for

Substance Use and School Climate Surveys

2020-2021 School Year

Jackson County Schools and our school plan to survey students regarding school climate and substance use during the academic year. The results of this survey will help our local school system, community health providers, and state agencies to design and implement programs that promote student health and school safety, such as reductions in adolescent smoking and bullying behavior.

These surveys are supported by the West Virginia Department of Education, the West Virginia Division of Criminal Justice Services, the West Virginia Prevention Resource Center, Jackson County Anti-Drug Coalition and West Virginia's Partnership to Promote Community Well Being. The surveys will ask questions about student alcohol, tobacco, and other drug use; school safety; and risk and protective factors, as well as how well students feel about their classes, teachers and the school in general.

These questionnaires will take less than one class period to complete.

The surveys have been designed to protect your child's identity. All are totally anonymous. Students will not put their names or any school numbers on the survey. Also, no student will ever be mentioned by name in a report of the results. We would like all students to take part in the surveys, but the surveys are voluntary. Students can skip questions they do not wish to answer. No action will be taken against a student who does not participate in these surveys. There are no risks of physical harm to your child, and risks of psychological or social harm are small. None have been reported in previous years of survey administration.

Copies of the questionnaires for each survey will be available in the principal's office. Please read the section below and check one box. Again, the results of this survey are intended to help students so we hope you will allow your child to participate. Please, return the form to the school with the other "beginning of the new school year" forms.

Thank you for your help.

Child's Name _____ Grade _____ Homeroom _____

Check one:

My child may participate in anonymous surveys at school.

My child may not participate in surveys.
