October 30, 2020

Dear Marauder Families,

There are a couple of items that we would like to draw to your attention.

First, the K-12 mask policy put in place by the Health Department's Emergency Order will remain in effect and has been "extended until rescinded".

Second, please be advised that the week of November 23, 2020 will be a remote learning week. Staff and students will be required to engage remotely on Monday, Tuesday and half a day on Wednesday prior to the Thanksgiving break. More information will come directly from your building principal(s) and teacher(s) as to the structure of these days, including staff office hours and a sign up for Media Center usage for those students who may not have reliable internet. All CCRESA students will follow their normal schedule during this time.

Ms. Delo, our Technology Integration Coach, will also be providing learning opportunities for staff, parents and students during this time to address some of the things fleshed out through the surveys. She also has a list of resources available for all stakeholders and those are linked below.

Finally, the Mid-Michigan District Health Department has partnered with Clinton County RESA and all of the local school districts in an effort to stop community spread. Please read this [letter](#). There are some additional links below that may be of interest.

Yours in education,

Dr. Ryan L. Cunningham, Superintendent, Ovid-Elsie Area Schools
