying" – the use of information and communication technologies such as e-mail, cell phone and pager text messages, instant messaging (IM), defamatory personal web sites, and defamatory online personal polling web sites, to support deliberate, repeated, and hostile behavior by an individual or group, that is intended to harm others.

All complaints about aggressive behavior that may violate this policy shall be promptly investigated. If the investigation finds that aggressive behavior has occurred, it will result in prompt and appropriate discipline, co-curricular sanctions and/or disciplinary action up to and including suspension or expulsion. Individuals may also be referred to law enforcement officials. ([Board Policy 5517.01](#))

SECTION 504/ADA COMPLAINT

Any person who believes that the Genoa City Jt. 2 School District or any staff person has discriminated against them in violation of the District's Section 504/ADA Policy 2260.01 may file a complaint. A formal complaint can be made in writing to a District Compliance Officer listed below:

INJURY AND ILLNESS

All injuries must be reported to a teacher or to the office staff. If minor, the student will be treated and may return to class. If medical attention is required, the office will follow the School's emergency procedures.

A student who becomes injured or ill during the school day should request permission from the teacher to go to the office. The office staff will determine whether the student should remain in school or go home. No student will be released from school without proper parental permission. ([Board Policy 5340](#))

SECTION I - GENERAL INFORMATION

ENROLLING IN THE SCHOOL

Students generally enroll in the School District in which they live. However, the Board will release a resident student who is accepted as a student in another School District under that District's open enrollment program.

Students that are new to the Genoa City Jt. 2 School District are required to enroll with their parents or legal guardian. When enrolling, the parents will need to bring:

- A. a birth certificate or similar document;
- B. custody papers from a court (if appropriate);
- C. proof of residency; and
- D. proof of immunizations and/or an appropriate waiver.

In some cases, a temporary enrollment may be permitted. If that is done, the parents will be told what records are needed to complete the enrollment process.

The office staff will assist parents in obtaining the official records from the previous school.

During the enrollment process, a parent (or adult student), may present information to the District certifying that the parent, his/her child, or a member of the parent's household is a participant in the Safe at Home/Address Confidentiality Program administered by the Wisconsin Department of Justice, the District shall use the address designated by the Department of Justice to serve as the student's address for enrollment purposes. The District shall place a copy of any certification provided by the parent in the enrollment files.

Homeless students who meet the Federal definition of homeless may enroll and will be under the direction of the Homeless Liaison with regard to enrollment procedures ([Board Policy 5111.01](#)).

Students who meet the Federal definition of children and youth in foster care may enroll and will be under the direction of the Local Point of Contact with regard to enrollment procedures ([Board Policy 5111.03](#)).

SCHEDULING AND ASSIGNMENT

The Principal will assign each student to the appropriate classroom and the program in which the student will be participating. Any questions or concerns about the assignment should be discussed with the Principal.

EARLY DISMISSAL

No student will be allowed to leave school prior to dismissal time without a written request signed by the parent. No student will be released to a person other than a custodial parent(s) or guardian without a permission note signed by the custodial parent(s) or guardian. [\(Board Policies 5200 and 5230\)](#)

TRANSFER OUT OF THE DISTRICT

If a student plans to transfer to another school, the parent must notify the Principal. Transfer will be authorized only after the student has completed the arrangements, returned all school materials, and paid any fees or fines that are due. Parents are encouraged to contact either school's Administrative Assistant for specific details.

OPEN ENROLLMENT

The School District ("District") will participate in the Wisconsin Public School Open Enrollment Program in accordance with applicable law and the relevant policies and rules of the District, all as amended from time-to-time. [\(Board Policies 5113 and 5113.01\)](#)

IMMUNIZATIONS

Each student must have the immunizations required by the Wisconsin Department of Health Services or must have an authorized waiver. If a student does not have the necessary shots or waivers, s/he may be excluded from school as permitted by law. This is for the safety of all students and staff. Any questions about immunizations or waivers should be directed to the School Nurse. [\(Board Policy 5320\)](#)

STUDENT ACCIDENTS/ILLNESS/CONCUSSION

The School District believes that school personnel have certain responsibilities in case of accidents, illness, or concussions that occur in school. Said responsibilities extend to the administration of first aid by persons trained to do so, summoning of medical assistance, notification of administration personnel, notification of parents, and the filing of accident reports. [\(Board Policy 5340\)](#)

EMERGENCY MEDICAL AUTHORIZATION

The Board has established [Policy 5341](#) that requires every student to have an Emergency Medical Authorization Form completed and signed by his/her parent in order to

Deleted: a policy

Deleted: must

participate in any activity off school grounds. This includes field trips, spectator trips, athletic and other extra-curricular activities, and co-curricular activities.

The school has made the Emergency Medical Authorization Form available to every parent at the time of enrollment. A student's failure to submit the completed form may jeopardize the student's participation in school activities.

USE OF PRESCRIBED MEDICATIONS

In those circumstances where a student must take prescribed medication during the School day, the following guidelines [of Board Policy 5330](#) are to be observed.

- A. Parents should, with their physician's advice, determine whether the medication schedule can be adjusted to avoid administering medication during school hours.
- B. The Medication Request and Authorization Form must be filed with the Principal before the student will be allowed to begin taking any medication during school hours. The forms are available in the School office.
- C. All medications to be administered during school hours must be registered with the school office.
- D. Medication that is brought to the school office will be properly secured.
- E. For each prescribed medication, the container shall have a pharmacist's label with the following information:
 - 1. student's name;
 - 2. practitioner's name;
 - 3. date;
 - 4. pharmacy name and telephone;
 - 5. name of medication;
 - 6. prescribed dosage and frequency; and
 - 7. special handling and storage directions.
- F. Medication MAY NOT be sent to school in a student's lunch box, pocket, or other means on or about his/her person, except for emergency medications for allergies and/or reactions.
- G. Any unused medication unclaimed by the parent will be destroyed by School personnel when a prescription is no longer to be administered or at the end of a school year.

A log for each prescribed medication shall be maintained which will note the personnel giving the medication, the date, and the time of day. This log will be maintained along with the physician's written request and the parent's written release.

ASTHMA INHALERS AND EPINEPHRINE AUTO-INJECTORS

Students, with appropriate written permission from the physician and parent, may possess and use a method dose inhaler or dry powder inhaler to alleviate asthmatic symptoms. [\(Board Policy 5330\)](#)

Deleted: '

Formatted: Font: Bookman Old Style, 11 pt

Students, who suffer from severe allergic reactions may, possess and use an epinephrine auto-injector when the student is required to carry the epinephrine auto-injector to prevent the onset of an allergic reaction, and the appropriate written permission from the medical practitioner and completed Parent Consent form have been submitted to the Principal.

Inhalers and Epinephrine can be administered by school officials only in accordance with conditions confirmed by the Principal, consistent with the approved plan adopted by the Board and updated annually.

USE OF NONPRESCRIBED (DRUG PRODUCTS)

[Possession, administration, and use of nonprescription drug products shall be in accordance with Board Policy 5330.](#)

Formatted: Indent: Left: 0", First line: 0"

The Nonprescription Drug Product Request and Authorization Form must be filed with the school nurse before the student will be allowed to begin taking any medication during school hours.

For each nonprescription drug product, the container shall be the original manufacturer's package and the package must list in a legible format the ingredients and recommended therapeutic dose.

The parents request to administer a nonprescription drug product shall contain the following information:

- A. student's name;
- B. date;
- C. name of medication;
- D. dosage and frequency; and
- E. special handling and storage directions.

Parents may authorize the School to administer a nonprescribed drug product using a form which is available at the School office. A physician does not have to authorize such medication, but all of the other conditions described above under Use of Prescribed Medications will also apply to nonprescribed medications. The student may be authorized on the request form by his/her parent to self-administer the medication in the presence of a school staff member. No other exceptions will be made to these requirements.

If a student is found using or possessing a nonprescribed drug product without parent authorization, s/he will be brought to the school office and the parents will be contacted for authorization. The medication will be confiscated until authorization is received. Any student who distributes a medication of any kind to another student or is found to possess a medication other than the one authorized is in violation of the school's Code of Conduct and may be disciplined in accordance with the drug-use provision of the Code

HEAD LICE

If a child in the District is found to have lice, the child's parent will be contacted to have the child treated and to pick him/her up immediately. After treatment and upon returning

to school, the child will be examined by the school health staff or principal. The District practices a policy of "no live lice" as a criteria for return to school. [\(Board Policy 8451\)](#)

CONTROL OF CASUAL-CONTACT COMMUNICABLE DISEASES

Because a school has a high concentration of people, it is necessary to take specific measures when the health or safety of the group is at risk. [In accordance with Board Policy 8450, a](#) teacher, nurse, or Principal may send home a student who is suspected of having a communicable disease and will notify the parent of such action and the reason(s) it was taken. School officials may be required to notify local health officials if they suspect a student has a covered communicable disease. School officials will comply with notification requirements of the Department of Health Services in addition to notifying the student's parent.

Deleted: A

Examples of such diseases include diphtheria, scarlet fever, strep infections, whooping cough, mumps, measles, rubella, and other conditions indicated by the Wisconsin Department of Health Services.

DIRECT CONTACT COMMUNICABLE DISEASES

In the case of non-casual-contact communicable diseases, the school still has the obligation to protect the safety of the staff and students. In these cases, the person in question will have his/her status reviewed by a panel of resource people to ensure that the rights of the person affected and those in contact with that person are respected. The school will seek to keep students and staff in school unless there is definitive evidence to warrant exclusion. [\(Board Policy 8453\)](#)

Non-casual-contact communicable diseases include sexually transmitted diseases, AIDS (Acquired Immune Deficiency Syndrome), ARC-AIDS Related Complex, HIV (Human Immunodeficiency Virus), Hepatitis B, and other diseases that may be specified by the Wisconsin Department of Health Services.

As required by Federal and State law, parents may be required to have their child's blood checked for HIV and HBV, and other blood-borne pathogens when the child has bled at school and students or staff members have been exposed to the blood. Any testing is subject to laws protecting confidentiality.

INDIVIDUALS WITH DISABILITIES AND LIMITED ENGLISH PROFICIENCY

The American's with Disabilities Act (ADA) and Section 504 of the Rehabilitation Act provide that no individual will be discriminated against on the basis of a disability [\(Board Policy 2260.01\)](#). This protection applies not just to the student, but to all individuals who have access to the District's programs and facilities.

A student can access Special Education services through the proper evaluation and placement procedure. Parent involvement in this procedure is generally required. More important, the school encourages parents to be active participants. To inquire about Special Education programs and services, a parent should contact the Director of Pupil Services at 262-279-1053. [\(Board Policy 2460\)](#)

The District is committed to identifying, evaluating, and providing a free appropriate public education ("FAPE") to students within its jurisdiction who are disabled within the definition of Section 504, regardless of the nature or severity of their disabilities.

Services are also available to students with Limited English Proficiency ([Board Policy 2260.02](#)). To inquire about programs and services, a parent should contact the Director of Pupil Services at 262-279-1053.

STUDENT RECORDS

The origination and maintenance of appropriate student records are essential to the effective operation of the District and meeting the educational interests of students. The rights and responsibilities of students, parents and the District with respect to student records are governed by State and Federal law ([Board Policy 8330](#)). Many student records are kept by teachers, counselors, and administrative staff. There are two (2) basic kinds of student records - directory information and confidential records.

Directory information can be given to any person or organization when requested, unless the parents of the student object in writing to the disclosure as required under school policy and State and Federal law. Directory information is specified in Policy 8330 and includes a student's name, photograph, participation in officially recognized activities and sports, date of graduation, and degrees and awards received.

If parents and eligible students do not submit such written notification to the Superintendent, directory information may be utilized by the Superintendent in District-wide publications, on the cable television educational access channel, or on the District's website. The directory information used will be properly verified and approved by the Superintendent.

Student records are generally considered confidential under State and Federal law and may not be released to third parties unless the student's parents consent in writing. However, there are exceptions to confidentiality, and requests for records within these exceptions may be granted without a parent's written consent. If you have questions about the confidentiality of student records and/or the release of student records to third-parties, please contact the Superintendent or consult the Board's Policy 8330 - Student Records.

Parents and students are reminded of: 1) their rights to inspect, review and obtain copies of students records; 2) their rights to request the amendment of the student's school records if they believe the records are inaccurate or misleading; 3) their rights to consent to the disclosure of the student's school records, except to the extent State and Federal law authorizes disclosure without consent; 4) the categories of student record information which have been designated as directory information and their right to deny the release of such information; and 5) their right to file a complaint with the Family Policy Compliance Office of the U.S. Department of Education.

Consistent with the Protection of Pupil Rights Amendment (PPRA), no student shall be required, as a part of the school program or the District's curriculum, without prior written consent of the student (if an adult, or an emancipated minor) or, if an unemancipated

minor, his/her parents, to submit to or participate in any survey, analysis, or evaluation that reveals information concerning:

- A. political affiliations or beliefs of the student or his/her parents;
- B. mental or psychological problems of the student or his/her family;
- C. sex behavior or attitudes;
- D. illegal, anti-social, self-incriminating or demeaning behavior;
- E. critical appraisals of other individuals with whom respondents have close family relationships;
- F. legally recognized privileged and analogous relationships, such as those of lawyers, physicians, and ministers;
- G. religious practices, affiliations, or beliefs of the student or his/her parents; or
- H. income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such a program).

Consistent with the PPRA and Board policy, parents may inspect any materials used in conjunction with any such survey, analysis, or evaluation. Please contact the Superintendent to inspect such materials.

Further, parents have the right to inspect, upon request, a survey or evaluation created by a third party before the survey/evaluation is administered or distributed by the school to the student. The parent will have access to the survey/evaluation within a reasonable period of time after the request is received by the building principal.

The Superintendent will provide notice directly to parents of students enrolled in the District of the substantive content of this policy at least annually at the beginning of the school year, and within a reasonable period of time after any substantive change in this policy. In addition, the Superintendent is directed to notify parents of students in the District, at least annually at the beginning of the school year, of the specific or approximate dates during the school year when the following activities are scheduled or expected to be scheduled:

- A. activities involving the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information for otherwise providing that information to others for that purpose); and
- B. the administration of any survey by a third party that contains one or more of the items described in A through H above.

The Family Policy Compliance Office in the U.S. Department of Education administers both Family Educational Rights and Privacy Act (FERPA) and Protection of Pupil Rights Amendment (PPRA). Parents and/or eligible students who believe their rights have been violated may file a complaint with:

Family Policy Compliance Office
U.S. Department of Education

STUDENT FUND-RAISING

Students participating in school-sponsored groups and activities will be allowed to solicit funds from other students, staff members, and members of the community in accordance with school guidelines ([Board Policy 5830](#)). The following general rules will apply to all fund-raisers. Students involved in the fund-raiser are not to interfere with students participating in other activities in order to solicit funds.

For fundraisers by student clubs and organizations that involve the sale to students of food items and/or beverages that will be consumed on campus, the food and/or beverages items to be sold must comply with the current USDA Dietary Guidelines for Americans and the Smart Snack Rules. Each student organization shall be permitted two (2) fundraising exceptions per school year where foods and beverages that are not allowable under the Smart Snack Rules can be sold. If approved, fundraisers that involve the sale, to students, of food items or beverages to be consumed on District property shall not compete directly with the sale of reimbursable meals.

If the fundraising activity will involve students under age twelve (12) such students' parents must provide written permission for the student to participate in the fundraising activity. Any student under nine (9) years of age, or each group containing one (1) or more students under nine (9) years of age, must be physically accompanied by a parent or a person at least sixteen (16) years of age.

No student may participate in a fund-raising activity conducted by a parent group, booster club, or community organization on school property without the approval of the Principal.

Fundraising by students on behalf of school-related organizations whose funds are not managed by the District may be permitted on school grounds by the Superintendent.

STUDENT VALUABLES

Students are encouraged not to bring items of value to school. Items such as jewelry, expensive clothing, electronic equipment, and the like, are tempting targets for theft and extortion. The school cannot be responsible for their safe-keeping and will not be liable for loss or damage to personal valuables.

REVIEW OF INSTRUCTIONAL MATERIALS

Any parent who wishes to review instructional materials or observe classroom instruction should contact the Principal to make the appropriate arrangements. Parents have the

right to review any instructional materials related to the human growth and development curriculum and may also observe instruction in classes dealing with such subject matter ([Board Policy 2414](#)). Parents' rights to review teaching materials and instructional activities are subject to reasonable restrictions and limits.

MEAL SERVICE

The school participates in the National School Lunch Program and makes lunches available to students for a fee ([Board Policy 8500](#)). Students may also bring their own lunch to school to be eaten in the school's cafeteria. No student shall be allowed to leave school premises during the lunch period without specific permission granted by the Principal.

Applications for the school's Free and Reduced-Priced Meal program are distributed to all students ([Board Policy 8531](#)). Extra applications can be obtained in the School office.

FIRE DRILLS, TORNADO DRILLS, LOCKDOWN DRILLS

Deleted: AND

[The school has a comprehensive School Safety Plan \(Board Policy 8420\) that includes specifications for fire drills, tornado drills, and lockdown drills.](#)

The school complies with all fire safety laws and will conduct fire drills in accordance with State law. Specific instructions on how to proceed will be provided to students by their teachers, who are responsible for safe, prompt, and orderly evacuation of the building.

EMERGENCY CLOSINGS AND DELAYS

If the school must be closed or the opening delayed because of inclement weather or other conditions, the school will notify families through the district website and communication systems. Parents and students are responsible for knowing about emergency closings and delays. ([Board Policy 8220](#))

VISITORS

Visitors, particularly parents, are welcome at the School. In order to properly monitor the safety of students and staff, each visitor must report to the office upon entering the school to register and obtain a pass. Any visitor found in the building without a pass shall be reported to the Principal and/or law enforcement.

If a person wishes to confer with a member of the staff, s/he should call for an appointment prior to coming to the school, in order to prevent any loss of instructional time. Visitors access to classrooms and instructional activities are subject to reasonable restrictions and limits. Please consult with the Principal regarding these restrictions. Students may not bring visitors to school without first obtaining written permission from the Principal. ([Board Policies 7440 and 9150](#))

USE OF CELL PHONES, OR ELECTRONIC COMMUNICATION DEVICES

"Personal communication devices" ("PCDs") as used in this policy are defined in Bylaw 0100.

Students may use PCDs before and after school, during their lunch break, during after school activities (e.g., extra-curricular activities), or at school-related functions. Use of PCDs, except those approved by a teacher or administrator, at any other time is prohibited and they must be stored out of sight.

However, technology including, but not limited to, PCDs intended and actually used for instructional purposes (e.g., taking notes, recording classroom lectures, writing papers) will be permitted, as approved by the classroom teacher or the building principal. The use of a PCD to engage in non-education-related communications is expressly prohibited.

Students may not use PCDs on school property or at a school-sponsored activity to access and/or view Internet web sites that are otherwise blocked to students at school.

Except as authorized by a teacher, administrator or IEP team, students are prohibited from using PCDs during the school day, including while off-campus on a field trip, to capture, record and/or transmit the words or sounds (i.e., audio) and/or images (i.e., pictures/video) of any student, staff member or other person. Using a PCD to capture, record, and/or transmit audio and/or pictures/video of an individual without proper consent is considered an invasion of privacy and is not permitted. Students who violate this provision and/or use a PCD to violate the privacy rights of another person shall have their PCD confiscated and held until the end of the school day and may be directed to delete the audio and/or picture/video file while the parent is present. If the violation involves potentially illegal activity, the confiscated-PCD may be turned over to law enforcement.

PCDs, with cameras or any other recording capabilities, may not be activated or utilized at any time in any school situation where a reasonable expectation of personal privacy exists. These locations and circumstances include, but are not limited to, classrooms, gymnasiums, locker rooms, shower facilities, rest/bathrooms, and any other areas where students or others may change clothes or be in any stage or degree of disrobing or changing clothes. The Superintendent and building principals are authorized to determine other specific locations and situations where use of a PCD is absolutely prohibited.

Students shall have no expectation of confidentiality with respect to their use of PCDs on school premises/property.

Students may not use a PCD in any way that might reasonably create in the mind of another person an impression of being threatened, humiliated, harassed, embarrassed, or intimidated. See Policy 5517.01 – Bullying and Other Forms of Aggressive Behavior. In particular, students are prohibited from using PCDs to: (1) transmit material that is threatening, obscene, disruptive, or sexually explicit or that can be construed as harassment or disparagement of others based upon their race, color, national origin, sex (including sexual orientation/transgender identity), disability, age,

religion, ancestry, or political beliefs; and (2) engage in "sexting" - i.e., sending, receiving, sharing, viewing, or possessing pictures, text messages, e-mails or other materials of a sexual nature in electronic or any other form. Violation of these prohibitions shall result in disciplinary action. Furthermore, such actions will be reported to local law enforcement and child services as required by law.

Students are also prohibited from using a PCD to capture, record, and/or transmit test information or any other information in a manner constituting fraud, theft, cheating, or academic dishonesty. Likewise, students are prohibited from using PCDs to receive such information.

Possession of a PCD by a student at school during school hours and/or during extra-curricular activities is a privilege that may be forfeited by any student who fails to abide by the terms of this policy, or otherwise abuses this privilege.

Violations of this policy may result in disciplinary action and/or confiscation of the PCD. The building principal will also refer the matter to law enforcement or child services if the violation involves an illegal activity (e.g., child pornography, sexting). Discipline will be imposed on an escalating scale ranging from a warning to an expulsion based on the number of previous violations and/or the nature of or circumstances surrounding a particular violation. If the PCD is confiscated, it will be released/returned to the student's parent after the student complies with any other disciplinary consequences that are imposed, unless the violation involves potentially illegal activity in which case the PCD may be turned over to law enforcement. A confiscated device will be marked in a removable manner with the student's name and held in a secure location in the building's central office until it is retrieved by the parent or turned over to law enforcement. School officials will not search or otherwise tamper with PCDs in District custody unless they reasonably suspect that the search is required to discover evidence of a violation of the law or other school rules. Any search will be conducted in accordance with Policy 5771 - Search and Seizure. If multiple offenses occur, a student may lose his/her privilege to bring a PCD to school for a designated length of time or on a permanent basis.

A person who discovers a student using a PCD in violation of this policy is required to report the violation to the building principal.

Students are personally and solely responsible for the care and security of their PCDs. The Board assumes no responsibility for theft, loss, or damage to, or misuse or unauthorized use of, PCDs brought onto its property.

Parents are advised that the best way to get in touch with their child during the school day is by calling the school office.

Students may use school phones to contact parents during the school day if given permission by a school staff member.

WEAPONS

The Board prohibits students from possessing, storing, making, or using a weapon in any setting that is under the control and supervision of the District for the purpose of school activities approved and authorized by the District including, but not limited to, property leased, owned, or contracted for by the District, a school-sponsored event, or in a District vehicle, to the extent permitted by law without the permission of the Superintendent.

The term "weapon" means any object which, in the manner in which it is used, is intended to be used, or is represented, is capable of inflicting serious bodily harm or property damage, as well as endangering the health and safety of persons. Weapons include, but are not limited to, firearms (including, but not limited to, firearms as defined in 18 U.S.C. 921(a)(3)), guns of any type whatsoever, including air and gas-powered guns (whether loaded or unloaded), knives, (subject to the exceptions below) razors, with unguarded blades, clubs, electric weapons, metallic knuckles, martial arts weapons, ammunition, and explosives.

The Superintendent is authorized to establish instructional programs on weapons and reporting and dealing with violations of this policy.

The Superintendent will refer any student who violates this policy to the student's parents and may also make a referral to law enforcement. The student may also be subject to disciplinary action, up to and including expulsion.

Policy exceptions include:

- A. weapons under the control of law enforcement personnel while on duty, or qualified former law enforcement officers, off duty law enforcement officers, or out-of-state law enforcement officers;
- B. items pre-approved by a Principal as part of a class or individual presentation under adult supervision, including, but not limited to Hunters' Education courses, if used for the purpose and in the manner approved (working firearms and live ammunition will never be approved);
- C. theatrical props used in appropriate settings; and
- D. a knife lawfully used for food consumption or preparation, or a knife used for a lawful purpose within the scope of the student's class work.

Any student who has reason to believe that a person has or will violate this policy shall report to the Superintendent or the supervisor of the activity immediately. The report should include as much detail as possible concerning the person(s) involved, the weapon, the location of the person(s), and how this information was obtained.

No student is to confront the person possessing the weapon, but a staff member has the option of confronting the person if the staff member believes the risk of injury to self or others is minimal or if immediate action is necessary to prevent injury to any person.

This policy will be published annually in all District student and staff handbooks. Publication is not a precondition to enforcement of this policy.

VIDEO SURVEILLANCE

The Board of Education has authorized the use of video surveillance and electronic monitoring equipment at various school sites throughout the school. Any person who takes action to block, move, or alter the location and/or viewing angle of a video camera shall be subject to disciplinary action. ([Board Policy 7440.01](#))

SAFETY AND SECURITY

The safety of our students requires the following precautions that are conducted in accordance with Board Policy 7440 and the School Safety Plan;

- A. All visitors must enter through the designated visitor entrance and report to the School office when they arrive at School.
- B. All visitors are given and required to wear a visitor pass while they are in the building.
- C. The staff is expected to question people in the building whom they do not recognize and who are not wearing a visitor pass, and to question people who are "hanging around" the building after hours.
- D. Students and staff are expected to immediately report to a teacher or administrator any suspicious behavior or situation that makes them uncomfortable.
- E. All outside doors, except the main entrance, are locked during the School day.

ASBESTOS NOTIFICATION

All buildings owned by the district were inspected by EPA accredited inspectors, and samples were analyzed by an independent laboratory. Based on the inspection, the district prepared and the state approved a comprehensive management plan for handling the asbestos located within its buildings safely and responsibly. Genoa City Jt. 2 District has completed its AHERA 3-Year Re-inspection requirement. Buildings where asbestos-containing materials were found are under an Operations and Maintenance program. Federal law requires a periodic walkthrough (called "surveillance") every six months of each area containing asbestos. The law requires all buildings to be re-inspected three years after a management plan is in effect. Short-term workers (outside contractors- i.e., telephone repair workers, electricians and exterminators) must be provided information regarding the location of asbestos in which they may come into contact. All short-term workers shall contact the lead maintenance person before commencing work to be given this information. The District has a list of the location(s) and type(s) of asbestos-containing materials found in that school building and a description and timetable for their proper management. A copy of the Asbestos Management Plan is available for review in the school office. Copies are available at 25 cents per page. Questions related to the plan should be directed to the Superintendent.

SECTION II - ACADEMICS

ACADEMIC AND CAREER PLANNING

Academic and career planning services, including individualized support and access to software tools and staff assistance, is provided to students in grades 6 to 8. The mission of academic and career planning is to provide a comprehensive plan, which will be developed and maintained by a student, that includes the student's academic, career, personal, and social goals and the means by which the student will achieve those goals both before and after high school graduation.

GRADES

Teachers have a standard grading procedure, as well as additional notations that may indicate work in progress or incomplete work. The purpose of a grade is to indicate the extent to which the student has acquired the necessary learning. In general, students are assigned course grades based upon test results, homework, projects, and classroom participation. Each teacher may place a different emphasis on these areas in determining a course grade and will so inform the students at the beginning of the course work. If a student is not sure how his/her course grade will be determined, s/he should ask the teacher.

Students shall receive a report card at the end of each semester indicating their grades for each course of study for that portion of the academic term.

PROMOTION, PLACEMENT, AND RETENTION

[Board Policy 5410 and related guidelines provide the framework for promotion, placement, and retention decisions.](#)

The Board recognizes that the personal, social, physical, and educational growth of children will vary and that they should be placed in the educational setting most appropriate to their needs at the various stages of their growth.

It shall be the policy of the Board that each student be moved forward in a continuous pattern of achievement and growth appropriate for his/her own development.

Such pattern should coincide with the system of grade levels established by this Board and the instructional objectives established for each.

A student will be promoted to the succeeding grade level when s/he has:

- A. completed the course requirements at the currently assigned grade;
- B. in the opinion of the professional staff, achieved the instructional objectives set for the present grade;

- C. demonstrated the sufficient proficiency to permit him/her to move ahead in the educational program of the next grade
- D. demonstrated the degree of social, emotional, and physical maturation necessary for a successful learning experience in the next grade.

Following sound principles of child guidance, the Board discourages the skipping of grades.

The Superintendent shall develop processes and practices for promotion, placement, and retention of students which:

- A. ensure students who are falling seriously behind their peers or who may not be promoted receive the special assistance they may need to achieve the academic outcomes of the District's core curriculum;
- B. require the recommendation of the relevant staff members for promotion, placement, or retention;
- C. require that parents are informed in advance of the possibility of retention of a student at a grade level;
- D. assure that efforts are made to remediate the student's difficulties before s/he is retained;
- E. assign to the principal the final responsibility for determining the promotion, placement, or retention of each student.

Promotion from Grade 4 and Grade 8

The Board directs the Superintendent to prepare a list of specific criteria for promoting students from the 4th and 8th grades. The criteria shall include the student's score on the 4th and 8th grade examination, unless the student has been excused from taking the examination; the student's academic performance; the recommendations of teachers which shall be based solely on the student's academic performance; and any other academic criteria recommended for Board consideration.

HOMEWORK

The assignment of homework can be expected. Student grades will reflect the completion of all work, including outside assignments. Homework is also part of the student's preparation for the standardized tests and graduation.

Homework will not generally be used for disciplinary reasons but only to enhance the student's learning.

STUDENT TECHNOLOGY ACCEPTABLE USE AND SAFETY

Students are encouraged to use the school's technology resources for educational purposes. Use of such resources is a privilege, not a right. Students must conduct themselves in a responsible, efficient, ethical, and legal manner. Users are required to refrain from actions that are illegal (such as libel, slander, vandalism, harassment, theft,

plagiarism, inappropriate access, and the like) or unkind (such as personal attacks, invasion of privacy, injurious comment, and the like). Unauthorized or inappropriate use, including any violation of the District's policies and administrative guidelines, may result in cancellation of the privilege, disciplinary action consistent with the School's rules, and civil or criminal liability. Smooth operation of the School's network relies upon users adhering to the District's policies and administrative guidelines. Prior to accessing the Internet at School, students must sign the Student Technology Acceptable Use and Safety Agreement each year.

Violation of the Student Technology Acceptable Use and Safety Agreement may result in disciplinary consequences up to and including expulsion from the District, civil liability and/or referral to law enforcement.

The School District reserves the right to monitor, inspect, copy, review and store at any time and without prior notice any and all usage of the computer network and Internet access and any and all information transmitted or received in connection with such usage. All such information files shall be and remain the property of the School District and no user shall have any expectation of privacy regarding such materials.

Use of District technology resources to engage in "cyberbullying" is prohibited. "Cyberbullying" involves the use of information and communication technologies to support deliberate, repeated, and hostile behavior by an individual or group, which is intended to harm others."

Cyberbullying includes, but is not limited to the following:

1. posting slurs or rumors or other disparaging remarks about a student or school staff member on a web site or on weblog;
2. sending e-mail or instant messages that are mean or threatening, or so numerous as to drive up the victim's cell phone bill;
3. using a camera phone to take and send embarrassing and/or sexually explicit photographs/recordings of students or school staff;
4. posting misleading or fake photographs of students or school staff members on web sites.

To the extent permitted by the First Amendment, instances of cyberbullying off school grounds that disrupt the school environment or interfere with the learning process will be considered violations of the Student Code of Conduct.

Students shall not access social media for personal use from the District's network.

STUDENT ASSESSMENT

To measure student progress, students will be tested in accordance with State standards and District policy.

Additional group tests are given to students to monitor progress and determine educational mastery levels. These tests are used to help the staff determine instructional needs.

Classroom tests will be used to assess student progress and assign course grades. These are selected or prepared by teachers to assess how well the students have achieved specific objectives.

Vocational and interest surveys may be given to identify particular areas of student interest or talent. These are often given by the school counseling staff.

If necessary, intelligence tests, speech and language evaluations, individually administered achievement tests, and other special testing services are available to students needing these services.

Depending on the type of testing, specific information and/or parent consent may need to be obtained. The assessment program will not violate the rights of consent and privacy of a student participating in any form of evaluation.

SECTION III - STUDENT ACTIVITIES

SCHOOL-SPONSORED CLUBS AND ACTIVITIES

Students have the opportunity to broaden their learning through curricular-related activities. A curricular-related activity may be for credit, required for a particular course, and/or contain school subject matter.

The school has many student groups that are approved by the Board of Education. Extra-curricular activities do not reflect the school curriculum, but are made available to students to allow them to pursue additional worthwhile activities such as recreational sports, drama, and the like.

All students are permitted to participate in the activities of their choosing, as long as they meet the eligibility requirements. ([Board Policy 2430](#))

SCHOOL SPONSORED PUBLICATIONS AND PRODUCTIONS

The Board of Education sponsors student publications and productions as a means by which students learn, under adult direction/supervision, the rights and responsibilities inherent when engaging in the public expression of ideas and information in our democratic society. ([Board Policy 5722](#))

For purposes of this policy, "school-sponsored student media" shall include both student publications and productions. "Student publications" shall include any written materials, (including, but not limited to, banners, flyers, posters, pamphlets, notices, newspapers, playbills, yearbooks, literary journals, books, and t-shirts and other school-sponsored clothing), as well as material in electronic or on-line form (including, but not limited to, websites, web logs ("blogs"), video or audio clips, and newsletters or announcements transmitted by e-mail, wireless broadcast or other similar distribution/dissemination). "Student productions" shall include vocal and theatrical performances, impromptu dramatic presentations, or any electronic media (including, but not limited to, radio and television programs, podcasts, and other video or audio productions that are recorded for re-broadcast or broadcast in real time using any available broadcast technology). Further, the term "publication" shall include distribution and dissemination of a student publication; and the term "performance" shall include presentation and broadcast of a student production.

The following speech is unprotected and prohibited in all school-sponsored student publications and productions: speech that is defamatory, libelous, obscene or harmful to juveniles; speech that is reasonably likely to cause substantial disruption of or material interference with school activities or the educational process; speech that infringes upon the privacy or rights of others; speech that violates copyright law; speech that promotes activities, products or services that are unlawful (illegal) as to minors as defined by State or Federal law; and speech that otherwise violates school policy and/or State or Federal law. The Board authorized the administration to engage in prior review and restraint of school-sponsored publications and productions to prevent the publication or performance of unprotected speech.

All school-sponsored student publications and productions are nonpublic forums. While students may address matters of interest or concern to their readers/viewers, as nonpublic forums, the style and content of the student publications and productions can be regulated for legitimate pedagogical, school-related reasons. School officials shall routinely and systematically review and, if necessary, restrict the style and/or content of all school-sponsored student publications and productions prior to publication/performance in a reasonable manner that is neutral as to the viewpoint of the speaker. Legitimate pedagogical concerns are not confined to academic issues, but include the teaching by example of the shared values of a civilized social order, which consists of not only independence of thought and frankness of expression but also discipline, courtesy/civility, and respect for authority. School officials may **further** prohibit speech that is grammatically incorrect, poorly written, inadequately researched, biased or prejudiced, vulgar or profane, or unsuitable for immature audiences.

School-sponsored student media may not be published/performed outside the school community (i.e. publication/performance is limited to students, staff and parents/family members) except with prior written approval of the building principal.

The Superintendent shall designate one or more professional staff members to serve as advisors for the purpose of establishing guidelines for appropriate subject matter for publication and with responsibility for compliance with established guidelines. The staff member shall review proposed content and promptly notify the student writers whether their proposed article will or will not be published.

Students shall not be disciplined and/or retaliated against for exercising and/or asserting their free speech rights as defined in this policy. Nothing in this policy, however, restricts the Board's ability to impose post-publication/performance discipline related to a student engaging in the impermissible publication/performance of unprotected speech.

Advertising is permitted in all school-sponsored student publications/productions.

Advertisements submitted for publication or inclusion in a production shall be reviewed by the class/activity advisor for a determination that they are appropriate for juveniles. The Superintendent retains the final authority to determine whether an advertisement is appropriate and will be included in a publication/production. Advertisements may be rejected for legitimate pedagogical school-related reasons unrelated to the viewpoint of the advertiser (e.g., the advertisement encourages action that would endanger the health and safety of students).

General Prohibitions

Regardless of their status as non-public or limited-purpose public *forums*, the Board prohibits publications, productions and advertisements that:

- A. promote, favor, or oppose any candidate for election or the adoption of any bond issue, proposal, or question submitted at any election;
- B. fail to identify the student or organization responsible for the publication/performance;
- C. solicit funds for non-school organizations or institutions when such solicitations have not been approved by the Superintendent

SECTION IV - STUDENT CONDUCT

ATTENDANCE

The District requires all students to attend school regularly in accordance with the laws of Wisconsin [and Board Policy 5200](#). The school's educational program is predicated upon the presence of the student and requires continuity of instruction and classroom participation. The regular contact of students with one another in the classroom and their participation in a well-planned instructional activity under the guidance of a competent teacher are vital to this purpose.

Compulsory Student Attendance

All children between six (6) and eighteen (18) years of age shall attend school regularly during the full period and hours, religious holidays excepted, that the school is in session. All students must attend until the end of the term, quarter or semester of the school year in which the child becomes eighteen (18) years of age unless they fall under an exception outlined in the District's Administrative Guidelines. A child who is enrolled in five (5) year-old kindergarten shall attend school regularly, religious holidays excepted, during the full period and hours that kindergarten is in session until the end of the school term.

Excuse for Absence

A parent of a student who is absent shall provide **either** a written or oral notification stating the reason for and the time period of the absence. This statement must be submitted prior to the absence if the absence is foreseeable. If the absence is not foreseeable, the statement must be provided prior to the student's readmission to school. The statement shall be submitted to the school office and filed in the student's school record. The District reserves the right to verify statements and investigate absences from school.

Release of Students to Authorized Persons

If only one (1) parent is permitted to make educational decisions or to approve absences of the student by Court order, the responsible parent shall provide the school with a copy of the Court order. Absent such notice, the school will presume that the student may be released into the care of either parent.

No student who has a medical disability which may be incapacitating may be released without a person to accompany him/her.

No student shall be released to anyone who is not authorized by a parent with authority to do so.

Excused Absences

A student shall be excused from school for the following reasons:

Physical or Mental Condition

The student is temporarily not in proper physical or mental condition to attend a school program.

Obtaining Religious Instruction

Students may wish to obtain religious instruction outside the school during the required school period. The time period or periods of absence shall be determined by the Building Principal. Such absences must be at least 60 minutes but not more than 180 minutes per week. Requests for absence under this paragraph shall be denied if the student fails to attend religious instruction after requesting to be absent from his or her regular school. The supervisor of such religious instruction shall report monthly, to the principal of the school regularly attended, the names of the students who attended such weekly religious instruction. See Policy 5223 - Religious Instruction for further details.

Permission of Parent or Guardian

The student may be excused by his or her parent or guardian before the absence for any or no reason. A student may not be excused for more than ten (10) days under this paragraph and must complete any course work missed during the absence.

Religious Holiday

The student wishes to observe a religious holiday consistent with the student's creed or belief.

Suspension or Expulsion

The student has been suspended or expelled.

A student may be excused from school, as determined by the Building Principal, for the following reasons:

A. Quarantine

Quarantine of the student's home by a public health officer.

B. Illness of an Immediate Family Member

The illness of an immediate family member.

C. Emergency

An emergency that requires the student to be absent because of family responsibilities or other appropriate reasons.

Tuancy

A student will be considered truant if he or she is absent part or all of one or more days from school during which the Building Principal, School Administrative Assistant, or a teacher has not been notified of the legal cause of such absence by the parent or guardian of the absent student. A student will also be considered truant if he or she has been absent intermittently for the purpose of defeating the intent of the Wisconsin Compulsory Attendance statute – Sec. 118.15, Wis. Stat.

When a student is truant, the Building Principal shall ensure that all applicable provisions of the District’s Truancy Plan are carried out.

Unexcused Absences

Unexcused absences demonstrate a deliberate disregard for the educational program and are considered a serious matter. The Principal will determine on a case-by-case basis the appropriate methods to deal with unexcused absences.

Late Arrival and Early Dismissal

It is necessary that a student be in attendance throughout the school day in order to benefit fully from the educational program of the District.

The Board recognizes, however, that from time-to-time compelling circumstances require that a student be late to school or dismissed before the end of the school day.

As an agent for the education of the children of this District, the Board shall require that the school be notified in advance of such absences by written or personal request of the student's parent, who shall state the reason for the tardiness or early dismissal. Justifiable reasons shall be determined by the School Attendance Officer.

No student who has a medical disability which may be incapacitating may be released without a person to accompany him/her.

No student shall be released to anyone who is not authorized such custody by the parents.

Habitual Truancy

A student is considered a habitual truant if he or she is absent from school without an acceptable excuse for part or all of five (5) or more days on which school is held during a school semester.

When a student initially becomes a habitual truant, the School Attendance Officer shall ensure that all applicable provisions of the District’s Truancy Plan are carried out.

Parent/Guardian Responsibilities

It is the responsibility of the student’s parent or guardian to ensure that their child attends school regularly. Parents are expected to provide an excuse for all absences.

Student Responsibilities

Students are required to attend all classes and other school activities on their daily schedule, unless they have been excused from school.

Students Leaving School During the School Day

No staff member shall permit or cause any student to leave school prior to the regular hour of dismissal except with the knowledge and approval of the Principal and with the knowledge and approval of the student's parents.

No student will be released to any government agency without proper warrant or written parental permission except in the event of an emergency as determined by Principal.

Make-Up Course Work and Examinations

A student whose absence from school was excused or unexcused shall be permitted to make-up course work and examinations missed during the absence when they return to school. It is the student's responsibility to contact his or her teachers to determine what course work and examinations must be made-up. Teachers shall have the discretion to assign substitute course work and examination. Teachers shall also have the discretion to specify where and when examinations and course work shall be completed, including outside regular school hours. The time for completing the work shall be commensurate with the length of the absence, unless extended by the Principal based upon extenuating circumstances.

Unexcused Absences

Unexcused absences demonstrate a deliberate disregard for the educational program and are considered a serious matter. The Principal shall develop appropriate practices to address unexcused absences.

STUDENT BEHAVIOR

Deleted: CODE OF CONDUCT

A major component of the educational program is to prepare students to become responsible workers and citizens by learning how to conduct themselves properly and in accordance with established standards.

Expected Behaviors

Each student shall be expected to:

- A. abide by national, State, and local laws as well as the rules of the school;
- B. respect the civil rights of others;
- C. act courteously to adults and fellow students;
- D. be prompt to school and attentive in class;
- E. work cooperatively with others when involved in accomplishing a common goal regardless of the other's ability, sex, sexual orientation, race, or ethnic background;
- F. complete assigned tasks on time and as directed;
- G. help maintain a school environment that is safe, friendly, and productive;
- H. act at all times in a manner that reflects pride in self, family and in the school.

Dress and Grooming

While fashions change, the reason for being in school does not. Students are in school to learn. Any fashion (attire, accessory, or hairstyle) that disrupts the educational process or presents a safety risk will not be permitted. Personal expression is permitted within these general guidelines.

If a student has selected a manner of appearance that is beyond mere freedom of expression and disrupts the educational process or presents risk to themselves or others, they may be removed from the educational setting.

The following styles or manners of dress are prohibited:

Shorts and skirts above the knee and open-toed shoes may be worn from the beginning of school through October and from Spring Break until the end of the year. The inseam for all shorts must be a minimum of five (5) inches in length.

Clothing should cover the body from shoulders to knees without revealing skin or undergarments. Examples of inappropriate clothing for school: halter tops, strapless tops, spaghetti straps, fishnet shirts, pants revealing butt crack; clothing that references inappropriate language, alcohol, tobacco, drugs, gangs, etc. Hats are not allowed in school once students enter the building. All hoods whether on sweatshirts or jackets are considered hats and hoods must be down when students enter the building.

Concerns by staff with regard to proper attire will be sent to the office. If in the judgment of the teacher and/or administrator, student attire presents a safety hazard or is disruptive to the educational process, teacher and administration will work with the student to acquire alternate clothes to wear for the day. Repeated violations may result in an Office Discipline Referral.

Students who are representing our school at an official function or public event may be required to follow specific dress requirements. Usually, this applies to athletic teams, cheerleaders, bands, and other such groups. [\(Board Policy 5511\)](#)

Care of Property

Students are responsible for the care of their own personal property. The school will not be responsible for the loss of personal property. Valuables such as jewelry or irreplaceable items should not be brought to school. The school may confiscate such items and return them to the student's parents.

Damage to or loss of school equipment and facilities wastes taxpayers' money and undermines the school program. Therefore, if a student damages or loses school property, the student or his/her parents will be required to pay for the replacement or damage. If the damage or loss was intentional, the student will also be subject to discipline according to the Code of Conduct, and may be referred to law enforcement. [\(Board Policy 5113\)](#)

DRUG ABUSE PREVENTION

The administration and staff recognize that the misuse of drugs is a serious problem with legal, physical, and social implications for the entire school community.

As the educational institution of this community, our school strives to prevent drug abuse and help drug abusers by educational, rather than punitive, means.

For purposes of this policy, "drugs" shall mean:

- A. all dangerous controlled substances as so designated and prohibited by Wisconsin statute;
- B. all chemicals which release toxic vapors;
- C. all alcoholic beverages;
- D. any prescription or patent drug, except those for which permission to use in school has been granted pursuant to Board policy;
- E. "look-alikes";
- F. anabolic steroids;
- G. any other illegal substances so designated and prohibited by law.

The use, possession, concealment, or distribution of any drug, drug look-alike and any drug-paraphernalia at any time on school property or at any school-related event is prohibited. Disciplinary sanctions, up to and including expulsion and referral for prosecution, will be imposed on students who violate the school's drug abuse guidelines. ([Board Policy 5530](#))

USE OF TOBACCO/NICOTINE IS PROHIBITED

The Board of Education is committed to providing students, staff, and visitors with a tobacco and smoke-free environment. The negative health effects of tobacco and nicotine use for both users and non-users, particularly in connection with second hand smoke, are well-established. In addition, students less than eighteen (18) years of age are generally prohibited by law from purchasing or possessing cigarettes and other tobacco products.

For purposes of this policy, "use of tobacco" means to chew or maintain any substance containing tobacco, including smokeless tobacco, in the mouth to derive the effects of tobacco, as well as all uses of tobacco, including cigars, cigarettes, pipe tobacco, chewing tobacco, snuff, any other matter or substances that contain tobacco, in addition to papers used to roll cigarettes and/or the smoking of electronic, "vapor," or other substitute or simulated forms of cigarettes, clove cigarettes and any other lighted smoking devices for burning tobacco or any other substance. The use of other products containing nicotine, such as nicotine patches and nicotine gum is also prohibited except when a student provides documentation from a licensed medical practitioner that the student's use of non-tobacco nicotine products is being medically supervised for the cessation of a nicotine addiction and the student complies with Policy 5330 - Administration of Medication. Accordingly, the Board prohibits students from using or possessing tobacco or nicotine in any form on District premises, in District vehicles, within any indoor or outdoor facility owned or while leased or contracted for by the District and used to provide education or library services to children, and at all District-sponsored events. ([Board Policy 5512](#))

Deleted:

The Board of Education has adopted the following Student Code of Conduct. The Code includes the types of behavior that will subject a student to disciplinary action. It is important to remember that the school's rules apply at school, on school property, at school-sponsored events, and on school transportation.

It is the school staff's responsibility to provide a safe and orderly learning environment. History has shown that certain student actions are not compatible with the words "safe" and "orderly". Discipline is within the sound discretion of the school's staff and administration. Disciplinary action will be decided on a case by case basis and imposed only after review of the facts and/or special circumstances of the situation.

Each of the behaviors described below may subject the student to disciplinary action including, but not limited to, suspension and/or expulsion from school.

1. Possession or use of a weapon or look-alike or other item that might cause bodily harm to persons.

2. Being under the influence of alcohol or controlled substances or otherwise violating the District alcohol and drug policy.

3. Behavior that interferes with a person's work or school performance or creates an intimidating, hostile, harassing, or offensive classroom environment.

4. Arguing, taunting, baiting, bullying, cyber-bullying, inciting or encouraging an argument or disruption or group posturing to provoke altercations or confrontations.

5. Disruption or intimidation caused by gang or group symbols or gestures, or gang or group posturing to provoke altercations or confrontations.

6. Pushing, striking, or other inappropriate physical contact with a student or staff member.

7. Interfering with the orderly operation of the classroom by using, threatening to use, or counseling others to use violence, force, coercion, threats, intimidation, fear, or disruptive means.

8. Dressing or grooming in a manner that presents a danger to health or safety, causes interference with work, or creates classroom disorder.

9. Restricting another person's freedom to properly utilize classroom facilities or equipment.

10. Repeated classroom interruptions, confronting staff argumentatively, making loud noises, or refusing to follow directions.

POSSESSION OF PERSONAL COMMUNICATION DEVICES (PCDs)

Except as authorized under Board [Policy 5136](#), use of PCDs in school, on school property, at after school activities and at school related functions will be subject to disciplinary action.

Deleted: policy

Students may not use PCDs on school property or at a school-sponsored activity to access and/or view Internet web sites that are otherwise blocked to students at school.

The school prohibits the use of any video device from any restroom, locker room or other location where students and staff "have a reasonable expectation of privacy." A student improperly using any device to take or transmit images will face disciplinary action up to and including suspension or expulsion, as well as referral to law enforcement.

Students may not use a PCD in any way that might reasonably create in the mind of another person an impression of being threatened, humiliated, harassed, embarrassed, or intimidated. In particular, students are prohibited from using PCDs to: (1) transmit material that is threatening, obscene, disruptive, or sexually explicit or that can be construed as harassment or disparagement of others based upon their race, color, national origin, sex (including sexual orientation/transgender identity), disability, age, religion, ancestry, or political beliefs; and (2) engage in "sexting" - i.e., sending, receiving, sharing, viewing, or possessing pictures, text messages, e-mails or other materials of a sexual nature in electronic or any other form. Violation of these prohibitions shall result in disciplinary action. Furthermore, such actions will be reported to local law enforcement and child services as required by law.

Students are also prohibited from using a PCD to capture, record, and/or transmit test information or any other information in a manner constituting fraud, theft, cheating, or academic dishonesty. Likewise, students are prohibited from using PCDs to receive such information.

Any person who discovers a student using a PCD in violation of the foregoing as contained in Board Policy 5136 is required to report the violation to the Principal.

STUDENT CODE OF CLASSROOM CONDUCT

The school is committed to maintaining an orderly and safe academic atmosphere. Teachers are expected to create a positive learning environment and to maintain proper order in the classroom. Students are expected to behave in the classroom in a manner that allows teachers to effectively carry out their lessons and allows students to participate in classroom learning activities. Students are also expected to abide by all rules of behavior established by the school and their classroom teachers.

To ensure adherence to these expectations and principles, the Board of Education has adopted this Code of Classroom Conduct, which applies to all students. [\(Board Policy 5500\)](#)

Grounds for Removal of a Student from Class

Disturbances that interrupt the learning process cannot be permitted by any teacher. A teacher may temporarily remove a student from the teacher's class if the student violates the Code of Classroom Conduct. Additionally, the student may be removed from the class for a longer period of time within the discretion of the Principal. A student removed from class may also be placed in an alternative education setting.

Removal of a student from class for violating the Code of Classroom Conduct or placement of the student in an alternative educational setting does not prohibit the school from further disciplining the student for the conduct that caused removal or placement including, but not limited to, suspending or expelling the student.

It is neither possible nor necessary to specify every type of improper or inappropriate behavior for which a teacher may remove a student from class. Provided below, however, are examples of reasons a student may be removed from class. A teacher may remove a student from class for conduct or behavior that:

- A. would result in suspension or expulsion under the Board's policies and procedures;
- B. violates the behavioral rules and expectations of the school;
- C. is dangerous, disruptive or unruly. Such behavior includes, but is not limited to, the following:
 - 1. possession or use of a weapon or look-alike or other item that might cause bodily harm to persons in the classroom;
 - 2. being under the influence of alcohol or controlled substances or otherwise violating the District alcohol and drug policy;
 - 3. behavior that interferes with a person's work or school performance or creates an intimidating, hostile, harassing, or offensive classroom environment;
 - 4. arguing, taunting, baiting, inciting or encouraging an argument or disruption or group posturing to provoke altercations or confrontations;
 - 5. disruption or intimidation caused by gang or group symbols or gestures, or gang or group posturing to provoke altercations or confrontations;
 - 6. pushing, striking, or other inappropriate physical contact with a student or staff member;

7. interfering with the orderly operation of the classroom by using, threatening to use or counseling others to use violence, force, coercion, threats, intimidation, fear, or disruptive means;
 8. dressing or grooming in a manner that presents a danger to health or safety, causes interference with work, or creates classroom disorder;
 9. restricting another person's freedom to properly utilize classroom facilities or equipment;
 10. repeated classroom interruptions, confronting staff argumentatively, making loud noises, or refusing to follow directions;
 11. throwing objects in the classroom;
 12. repeated disruptions or violations of classroom rules, or excessive or disruptive talking;
 13. behavior that causes the teacher or other students fear of physical or psychological harm;
 14. willful damage to or theft of school property or the property of others; or
 15. repeated use of profanity.
- D. interferes with the ability of the teacher to teach effectively. Such conduct includes, but is not limited to, the following:
1. repeated reporting to class without bringing necessary materials to participate in class activities; or
 2. possession of personal property by school rules or otherwise disruptive to the teaching and learning of others.
- E. shows disrespect or defiance of the teacher, exhibited in words, gestures or other behavior; or
- F. is inconsistent with class decorum and the ability of others to learn. Such behavior includes, but is not limited to, sleeping in class, blatant inattention, or other overt or passive refusal or inability to engage in class activities.

Procedure for Student Removal From Class

When a student is removed from class, the teacher shall send or escort the student to the Principal and inform the Principal of the reason for the student's removal from class. The

teacher shall provide the Principal with a written explanation of the reasons for the removal of the student within twenty-four (24) hours of the student's removal from class.

The Principal will generally give the student an opportunity to briefly explain the situation. The Principal shall then determine the appropriate educational placement for the student.

Student Placement

The Principal shall place the student, who has been removed from a class by a teacher, in one of the following alternative educational settings:

- A. an alternative education program approved by the Board under State law;
- B. another instructional setting, time-out, in-school suspension or out-of-school suspension; or
- C. the class from which the student was removed if, after weighing the interests of the student, the other students in the class, and the teacher, the Principal determines that readmission to the class is the best or only alternative.

Parent/Guardian Notification Procedures

The Principal shall provide the parent or guardian of a student removed from class with written notice of the removal and the reason(s) for the removal. The notification shall be made as soon as practicable, but no later than two (2) school days after the student's removal from class. The notice shall also include the reasons for the student's removal and the placement made by the Principal. If the removal from class and change of educational placement involves a student with a disability, the parent notification shall be made consistent with State and Federal laws and regulations applicable to disabled students.

If the student removed from a class is subject to disciplinary action up to and including suspension or expulsion for the particular classroom conduct and/or other disciplinary incidents the parent shall also be notified of the disciplinary action in accordance with legal and policy requirements.

Students with Disabilities

A student with a disability under the Individuals with Disabilities Education Act, Section 504 of the Rehabilitation Act, and Section 115.758, Wis. Stat. may be removed from class and placed in an alternative educational setting only to the extent authorized under the laws.

Definitions

"Student" means any student enrolled in the District, an exchange student, or a student visitor to the District's schools.

"Teacher" means a person holding a license or permit issued by the State Superintendent whose employment by a school district requires that he or she hold that license or permit.

“Class” or “classroom” means any class, meeting or activity which students attend, or in which they participate while in school under the control or direction of the District. This definition of “class” includes, without limitation, regular classes, special classes, resource room sessions, labs, library time, counseling groups, assemblies, study halls, lunch, or recess. “Class” also includes regularly scheduled District-sponsored extracurricular activities, either during or outside of school hours. Such activities include, by example and without limitation, District sponsored field trips, after-school clubs, and sporting activities.

OTHER FORMS OF DISCIPLINE

It is important to remember that the school's rules apply at school, on school property, at school-sponsored events, and on school transportation. In some cases, a student can be suspended from school transportation for infractions of school bus rules.

Ultimately, it is the Principal's responsibility to keep things orderly. In all cases, the school shall attempt to make discipline prompt and equitable and to have the punishment match the severity of the incident.

Informal Discipline

Informal discipline takes place within the school. It includes:

- A. writing assignments;
- B. change of seating or location;
- C. lunch-time or after-school detention;
- D. in-school restriction.

SUSPENSION AND EXPULSION

[Board Policy 5610 authorizes the use of suspension and/or expulsion as follows:](#)

A. Suspension

The Superintendent, the principal, or a teacher designated by the Superintendent may suspend a student for up to five (5) school days or, if a notice of expulsion hearing has been sent, for up to fifteen (15) consecutive school days, or ten (10) consecutive school days for each incident if the student is eligible for special education services under Chapter 115, Wis. Stats.

The suspension must be reasonably justified based upon the grounds authorized under Sec. 120.13, Wis. Stats., which include, but are not limited to: noncompliance with school rules or Board rules; knowingly conveying any threat or false information concerning an attempt or alleged attempt being made or to be made to destroy any school property by means of explosives; conduct by the student while at school or while under the supervision of a school authority that endangers the property, health, or safety of others; conduct while not at school or while not under the supervision of a school authority that endangers the property, health, or safety of others at school or under the supervision of a school authority; or conduct while not at school or while not under the supervision of a school authority that endangers the property, health, or safety of any employee or School Board member of the District in which the student is enrolled.

The Superintendent, the principal, or a teacher designated by the School Superintendent shall suspend a student if the student possessed a firearm, as defined in 18 U.S.C. 921(a)(3), while at school or while under the supervision of a school authority.

The parent of a suspended minor must be given prompt notice of the suspension and the reason for the suspension. The student's suspension from school shall be entered in the student's record as required by the rules adopted by the Board concerning the content of the student records. The suspended student or the student's parent or guardian may, within five (5) school days following the commencement of the suspension, have a conference with the Superintendent, who shall be someone other than a principal, administrator or teacher in the suspended student's school, to discuss removing from the student's records reference to the suspension. Reference to the suspension on the student's school record shall be removed if the Superintendent finds that: the student was suspended unfairly or unjustly; the suspension was inappropriate, given the nature of the alleged offense; or the student suffered undue consequences or penalties as a result of the suspension.

A suspended student shall not be denied the opportunity to take any quarterly, semester, or grading period examinations or to complete course work missed during the suspension period. Such work shall be completed pursuant to the procedures established by the Board.

In the event a student is classified as Homeless, the building principal shall consult with the Homeless Coordinator to determine whether the conduct is a result of homelessness. The Homeless Coordinator will assist the administration and the student's parents or guardian in correcting conduct subject to disciplinary action that is caused by homelessness.

B. Expulsion

Under this policy, expulsion shall mean the Board will not permit a student to attend school at all, including any school-sponsored events or activities, for a specified period of time. If the student is expelled, the Board will determine the length of the expulsion period, which may extend at a maximum to the student's 21st birthday. The Board's expulsion order may include the opportunity for the student to return to school prior to the expiration of the term of expulsion under a specified set of early reinstatement condition(s) which are related to the conduct for which the student was expelled. The condition(s), once set forth in an expulsion order, shall be administered at the discretion of the Superintendent who shall have the authority to deny early reinstatement if any early reinstatement condition is not met prior to reinstatement or to revoke it for the remainder of the expulsion period if any enrollment conditions applicable to the student's attendance during a period of expulsion under early reinstatement, or conditional enrollment, are deemed by the Superintendent to have been violated. The decision to revoke a student's conditional enrollment shall be explained in writing. The student or student's parent may request a conference with the Superintendent within five (5) school days of a decision to revoke early reinstatement. The Superintendent shall meet with the student and/or parents within five (5) school days of a request. The Superintendent's decision is final.

The Superintendent may designate another School District employee to perform the functions pertaining to a student's early reinstatement, but may not designate someone that is an administrator or teacher in the student's school.

The Board may expel a student only when it is satisfied that the interest of the school demands the student's expulsion and only when the student: repeatedly refused or neglected to obey the rules established by the School District; knowingly conveyed or caused to be conveyed any threat or false information concerning an attempt or alleged attempt being made or to be made to destroy any school property by means of explosives; engaged in conduct while at school while under the supervision of a school authority that endangered the property, health, or safety of others; or engaged in conduct while not at school or while not under the supervision of a school authority that endangered the property, health, or safety of others at school or under the supervision of a school authority or endangered the property, health, or safety of any employee or Board member of the School District in which the student is enrolled.. For purposes of this policy, conduct that endangers a person or property includes making a threat to the health or safety of a person or making a threat to damage property.

The School Board shall hold an expulsion hearing in the event a student is in possession of a firearm while at school or under the supervision of school authorities and shall expel a student from school for not less than one (1) year whenever it finds that the student brought a firearm to school or, while at school or while under the supervision of a school authority, possessed a firearm, as defined in 18 U.S.C. 921(a) (3), unless the Board finds that the punishment should be reduced based upon the circumstances of the incident. Any such finding by the Board shall be in writing. This does not include any circumstance in which a student possessed a firearm while lawfully hunting on school forest land.

The District shall refer any student who brings a firearm (as defined in 18 U.S.C. 921(a)(3)) or a weapon to school to law enforcement.

As required by 20 U.S.C. 7151, the Superintendent will ensure that the following information is sent to the Wisconsin Department of Public Instruction: a copy of this policy; a description of the circumstances surrounding any expulsion(s) for violating the above- stated firearms policy; the name of the school; the number of students expelled; and the types of firearms involved.

Prior to expelling a student, the Board shall provide the student with a hearing. Prior written notice of the hearing must be sent separately to both the student and if the student is a minor, to his/her parent(s) or guardian(s). The notice must be sent at least five (5) days prior to the date of hearing, not counting the date notice is sent. The notice must also satisfy the requirements of Sec. 120.13(1) (c)4, Wis. Stats.

An expelled student or, if the student is a minor, the student's parent(s) or guardian(s) may appeal the Board's expulsion decision to the Wisconsin Department of Public Instruction. An appeal from the decision of the Department may be taken within thirty (30) days to the circuit court for the county in which the school is located.

In the event a student is classified as Homeless, the building principal shall consult with the Homeless Coordinator to determine whether the conduct is a result of homelessness. The District will not expel a homeless student for conduct that is caused by the student's

homelessness. The Homeless Coordinator will assist the administration and the student's parents or guardians in correcting conduct subject to disciplinary action that is caused by homelessness. If the conduct in question is determined not to be caused by the student's homelessness, the District shall proceed with expulsion proceedings as outlined in this policy.

Discipline of Disabled Students

Students with disabilities will be entitled to the rights and procedures afforded by the Individuals with Disabilities Education Act (I.D.E.A.) and the Americans with Disabilities Act (A.D.A.).

SEARCH AND SEIZURE

Search of a student and his/her possessions, including vehicles, may be conducted at any time the student is under the jurisdiction of the Board of Education, if there is a reasonable suspicion that the student is in violation of law or school rules. A search may also be conducted to protect the safety of others or as otherwise permitted by law.

Students are provided lockers, desks, and other equipment in which to store materials. It should be clearly understood that this equipment is the property of the school and may be searched at any time if there is reasonable suspicion that a student has violated the law or school rules. Locks are to prevent theft, not to prevent searches.

All computers located in classrooms, labs and offices of the District are the District's property and are to be used by students, where appropriate, for educational purposes. The District retains the right to access and review all electronic, computer files, databases, and any other electronic transmissions contained in or used in conjunction with the District's computer system, network, and electronic mail. Students should have no expectation that any information contained on such systems is confidential or private.

Review of such information may be done by the District with or without the student's knowledge or permission. The use of passwords does not guarantee confidentiality, and the District retains the right to access information in spite of a password. A student's refusal to permit such access may be grounds for disciplinary action.

The Principal may arrange for a breath test for blood-alcohol to be conducted on a student whenever s/he has individualized reasonable suspicion to believe the student has consumed or is under the influence of an alcoholic beverage while on school premises or while participating in a school-sponsored activity. If the student refuses to take the test, the Principal will inform the student that refusal to participate implies admission of guilt leading to disciplinary action consistent with this handbook.

Anything that is found in the course of a search that may be evidence of a violation of school rules or the law may be taken and held or turned over to the police. The school reserves the right not to return items which have been confiscated. ([Board Policy 5771](#))

STUDENT'S RIGHTS OF EXPRESSION

Our school recognizes the right of students to express themselves. With the right of expression comes the responsibility to do it appropriately. Students may distribute or display, at appropriate times, non-sponsored, noncommercial written material and petitions; buttons, badges, or other insignia; clothing, insignia, and banners; and audio and video materials. All items must meet the following school guidelines:

- A. A material cannot be displayed if it:
 - 1. is obscene to minors, libelous, indecent, or vulgar;
 - 2. advertises any product or service not permitted to minors by law;
 - 3. intends to be insulting or harassing;
 - 4. intends to incite fighting or presents a likelihood of disrupting school or a school event; or
 - 5. presents a clear and present likelihood that, either because of its content or manner of distribution or display, it causes or is likely to cause a material and substantial disruption of school or school activities, a violation of school regulations, or the commission of an unlawful act.

- B. Materials may not be displayed or distributed during class periods, or during passing times between classes. Permission may be granted for display or distribution during lunch periods and after school in designated locations, as long as exits are not blocked and there is proper access and egress to the building.

Students who are unsure whether or not materials they wish to display meet school guidelines may present them to the Building Principal twenty-four (24) hours prior to display.

STUDENT SUGGESTIONS AND COMPLAINTS

The school is here for the benefit of the students. The staff is here to assist a student in becoming a responsible adult. If a student has suggestions that could improve the school, s/he should feel free to offer them. Written suggestions may be presented directly to the Principal.

When concerns or grievances arise, the best way to resolve the issue is through communication. No student will be harassed by any staff member or need fear reprisal for the proper expression of a legitimate concern. As with suggestions, concerns and grievances may be directed to the Principal.

SECTION V - TRANSPORTATION

BUS TRANSPORTATION TO SCHOOL

Bus transportation is provided for all eligible students. The bus schedule and route is available by contacting the school office of your child's school.

Students will ride only assigned school buses and will board and depart from the bus at assigned bus stops. Students will not be permitted to ride unassigned buses for any reason other than an emergency, except as approved by the Principal.

A change in a student's regular assigned bus stop may be granted for a special need, if a note from a parent is submitted to the Principal stating the reason for the request and the duration of the change and the Principal approves. [\(Board Policy 8600\)](#)

BUS CONDUCT

Students who are riding to and from school on transportation provided by the school are required to follow some basic safety rules. This applies to school-owned buses as well as any contracted transportation that may be provided.

The driver is responsible for student safety and may assign seating or direct the student in any reasonable manner to maintain that safety.

Students are expected to be on time at their designated stop and wait until the bus stops before loading. When riding the bus, students will remain seated while the bus is in motion and follow general bus safety rules as designated by the driver.

The driver will not discharge students at places other than their regular stop at home or at school unless s/he has proper authorization from school officials.

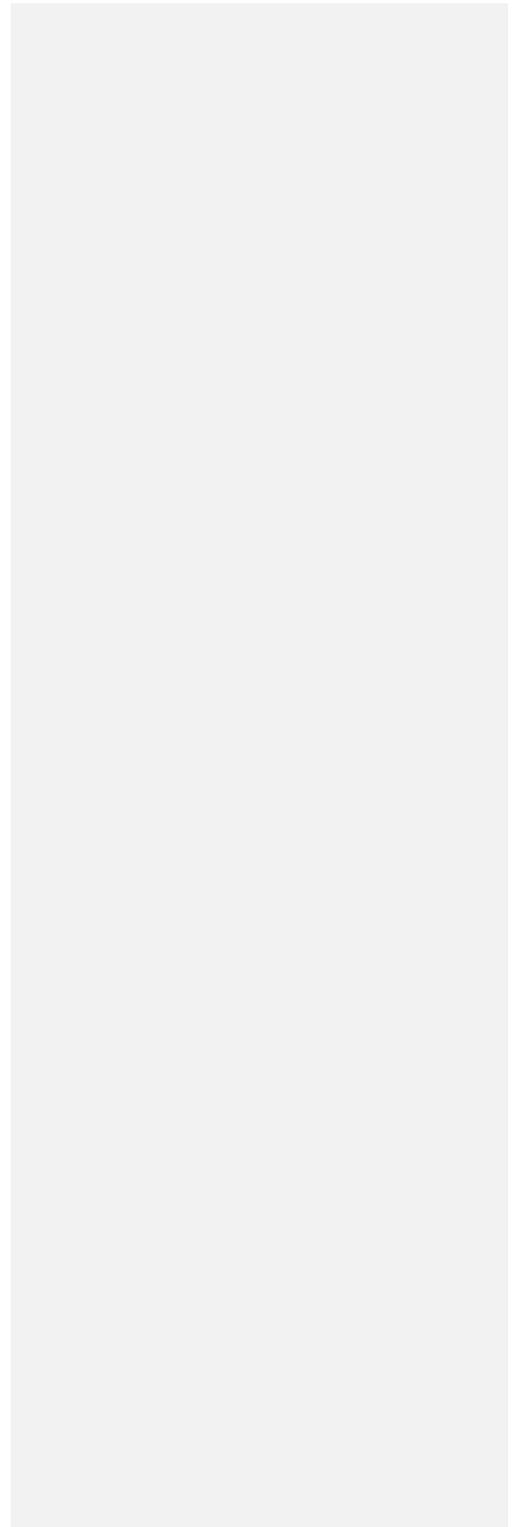

VIDEOTAPES ON SCHOOL BUSES

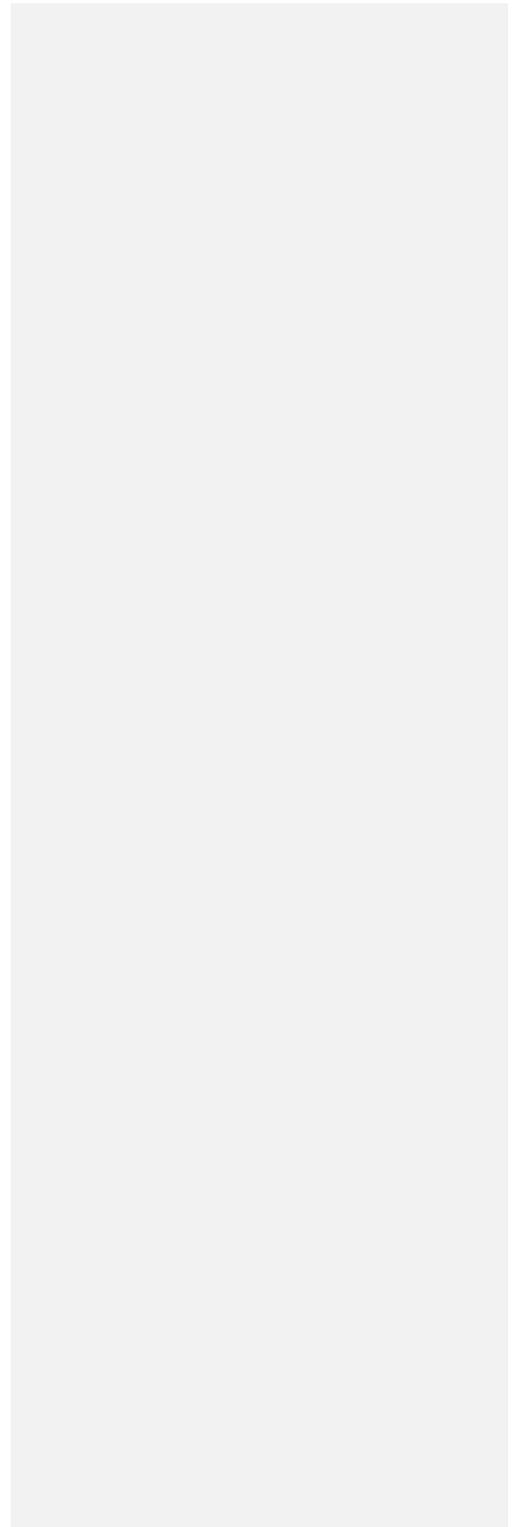

The Board of Education has authorized the installation of video cameras on school buses for purposes of monitoring student behavior.

If a student is reported to have misbehaved on a bus and his/her actions were recorded on a videotape, the tape will be submitted to the Principal and may be used as evidence of the misbehavior. Since these tapes are considered part of a student's record, they can be viewed only in accordance with State and Federal law. [\(Board Policy 8600\)](#)

PENALTIES FOR INFRACTIONS

A student who engages in misconduct on a bus shall be subject to discipline and may be deprived of the privilege of riding on the bus.
