MVCA Commitment Agreement

Online educational processes carry significant differences when compared to traditional, in-person learning. Despite these differences, student safety and learning remain at the priority. In order to maximize the success of this educational model, there are specific responsibilities that must be accepted by all stakeholders involved. The stakeholder responsibilities are outlined below:

MVCA Faculty and Staff:

- Provide a high quality curriculum aligned to AZ State Standards.
- Encourage parents' involvement in the decision-making process.
- Communicate with parents and schools.
- Update grades weekly.
- Respond to emails within 24 hours (business days).
- Commit to weekly office hours
- Provide bi-weekly progress reports indicative of current grades and activity (email).
- Foster a community with families to support student learning.
- Inform families of required health screens and district accommodations to such.

Parents/Guardians:

- Encourage and monitor online activity and progress.
- Verify student engagement weekly
- Respond to school's feedback regarding students' academic progress and activity.
- Participate in school communication and parent-teacher conferences.
- Participate in student learning as much as possible.
- Support and model online learning by establishing a consistent place and time of study.
- Discuss and maintain expectations for learning at home.
- Ensure that all District Benchmark and State Assessments at a district site
- Attend applicable, district-offered health screening or submit documentation by the deadline.
