

BPS families,

Due to a positive COVID case in our transportation department, we must quarantine at least 7 of our bus drivers. To provide the district time to develop alternate bus schedules to resume transportation services as soon as possible, we will be closing all campuses on Tuesday, November 3rd. As this is a cancellation of school, there will be no distance learning.

Secondary routes for students attending Tulsa Tech will run as normal.

School employees are expected to report to their work sites.

The district will communicate further details tomorrow, with the hope of resuming school on Wednesday.

We apologize for this inconvenience and appreciate your patience and cooperation.

Rob Miller
Superintendent
