

Educational Movies for The Alternative Education Center

From time to time, as educators, we will come across an educational movie that ties into our classroom content. Please be mindful of the content, subject matter and rating of the movie. If the rating is R (PG 13 for Middle School), the below form will need to be completed by the teacher and approved by administration before the showing of the movie or media clip. Once the form is approved, please send home permission slips to parents/guardians.

Classroom Movie Form
