SCHOOL WELLNESS REGULATION

Purpose:
The link between nutrition, physical activity, and learning is well documented. Healthy eating and activity patterns are essential for students to achieve their full academic potential, full physical and mental growth, and lifelong health and well-being. Healthy eating and physical activity, essential for a healthy weight, are also linked to reduced risk for many chronic diseases. Schools have a responsibility to help students learn, establish, and maintain lifelong healthy eating and activity patterns. Well-planned and effectively implemented school nutrition and fitness programs have been shown to enhance students' overall health, as well as their behavior and academic achievement in school. Staff wellness also is an integral part of a healthy school environment since school staff can be daily role models for healthy behaviors.

Overall Goal:
All students in McLoud School District shall possess the knowledge and skills necessary to make nutritious food choices and enjoyable physical activity choices for a lifetime. All staff in McLoud School District are encouraged to model healthful eating and physical activity as a valuable part of daily life.

To meet this goal, the McLoud School District adopts this school wellness policy with the following commitments to nutrition, nutrition education, physical activity, and other school-based activities that support student and staff wellness.

NUTRITION GUIDELINES/STANDARDS

School Meals

Minimum Policy Statements:

Per USDA Regulations §210.10 and §220.8, school lunches and breakfasts will meet menu-planning system guidelines as required by USDA.

Per USDA Regulation §210.10, school lunches will provide 1/3 of the recommended dietary allowances (RDA) for calories, protein, calcium, iron, vitamin A, and vitamin C as required by USDA.

Per USDA Regulation §220.8, school breakfasts will provide 1/4 of the RDA for calories, protein, calcium, iron, vitamin A, and vitamin C as required by USDA.

Per USDA Regulations §210.10 and 220.8, the total calories from fat in school meals will be limited to 30 percent when averaged over one week.

Per USDA Regulations §210.10 and §220.8, the total calories from saturated fat in school meals will be less than 10 percent when averaged over one week.

Per USDA Regulations §210.10 and §220.8, school meals will meet the Dietary Guidelines for Americans.
SCHOOL WELLNESS, REGULATION (Cont.)

Local Policy Statements:

School staff will support and encourage student participation in the USDA school meals program.

Other Food Items Sold on School Campuses
Minimum Policy Statements:

Per USDA Regulation §210, Appendix B, foods of minimal nutritional value (FMNV) are prohibited from being sold or served during student meal services in the food service area where USDA reimbursable meals are served or eaten.

Per the Child Nutrition and WIC Reauthorization Act of 2004, beverage contracts will not restrict the sale of fluid milk products at any time during the school day or at any place on the school premises.

Per Oklahoma Senate Bill 265 (effective school year 2007-2008), students in elementary school will not have access to FMNV except on special occasions.

Per Oklahoma Senate Bill 265 (effective school year 2007-2008), students in middle and junior high schools will not have access to FMNV except after school, at events which take place in the evening, and on special occasions.

Per Oklahoma Senate Bill 265 (effective school year 2007-2008), diet soda, and FMNV, will be available for sale at the junior high only in vending areas outside of the cafeteria.

Per Oklahoma Senate Bill 265 (effective school year 2007-2008), healthy food options will be provided at the high school and priced lower than FMNV in order to encourage students and staff to make healthier food choices.

NUTRITION EDUCATION

Minimum Policy Statements:

Per USDA Regulations §210.12 and §227, nutrition education is offered in the school cafeteria as well as the classroom.

Per Oklahoma Senate Bill 1627, the Healthy and Fit School Advisory Committee at each school site will study and make recommendations regarding health education, nutrition, and health services.

Local Policy Statements:

Nutrition education is integrated into the core curriculum, including math, science, and language arts.

Advertising and other materials that promote FMNV (Foods of Minimum Nutritional Values) will be eliminated on all school campuses.

School staff will work with local county extension educators to incorporate nutrition education activities in school.

Students will receive consistent nutritional messages throughout the school, classroom, cafeteria, and school events.
PHYSICAL ACTIVITY

Minimum Policy Statements:

Per Oklahoma Senate Bill 1627, the Healthy and Fit School Advisory Committee at each school site will study and make recommendations regarding physical education and physical activity.

Per Oklahoma Senate Bill 312 (effective school year 2006-2007), students in Grades K through 5 will participate in 60 minutes of physical activity each week.

Local Policy Statements:

Students will participate in an annual health-related fitness test (e.g., Fitness Gram, President's Challenge to Physical Fitness, etc.).

Elementary school sites will provide 20 minutes of daily recess that promotes physical activity beyond what is provided through physical education classes.

Staff will serve as physical activity role models for students.

All playgrounds will meet the recommended safety standards for design, installation, and maintenance.

All school sites will provide adequate equipment (e.g., balls, rackets, and other manipulatives) for every student to be active.

SCHOOL-BASED ACTIVITIES

Minimum Policy Statements:

Per Oklahoma Senate Bill 1627, each school site will establish a Healthy and Fit School Advisory Committee that meets and makes recommendations to the school principal. The school principal shall give consideration to recommendations made by the Healthy and Fit School Advisory Committee.

Per the school district's Child Nutrition programs Agreement, school meals may not be used as a reward or punishment.

Per USDA Regulations §210.12 and §227, students and parents will be involved in the NSLP. Parent and student involvement will include menu-planning suggestions, cafeteria enhancement, program promotion, and other related student-community support activities.

Local Policy Statements:

Students will be provided with a clean, safe, enjoyable meal environment.

Students will be provided with an adequate amount of time to eat breakfast and lunch.
