

Dear Parents,

The families that attend Booneville School District are very important to me. Please let me take this opportunity to welcome you and your children to our schools for the 2020-2021 year. Booneville School District has a longstanding tradition of “Pride.” I take these words to heart as together we embark on a new school year.

During the summer months, the school board, administration, faculty and staff worked very hard to update our facilities, study the curriculum and best practices, and prepare all of our resources to better be able to support students when they return in the fall. Along with these tasks we thoroughly reviewed and revised our student handbooks. There is a variety of stakeholders involved in this process including: parents, students, administrators, community members, and board members. I would like to thank this group for their time and for providing input.

The purpose of the student handbook is to outline privileges, responsibilities, essential information, and important Board of Education policies and laws. The policies and procedures outlined in this handbook are designed to create and maintain an environment in which all students have the opportunity to learn in a safe environment. We ask that you carefully read this handbook and partner with your children’s teachers to implement and follow the policies and procedures that are contained within it.

I look forward to partnering with you in the upcoming year!

Sincerely,

Trent Goff

STUDENT HANDBOOK

It shall be the policy of the Booneville School District that the most recently adopted version of the Student Handbook be incorporated by reference into the policies of this district. In the event that there is a conflict between the student handbook and a general board policy or policies, and the student handbook is more recently adopted than the general board policy, the student handbook will be considered binding and controlling on the matter.

ATTENDANCE

Students in grades K-12 are required to schedule and attend at least 360 minutes of regularly scheduled class time daily, unless all graduation requirements are met by state law.

COURSE ENROLLMENT OUTSIDE OF DISTRICT

Enrollment and attendance in vocational-educational training courses, college courses, school work programs, and other department-sanctioned educational programs may be used to satisfy the student attendance requirement even if the programs are not located at the public schools. Attendance in such alternative programs must be pre-approved by the school's administration. The district shall strive to assign students who have been dropped from a course of study or removed from a school work program job during the semester into another placement or course of study. In the instances where a subsequent placement is unable to be made, the district may grant a waiver for the student for the duration of the semester in which the placement is unable to be made.

In rare instances, students may be granted waivers from the mandatory attendance requirement if they would experience proven financial hardships if required to attend a full day of school. For the purpose of this policy, proven financial hardships is defined as harm or suffering caused by a student's inability to obtain or provide basic life necessities of food, clothing, and shelter for the student or the student's family. The superintendent shall have the authority to grant such a waiver, on a case-by-case basis, only when convinced the student meets the definition of proven financial hardships.

In any instance where a provision of a student's Individual Education Plan (IEP) conflicts with a portion(s) of this policy, the IEP shall prevail.

ABSENCES

If any student's Individual Education Program (IEP) or 504 Plan conflicts with this policy, the requirements of the student's IEP or 504 Plan take precedence. Education is more than the grades students receive in their courses. Important as that is, students' regular attendance at school is essential to their social and cultural development and helps prepare them to accept responsibilities they will face as an adult. Interactions with other students and participation in the instruction within the classroom enrich the learning environment and promote a continuity of instruction which results in higher student achievement.

EXCUSED ABSENCES:

Excused absences are those where the student was on official school business or when the absence was due to one of the following reasons and the student brings a written statement to the

principal or designee upon his/her return to school from the parent or legal guardian stating such reason. A written statement presented for an absence having occurred more than two (2) school days prior to its presentation will **not** be accepted.

1. The student's illness or when attendance could jeopardize the health of other students. A maximum of six (6) such days are allowed per semester unless the condition(s) causing such absences is of a chronic or recurring nature, is medically documented, and approved by the principal.
2. Death or serious illness in their immediate family;
3. Observance of recognized holidays observed by the student's faith;
4. Attendance at an appointment with a government agency;
5. Attendance at a medical appointment;
6. Exceptional circumstances with prior approval of the principal; or
7. Participation in an FFA, FHA, or 4-H sanctioned activity;
8. Participation in the election poll workers program for high school students.
9. Absences granted to allow a student to visit his/her parent or legal guardian who is a member of the military and been called to active duty, is on leave from active duty, or has returned from deployment to a combat zone or combat support posting. The number of additional excused absences shall be at the discretion of the superintendent or designee.
10. Absences granted, at the Superintendent's discretion, to seventeen (17) year-old students who join the Arkansas National Guard while in eleventh grade to complete basic combat training between grades eleven (11) and (12).
11. Absences for students excluded from school by the Arkansas Department of Health during a disease outbreak because the student has an immunization waiver or whose immunizations are not up to date.

Students who serve as pages for a member of the General Assembly shall be considered on instructional assignment and shall not be considered absent from school for the day the student is serving as a page.

UNEXCUSED ABSENCES:

Absences not defined above or not having an accompanying note from the parent; legal guardian; person having lawful control of the student; or person standing in loco parentis, presented in the timeline required by this policy, shall be considered as unexcused absences. Students with more than 7 unexcused absences in a course in a semester may not receive credit for that course. At the discretion of the principal after consultation with persons having knowledge of the circumstances of the unexcused absences, the student may be denied promotion or graduation. Excessive absences shall not be a reason for expulsion or dismissal of a student.

When a student has 3 unexcused absences, his/her parents, legal guardians, persons with lawful control of the student or persons standing in loco parentis shall be notified. Notification shall be by telephone by the end of the school day in which such absence occurred or by regular mail with a return address sent no later than the following school day. Whenever a student exceeds 10 unexcused absences in a semester, the District shall notify the prosecuting authority and the parent, legal guardian, person having lawful control of the student, or persons standing in loco parentis shall be subject to a civil penalty as prescribed by law.

It is the Arkansas General Assembly's intention that students having excessive absences be given assistance in obtaining credit for their courses. Therefore, at any time prior to when a student exceeds the number of unexcused absences permitted by this policy, the student, or his/her parent, legal guardian, person with lawful control of the student or person standing in loco parentis may petition the school or district's administration for special arrangements to address the student's unexcused absences. If formal arrangements are granted, they shall be formalized into a written agreement which will include the conditions of the agreement and the consequences for failing to fulfill the agreement's requirements. The agreement shall be signed

by the student, the student's parent, legal guardian, person having lawful control of the student; or person standing in loco parentis, and the school or district administrator or designee.

Students who attend in-school suspension shall not be counted absent for those days. Days missed due to out-of-school suspension or expulsion shall be unexcused absences.

The District shall notify the Department of Finance and Administration whenever a student fourteen (14) years of age or older is no longer in school. The Department of Finance and Administration is required to suspend the former student's operator's license unless he/she meets certain requirements specified in the statute.

TRUANCY

The Board of Education shall not tolerate truancy or the habitual and unlawful absence from school. The parent or legal guardian is responsible for requiring any student under his control or charge and under eighteen (18) years of age to attend school regularly except for legal absences as defined by state law. If a student under eighteen (18) years of age becomes a truant, the parent or legal guardian of said student may be guilty of a misdemeanor and subject to punishment by law.

STUDENT CONDUCT BEHAVIOR CODE

The teachers, staff, and administration of Booneville School District believe that good order and conduct is necessary before teaching begins. These expectations include respect for public property and the property of other students, and interruption-free environment where students can learn, an environment that is healthy and safe. The written rules are an effort to specify these expectations. The disciplinary rules are written with the intent of consistency. Any administrator and/or teacher in district shall have authority and responsibility to correct any misconduct on the grounds, in the cafeteria, in the classroom, and at school functions at home or away.

Building administrators have both the authority and duty to take disciplinary action whenever the behavior of the student(s) materially interferes with or substantially disrupts maintenance of a proper atmosphere for learning within classrooms or other parts of the school. It is important to note that while consistency in disciplinary actions is the goal of the building administrators, there are federal laws which pertain to students who have special needs that prohibit the enforcement of some rules in this student handbook for those students that qualify for services under said laws.

Notice of rules and regulations existing at the Booneville School District shall be disseminated to students and their parents by way of student assemblies, public announcements, and the student handbook. It is required by law that each student returns the first page of the student handbook signed by both the student and parent/guardian. The page will be kept in the student's file as proof that both the student and parent/guardian have received a copy of the handbook, are aware of the guidelines and policies that govern the school and district and agree to adhere to these guidelines and policies. Failure to return this page will result in student suspension. Building administrators have the authority to move within the range of punishments to more appropriately address individual misbehavior and/or promote the best interest of the overall safety and security of the entire student body. Building administrators reserve the right to punish behavior that is not conducive to good order and discipline even though such behavior is not specified in the handbook.

EXPECTED STUDENT BEHAVIOR

Students that attend Booneville Schools are expected to follow the following general guidelines:

- Students will be in their seat when the bell rings.
- Students will bring adequate study materials to class daily.
- Students will comply immediately and courteously with any reasonable request of any staff member.
- Students will behave in a cooperative and non-disruptive manner at all times.
- Students will be truthful at all times.

CLASSROOM RULES

Classroom rules and consequences are established by each individual teacher. Teachers will use appropriate classroom rules/procedures. These will be communicated with parents at the beginning of each school year.

CONDUCT TO AND FROM SCHOOL

The District's Student Code of conduct applies to students while traveling to and from school or to and from a school activity to the same extent as if the students were on school grounds. Appropriate disciplinary actions may be taken against commuting students who violate the District's Student Code of Conduct.

The preceding paragraph also applies to student conduct while on school buses. The driver of a school bus shall not operate the school bus until every passenger is seated. In addition to other disciplinary measures provided for violations of the District's Student Code of Conduct, the student's transportation privileges may be suspended or terminated for violations of the Student Code of Conduct related to bus behavior.

DRESS CODE AND GROOMING

The Booneville Board of Education recognizes that dress can be a matter of personal taste and preference. At the same time, the District has a responsibility to promote an environment conducive to student learning. This requires limitations to student dress and grooming that could be disruptive to the educational process because they are immodest, disruptive, unsanitary, and unsafe, could cause property damage, or are offensive to common standards of decency. *****For specific dress code rules and regulations, refer to the individual school sections throughout this handbook.***

PROHIBITED CONDUCT

Students and staff require a safe and orderly learning environment that is conducive to high student achievement. Certain student behaviors are unacceptable in such an environment and are hereby prohibited by the Board. Prohibited behaviors include but shall not be limited to the following.

1. Disrespect for school employees and failing to comply with their reasonable directions or otherwise demonstrating insubordination;
2. Disruptive behavior that interferes with orderly school operations;
3. Willfully and intentionally assaulting or threatening to assault or physically abusing any student or school employee;

Disorderly activities by any student or group of students that adversely affect the school's orderly educational environment shall not be tolerated at any time on school grounds. Teachers may remove from class and send to the principal or principal's designee office a student whose behavior is so unruly, disruptive, or abusive that it seriously interferes with the teacher's ability to teach the students, the class, or with the ability of the student's classmates to learn. Students who refuse to leave the classroom voluntarily will be escorted from the classroom by the school administration or school resource officer.

BULLYING POLICY

Respect for the dignity of others is a cornerstone of civil society. The administration will review the circumstances leading to the fight and determine whether to suspend or use other disciplinary measures.

DISCIPLINE

The Booneville Board of Education has a responsibility to protect the health, safety, and welfare of the District's students and employees. Student discipline may range from a verbal reprimand to expulsion. To help maintain a safe environment conducive to high student achievement, the Board establishes policies necessary to regulate student behavior to promote an orderly school environment that is respectful of the rights of others and ensures the uniform enforcement of student discipline. Students are responsible for their conduct that occurs: at any time on the school grounds; off school grounds at a school sponsored function, activity, or event; going to and from school or a school activity.

The District's administrators may also take disciplinary action against a student for off-campus conduct occurring at any time that would have a detrimental impact on school discipline, the educational environment, or the welfare of the students and/or staff. A student who has committed a criminal act while off campus and whose presence on campus could cause a substantial disruption to school or endanger the welfare of other students or staff is subject to disciplinary action up to and including expulsion. Such acts could include but are not limited to a felony or an act that would be considered a felony if committed by an adult, an assault or battery, drug law violations, or sexual misconduct of a serious nature. Any disciplinary action pursued by the District shall be in accordance with the student's appropriate due process rights.

The District's personnel policy committee shall review the student discipline policies annually and may recommend changes in the policies to the Booneville School Board. The Board shall approve any changes to student discipline policies. The District's student discipline policies shall be distributed to each student during the first week of school each year and to new students upon their enrollment. Each student's parent or legal guardian shall sign and return to the school an acknowledgement form documenting that they have received the policies.

It is required by law that the principal or the person in charge reports to the police any incidents the person has personal knowledge of or has received information leading to a reasonable belief that a person has committed or threatened to commit an act of violence or any crime involving a deadly weapon on school property or while under school supervision. If the person making the report is not the Superintendent, that person shall inform the Superintendent of the incident. Additionally, the principal shall inform any school employee or other person who initially reported the incident that a report has been made to the appropriate law enforcement agency. The Superintendent or designee shall inform the board of Directors of any such report made to law enforcement.

DISCIPLINE FOR STUDENTS WITH DISABILITIES

1. Disabled students who engage in misbehavior are subject to normal school disciplinary rules and procedures so long as such treatment does not abridge the right to free appropriate public education.
2. The individualized education plan (IEP) team for a disabled student should consider whether particular discipline procedures should be adopted for that student and included in the IEP.
3. Disabled students may be excluded from school only in emergencies and only for the duration of the emergency in no case should a disabled student be excluded for more than ten days in a school year.
4. After an emergency suspension is imposed on a disabled student, an immediate meeting of the student's IEP team should be held to determine the cause and effect of the suspension with a view toward assessing the effectiveness and appropriateness of the student's placement and toward minimizing the harm resulting from the exclusion.
5. The suspended student should be offered alternate educational programming for the duration of the exclusion.

CORPORAL PUNISHMENT

The Board of Education allows reasonable corporal punishment of unruly pupils. If such punishment is required, it will be administered with extreme care, tact, and caution and then only by an administrator in the presence of another administrator or certified staff member. At no time will corporal punishment be administered in the presence of another student.

Teachers are supported by the Board of Education and administration in their efforts to teach good citizenship by requiring proper conduct. While teachers are reasonable in all student-related demands, they need not tolerate disrespectful, boisterous, rough or violent outbursts of language and temper on the part of students.

For corporal punishment to be completely defensible and otherwise valid, the following guidelines shall be adhered to:

1. In most cases corporal punishment will be used after other attempts have been made to correct unacceptable behavior. Acts that are extremely antisocial in nature may warrant corporal punishment on the first offense.
2. A teacher or administrator will punish corporally only in the presence of a certified staff member, who should be informed beforehand of the reasons for the punishment.
3. In cases where a student protests his/her innocence of the offense or ignorance of the rule, a brief but adequate opportunity should be provided for the student to explain his/her side of the situation.
4. School administrators who have administered corporal punishment will provide to the child's parents or legal guardian, upon request, a written explanation of the reasons for punishment and the name of the certified staff witness.
5. The use of corporal punishment will at all times be reasonable and proper. Considerations in this regard will include but not be limited to the following:
 - a. Age of child
 - b. Size of child
 - c. Sex of child
 - d. Ability of the child to bear punishment
6. Overall physical condition of the child
7. Corporal punishment will never be administered in anger or with malice.

Act 904 of 1977 authorizes any teacher or principal to use corporal punishment in a reasonable manner against any pupil for good cause in order maintain discipline and order within the public schools. In 1977, the United States Supreme Court held that spanking children as a means of maintaining school discipline *did not* constitute cruel and unusual punishment in violation of the Eight Amendment of the Constitution.

SUSPENSION FROM SCHOOL

Students who are absent from school cannot benefit from the educational opportunities the school environment affords. Administrators, therefore, shall strive to find ways to keep students in school as participants in the educational process. There are instances, however, when the needs of the other students or the interests of the orderly learning environment require the removal of a student from school. The Board authorizes school principals or their designees to suspend students for disciplinary reasons for a period of time not to exceed ten (10) school days, including the day upon which the suspension is imposed. Students are responsible for their conduct that occurs:

- At any time on the school grounds;
- Off school grounds at a school-sponsored function, activity, or event; and
- Going to and from school or a school activity.

A student may be suspended for behavior including, but not limited to that:

1. Is in violation of school policies, rules, or regulations;
2. Substantially interferes with the safe and orderly educational environment;
3. School administrators believe will result in the substantial interference with the safe and orderly educational environment; and/or
4. Is insubordinate, incorrigible, violent, or involves moral turpitude.

Out-of-school suspension shall (OSS) shall not be used to discipline a student in Kindergarten through fifth (5th) grade unless the student's behavior:

- a. Poses a physical risk to himself or herself or to others;
- b. Causes a serious disruption that cannot be addressed through other means; or
- c. Is the act of bringing a firearm on school campus.

OSS shall not be used to discipline a student for skipping class, excessive absences, or other forms of truancy.

The school principal or designee shall proceed as follows in deciding whether or not to suspend a student.

- a. The student shall be given written notice or advised orally of the charges against him/her;
- b. If the student denies the charges, he/she shall be given an explanation of the evidence against him/her and be allowed to present his/her version of the facts; and
- c. If the principal finds the student guilty of the misconduct, he/she may be suspended.

When possible, notice of the suspension, its duration, and any stipulations for the student's re-admittance to class will be given to the parent(s) or legal guardian(s), person(s) with lawful control of the student, person(s) standing in loco parentis, or to the student if age eighteen (18) or older prior to the suspension. Such notice shall be handed to the parent(s) or legal guardian(s), person(s) with lawful control of the student, person(s) standing in loco parentis, or to the student if age eighteen (18) or older or mailed to the last address reflected in the records of the school district. Generally, notice and hearing should precede the student's removal from school, but if prior notice and hearing are not feasible, as where the student's presence endangers persons or

property or threatens disruption of the academic process, thus justifying immediate removal from school, the necessary notice and hearing should follow as soon as practicable.

It is the responsibility of a student's parent or legal guardian, person(s) with lawful control of the student, person(s) standing in loco parentis, to provide current contact information to the district which the school shall use to immediately notify the parent, legal guardian, person(s) with lawful control of the student, person(s) standing in loco parentis upon the suspension of a student. The notification shall be by one of the following means, listed in order of priority.

- A primary call number;
 - The contact may be by voice, voice mail, or text message.
- An email address;
- A regular first class letter to the last known mailing address.

The district shall keep a log of contacts attempted and made to the parent, legal guardian, person(s) with lawful control of the student, person(s) standing in loco parentis.

The District shall establish programs, measures, or alternative means and methods to continue student engagement and access to education during a student's period of OSS.

Out-of-school suspensions shall be treated as unexcused absences and during the period of suspension students shall not be permitted on campus except to attend a student/parent/administrator conference. During the period of their suspension, students serving OSS suspension shall not attend or participate in any school-sponsored activities during the imposed suspension.

In-school suspension shall be treated as if the student was present at school. The student shall not attend any school-sponsored activities during the imposed suspension nor shall the student participate in any school-sponsored activities. Suspensions initiated by the principal or his/her designee may be appealed to the Superintendent, but not to the Board. Suspensions initiated by the Superintendent may be appealed to the Board.

EXPULSION

The Board of Education may expel a student for a period longer than ten (10) school days for violation of the District's written discipline policies. The Superintendent may make a recommendation of expulsion to the Board of Education for student conduct

- Deemed to be of such gravity that suspension would be inappropriate;
- Where the student's continued attendance at school would disrupt the orderly learning environment; or
- Would pose an unreasonable danger to the welfare of other students or staff.

Expulsion shall not be used to discipline a student in kindergarten through fifth (5th) grade unless the student's behavior:

- a. Poses a physical risk to himself or herself or to others;
- b. Causes a serious disruption that cannot be addressed through other means; or
- c. Is the act of bringing a firearm on school campus.

The Superintendent or his/her designee shall give written notice to the parents, legal guardians, persons having lawful control of the student, or persons standing in loco parentis (mailed to the address reflected on the District's records) that he/she will recommend to the Board of Education that the student be expelled for the specified length of time and state the reasons for the

recommendation to expel. The notice shall give the date, hour, and place where the Board of Education will consider and dispose of the recommendation.

The hearing shall be conducted not later than ten (10) school days following the date of the notice, except that representatives of the Board and student may agree in writing to a date not conforming to this limitation.

The President of the Board, Board attorney or other designated Board member shall preside at the hearing. The student may choose to be represented by legal counsel. Both the district administration and School Board also may be represented by legal counsel. The hearing shall be conducted in open session of the Board unless the parent, legal guardian, persons having lawful control of the student, or persons standing in loco parentis or student if age eighteen (18) or older, requests that the hearing be conducted in executive session. Any action taken by the Board shall be in open session.

During the hearing, the Superintendent, or designee, or representative will present evidence, including the calling of witnesses that gave rise to the recommendation of expulsion. The student, or his/her representative, may then present evidence including statements from persons with personal knowledge of the events or circumstances relevant to the charges against the student. Formal cross-examination will not be permitted; however, any member of the Board, the Superintendent, or designee, the student, or his/her representative may question anyone making a statement and/or the student. The presiding officer shall decide questions concerning the appropriateness or relevance of any questions asked during the hearing.

The Superintendent shall recommend the expulsion of any student for a period of not less than one (1) year for possession of any firearm or other weapon prohibited on school campus by law. The Superintendent shall, however, have the discretion to modify the expulsion recommendation for a student on a case-by-case basis. Parents or legal guardians, persons having lawful control of the student, or persons standing in loco parentis of a student enrolling from another school after the expiration of an expulsion period for a weapons policy violation shall be given a copy of the current laws regarding the possibility of parental responsibility for allowing a child to possess a weapon on school property. The parents or legal guardians, persons having lawful control of the student, or persons standing in loco parentis shall sign a statement acknowledging that they have read and understand said laws prior to the student being enrolled in school. The Superintendent and the Board of Education shall complete the expulsion process of any student that was initiated because the student possessed a firearm or other prohibited weapon on school property regardless of the enrollment status of the student.

The District shall establish programs, measures, or alternative means and methods to continue student engagement and access to education during a student's period of expulsion. The District's program shall include offering an expelled student an opportunity for enrollment in digital learning courses or other alternative educational courses that result in the receipt of academic credit that is at least equal to credit the expelled student may have received from the District if the student had not been expelled.

It shall be the policy of the Booneville School District that when a student, otherwise eligible for enrollment, is currently under an order of expulsion from the last school district he or she attended, a hearing before the School Board shall be held before that student may enroll. This hearing may be closed at the request of the student's parent, pursuant to Arkansas Code Ann.

66-18-507. prior to the hearing, the Superintendent shall obtain a full report from the former district concerning the expulsion. At the hearing, the Board shall review the report from the former district, and have an opportunity to question the student and his or her parents concerning the alleged misconduct. The Board may rule that the student may not enroll until the student's expulsion from his or her parents concerning the alleged misconduct. The Board may rule that the student may not enroll until the student's expulsion from his or her former district has expired.

DUE PROCESS

Students have the right to be immediately informed of alleged violations of standards of behavior as established by Board policy and/or school regulations and to be informed of appeal procedures. Students have the responsibility to know and obey school rules, to express grievances in a polite and hospitable manner, and to give parents correct information concerning misconduct. Principals and teachers have the responsibility to follow Board established procedures in disciplinary actions against students. Principals are responsible for notifying and conferring with parents and students in cases involving suspension and expulsion recommendations. Parents have the responsibility to call principals for conferences when needed and to arrange with proper school authorities for desired student hearings.

Prior to any suspension, the school principal or his/her designee shall advise the pupil in question of the particular misconduct of which he/she is accused, as well as the basis for such accusations. The pupil shall be given an opportunity at that time to explain his/her version of the facts to the school principal or his/her designee. Written notice of suspension and the reasons for the suspension shall be provided to the parent(s) of the pupil. ACADEMICS

GRADUATION REQUIREMENTS

The number of units that students must earn to be eligible for high school graduation is to be earned from the categories listed below. A minimum of twenty-two (22) units is required for graduation for a student participating in either the Smart Core or Core curriculum. In addition to the twenty-two (22) units required for graduation by the Arkansas Department of Education (ADE), the district requires an additional 0 units to graduate for a total of 22 units. The additional required units may be taken from any electives offered by the district. There are some distinctions made between Smart Core units and Graduation units. Not all units earned toward graduation necessarily apply to Smart Core requirements.

All students must receive a passing score on the Arkansas Civic in order to graduate.

All digitally offered courses shall meet or exceed the State Board of Education's curriculum standards and requirements and be capable of being assessed and measured through standardized or local assessments. Additionally, the District shall ensure there is sufficient infrastructure to handle and facilitate a quality digital learning environment.

As an approved digital learning provider, the District shall annually determine what District created digital learning courses it will provide to our students. The District may also choose to

provide digital learning courses by contracting with outside providers of such courses, who have been pre-approved by the Arkansas Department of Education (ADE). The School Board shall determine the provider method or combination of methods for the District. The Superintendent shall ensure that all digital learning courses provided to District students, regardless of the source of the course, have been approved by ADE.

District created digital courses and any digital courses the district purchases from outside providers shall adhere to the guidelines for the use of digitally transmitted copyrighted materials set forth in Policy 5.8—USE OF COPYRIGHTED MATERIALS as well as applicable statutory requirements. The District shall require all outside providers to incorporate Policy 5.8 as a condition of the service contract. Failure of the outside provider to abide by Policy 5.8 shall constitute a breach of contract and the outside provider shall be responsible for any costs resulting from such breach. Students may take one digital learning courses. Students must be physically present for one each digital learning class he/she takes.

The District is responsible for providing all instructional materials for each student who enrolls in a District approved digital learning course. Regardless of any other provisions of this policy, the District may restrict a student's access to digital courses when the student's school building principal determines the student's participation in such a course would not be academically appropriate based on the student's past performance in digital courses. Furthermore, the student's school building principal may revoke a student's eligibility to continue taking a digital learning course if the student's performance during the semester indicates the student is not succeeding in the course.

GRADING/RANK IN CLASS/ QUALITY POINTS

Grading: Parents or guardians shall be kept informed concerning the progress of their student. Parent-teacher conferences are encouraged and may be requested by parents, guardians, or teachers. If the progress of a student is unsatisfactory in a subject, the teacher shall attempt to schedule a parent-teacher conference. In the conference, the teacher shall explain the reasons for difficulties and shall develop, cooperatively with the parents, a plan for remediation, which may enhance the probability of the student succeeding. The school shall also send timely progress reports and issue grades for each nine- (9) week grading period to keep parents/guardians informed of their student's progress.

The evaluation of each student's performance on a regular basis serves to give the parents/guardians, students, and the school necessary information to help effect academic improvement. Students' grades shall reflect only the extent to which a student has achieved the expressed educational objectives of the course.

The grades of a child in foster care shall not be lowered due to an absence from school due to:

1. A change in the child's school enrollment;
2. The child's attendance at a dependency-neglect court proceeding; or
3. The child's attendance at court-ordered counseling or treatment.

The grading scale for all schools in the district shall be as follows.

A = 100 – 90

B = 89 – 80

C = 79 – 70

D = 69 – 60

F = 59 and below

The grade point values for Advanced Placement (AP) and approved honor courses shall be one (1) point greater than for regular courses with the exception that an F shall still be worth zero (0) points.

The nine-week grade shall be determined in the following manner: Percentage grades will be given on daily work, daily or chapter tests, and the nine weeks test. An average of these percentages will be used to calculate the nine-week grade. The semester grade will be calculated by counting each nine-week period in the semester as 40% and the semester test as 20%. In the event that there is no semester test given, the semester grade will be calculated by averaging together the two nine-week grades.

The final grades of students who transfer in for part of a semester will be determined by blending the grades earned in the District with those earned outside the district. Each final grade will be the sum of the percentage of days in the grading period transferred from outside the district times the transferred grade from outside the district plus the percentage of days in the grading period while in the district times the grade earned in the district.

For example: The grading period had forty (40) days. A student transferred in with a grade of eighty-three percent (83%) earned in ten (10) days at the previous school. The student had a grade of seventy-five percent (75%) in our district's school earned in the remaining thirty (30) days of the grading period. Ten (10) days is twenty-five percent (25%) of forty (40) days while thirty (30) days is seventy-five percent (75%) of forty (40) days. Thus the final grade would be $.25 (83) + .75 (73) = 75.5\%$ ($0.25 \times 83 + 0.75 \times 75 = 77\%$).

Rank-in-Class: Graduating seniors will be assigned a class rank determined by accumulative points using the following weighted grading scale:

| Regular Classes/Pre AP | Advanced Placement |
|------------------------|--------------------|
| A = 4 | A = 5 |
| B = 3 | B = 4 |
| C = 2 | C = 3 |
| D = 1 | D = 2 |
| F = 0 | F = 0 |

This weighted scale is used to determine rank-in-class and selection of Valedictorian and Salutatorian. The following courses will not count in the rank calculation, but will count for graduation and will be assigned letter grades unless otherwise indicated:

- Credits earned in Home School: Credits earned at any school not fully accredited by a state's education department or one of the state's regional accrediting agencies (i.e., North Central Association) must be approved by the principal.

ADVANCED PLACEMENT AND HONORS COURSES:

Students in grades 7-12 who take advanced placement courses, or honors or concurrent credit college courses approved for weighted credit by the Arkansas Department of Education shall be graded according to the following schedule.

| AP Grading Scale | Numeric Value for Each Letter Grade |
|------------------|-------------------------------------|
| A = 100 – 90 | A = 5 points |
| B = 89 – 80 | B = 4 points |

C = 79 – 70

D = 69-60

F = 59 and below

C = 3 points

D = 2 points

F = 0 points

Students taking AP courses shall receive weighted credit as described in this policy. Credit shall be given for each grading period during the course of the year, but shall be retroactively removed from a student's grade for any course in which the student fails to take the applicable AP exam. Students who do not take the AP exam shall receive the same numeric value for the grade he/she receives in the course as if it were a non-AP course.

For a student to be eligible to receive weighted credit for an AP, and the student's course must have been taught by an Arkansas licensed teacher who has received the appropriate training required by Arkansas statute and ADE Rule or, for an AP teacher, is in the process of completing an Additional Training Plan.

Additionally, for students taking AP courses to receive weighted credit they must take the applicable AP examination after completing the entire course. Credit shall be given for each grading period during the course of the year, but shall be retroactively removed from a student's grade for any course in which the student fails to take the applicable AP exam. Students who do not take the AP exam shall receive the same numeric value for the grade he/she receives in the course as if it were a non-AP course. An important note: Students will not be allowed to drop AP classes during a semester. To be removed from an AP class, the student must wait until the end of the semester and have the approval of the AP Coordinator and the Principal.

"Honors Courses" are those courses that have been approved by a Department of Education Committee as honors courses. Honors courses must stress higher order learning and be offered in addition to curriculum offerings required by the Standards for Accreditation, Arkansas Public Schools.

Students who transfer into the district will be given weighted credit for the Advanced Placement courses or honors courses approved by the Arkansas Department of Education, and concurrent college courses taken for weighted credit at his/her previous school(s) according to the preceding scale.

Students enrolled in Pre-AP (Pre-Advanced Placement) or advanced classes are expected to maintain a high work ethic and complete work as assigned. Students not working up to the expectations (not turning in assignments, low grades) of these classes may be transferred out and not recommended for future placement in courses of this type. This may give other students who wish to excel the opportunity to take these limited enrollment courses the next year. **Student grades shall reflect only the extent to which a student has achieved the expressed educational objectives of the course. If the progress of a student is unsatisfactory in a subject, the teacher shall attempt to schedule a parent-teacher conference. A.C.A. 6-15-902**

SMART CORE CURRICULUM AND GRADUATION REQUIREMENTS

All students are required to participate in the Smart Core curriculum unless their parents or guardians, or the students if they are eighteen (18) years of age or older, sign a Smart Core Waiver Form to not participate. While Smart Core is the default option, both a Smart Core Informed Consent Form and a Smart Core Waiver Form will be sent home with students prior to

their enrolling in seventh (7th) grade, or when a seventh (7th) through twelfth (12th) grade student enrolls in the district for the first time and there is not a signed form in the student's permanent record. Parents must sign one of the forms and return it to the school so it can be placed in the students' permanent record. This policy is to be included in student handbooks for grades six (6) through twelve (12) and both students and parents must sign an acknowledgement they have received the policy. Those students not participating in the Smart Core curriculum will be required to fulfill the Core curriculum or the requirements of their IEP (when applicable) to be eligible for graduation. Counseling by trained personnel shall be available to students and their parents or legal guardians prior to the time they are required to sign the consent forms.

While there are similarities between the two curriculums, following the Core curriculum may not qualify students for some scholarships and admission to certain colleges could be jeopardized. Students initially choosing the Core curriculum may subsequently change to the Smart Core curriculum providing they would be able to complete the required course of study by the end of their senior year. Students wishing to change their choice of curriculums must consult with their counselor to determine the feasibility of changing paths.

This policy, the Smart Core curriculum, and the courses necessary for graduation shall be reviewed by staff, students, and parents as part of the annual school district support plan development process to determine if changes need to be made to better serve the needs of the district's students. The superintendent, or his/her designee, shall select the composition of the review panel.

Sufficient information relating to Smart Core and the district's graduation requirements shall be communicated to parents and students to ensure their informed understanding of each. This may be accomplished through any or all of the following means:

- Inclusion in the student handbook of the Smart Core curriculum and graduation requirements;
- Discussion of the Smart Core curriculum and graduation requirements at the school's annual public meeting, PTA meetings, or a meeting held specifically for the purpose of informing the public on this matter;
- Discussions held by the school's counselors with students and their parents; and/or
- Distribution of a newsletter(s) to parents or guardians of the district's students.

Administrators, or their designees, shall train newly hired employees, required to be licensed as a condition of their employment, regarding this policy. The district's annual professional development shall include the training required by this paragraph.

To the best of its ability, the District shall follow the requirements covering the transfer of course credit and graduation set forth in the Interstate Compact on Educational Opportunity for Military Children for all students who meet the definition of "eligible child" in Policy 4.2—ENTRANCE REQUIREMENTS: including the waiving of specific courses that are required for graduation if similar coursework has been satisfactorily completed.

GRADUATION REQUIREMENTS

Individuals with Disabilities Education Act (“IDEA”), Section 504 of the Rehabilitation Act of 1973, the Americans With Disabilities Act, and Arkansas Statutes.

- Within the district boundaries; or
- Outside of the District boundaries but are enrolled in the District.

It is the intent of the district to ensure that students who are disabled within the definition of Section 504 of the Rehabilitation Act of 1973 are identified, evaluated and provided with appropriate educational services. Students may be disabled within the meaning of Section 504 of the Rehabilitation Act even though they do not require services pursuant to the IDEA.

For students eligible for services under IDEA, the District shall follow procedures for identification, evaluation, placement, and delivery of services to children with disabilities provided in the state and federal statutes governing special education. Implementation of an Individualized Education Program (IEP) in accordance with the IDEA satisfies the district's obligation to provide a free and appropriate education under Section 504.

The Board directs the superintendent to ensure procedures are in place for the implementation of special education services and that programs are developed to conform to the requirements of state and federal legislation. The superintendent is responsible for appointing a district coordinator for overseeing district fulfillment of its responsibilities regarding students with disabilities. Among the coordinator’s responsibilities shall be ensuring district enforcement of the due process rights of students with disabilities and their parents.

HIGH SCHOOL GRADUATION CEREMONY PARTICIPATION

In order to participate in graduation ceremonies students must be in position to complete graduation requirements by the end of the summer term following the graduation ceremony.

REPORT CARDS

Each nine weeks your child will receive a report card. Please study the card carefully. This report card will tell you about his/her progress in school. Remember that the card is an individual report. No two children are alike. For that reason, it is unwise to compare your child’s report card with that of another child.

HOMEWORK POLICY

Homework is considered to be part of the educational program of the District. Assignments shall be an extension of the teaching/learning experience that promotes the student’s educational development. As an extension of the classroom, homework must be planned and organized and should be viewed by the students as purposeful. Specific homework requirements shall be developed at the building level and shall be contained in the student handbook for students in grades K-12. Parents shall be provided with copies of the student handbook at the beginning of each school year.

Teachers should be aware of the potential problem students may have completing assignments from multiple teachers and vary the amount of homework they give from day to day.

GENERAL POLICIES

AUDIO TAPING/VIDEO SURVEILLANCE:

The classroom teacher will be responsible for making an audio tape of class lessons, discussions, and assignments in order to fulfill the requirements of a student's IEP. The teacher will be responsible for stopping and starting the recorder and only lecture, discussion, and assignments will be recorded.

Students that are to receive the recordings will be responsible for keeping up with the tapes and presenting them to the teachers of the classes that are to be taped.

Students will not be allowed to record classes with his/her own taping equipment without prior approval from the building principal and the classroom teacher. Any taping equipment used in the classroom that has not been cleared by the building principal will be taken up by the classroom teacher.

The board of directors has a responsibility to maintain discipline, protect the safety, security, and welfare of its students, staff, and visitors while at the same time safeguarding district facilities, vehicles, and equipment. As part of fulfilling this responsibility, the board authorizes the use of video/audio surveillance cameras, automatic identification technology, data compilation devices, and technology capable of tracking the physical location of district equipment, students, and/or personnel. The placement of video-audio surveillance cameras shall be based on the presumption and belief that students, staff and visitors have no reasonable expectation of privacy anywhere on or near school property, facilities, vehicles, or equipment, with the exception of places such as rest rooms or dressing areas where an expectation of privacy is reasonable and customary.

Signs shall be posted on campus buildings and in district vehicles to notify students, staff, and visitors that video cameras may be in use. Parents and students shall also be notified through the student handbook that cameras may be in use in school buildings, on school grounds and in school vehicles. Students will be held responsible for any violations of school discipline rules caught by the cameras and other technologies authorized in this policy.

The district shall retain copies of video recordings until they are erased which may be accomplished by either deletion or copying over with new recording. Other than video recordings being retained under the provisions of this policy's following paragraph, the district's video recordings may be erased any time greater than three days after they were created.

Video recordings shall be considered student education records and any release or viewing of such records shall be in accordance with current law. Videos, automatic identification, or data compilations containing evidence of a violation of student conduct rules and/or state or federal law shall be retained until the issue of the misconduct has been settled.

Students who vandalize, damage, disable, or render inoperable (temporary or permanently) surveillance cameras and equipment automatic identification, or data compilation devices shall be subject to appropriate disciplinary action and referral to appropriate law enforcement authorities.

CELL PHONES AND OTHER ELECTRONIC DEVICES

Students are responsible for conducting themselves in a manner that respects the rights of others. Possession and use of any electronic device, whether district or student owned, that interferes with a positive, orderly classroom environment does not respect the rights of others and is expressly forbidden.

To protect the security of statewide assessments that are administered as part of the ACT Aspire, no electronic device as defined in this policy shall be accessible by a student at any time during assessment administration unless specifically permitted by a student's Individual Education Program (IEP) or individual health plan, this means that when a student is taking an AESAA assessment, the student shall not have his/her electronic device in his/her possession. Any student violating this provision shall be subject to this policy's disciplinary provisions. The prohibition in this policy does not extend to the electronic device the District provides the student for the student's use during assessment administration to the extent the student is using the District provided device to complete the assessment.

As used in this policy, "electronic devices" means anything that can be used to transmit or capture images, sound, or data. Misuse of electronic devices includes, but is not limited to:

1. Using electronic devices during class time in any manner other than specifically permitted by the classroom instructor;
2. Permitting any audible sound to come from the device when not being used for reason #1 above;
3. Engaging in academic dishonesty, including cheating, intentionally plagiarizing, wrongfully giving or receiving help during an academic examination, or wrongfully obtaining test copies or scores;
4. Using the device to take photographs in areas where a general expectation of personal privacy exists, including but not limited to locker rooms and bathrooms;
5. Creating, sending, sharing, viewing, receiving, or possessing an indecent visual depiction of oneself or another person.

Use of an electronic device is permitted to the extent it is approved in a student's or it is needed in an emergency that threatens the safety of students, staff, or other individuals. The use of such devices at school sponsored functions outside the regular school day is permitted to the extent and within the limitations allowed by the event or activity the student is attending.

A parent shall obtain approval from the student's building principal before operating a student-tracking safety device at school or at a school-sponsored event if the device has recording or listen-in capability. The District requires the device's recording and listen-in technology to be disabled while the device is on the campus or at the school-sponsored event because of student privacy concerns. The District prohibits unauthorized audio or visual recordings or transmission of audio or images of other students. The student's parent shall agree in writing to the requirement for the device's recording and listening-in technology to be disabled and that the District may prohibit future use of the device on campus or at a school-sponsored activity if it is determined that the device's recording or listening-in capabilities were used in violation of this policy before the student safety tracking device may be on campus or at a school-sponsored event.

The student and/or the student's parents or guardians expressly assume any risk associated with students owning or possessing electronic devices. Students misusing electronic devices shall

have them confiscated. Confiscated devices may be picked up at the school's administration office by the student's parents or guardians. Students have no right of privacy as to the content contained on any electronic devices that have been confiscated. A search of a confiscated device shall meet the reasonable individualized suspicion requirements of Policy 4.32—SEARCH, SEIZURE, AND INTERROGATIONS.

Students who use a school issued cell phones and/or computers for non-school purposes, except as permitted by the district's Internet/computer use policy, shall be subject to discipline, up to and including suspension or expulsion. Students are forbidden from using school issued cell phones while driving any vehicle at any time. Violation may result in disciplinary action up to and including expulsion.

Violation may result in disciplinary action up to and including suspension.

Students may, if in accord with the policy above, use cell phones or other electronic communication devices, cameras, MP3 players, iPods, portable music devices, eReaders (Kindles, Nooks) iPads (tablets), iTouches, and laptops before school, before and after classes, and during lunch. Confiscated cell phones and other electronic communication devices may be picked up at the school's administration office by the student's parents or guardians. Students have no right of privacy as to the content contained on any cell phones and other electronic communication devices that have been confiscated. Booneville Schools is not responsible for any stolen cell phone.

eSCHOOL INFORMATION

Booneville Public Schools will continue to utilize eSchool as a tool to keep you informed of your student's progress. Once you have activated your account, and your school has posted information, you can use eSchool to keep updated on your child's academic achievement as well as other pertinent information. Eighth grade students and new students to Booneville Junior High may set up their eSchool accounts through the office and will receive their activation codes at the beginning of the year.

INTERNET USE AGREEMENT

Please sign and return the form in back of this handbook ***for each student.***

LASER POINTERS

School personnel shall seize any laser pointer from the student possessing it and the student may reclaim it at the close of the school year, or when the student is no longer enrolled in the District.

LIBRARY/MEDIA CENTER

Our school libraries are well equipped and vital to the quality of the educational program. Students are encouraged to utilize and check out any of the available materials, especially books. In order to maintain an adequate collection, students, teachers, and parents or guardians must cooperate to see that materials are returned in good condition. If they are damaged or lost, a charge equal to the current replacement will be made.

Borrowers are responsible for damage to library materials. Lost books should be reported to the librarian. A lost book must be paid for before the end of the 9 weeks grading period. In the event the book is found and returned in satisfactory condition, the school will return the student's money.

MEALS-SCHOOL LUNCHES / BREAKFASTS

The school cafeteria serves a balanced meal. All students are encouraged to eat at school. In order to meet the standard requirement, a Grade "A" lunch is served. It consists of a meat or meat alternate, vegetable, fruit, bread and milk.

The Booneville School District serves nutritional meals every day, both breakfast and lunch. All students are encouraged to eat at school. Offer vs serve is offered for 1st thru 12th grades. Each day a meat/meat alternative, vegetables, fruits, grains/bread and milk are offered for lunch. All students must take three of the five components and one of the three must be ½ cup fruit or vegetable. Breakfast is also offer vs serve and all students must take three items of the offered four. Also, ½ cup must be fruit or fruit juice.

The Booneville School District is now participating in the Community Eligibility Provision where all children eat at no charge. **Extra milk may be purchased for \$.35 each.**

FOOD SHARING AND ITS REMOVAL FROM FOOD SERVICE AREA

Food Sharing Table

In an effort to reduce wasted food and to provide students access to healthy foods when possible, the District shall have in the district cafeteria a food sharing table located at the end of the service line. Prior to leaving the service line, students may place on or retrieve items from the table, at no additional charge, any of the following:

- Raw whole fruit traditionally eaten without the peel (e.g. bananas and oranges);
- Raw whole fruit traditionally eaten with the peel provided the fruit is wrapped to prevent contamination (e.g. apples and grapes);
- Raw whole vegetables provided the vegetable is wrapped to prevent contamination (e.g. carrot sticks);¹
- Milk; and
- Juice

Fruit and vegetables to be shared are to be placed into a designated container on the table. Milk and juice to be shared are to be placed in an ice-filled cooler. Milk and juice may not be taken by another student unless the carton is unopened and was completely covered by ice while in the cooler. A student may not return to the table to place an item for sharing after the student has left the service line. At all times, the sharing table will be under the supervision of the food service staff. Remaining items should be discarded at the end of the meal period, and no item may remain on the table for longer than four (4) hours.

The District has no food sharing system for food items other than milk and juice. Students who do not intend to drink milk or juice received as part of a meal may place the milk/juice in a designated ice-filled cooler located at the end of the service line where another student may retrieve it at no charge. Milk and juice may not be taken by another student unless the carton is unopened and was completely covered by ice while in the cooler. A student may not return to the cooler to place for sharing or retrieve an item after the student has left the service line.

The student may bring the medication if accompanied by a written authorization from the parent or legal guardian. When medications are brought to the school nurse, the nurse shall document, in the presence of the parent, the quantity of the medication(s). If the medications are brought by a student, the school nurse shall ask another school employee to verify, in the presence of the student the quantity of the medication(s). Each person present shall sign a form verifying the quantity of the medication(s).

Medications, including those for self-administration, must be in the original container and be properly labeled with the student's name, the ordering provider's name, the name of the medication, the dosage, frequency, and instructions for the administration of the medication (including times). The Superintendent or his/her designee shall appoint an appropriate staff person to be the local educational liaison for foster children and youth whose responsibilities shall include ensuring the timely school enrollment of each foster child and assisting foster children who transfer between schools by expediting the transfer of relevant educational records.

The District, working with other individuals and agencies shall, unless the presiding court rules otherwise or DHS grants a request to transfer under Foster Child School Choice, ensure that the foster child remains in his/her school of origin, even if a change in the foster child's placement

results in a residency that is outside the district. In such a situation, the District will work with DHS to arrange for transportation to and from school for the foster child to the extent it is reasonable and practical.

Upon notification to the District's foster care liaison by a foster child's caseworker that a foster child's school enrollment is being changed to one of the District's schools, the school receiving the child must immediately enroll him/her. Immediate enrollment is required even if a child lacks the required clothing, academic or medical records, or proof of residency.

A foster child's grades shall not be lowered due to absence from school that is caused by a change in the child's school enrollment, the child's attendance at dependency-neglect court proceedings, or other court-ordered counseling or treatment.

Any course work completed by the foster child prior to a school enrollment change shall be accepted as academic credit so long as the child has satisfactorily completed the appropriate academic placement assessment.⁴

If a foster child was enrolled in a District school immediately prior to completing his/her graduation requirements while detained in a juvenile detention facility or while committed to the Division of Youth Services of DHS, the District shall issue the child a diploma.

Foster Child School Choice

If DHS approves a request from a foster parent, or the foster child if the foster child is eighteen (18) years of age, to transfer to another school in the District or into the district as being in the best interest of the foster child, the District shall allow the foster child to transfer to another school in the District or into the District if the foster

parent, or the foster child if the foster child is eighteen (18) years of age, submits a request to transfer on a form approved by ADE that is postmarked by no later than May 1 of the year the student seeks to begin the fall semester at another school in the District or in the District.

By July 1 of the school year in which the student seeks to transfer under this section, the superintendent shall notify the foster parent, or the foster child if the foster child is eighteen (18) years of age, in writing whether the application has been accepted or rejected. If the application is accepted, the superintendent shall state in the notification letter a reasonable deadline for the foster child to enroll in the new school or the District and that failure to enroll by the date shall void the school choice acceptance. If the application is rejected, the superintendent shall state in the notification letter the reason for the rejection and that the foster parent, or the foster child if the foster child is eighteen (18) years of age, may submit a written appeal of the rejection to the State board within ten (10) days of receiving the notification letter.

The District shall only reject a Foster Child School Choice application if:

1. The public school or District has reached the maximum student-to-teacher ratio allowed under federal law, state law, the standards for accreditation, or other applicable State rule or Federal regulation; or
2. Approving the transfer would conflict with a provision of an enforceable desegregation court order or a public school district's court-approved desegregation plan regarding the effects of past racial segregation in student assignment.

A foster child whose application is rejected by the District may submit a written request within ten (10) days following the receipt of the rejection letter from the superintendent to the State Board of Education for the State Board to reconsider the transfer.

A Foster Child School Choice transfer shall remain in effect until the foster child:

- Graduates from high school; or
- Transfers to another school or school district under:
 - The Foster Child School Choice Act;
 - Opportunity Public School Choice Act of 2004;
 - The Public School Choice Act of 2015; or
 - Any other law that allows a transfer.

The District shall accept credits toward graduation that were awarded by another public school district.

When a foster child transfers from the foster child's school of origin to another school in the District or into the District, the foster child or the foster parent is responsible for the foster child's transportation to and from the school the foster child transferred to. The District and the foster parent, or the foster child if the foster child is eighteen (18) years of age, may enter into a written agreement for the District to provide the transportation to and from the school the foster child transferred to.

TRANSFERS

The Booneville District shall review and accept or reject requests for transfers, both into and out of the district, on a case by case basis. The District may reject a nonresident's application for admission if its acceptance would necessitate the addition of staff or classrooms exceed the capacity of a program, class, grade level, or school building, or cause the District to provide educational services not currently provided in the affected school. The District shall reject applications that would cause it to be out of compliance with applicable laws and regulations regarding desegregation.

Any student transferring from a school accredited by the Division of Elementary and Secondary Education (DESE) to a school in this district shall be placed into the same grade the student would have been in had the student remained at the former school. Any grades, course credits, and/or promotions received by a student while enrolled in the Division of Youth Services system of education shall be considered transferable in the same manner as those grades, course credits, and promotions from other accredited Arkansas public education entities. Any student transferring a school that is not accredited by the DESE to a District school shall be evaluated by District staff to determine the student's appropriate grade placement. A student transferring from home school will be placed in accordance with Policy 4.6—HOME SCHOOLING.

Any person who has been expelled from any other school district shall receive a hearing before the Board at the time the student is seeking enrollment in the District. The Board reserves the right to not allow the enrollment of such students until the time of the person's expulsion has expired following the hearing before the Board.³

The responsibility for transportation of any nonresident student admitted to a school in this District shall be borne by the student or the student's parents. The District and the resident

district may enter into a written agreement with the student or student's parents to provide transportation to or from the District, or both.

SCHOOL CHOICE

STANDARD SCHOOL CHOICE

Exemption:

The District is under an enforceable desegregation court order/court-approved desegregation plan that explicitly limits the transfer of students between school districts and has submitted the appropriate documentation to the Division of Elementary and Secondary Education (DESE). As a result of the desegregation order/desegregation plan, the District is exempt from the provisions of the Public School Choice Act of 2015 (Standard School Choice) and the Arkansas Opportunity Public School Choice Act (Opportunity School Choice). The District shall notify the superintendents of each of its geographically contiguous school districts of its exemption. The exemption prohibits the District from accepting any school choice applications from students wishing to transfer into or out of the District through standard School Choice or Opportunity School Choice.

Definition:

"Sibling" means each of two (2) or more children having a parent in common by blood, adoption, marriage, or foster care.

TRANSFERS INTO THE DISTRICT

Capacity Determination and Public Pronouncement

The Board of Directors will adopt a resolution containing the capacity standards for the District. The resolution will contain the acceptance determination criteria identified by academic program, class, grade level, and individual school. The school is not obligated to add any teachers, other staff, or classrooms to accommodate choice applications. The District may only deny a Standard School Choice application if the District has a lack of capacity by the District having reached ninety percent (90%) of the maximum student population in a program, class, grade level, or school building authorized by the Standards or other State/Federal law.

The District shall advertise in appropriate broadcast media and either print media or on the Internet to inform students and parents in adjoining districts of the range of possible openings available under the School Choice program. The public pronouncements shall state the application deadline and the requirements and procedures for participation in the program; and include contact information for the primary point of contact at the District for school choice questions. Such pronouncements shall be made in the spring, but in no case later than March 1.

APPLICATION PROCESS

The student's parent shall submit a school choice application on a form approved by ADE to this District along with a copy to the student's resident district. Except for students who have a parent or guardian who is an active-duty member of the military and who has been transferred to and resides on a military base, the transfer application must be postmarked or hand delivered on or before May 1 of the year preceding the fall semester the applicant would begin school in the District. The District shall date and time stamp all applications the District receives as both the

resident and nonresident district as they are received in the District's central office. Except for applications from students who have a parent or guardian who is an active-duty member of the military and who has been transferred to and resides on a military base, applications postmarked or hand delivered on or after May 2 will not be accepted. Statutorily, preference is required to be given to siblings of students who are already enrolled in the District. Therefore, siblings whose applications fit the capacity standards approved by the Board of Directors may be approved ahead of an otherwise qualified non-sibling applicant who submitted an earlier application as identified by the application's date and time stamp.

Students who have a parent or guardian who is an active-duty member of the military and who has been transferred to and resides on a military base may submit an application and transfer at any time if the student's application:

1. Is filed with the nonresident school district within fifteen (15) days of the parent's or guardian's arrival on the military base;
2. Includes the parent's or guardian's military transfer orders; and
3. Includes the parent's or guardian's proof of residency on the military base.

The approval of any application for a choice transfer into the District is potentially limited by the applicant's resident district's statutory limitation of losing no more than three percent (3%) of its past year's student enrollment due to Standard School Choice. As such, any District approval of a choice application prior to July 1 is provisional pending a determination that the resident district's three percent (3%) cap has not been reached. The superintendent shall contact a student's resident district to determine if the resident district's three percent (3%) cap has been met.

The Superintendent will consider all properly submitted applications for School Choice. By July 1, the Superintendent shall notify the parent and the student's resident district, in writing, of the decision to accept or reject the application.

ACCEPTED APPLICATIONS

Applications which fit within the District's stated capacity standards shall be provisionally accepted, in writing, with the notification letter stating a reasonable timeline by which the student shall enroll in the District by taking the steps detailed in the letter, including submission of all required documents. If the student fails to enroll within the stated timeline, or if all necessary steps to complete the enrollment are not taken, or examination of the documentation indicates the applicant does not meet the District's stated capacity standards, the acceptance shall be null and void.

A student, whose application has been accepted and who has enrolled in the District, is eligible to continue enrollment until completing his/her secondary education. Continued enrollment is conditioned upon the student meeting applicable statutory and District policy requirements. Any student who has been accepted under choice and who either fails to initially enroll under the timelines and provisions provided in this policy; who chooses to return to his/her resident district; or who enrolls in a home school or private school voids the transfer and must reapply if,

in the future, the student seeks another school choice transfer. A subsequent transfer application will be subject to the capacity standards applicable to the year in which the application is considered by the District.

A present or future sibling of a student who continues enrollment in this District may enroll in the District by submitting a Standard School Choice application. Applications of siblings of presently enrolled choice students are subject to the provisions of this policy including the capacity standards applicable to the year in which the sibling's application is considered by the District. A sibling who enrolls in the District through Standard School Choice is eligible to remain in the District until completing his/her secondary education.

Students whose applications have been accepted and who have enrolled in the district shall not be discriminated against on the basis of gender, national origin, race, ethnicity, religion, or disability.

REJECTED APPLICATIONS

The District may reject an application for a transfer into the District under Standard School Choice due to a lack of capacity. However, the decision to accept or reject an application may not be based on the student's previous academic achievement, athletic or other extracurricular ability, English proficiency level, or previous disciplinary proceedings other than a current expulsion.

An application may be provisionally rejected if it is for an opening that was included in the District's capacity resolution but was provisionally filled by an earlier applicant. If the provisionally approved applicant subsequently does not enroll in the District, the provisionally rejected applicant could be provisionally approved and would have to meet the acceptance requirements to be eligible to enroll in the District.

An application may be provisionally rejected if the student's application was beyond the student's resident district's three percent (3%) cap. The student's resident district is responsible for notifying this District that it is no longer at its three percent (3%) cap. If a student's application was provisionally rejected due to the student's resident district having reached its three percent (3%) cap and the student's resident district notifies this District that it has dropped below its three percent (3%) cap prior to July 1, then the provisional rejection may be changed to a provisional acceptance and the student would have to meet the acceptance requirements to be eligible to enroll in the District.

Rejection of applications shall be in writing and shall state the reason(s) for the rejection. A student whose application was rejected may request a hearing before the State Board of Education to reconsider the application. The request for a hearing must be submitted in writing to the State Board within ten (10) days of receiving the rejection letter from the District.

Any applications that are denied due to the student's resident district reaching the three percent (3%) limitation cap shall be given priority for a choice transfer the following year in the order that the District received the original applications.

TRANSFERS OUT OF THE DISTRICT

All Standard School Choice applications shall be granted unless the approval would cause the District to have a net enrollment loss (students transferring out minus those transferring in) of more than three percent (3%) of the average daily membership on October 15 of the immediately preceding year. By December 15 of each year, DESE shall determine and notify the District of the net number of allowable choice transfers. Students are not counted for the purpose of determining the three percent (3%) cap if the student transfers

- Through Opportunity School Choice due to the school receiving a rating of “F” or a district classified as in need of Level 5 Intensive Support under or A.C.A. § 6-18-227;
- Due to the district’s identification of Facilities Distress under A.C.A. § 6-21-812.; or
- Through the Foster Child School Choice under A.C.A. § 6-18-233.

If, prior to July 1, the District receives sufficient copies of requests from other districts for its students to transfer to other districts to trigger the three percent (3%) cap, it shall notify each district the District received Standard School Choice applications from that it has tentatively reached the limitation cap. The District will use confirmations of approved choice applications from receiving districts to make a final determination of which applications it received that exceeded the limitation cap and notify each district that was the recipient of an application to that effect. The District shall immediately notify all receiving districts if it should drop back below its three percent (3%) cap prior to July 1.

When the last successful application requesting to transfer out of the District before the District’s three percent (3%) cap was triggered belonged to an individual who was a member of a group of siblings who applied to transfer out of the District, the District shall allow all members of the individual’s sibling group to transfer out of the District even though these applications are beyond the District’s transfer cap.

FACILITIES DISTRESS SCHOOL CHOICE APPLICATION

There are a few exceptions from the provisions of the rest of this policy that govern choice transfers triggered by facilities distress. Any student attending a school district that has been identified as being in facilities distress may transfer under the provisions of this policy, but with the following four (4) differences.

- The receiving district cannot be in facilities distress;
- The transfer is only available for the duration of the time the student's resident district remains in facilities distress;
- The student is not required to meet the May 1 application deadline; and
- The student's resident district is responsible for the cost of transporting the student to this District's school.

OPPORTUNITY SCHOOL CHOICE

Transfers Into or Within the District

For the purposes of this section of the policy, a “lack of capacity” is defined as when the receiving school has reached the maximum student-to-teacher ratio allowed under federal or state law, the DESE Rules for the Standards for Accreditation, or other applicable rules. There is a lack of capacity if, as of the date of the application for Opportunity School Choice, ninety-five percent (95%) or more of the seats at the grade level at the nonresident school are filled.

Unless there is a lack of capacity at the District's school or the transfer conflicts with the provisions of a federal desegregation order applicable to the District, a student may transfer from the student's assigned school to another school in the District¹⁰ or from the student's resident district into the District if:

- Either:
 - The student's resident district has been classified by the state board as in need of Level 5 — intensive support; or
 - The student's assigned school has a rating of "F"; and
- By May 1 of the year before the student intends to transfer, the student's parent, guardian, or the student if the student is over eighteen (18) years of age has submitted an application of the student's request to transfer to the:
 - DESE;
 - Sending school district; and
 - Receiving school district.

A student is not required to meet the May 1 application deadline if the student has a parent or guardian who is an active-duty member of the military and who has been transferred to and resides on a military base. The student may transfer at any time if the student's application:

- a. Is filed with the nonresident school district within fifteen (15) days of the parent's or guardian's arrival on the military base;
- b. Includes the parent's or guardian's military transfer orders; and
- c. Includes the parent's or guardian's proof of residency on the military base.

Within thirty (30) days from receipt of an application from a student seeking admission under this section of the policy, the Superintendent shall notify in writing the parent or guardian, or the student if the student is over eighteen (18) years of age, whether the Opportunity School Choice application has been accepted or rejected. The notification shall be sent via First-Class Mail to the address on the application.

If the application is accepted, the notification letter shall state the deadline by which the student must enroll in the receiving school or the transfer will be null and void.

If the District rejects the application, the District shall state in the notification letter the specific reasons for the rejection. A parent or guardian, or the student if the student is over eighteen (18) years of age, may appeal the District's decision to deny the application to the State Board of Education. The appeal must be in writing to the State Board of Education via certified mail, return receipt requested, no later than ten (10) calendar days, excluding weekends and legal holidays, after the notice of rejection was received from the District.

A student's transfer under Opportunity School choice is effective at the beginning of the next school year and the student 'enrollment is irrevocable for the duration of the school year and is renewable until the student completes high school or is beyond the legal age of enrollment. This provision for continuing eligibility under Opportunity School Choice does not negate the

student's right to apply for transfer to a district other than the student's assigned school or resident district under the Standard School Choice provisions of this policy. The District may but is not obligated to provide transportation to and from the transferring district.

TRANSFERS OUT OF, OR WITHIN, THE DISTRICT

If a District school receives a rating of “F” or the District has been classified by the State Board as in need of Level 5 Intensive Support, the District shall timely notify the parents, guardians, or students, if over eighteen (18) years of age, as soon as practicable after the designation is made of all options available under Opportunity School Choice. The District shall offer the parent or guardian, or the student if the student is over eighteen (18) years of age, an opportunity to submit an application to enroll the student a school district that has not been classified by the State Board as in need of Level 5 Intensive Support or in a public school that does not have a rating of “F”.

Additionally, the District shall request public service announcements to be made over the broadcast media and in the print media at such times and in such a manner as to inform parents or guardians of students in adjoining districts of the availability of the program, the application deadline, and the requirements and procedure for nonresident students to participate in the program.

UNSAFE SCHOOL CHOICE PROGRAM

Any student that becomes the victim of a violent criminal offense while in or on the grounds of a District school or who is attending a school classified by DESE as a persistently dangerous public school shall be allowed to attend a safe public school within the District.

HOME SCHOOLING

ENROLLMENT IN HOME SCHOOL

Parents or legal guardians desiring to provide a home school for their children shall give written notice to the Superintendent of their intent to home school. The notice shall be given:

1. At the beginning of each school year, but no later than August 15;
2. Fourteen (14) calendar days prior to withdrawing the child (provided the student is not currently under disciplinary action for violation of any written school policy, including, but not limited to, excessive absences) and at the beginning of each school year thereafter; or
3. Within thirty (30) calendar days of the parent or legal guardian establishing residency within the district during the school year.

Written notice of the parent or legal guardian’s intent to home school shall be delivered to the Superintendent through any of the following methods:

- Electronically, including without limitation by;
- Use of the Division of Elementary and Secondary Education’s (DESE) online system;
- Email; or
- Facsimile;

The notice shall include:

- a. The name, sex, date of birth, grade level, and the name and address of the school last attended, if any;
- b. The mailing address and telephone number of the home school;
- c. The name of the parent or legal guardian providing the home school;

- d. Indicate if the home-schooled student intends to participate in extracurricular activities during the school year;
- e. A statement of whether the home-schooled student plans to seek a high school equivalency diploma during the current school year;
- f. A statement that the parent or legal guardian agrees that the parent or legal guardian is responsible for the education of their children during the time the parents or legal guardians choose to home school; and
- g. A signature of the parent or legal guardian To aid the District in providing a free and appropriate public education to students in need of special education services, the parents or legal guardians home-schooling their children shall provide information that might indicate the need for special education services.

ENROLLMENT OR RE-ENROLLMENT IN PUBLIC SCHOOL

A home-schooled student who wishes to enroll or re-enroll in a District school shall submit:

- A transcript listing all courses taken and semester grades from the home school;
- Score of at least the thirtieth percentile on a nationally recognized norm-referenced assessment taken in the past year; and
- A portfolio of indicators of the home-schooled student's academic progress, including without limitation:
 - Curricula used in the home school;
 - Tests taken and lessons completed by the home-schooled student; and
 - Other indicators of the home-schooled student's academic progress.

If a home-schooled student is unable to provide a nationally recognized norm-referenced score, the District may either assess the student using a nationally recognized norm-referenced assessment or waive the requirement for a nationally recognized norm-referenced assessment score.

A home-schooled student who enrolls or re-enrolls in the District will be placed at a grade level and academic course level equivalent to or higher than the home-schooled student's grade level and academic course level in the home school:

1. As indicated by the documentation submitted by the home-schooled student;
2. By mutual agreement between the public school and the home-schooled student's parent or legal guardian; or
3. If the home-schooled student fails to provide the documentation required by this policy, with the exception of the nationally recognized norm-referenced assessment score, the District may have sole authority to determine the home-schooled student's grade placement and course credits. The District will determine the home-schooled student's grade placement and course credits in the same manner the District uses when determining grade placement and course credits for students enrolling or re-enrolling in the District who attended another public or private school.

The District shall afford a home-schooled student who enrolls or re-enrolls in a public school the same rights and privileges enjoyed by the District's other students. The District shall not deny a home-schooled student who enrolls or re-enrolls in the District any of the following on the basis of the student having attended a home school:

- a. Award of course credits earned in the home school;
- b. Placement in the proper grade level and promotion to the next grade level;
- c. Participation in any academic or extracurricular activity;
- d. Membership in school-sponsored clubs, associations, or organizations;
- e. A diploma or graduation, so long as the student has enrolled or re-enrolled in the District to attend classes for at least the nine (9) months immediately prior to graduation; or
- f. Scholarships.

EXTRACURRICULAR ACTIVITY ELIGIBILITY FOR HOME SCHOOLED STUDENTS

In addition to the requirements of this policy, the District shall abide by the rules contained in the Arkansas Activities Association (AAA) Handbook governing interscholastic activity participation of students who are home-schooled. Areas of eligibility criteria, such as a student's age and semesters of eligibility, are the same for home-schooled and traditional students and are governed by the current AAA Handbook.

Extracurricular activities are defined as: any school sponsored program where students from one or more schools meet, work, perform, practice under supervision outside of regular class time, or are competing for the purpose of receiving an award, rating, recognition, or criticism, or qualification for additional competition. Examples include, but are not limited to, interscholastic athletics, cheerleading, band, choral music, math or science competitions, and club activities.

Home-schooled students whose parents' domicile, as defined in AAA Rules, is within the district's boundaries may be eligible to participate in District or the applicable attendance zone's school extracurricular activities subject to the requirements set forth in this policy. While this policy prescribes the criteria for initial and continuing eligibility, actual participation will be dependent upon the same try-out criteria, or other requirement as may be applicable, as for any regularly enrolled student.

Home-schooled students whose parent or legal guardian are not residents of the school district will be permitted to pursue participation in an interscholastic activity in the District if the superintendent of the student's resident district and the superintendent of the District both agree in writing to allow the student to participate in interscholastic activities at the District. Although not guaranteed participation in an interscholastic activity, home-school students who meet the provisions of this policy, AAA Rules, and applicable Arkansas statutes shall have an equal opportunity to try out and participate in an interscholastic activity without discrimination. The District shall provide a reasonable alternative to any prerequisite for eligibility to participate in an interscholastic activity that the home-schooled student is unable to meet because of his or her enrollment in a home school.

A student whose application for eligibility to participate in a District extracurricular activity is accepted is required to enroll in at least 1 course(s) in the District's school where the student is intending to participate in an extracurricular activity. All forms, vaccinations, and identifications required of a traditional student's enrollment shall apply to the home-schooled student.

The parent of any student wishing to participate in a District extracurricular activity shall hand deliver a completed form 5.19.2F to the school's Superintendent by July first each year prior to the school year in which the student wishes to participate in an extracurricular activity. The Superintendent shall have 30 calendar days in which to determine the eligibility of the applicant. The Superintendent may request the parent supply additional information, if necessary, to allow the Superintendent to make an eligibility determination. Any such request shall be made within 10 work days of the date the application was submitted. The parent shall supply the requested information within seven (7) calendar days of the Superintendent's request. The decision of the superintendent concerning eligibility shall be final, and not subject to any appeal.

No student shall be required to pay for individual or group instruction in order to participate in an interscholastic activity.

The District may reject an application if its acceptance would necessitate the addition of staff or classrooms exceed the capacity of a program, class, grade level, or school building, or cause the District to provide educational services not currently provided in the affected school.

The Superintendent shall approve those applications which meet the enrollment application requirements identified in this policy and AAA Rules and shall deny those that don't meet the requirements.

Initial eligibility requires that prior to the earlier of the first day of practice for the extracurricular activity the student intends to participate in or the first day of school, the student must take, at the parent's expense, the appropriate grade level assessment approved for such purpose by the AAA Board of Directors and score average or better in the areas of mathematics, English, science, and social studies. Initial eligibility further requires a student whose application has been approved to pay any participation fee traditional students enrolled in the District pay for the same extracurricular activity and complete any required permission slips, waivers, physical exams, and drug testing required of traditional students.

Any home-schooled student who successfully passes the required assessment at the end of the spring semester is not required to take another assessment prior to the first day of school as a condition of reapplying for the succeeding year's fall semester. An applicant who did not pass the required assessment at the conclusion of the spring semester is permitted to take the assessment required of a first time applicant prior to the first day of school for the fall semester. If a student receives a passing score on the assessment, the Superintendent may approve the application provided all other provisions required in this policy are met.

Continued eligibility requires the student to be enrolled in and regularly attend, as defined by AAA Rules, at least 1 course(s), and to have:

1. Scored average or better at the conclusion of each semester on each area of the appropriate grade level assessment, administered at District expense, (mathematics, English, science, and social studies) that has been selected by the AAA Board of Directors for such purpose;
2. Met the academic eligibility requirements for home-schooled students in grades seven through twelve (7-12) identified in the AAA Handbook;
3. Complied with all practice times;
4. Complied with the District Student Handbook and any supplementary requirements or conditions for participation in extra-curricular activities and AAA standards of behavior and codes of conduct;
5. Completed any required permission slips, waivers, physical exams, and drug testing;
6. Ridden to and from the student's extracurricular activity on a school bus to the extent such is required of traditional students;
7. Paid any participation fee traditional students enrolled in the District pay for the same extracurricular activity;
8. Met all the academic and co-curricular requirements of the course relating to the student's non-athletic competitive activity; and,
9. Met all other requirements for continued eligibility identified in the AAA Handbook.

A student who has been a bona fide student (as defined in the AAA Handbook) in an AAA member school and withdraws from the school to be home-schooled shall not participate in an interscholastic activity in a public school district of the parent's domicile for a minimum of one (1) year after the student's withdrawal.

To be eligible to try out and participate in interscholastic activities, the student or the parent of a student shall mail or hand deliver the student's request to participate to the student's school's principal before the signup, tryout or participation deadline established for traditional students. Additionally, the student shall demonstrate academic eligibility by obtaining a minimum test score of the 30th percentile or better in the previous 12 months on the Stanford Achievement Test Series, Tenth Edition; another nationally recognized norm-referenced test; or a minimum score on a test approved by the State Board of Education.

A student who meets the requirements for eligibility to participate in an interscholastic activity is required to register for no more than one course³ in the District's school where the student is intending to participate in an interscholastic activity.

The student shall regularly attend the class in which the student is registered beginning no later than the eleventh (11th) day of the semester in which the student's interscholastic activity participation is desired. The student must attend the practices for the interscholastic activity to the same extent as is required of traditional students.

A student and the parent or legal guardian of the student shall sign and return an acknowledgement of receipt and review of an information sheet regarding signs and symptoms of sudden cardiac arrest before the student may participate in an athletic activity and before each school year the student participates in an athletic activity.

A home-schooled student who has met the try out criteria; and who has been selected to participate in the interscholastic activity shall meet the following criteria that also apply to traditional students enrolled in the school:

- standards of behavior and codes of conduct;
- attend the practices for the interscholastic activity to the same extent as is required of traditional students;
- required drug testing;
- permission slips, waivers, physical exams; and
- participation or activity fees.

A home-schooled student who is not a resident of the District may begin participating in interscholastic activities:

- a. Immediately upon being approved for participation for all interscholastic activities other than athletic activities; and
- b. One (1) calendar year after being approved to participate in interscholastic activities that are athletic activities unless the approval is prior to July 1 of the school year the student would have been enrolled in seventh (7th) grade if the student were enrolled in public school.

A home-schooled student who is not a resident of the District and is prohibited under this policy from participating in an interscholastic activity that is an athletic activity for one (1) calendar year may immediately participate in rehearsals, tryouts, practices, auditions, classes, or other endeavors associated with the interscholastic activity.

Students who participate in extracurricular or athletic activities under this policy will be transported to and from the interscholastic activities on the same basis as other students are transported.

A student who withdraws from an Arkansas Activities Association member school to be home-schooled shall not participate in an interscholastic activity in the resident school district for a minimum of three hundred sixty-five days after the student withdraws from the member school.

HOMELESS STUDENTS

The Booneville School District will afford the same services and educational opportunities to homeless children as are afforded to non-homeless children. The Superintendent or his/her designee shall appoint an appropriate staff person to be the local educational agency (LEA) liaison for homeless children and youth whose responsibilities shall include, but are not limited to:

- Receive appropriate time and training in order to carry out the duties required by law and this policy;
- Coordinate and collaborate with the State Coordinator, community, and school personnel responsible for education and related services to homeless children and youths;
- Ensure that school personnel receive Professional development and other support regarding their duties and responsibilities for homeless youths;
- Ensure that unaccompanied homeless youths:
 - Are enrolled in school;
 - Have opportunities to meet the same challenging State academic standards as other children and youths; and
 - Are informed of their status as independent students under the Higher Education Act of 1965 and that they may obtain assistance from the LEA liaison to receive verification of such status for purposes of the Free Application for Federal Student Aid;
- Ensure that public notice of the educational rights of the homeless children and youths is disseminated in locations frequented by parents or guardians of such youth, and unaccompanied homeless youths, including schools, shelters, public libraries, and soup kitchens, in a manner and form that is easily understandable.

To the extent possible, the LEA liaison and the building principal shall work together to ensure no homeless child or youth is harmed due to conflicts with District policies solely because of the homeless child or youth's living situation; this is especially true for District policies governing fees, fines, and absences.¹

Notwithstanding Policy 4.1, homeless students living in the district are entitled to enroll in the district's school that non-homeless students who live in the same attendance area are eligible to attend. If there is a question concerning the enrollment of a homeless child due to a conflict with Policy 4.1 or 4.2, the child shall be immediately admitted to the school in which enrollment is sought pending resolution of the dispute, including all appeals. It is the responsibility of the District's LEA liaison for homeless children and youth to carry out the dispute resolution process.

For the purposes of this policy "school of origin" means:

- The school that a child or youth attended when permanently housed or the school in which the child or youth was last enrolled, including a preschool; and
- The designated receiving school at the next grade level for all feeder schools when the child completes the final grade provided by the school of origin.

The District shall do one of the following according to what is in the best interests of a homeless child:

- Continue the child's or youth's education in the school of origin for the duration of homelessness:
 - In any case in which a family becomes homeless between academic years or during an academic year; and
 - For the remainder of the academic year, if the child or youth becomes permanently housed during an academic year; or
- Enroll the child or youth in any public school that nonhomeless students who live in the attendance area in which the child or youth is actually living are eligible to attend.

In determining the best interest of the child or youth, the District shall:

- Presume that keeping the child or youth in the school of origin is in the child's or youth's best interest, except when doing so is contrary to the request of the child's or youth's parent or guardian, or (in the case of an unaccompanied youth) the youth;
- Consider student-centered factors related to the child's or youth's best interest, including factors related to the impact of mobility on achievement, education, health, and safety of homeless children and youth, giving priority to the request of the child's or youth's parent or guardian or (in the case of an unaccompanied youth) the youth.

If the District determines that it is not in the child's or youth's best interest to attend the school of origin or the school requested by the parent or guardian, or (in the case of an unaccompanied youth) the youth, the District shall provide the child's or youth's parent or guardian or the unaccompanied youth with a written explanation of the reasons for its determination, in a manner and form understandable to such parent, guardian, or unaccompanied youth, including information regarding the right to appeal. For an unaccompanied youth, the District shall ensure that the LEA liaison assists in placement or enrollment decisions, gives priority to the views of such unaccompanied youth, and provides notice to such youth of the right to appeal.

The homeless child or youth must be immediately enrolled in the selected school regardless of whether application or enrollment deadlines were missed during the period of homelessness.

The District shall be responsible for providing transportation for a homeless child, at the request of the parent or guardian (or in the case of an unaccompanied youth, the LEA Liaison), to and from the child's school of origin.²

For the purposes of this policy, students shall be considered homeless if they lack a fixed, regular, and adequate nighttime residence and:

1. Are:
 - a. Sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason;
 - b. Living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations;
 - c. Living in emergency or transitional shelters;
 - d. Abandoned in hospitals; or
2. Have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings;
3. Are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings; and
4. Are migratory children who are living in circumstances described in clauses (a) through (c).

In accordance with Federal law, information on a homeless child or youth's living situation is part of the student's education record and shall not be considered, or added, to the list of directory information in Policy 4.13.3

PRIVACY OF STUDENTS' RECORDS/ DIRECTORY INFORMATION

Except when a court order regarding a student has been presented to the district to the contrary, all students' education records are available for inspection and copying by the parent of his/her student who is under the age of eighteen (18). At the age of eighteen (18), the right to inspect and copy a student's records transfers to the student. A student's parent or the student, if over the age of 18, requesting to review the student's education records will be allowed to do so within no more than forty five (45) days¹ of the request. The district forwards education records, including disciplinary records, to schools that have requested them and in which the student seeks or

intends to enroll, or is already enrolled so long as the disclosure is for purposes related to the student's enrollment or transfer.

The district shall receive written permission before releasing education records to any agency or individual not authorized by law to receive and/or view the education records without prior parental permission. The District shall maintain a record of requests by such agencies or individuals for access to, and each disclosure of, personally identifiable information (PII) from the education records of each student. Disclosure of education records is authorized by law to school officials with legitimate educational interests. A personal record kept by a school staff member is **not** considered an education record if it meets the following tests:

- it is in the sole possession of the individual who made it;
- it is used only as a personal memory aid; and
- information contained in it has never been revealed or made available to any other person, except the maker's temporary substitute.

For the purposes of this policy a school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the school board; a person or company with whom the school has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or, a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. For the purposes of this policy a school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility, contracted duty, or duty of elected office. For purposes of this policy, the Booneville School District does not distinguish between a custodial and noncustodial parent, or a non-parent such as a person acting in loco parentis or a foster parent with respect to gaining access to a student's records. Unless a court order restricting such access has been presented to the district to the contrary, the fact of a person's status as parent or guardian, alone, enables that parent or guardian to review and copy his child's records.

If there exists a court order which directs that a parent not have access to a student or his records, the parent, guardian, person acting in loco parentis, or an agent of the Department of Human Services must present a file-marked copy of such order to the building principal and the superintendent. The school will make good-faith efforts to act in accordance with such court order, but the failure to do so does not impose legal liability upon the school. The actual responsibility for enforcement of such court orders rests with the parents or guardians, their attorneys and the court which issued the order.

Except when a court order regarding a student has been presented to the district to the contrary, all students' education records are available for inspection and copying by the parent of his/her student who is under the age of eighteen (18). At the age of eighteen (18), the right to inspect and copy a student's records transfers to the student. A student's parent or the student, if over the age of 18, requesting to review the student's education records will be allowed to do so within no more than forty five (45) days of the request. The district forwards education records, including disciplinary records, to schools that have requested them and in which the student seeks or intends to enroll, or is already enrolled so long as the disclosure is for purposes related to the student's enrollment or transfer.

The district shall receive written permission before releasing education records to any agency or individual not authorized by law to receive and/or view the education records without prior parental permission. The District shall maintain a record of requests by such agencies or individuals for access to, and each disclosure of, personally identifiable information (PII) from the education records of each student. Disclosure of education records is authorized by law to school officials with legitimate educational interests.

A personal record kept by a school staff member is **not** considered an education record if it meets the following tests.

1. It is in the sole possession of the individual who made it;
2. It is used only as a personal memory aid; and
3. Information contained in it has never been revealed or made available to any other person, except the maker's temporary substitute.

In addition to releasing PII to school officials without permission, the District may disclose PII from the education records of students in foster care placement to the student's caseworker or to the caseworker's representative without getting prior consent of the parent (of the student if the student is over eighteen (18)). For the District to release the student's PII without getting permission:

- The student must be in foster care;
- The individual to whom the PII will be released must have legal access to the student's case plan; and
- The Arkansas Department of Human Services, or a sub-agency of the Department, must be legally responsible for the care and protection of the student.

The District discloses PII from an education record to appropriate parties, including parents, in connection with an emergency if knowledge of the information is necessary to protect the health or safety of the student or other individuals. The superintendent or designee shall determine who will have access to and the responsibility for disclosing information in emergency situations. When deciding whether to release PII in a health or safety emergency, the District may take into account the totality of the circumstances pertaining to a threat to the health or safety of a student or other individuals. If the District determines that there is an articulable and significant threat to the health or safety of a student or other individuals, it may disclose information from education records to any person whose knowledge of the information is necessary to protect the health or safety of the student or other individuals.

A parent or guardian does not have the right to remove any material from a student's records, but such parent or guardian may challenge the accuracy of a record. The right to challenge the accuracy of a record does not include the right to dispute a grade, disciplinary rulings, disability placements, or other such determinations, which must be done only through the appropriate teacher and/or administrator, the decision of whom is final. A challenge to the accuracy of material contained in a student's file must be initiated with the building principal, with an appeal available to the Superintendent or his designee. The challenge shall clearly identify the part of the student's record the parent wants changed and specify why he/she believes it is inaccurate or misleading. If the school determines not to amend the record as requested, the school will notify the requesting parent or student of the decision and inform them of their right to a hearing regarding the request for amending the record. The parent or eligible student will be provided information regarding the hearing procedure when notified of the right to a hearing.

Unless the parent or guardian of a student (or student, if above the age of eighteen [18]) objects, "directory information" about a student may be made available to the public, military recruiters,

post-secondary educational institutions, prospective employers of those students, as well as school publications such as annual yearbooks and graduation announcements. "Directory information" includes, but is not limited to, a student's name, address, telephone number, electronic mail address, photograph, date and place of birth, dates of attendance, his/her placement on the honor roll (or the receipt of other types of honors), as well as his/her participation in school clubs and extracurricular activities, among others. If the student participates in inherently public activities (for example, basketball, football, or other interscholastic activities), the publication of such information will be beyond the control of the District. "Directory information" also includes a student identification (ID) number, user ID, or other unique personal identifier used by a student for purposes of accessing or communicating in electronic systems and a student ID number or other unique personal identifier that is displayed on a student's ID badge, provided the ID cannot be used to gain access to education records except when used in conjunction with one or more factors that authenticate the user's identity, such as a personal identification number (PIN), password or other factor known or possessed only by the authorized user. A student's name and photograph will only be displayed on the district or school's web page(s) after receiving the written permission from the student's parent or student if over the age of 18.

The form for objecting to making directory information available in the principal's office and must be completed and signed by the parent or age-eligible student and filed with the building principal's office no later than ten (10) school days after the beginning of each school year or the date the student is enrolled for school. Failure to file an objection by that time is considered a specific grant of permission. The district is required to continue to honor any signed-opt out form for any student no longer in attendance at the district.

The right to opt out of the disclosure of directory information under Family Educational Rights and Privacy Act (FERPA) does not prevent the District from disclosing or requiring a student to disclose the student's name, identifier, or institutional email address in a class in which the student is enrolled.

Parents and students over the age of 18 who believe the district has failed to comply with the requirements for the lawful release of student records may file a complaint with the U.S. Department of Education at

Student Privacy Policy Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202

DIRECTORY INFORMATION

Each year there are situations in which the school will publish lists of student names in programs, newspapers, or in lists to be provided for certain agencies, such as colleges or branches of the military. This is considered to be directory information. Examples of directory information include names or photographs for honor rolls, yearbook pictures, school newspapers, district publications, athletic rosters, and graduation programs. Each student's name will be included in such routine lists that have traditionally been a part of the school program unless the parents or guardians make a written request that their child's name not appear on lists of this type. Any parent or guardian who does not want their child included in directory information must file a written request to the effect within two weeks of the

beginning of the school year. This request shall be sent to the principal's office at the school in which the child is enrolled.

ACCESS TO STUDENT RECORDS

Parents and legal guardians of students may have access to student records as provided by the Family Educational Rights and Privacy Act of 1974. This act allows for the inspection of the contents of records and for the right of a parent to challenge anything contained within the records that he/she considers to be inaccurate or misleading. The person making the request is also entitled to the opportunity to receive an interpretation of the records.

1. The parent or legal guardian of a student will have access to these records upon written request to the principal maintaining those records within the school system. If the student is 18 years old or older, only that student has the right to determine who, outside the school system, has access to his/her records. A parent or a student over 18 years of age has the right to inspect educational records. The right for a hearing exists should one choose to challenge the contents of such records to ensure that the records are not inaccurate, misleading, or otherwise in violation of the privacy or other rights of students, and to provide an opportunity for the correction or deletion of such inaccurate, misleading, or otherwise inappropriate data contained therein, and to insert into such records a written explanation by the parents respecting the contents of such records. The request to inspect such records will be complied with as soon as possible and in no case more than 45 days from the receipt of the request. The same time limits apply for a request for a hearing to challenge the content of such records.
2. School personnel having access to that data are defined as any person or persons under contract to the district and directly involved in working toward either the affective or cognitive goals of the system.
3. Student transcripts, grades, test records, health records, psychological and diagnostic evaluation records may be transferred to or from other schools by the Booneville School officials whenever a student transfers to or from this school without obtaining the student's, parent's, or guardian's written consent.
4. Student records will be furnished in compliance with judicial orders or pursuant to any lawfully issued subpoena if the parents, legal guardians and students are notified in advance.
5. All authorizations for release of information will be filed in the cumulative folder.
6. Directory information must be identified by board policy (name, date of birth, place of birth, etc.). School districts may release directory information without the prior consent of the student or student's parent or guardian if the following steps are taken:
 - a. Notice of intention to release information that states the type of information to be released must be given.
 - b. Student, parent, or guardian knows they have the right to refuse to permit release.

PERMANENT RECORDS

Permanent school records, as required by the Division of Elementary and Secondary Education (DESE), shall be maintained for each student enrolled in the District until the student receives a high school diploma or its equivalent or is beyond the age of compulsory school attendance. A copy of the student's permanent record shall be provided to the receiving school district within ten (10) school days after the date a request from the receiving school district is received.

STUDENT SUCCESS PLAN

Beginning in the 2018-2019 school year, school districts will develop student success plans for student's success plans for students by the end of 8th grade. This plan is a personalized education plan intended to assist students with achieving readiness for college, career, and community engagement. The student success plan shall guide the student along the pathway to graduation, address accelerated learning opportunities, address academic deficits and interventions, and include college and career planning components.

TITLE IX

In June, 1972, Congress passed Title IX of the Education Amendments, a law which affects virtually every educational institution in the country. The law prohibits discrimination by sex in educational programs that receive federal funds.

The law states in part that “no person in the United States shall on the basis of sex be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving federal assistance....”

PARENT/STUDENT RIGHTS UNDER SECTION 504 OF THE REHABILITATION ACT OF 1973

Students, who have disabilities consistent with the definitions set forth in Section 504 of the Rehabilitation Act of 1973, will be identified, evaluated and provided with appropriate instruction and educational services.

Persons who are thought to have disabilities shall have the following rights in accordance with Section 504:

ASSAULT OR BATTERY BY A STUDENT

A student shall not threaten, physically abuse, or attempt to physically abuse, or behave in such a way as to be perceived to threaten bodily harm to any other person (student, school employee, or school visitor). Any gestures, vulgar, abusive or insulting language, taunting, threatening, harassing, or intimidating remarks by a student toward another person that threatens their well-

being is strictly forbidden. This includes, but is not limited to, fighting, racial, ethnic, religious, or sexual slurs.

Furthermore, it is unlawful, during regular school hours, and in a place where a public school employee is required to be in the course of his or her duties, for any person to address a public school employee using language which, in its common acceptance, is calculated to:

- a. Cause a breach of the peace;
- b. Materially and substantially interfere with the operation of the school; or
- c. Arouse the person to whom it is addressed to anger, to the extent likely to cause imminent retaliation.

Students guilty of such an offense may be subject to legal proceedings in addition to any student disciplinary measures.

POLICY ON STUDENTS PRESENTING A DANGER

When a student has been involved in activities which give rise to reasonable belief that the student presents a danger to other persons on campus, the student may be suspended for up to ten (10) school days or recommended to the superintendent for expulsion. It does not matter that the events giving rise to belief in the student's dangerousness may have occurred on school property. The policy may also be revoked without regard to whether or not the student has been charged or convicted of any offense in the courts.

INSULT OR ABUSE OF A PUBLIC SCHOOL EMPLOYEE

Any person who shall abuse or insult a public school employee while that employee is performing normal and regular or assigned school responsibilities shall be guilty of a misdemeanor and, upon conviction, be liable for a fine not less than one hundred dollars (\$100) nor more than one thousand five hundred dollars (\$1500).

**For students who are unable to correct misbehavior through our discipline progression, a Family in Need of Service (FINS) Petition will be filed with the Logan County Juvenile Court System.*

WEAPONS AND DANGEROUS INSTRUMENTS

Definitions

"Firearm" means any device designed, made, or adapted to expel a projectile by the action of an explosive or any device readily convertible to that use.

"Possession" means having a weapon on the student's body or in an area under the student's control.

"Weapon" means any:

- Firearm;

- Knife;
- Razor;
- Ice pick;
- Dirk;
- Box cutter;
- Nunchucks;
- Pepper spray, mace, or other noxious spray;
- Explosive;
- Taser or other instrument that uses electrical current to cause neuromuscular incapacitation; or
- Any other instrument or substance capable of causing bodily harm.

No student, except for Military personnel (such as ROTC cadets) acting in the course of their official duties or as otherwise expressly permitted by this policy, shall possess a weapon, display what appears to be a weapon, or threaten to use a weapon before or after school while:

- In a school building;
- On or about school property;
- At any school sponsored activity or event;
- On route to or from school or any school sponsored activity; or
- Off the school grounds at any school bus stop.

If, a student discovers that prior to any questioning or search by any school personnel he/she has accidentally brought a weapon, other than a firearm, to school on his/her person, in a book bag/purse, or in his/her vehicle on school grounds, and the student informs the principal or a staff person immediately, the student will not be considered to be in possession of a weapon unless it is a firearm. The weapon shall be confiscated and held in the office until such time as the student's parent/legal guardian shall pick up the weapon from the school's office. Repeated offenses are unacceptable and shall be grounds for disciplinary action against the student as otherwise provided for in this policy.

Except as permitted in this policy, students found to be in possession on the school campus of a firearm shall be recommended for expulsion for a period of one (1) year. The superintendent shall have the discretion to modify such expulsion recommendation for a student on a case-by-case basis. Parents or legal guardians of students expelled under this policy shall be given a copy of the current laws regarding the possibility of parental responsibility for allowing a child to possess a firearm on school property. Parents or legal guardians shall sign a statement acknowledging that they have read and understand said laws prior to readmitting the student.

Parents or legal guardians of a student enrolling from another school after the expiration of an expulsion period for a firearm policy violation shall also be given a copy of the current laws regarding the possibility of parental responsibility for allowing a child to possess a firearm on school property. The parents or legal guardians shall sign a statement acknowledging that they have read and understand said laws prior to the student being enrolled in school.

The mandatory expulsion requirement for possession of a firearm does not apply to a firearm brought to school for the purpose of participating in activities approved and authorized by the

district that include the use of firearms. Such activities may include ROTC programs, hunting safety or military education, or before or after-school hunting or rifle clubs. Firearms brought to school for such purposes shall be brought to the school employee designated to receive such firearms. The designated employee shall store the firearms in a secure location until they are removed for use in the approved activity.

The district shall report any student who brings a firearm to school to the criminal justice system or juvenile delinquency system by notifying local law enforcement.

GANGS AND GANG ACTIVITY

The Board is committed to ensuring a safe school environment conducive to promoting a learning environment where students and staff can excel. An orderly environment cannot exist where unlawful acts occur causing fear, intimidation, or physical harm to students or school staff. Gangs and their activities create such an atmosphere and shall not be allowed on school grounds or at school functions. The following actions are prohibited by students on school property or at school functions:

1. Wearing or possessing any clothing, bandanas, jewelry, symbol, or other sign associated with membership in, or representative of, any gang;
2. Engaging in any verbal or nonverbal act such as throwing signs, gestures, or handshakes representative of membership in any gang;
3. Recruiting, soliciting, or encouraging any person through duress or intimidation to become or remain a member of any gang; and/or
4. Extorting payment from any individual in return for protection from harm from any gang.

Students found to be in violation of this policy shall be subject to disciplinary action up to and including expulsion. Students arrested for gang related activities occurring off school grounds shall be subject to the same disciplinary actions as if they had occurred on school grounds.

SEXUAL HARASSMENT

4.27—STUDENT SEXUAL HARASSMENT

The Booneville School District is committed to providing an academic environment that treats all students with respect and dignity. Student achievement is best attained in an atmosphere of equal educational opportunity that is free of discrimination. Sexual harassment is a form of discrimination that undermines the integrity of the educational environment and will not be tolerated.

The District believes the best policy to create an educational environment free from sexual harassment is prevention; therefore, the District shall provide informational materials and training to students, parents/legal guardians/other responsible adults, and employees on sexual harassment. The informational materials and training on sexual harassment shall be age appropriate and, when necessary, provided in a language other than English or in an accessible format. The informational materials and training shall include, but are not limited to:

- the nature of sexual harassment;
- The District's written procedures governing the formal complaint grievance process;¹
- The process for submitting a formal complaint of sexual harassment;
- That the district does not tolerate sexual harassment;

- That students can report inappropriate behavior of a sexual nature without fear of adverse consequences;
- The supports that are available to individuals suffering sexual harassment; and
- The potential discipline for perpetrating sexual harassment.

Examples of supportive measures include, but are not limited to: measures designed to protect the safety of all parties or the District’s educational environment, or deter sexual harassment; counseling; extensions of deadlines or other course-related adjustments; modifications of work or class schedules; campus escort services; mutual restrictions on contact between the parties; changes in work or class locations; leaves of absence; and increased security and monitoring of certain areas of the campus.

Within the educational environment, sexual harassment is prohibited between any of the following: students; employees and students; and non-employees and students.

Actionable sexual harassment is generally established when an individual is exposed to a pattern of objectionable behaviors or when a single, serious act is committed. What is, or is not, sexual harassment will depend upon all of the surrounding circumstances and may occur regardless of the sex(es) of the individuals involved. Depending upon such circumstances, examples of sexual harassment include, but are not limited to:

- Making sexual propositions or pressuring for sexual activities;
- Unwelcome touching;
- Writing graffiti of a sexual nature;
- Displaying or distributing sexually explicit drawings, pictures, or written materials;
- Performing sexual gestures or touching oneself sexually in front of others;
- Telling sexual or crude jokes;
- Spreading rumors related to a person's alleged sexual activities;
- Discussions of sexual experiences;
- Rating other students as to sexual activity or performance;
- Circulating or showing e-mails or Web sites of a sexual nature;
- Intimidation by words, actions, insults, or name calling; and
- Teasing or name-calling related to sexual characteristics or the belief or perception that an individual is not conforming to expected gender roles or conduct or is homosexual, regardless of whether or not the student self-identifies as homosexual or transgender.

Students who believe they have been subjected to sexual harassment, or the parent/legal guardian/other responsible adult of a student who believes their student has been subjected to sexual harassment, are encouraged to bring their concerns to **any** District staff member, including a counselor, teacher, Title IX coordinator, or administrator. If the District staff member who received a report of alleged sexual harassment is not the Title IX Coordinator, then the District staff person shall inform the Title IX Coordinator of the alleged sexual harassment. As soon as reasonably possible after receiving a report of alleged sexual harassment from another District staff member or after receiving a report directly through any means, the Title IX Coordinator shall contact the complainant to:

- Discuss the availability of supportive measures;
- Consider the complainant's wishes with respect to supportive measures;
- Inform the complainant of the availability of supportive measures with or without the filing of a formal complaint; and
- explain to the complainant the process for filing a formal complaint.

Supportive Measures

The District shall offer supportive measures to both the complainant and respondent that are designed to restore or preserve equal access to the District's education program or activity without unreasonably burdening the other party before or after the filing of a formal complaint or where no formal complaint has been filed. The District shall provide the individualized supportive measures to the complainant unless declined in writing by the complainant and shall provide individualized supportive measures that are non-disciplinary and non-punitive to the respondent. A complainant who initially declined the District's offer of supportive measures may

request supportive measures at a later time and the District shall provide individualized supportive measures based on the circumstances when the subsequent request is received.

Formal Complaint

A formal complaint may be filed with the Title IX Coordinator in person, by mail, or by email. Upon receipt of a formal complaint, a District shall simultaneously provide the following written notice to the parties who are known:

- Notice of the District's grievance process and a copy of the procedures governing the grievance process;
- Notice of the allegations of sexual harassment including sufficient details known at the time and with sufficient time to prepare a response before any initial interview. Sufficient details include:
 - The identities of the parties involved in the incident, if known;
 - The conduct allegedly constituting sexual harassment; and
 - The date and location of the alleged incident, if known;
- A statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the grievance process;
- That the parties may have an advisor of their choice, who may be, but is not required to be, an attorney;
- That the parties may inspect and review evidence relevant to the complaint of sexual harassment; and
- That the District's code of conduct prohibits knowingly making false statements or knowingly submitting false information during the grievance process.

If, in the course of an investigation, the District decides to investigate allegations about the complainant or respondent that are not included in the previous notice, the District shall simultaneously provide notice of the additional allegations to the parties whose identities are known.

The District may consolidate formal complaints of allegations of sexual harassment where the allegations of sexual harassment arise out of the same facts or circumstances and the formal complaints are against more than one respondent; or by more than one complainant against one or more respondents; or by one party against the other party. When the District has consolidated formal complaints so that the grievance process involves more than one complainant or more than one respondent, references to the singular "party", "complainant", or "respondent" include the plural, as applicable.

When investigating a formal complaint and throughout the grievance process, a District shall:

- Ensure that the burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility rest on the District and not on the parties;
- Not require, allow, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege or access, consider, disclose, or otherwise use a party's records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party unless the District obtains the parent, legal guardian, or other responsible adult of

that party's voluntary, written consent or that party's voluntary, written consent if the party is over the age of eighteen (18) to do so for the grievance process;

- Provide an equal opportunity for the parties to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence;
- Not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence;
- Provide the parties with the same opportunities to have others present during any grievance proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice, who may be, but is not required to be, an attorney, and not limit the choice or presence of advisor for either the complainant or respondent in any meeting or grievance proceeding;
- Provide, to a party whose participation is invited or expected, written notice of the date, time, location, participants, and purpose of all hearings, investigative interviews, or other meetings, with sufficient time for the party to prepare to participate;
- Provide both parties an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in the formal complaint so that each party can meaningfully respond to the evidence prior to the conclusion of the investigation ; this includes evidence:
 - Whether obtained from a party or other source,;
 - The District does not intend to rely upon in reaching a determination regarding responsibility; and
 - That is either Inculpatory or exculpatory; and
- Create an investigative report that fairly summarizes relevant evidence.

At least ten (10)³ days prior to completion of the investigative report, the District shall send to each party and the party's advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy. The parties shall have at least ten (10)³ days to submit a written response to the evidence. The investigator will consider the written responses prior to completion of the investigative report. All evidence subject to inspection and review shall be available for the parties' inspection and review at any meeting to give each party equal opportunity to refer to such evidence during the meeting.

After the investigative report is sent to the parties, the decision-maker shall:

- Provide each party the opportunity to submit written, relevant questions that a party wants asked of any party or witness;
- Provide each party with the answers;
- Allow for additional, limited follow-up questions from each party; and
- Provide an explanation to the party proposing the questions any decision to exclude a question as not relevant. Specifically, questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent.

Following the completion of the investigation period, the decision-maker, who cannot be the same person as the Title IX Coordinator or the investigator, shall issue a written determination regarding responsibility. The written determination shall include—

1. Identification of the allegations potentially constituting sexual harassment;

2. A description of the procedural steps taken from the receipt of the formal complaint through the determination, including:
 - a. Any notifications to the parties;
 - b. Interviews with parties and witnesses;
 - c. site visits;
 - d. Methods used to gather other evidence,; and
 - e. Hearings held;
3. Findings of fact supporting the determination;
4. Conclusions regarding the application of the District's code of conduct to the facts;
5. A statement of, and rationale for, the result as to each allegation, including:
 - a. A determination regarding responsibility;
 - b. Any disciplinary sanctions imposed on the respondent; and
 - c. Whether remedies designed to restore or preserve equal access to the District's education program or activity will be provided by the District to the complainant; and
6. The procedures and permissible bases for the complainant and respondent to appeal.

The written determination shall be provided to the parties simultaneously. The determination regarding responsibility shall become final on the earlier of:

- If an appeal is not filed, the day after the period for an appeal to be filed expires; or
- If an appeal is filed, the date the written determination of the result of the appeal is provided to the parties.

The District shall investigate the allegations in a formal complaint. If the conduct alleged in the formal complaint would not constitute sexual harassment as defined in this policy even if proved; did not occur in the District's education program or activity; or did not occur against a person in the United States, then the District shall dismiss the complaint as not meeting the definition of sexual harassment under this policy. A dismissal for these reasons does not preclude action under another provision of the District's code of conduct.

The District may dismiss the formal complaint or any allegations therein, if at any time during the grievance process:

- The complainant notifies the Title IX Coordinator in writing that the complainant would like to withdraw the formal complaint or any allegations therein;
- The respondent is no longer enrolled at the District; or
- Specific circumstances prevent the District from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein.

Upon the dismissal of a formal complaint for any reason, the District shall promptly send written notice of the dismissal and reason(s) for the dismissal simultaneously to the parties.

The District may hire an individual or individuals to conduct the investigation or to act as the determination-maker when necessary.

Appeals

Either party may appeal a determination regarding responsibility or from a dismissal of a formal complaint or any allegations therein, on the following bases:

- a. The existence of a procedural irregularity that affected the outcome of the matter;

- b. Discovery of new evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter;
- c. The Title IX Coordinator, investigator, or decision-maker had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter; or
- d. An appeal of the disciplinary sanctions from the initial determination.⁴

For all appeals, the District shall:

- 1. Notify the other party in writing when an appeal is filed;
- 2. Simultaneously Provide all parties a written copy of the District's procedures governing the appeal process;
- 3. Implement appeal procedures equally for both parties;
- 4. Ensure that the decision-maker⁵ for the appeal is not the same person as the decision-maker that reached the original determination regarding responsibility or dismissal, the investigator, or the Title IX Coordinator;
- 5. Provide all parties a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome;
- 6. Issue a written decision describing the result of the appeal and the rationale for the result; and
- 7. Provide the written decision simultaneously to both parties.

Confidentiality

Reports of sexual harassment, both informal reports and formal complaints, will be treated in a confidential manner to the extent possible. Limited disclosure may be provided to:

- individuals who are responsible for handling the District's investigation and determination of responsibility to the extent necessary to complete the District's grievance process;
- Submit a report to the child maltreatment hotline;
- Submit a report to the Professional Licensure Standards Board for reports alleging sexual harassment by an employee towards a student; or
- The extent necessary to provide either party due process during the grievance process.⁵

Except as listed above, the District shall keep confidential the identity of:

- Any individual who has made a report or complaint of sex discrimination;
- Any individual who has made a report or filed a formal complaint of sexual harassment;
- Any complainant;
- Any individual who has been reported to be the perpetrator of sex discrimination;
- Any respondent; and
- Any witness.

Any supportive measures provided to the complainant or respondent shall be kept confidential to the extent that maintaining such confidentiality does not impair the ability of the District to provide the supportive measures.

Emergency removal⁶

The District may remove a respondent from the District's education program or activity on an emergency basis only after the completion of an individualized safety and risk analysis that determines that an immediate threat to the physical health or safety of any student or other

individual arising from the allegations of sexual harassment justifies removal. A removed student will be provided with notice and an opportunity to challenge the removal decision immediately following the removal.

Retaliation Prohibited

Students, or the parents/legal guardians/ other responsible adult of a student, who submit a report or file a formal complaint of sexual harassment; testified; assisted; or participate or refused to participate in any manner in an investigation, proceeding, or hearing on sexual harassment shall not be subjected to retaliation or reprisal in any form, including threats; intimidation; coercion; discrimination; or charges for code of conduct violations that do not involve sex discrimination or sexual harassment, arise out of the same facts or circumstances as a report or formal complaint of sex discrimination, and are made for the purpose of interfering with any right or privilege under this policy. The District shall take steps to prevent retaliation and shall take immediate action if any form of retaliation occurs regardless of whether the retaliatory acts are by District officials, students, or third parties.

Disciplinary Sanctions

It shall be a violation of this policy for any student to be subjected to, or to subject another person to, sexual harassment. Following the completion of the District's grievance process, any student who is found by the evidence to more likely than not⁷ have engaged in sexual harassment will be subject to disciplinary action up to, and including, expulsion. No disciplinary sanction or other action that is not a supportive measure may be taken against a respondent until the conclusion of the grievance process.

Students who knowingly fabricate allegations of sexual harassment or purposely provide inaccurate facts shall be subject to disciplinary action up to and including expulsion. A determination that the allegations do not rise to the level of sexual harassment alone is not sufficient to conclude that any party made a false allegation or materially false statement in bad faith.

Records

The District shall maintain the following records for a minimum of seven (7) years:

- Each sexual harassment investigation including:
- Any determination regarding responsibility;
- any disciplinary sanctions imposed on the respondent;
- Any remedies provided to the complainant designed to restore or preserve equal access to the District's education program or activity;
- Any appeal and the result therefrom;
- All materials used to train Title IX Coordinators, investigators, and decision-makers;
- Any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment, which must include:
 - The basis for the District's conclusion that its response was not deliberately indifferent; and
 - Document:
 - If supportive measures were provided to the complainant, the supportive measures taken designed to restore or preserve equal access to the District's education program or activity; or

- If no supportive measures were provided to a complainant, document the reasons why such a response was not clearly unreasonable in light of the known circumstances.

Notes: ¹ 34 C.F.R. § 106.44 requires that a district have procedures governing the grievance process and the appeals process to accompany this policy. The procedures are required to cover all of the following:

- Direct that complainants and respondents shall be treated equitably by:
 - Offering supportive measures to the complainant;
 - Completing the District's grievance process before the imposition of any disciplinary sanctions or other actions that are not supportive measures against a respondent.
 - Providing remedies to a complainant where a determination of responsibility for sexual harassment has been made against the respondent that are designed to restore or preserve equal access to the District's education program or activity, which may include the same individualized supportive measures;
 - Require an objective evaluation of all relevant evidence – including both inculpatory and exculpatory evidence;
 - Provide that credibility determinations may not be based on a person's status as a complainant, respondent, or witness;
 - Require that any individual designated by the District as a Title IX Coordinator, investigator, or decision-maker not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent;
- Indicate that individuals selected by the District as Title IX Coordinators, investigators, and decision-makers have received training on:
 - The definition of sexual harassment;
 - The scope of the District's education program or activity;
 - How to conduct an investigation and the grievance process, including appeals;
 - How to serve impartially, including by avoiding prejudgment of the facts at issue, conflicts of interest, and bias; and
 - Issues of relevance of questions and evidence, including when questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant; and
 - Issues of relevance to create an investigative report that fairly summarizes relevant evidence;
- Provide the District webpage where the materials used to train the District's Title IX Coordinators, investigators, and decision-makers is located;
- Include a presumption that the respondent is not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the grievance process;
- Include reasonably prompt time frames for conclusion of the grievance process, including reasonably prompt time frames for filing and resolving appeals;³
- A process that allows for the temporary delay of the grievance process or the limited extension of time frames for good cause with written notice to the complainant and the respondent of the delay or extension and the reasons for the action, which may include:
 - The absence of a party, a party's advisor, or a witness;

- Concurrent law enforcement activity; or
- The need for language assistance or accommodation of disabilities;
- Describe the range of possible disciplinary sanctions and remedies or list the possible disciplinary sanctions and remedies that the District may implement following any determination of responsibility;
- State whether the standard of evidence to be used to determine responsibility is the preponderance of the evidence standard or the clear and convincing evidence standard;⁷
- Include the procedures and permissible bases for the complainant and respondent to appeal;
- Describe the range of supportive measures available to complainants and respondents; and
- Indicate that the District shall not require, allow, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege or use a party's records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party unless the District obtains the parent, legal guardian, or other responsible adult of that party's voluntary, written consent or that party's voluntary, written consent if the party is over the age of eighteen (18) to do so for the grievance process.

² While the definition for sexual harassment from 34 C.F.R. § 106.30 includes that the sexual conduct with an employee must be “unwelcome”, we have removed the word “unwelcome” from the student policy as A.C.A § 12-18-103 prohibits sexual conduct between district employees and students regardless of whether the student considers the sexual conduct to be welcome or unwelcome.

³ The minimum number of days you are required to provide for the parties to review the evidence is ten (10) days. Make sure that the number of days you include here matches with the time frame included in your procedures governing the grievance process.

⁴ A.C.A. § 6-18-502(c)(1)(B) provides that the superintendent has the authority to “modify the prescribed penalties for a student on a case-by-case basis”. 34 C.F.R. § 106.45 requires that either party must have an equal opportunity to appeal for the stated reasons; therefore both the complainant and respondent have the right to appeal the initial determination-maker's disciplinary sanctions.

⁵ While the Family Educational Rights and Privacy Act (FERPA) ordinarily requires that documents containing information about more than one student be redacted so that a student may only view the portion of the educational record that is relevant to that particular student, 34 C.F.R. § 106.6 provides that FERPA does not apply to the extent necessary to provide due process to both parties involved in the grievance process; this includes allowing either party to review the names of the other party as well as any witnesses who have provided evidence relevant to the investigation.

⁶ The language here does not change an individual's rights under the IDEA, Section 504, or the ADA.

⁷ We have opted to use the preponderance of the evidence standard for determination of responsibility. If you choose to use the clear and convincing evidentiary standard instead, change the language here to indicate so and make sure that your procedures indicate so as well. 34 C.F.R. § 106.45 requires that you use the same evidentiary standard for both students and employees.

HEALTH CARE NEEDS

This School Policy on children with Special Health Care Needs of the Booneville School District is developed in accordance with the Arkansas Act 1146 of 1995 to serve as a resource guide for students with special health care needs.

According to the law, a free appropriate public education means the provision by school districts of both special education and the related services that students need to make their schooling possible. Related services are defined to include, among other kinds of services, “school health services.” In addition, there are students who require “school health services” who are not in need of special education. It is the responsibility of the school to provide “school health services” for these individuals. School health services are provided to permit a student to benefit from his or her educational program. The school district will provide a particular health service when it:

- a. Is “necessary” to enable the student to attend school,
- b. Can be performed by a school nurse or some other “qualified person”
- c. Is not “unduly expensive”
- d. And does not require “constant” attention by a staff person.

Students with special health care needs are those who require individualized health care intervention to enable participation in the educational process. Included within this population are students:

- a. Who may require administration of medication and/or special procedures during the school day;
- b. Who may use a particular health care device that compensates for the loss of a vital body function;
- c. Who may have a chronic medical condition that is currently stable, but may require routine or emergency health care procedures; and
- d. Who may require the provision of substantial, special, or frequent health care to avert death or further disability.

Educational and health care professionals use a variety of terms to describe students with chronic or special health conditions. Such students may be referred to as chronically ill, other health impaired, medically fragile or technology dependent. Each of these terms share overlapping features.

“Chronically ill” is the term used to describe a student whose condition is long-term and results in decreased strength, vitality and alertness. Chronic conditions often seen in students include asthma, diabetes, rheumatoid arthritis, cancer and epilepsy. Students who have a chronic illness often present a fluctuating state of health care needs. The condition may adversely affect the student’s educational performance and require supervision to maintain, regulate, or intervene, as appropriate.

“Medically fragile” describes a condition in which the absence of immediate, health-related, special-skilled care threatens the life or health of the student. A medical protocol is required to ensure a person’s safety. There is no foreseeable end to this condition. (Brodsky & Wilson, 1989).

“Technology dependent” describes a condition in which a student requires a medical device, such as mechanical ventilation, tracheotomies, oxygen, or respirator to compensate for the loss of a vital body function.

In Arkansas, the term “other health impairment” is used in the educational setting to identify a student who requires special education and related services because of a health condition which results in “limited strength, vitality, or alertness, due to chronic or acute health problems such as a heart condition, tuberculosis, rheumatic fever, nephritis, asthma, sickle cell anemia, hemophilia, epilepsy, lead poisoning, leukemia or diabetes, that adversely affects a child’s educational performance” (Arkansas Department of Education Program Standards document, page 23-1).

The definition of special health care needs includes students with a wide continuum of needs, from mild to severe. Some students may only require medication during the school day, while other students may require more extensive health care services. For example, a student with asthma may just need medication, while another student with diabetes may need injections and a special diet. It is important for school personnel to have a process in place where an Individualized Health Care Plan (IHP) is developed for every student with a special health care needs.

STUDENT HEALTH CARE/ILLNESS/ACCIDENT

If a student becomes too ill to remain in class and/or could be contagious, the principal or designee will attempt to notify the student’s parent or legal guardian. The student will remain in the school’s health room or a place where he/she can be supervised until the end of the school day or until the parent/legal guardian can check the student out of school.

If the student becomes seriously ill or is injured while at school and the parent/legal guardian cannot be contacted, the failure to make such contact shall not unreasonably delay the school’s expeditious transport of the student to an appropriate medical care facility. The school assumes no responsibility for treatment of the student. When available, current, and applicable, the student’s emergency contact numbers and medical information will be utilized. Parents are strongly encouraged to keep this information up to date.

Parents, with the cooperation of physicians, are requested to give medication to students at home if possible. If it is necessary for a student to take any form of medication at school, the following rules apply:

- a. School policy requires that any medication given at school must be by doctor’s prescription only.
- b. The medication must be in the original container with the student’s name on the prescription.
- c. No over-the-counter drugs will be given at school, as school personnel are not trained to determine when medications are needed.
- d. A consent form must be signed before any medication will be given at school. Consent forms can be picked up from the school nurse. **HANDWRITTEN NOTES ARE NOT ACCEPTABLE.**
- e. Permission for long term medication must be renewed at the beginning of each semester.
- f. Parents must bring medication to school on the first day it is to be administered.
- g. All medical procedures must follow policy guidelines.

COMMUNICABLE DISEASES AND PARASITES

Students with communicable diseases or with human host parasites that are transmittable in a school environment shall demonstrate respect for other students by not attending school while they are capable of transmitting their condition to others. Students whom the school nurse determines are unwell or unfit for school attendance or who are believed to have a communicable disease or condition will be required to be picked up by their parent or guardian. Specific examples include but are not limited to: Varicella (chicken pox), measles, scabies, conjunctivitis (Pink Eye), impetigo/MRSA (Methicillin-resistant *Staphylococcus aureus*), streptococcal and staphylococcal infections, ringworm, mononucleosis, Hepatitis A, B, or C, mumps, vomiting, diarrhea, and fever (100.4 F when taken orally). A student who has been sent home by the school nurse will be subsequently readmitted, at the discretion of the school nurse, when the student is no longer a transmission risk. In some instances, a letter from a health care provider may be required prior to the student being readmitted to the school.

To help control the possible spread of communicable diseases, school personnel shall follow the District's exposure control plan when dealing with any blood borne, foodborne, and airborne pathogens exposures. Standard precautions shall be followed relating to the handling, disposal, and cleanup of blood and other potentially infectious materials such as all body fluids, secretions and excretions (except sweat).

In accordance with 4.57—IMMUNIZATIONS, the District shall maintain a copy of each student's immunization record and a list of individuals with exemptions from immunization which shall be education records as defined in policy 4.13. That policy provides that an education record may be disclosed to appropriate parties in connection with an emergency if knowledge of the information is necessary to protect the health or safety of the student or other individuals.

A student enrolled in the District who has an immunization exemption may be removed from school at the discretion of the Arkansas Department of Health during an outbreak of the disease for which the student is not vaccinated. The student may not return to school until the outbreak has been resolved and the student's return to school is approved by the Arkansas Department of Health.

The parents or legal guardians of students found to have live human host parasites that are transmittable in a school environment will be asked to pick their child up at the end of the school day. The parents or legal guardians will be given information concerning the eradication and control of human host parasites. A student may be readmitted after the school nurse or designee has determined the student no longer has live human host parasites that are transmittable in a school environment.

Each school may conduct screenings of students for human host parasites that are transmittable in a school environment as needed. The screenings shall be conducted in a manner that respects the privacy and confidentiality of each student.

If the parent wants his/her child to remain in the classroom during recess for medical reasons, please send a note to the teacher with an explanation. Otherwise, students will be expected to play outside during recess. In the event of continuing illness and/or health problems, a doctor's statement is necessary to be excused from participation in physical education activities.

STUDENT SPONSORED STUDENT ACTIVITY INSURANCE

Each year the Booneville School District provides a student accident insurance policy for accidents during the school year. The school principal will furnish information regarding this coverage shortly after the opening of school. It is also very important to read the exclusions that list the cases which the accident policy does not cover. The Booneville School District has absolutely no affiliation with any insurance company and does not receive financial return from any policy which may be issued. This is simply a service to the parents. The school district assumes no obligation with regard to payment of claims, but, is always ready to assist parents with special problems. If you have a question about school insurance please contact the school superintendent's office. Parents should read about benefits carefully before deciding to insure a child.

MEDICAID SERVICES

Under the Family Education Rights and Privacy Act (FERPA), parental permission is required in order to release student personal identifiable information to Medicaid. This permission grants the Booneville School District the ability to release these records for the purposes of billing Medicaid. The information that may be released includes: student's name, student's date of birth, student social security number, student evaluation and referral information, IEP goals and progress notes. The parent has the right to revoke this permission at any time. The parent's signature on the handbook page gives the permission to Booneville Public Schools to access Medicaid to receive reimbursement for healthcare services delivered to a child in the school district. The Booneville School District can release education records each time access is made for the purpose of determining eligibility, billing for services and/or completing audit/review requests.

IMMUNIZATIONS

Definitions:

"In process" means the student has received at least one dose of the required immunizations and is waiting the minimum time interval to receive the additional dose(s).

"Serological testing" refers to a medical procedure used to determine an individual's immunity to Hepatitis B, Measles, Mumps, Rubella, and Varicella.

DRUGS AND ALCOHOL POLICY

The following policy and procedure was developed in compliance with Section 5145 of the Drug-Free Schools and Communities Act, Public Law 101-226.

The Primary responsibility of the school is to educate students using the broadest possible definition of education. The school also has an obligation to provide protection to those students. Drug and alcohol abuse in school poses a serious threat to the academic, social, and emotional health of all students. The Booneville School District believes that the use of illicit drugs and the unlawful possession and use of alcohol is wrong and harmful. It is the District's responsibility to make every reasonable effort to reduce the threat, discipline the offender, and assist those who want or need specific education and help.

The Booneville School District recognizes its share of the responsibility for the health, welfare, and safety of the students who attend the District's schools and school-sponsored activities. The District is concerned about the national problem of alcohol and drug abuse, and clearly prohibits the unlawful possession, use, or distribution of illicit drugs and alcohol by students on school premises or at any school activities.

Any student suspected of being under the influence of alcohol will be referred to the school resource officer for field sobriety testing and/or Breathalyzer testing.

Students of the Booneville School District shall not possess, use, distribute, sell, or be under the influence of alcohol, illegal drugs, seeds, or drug devices on school property, on school transportation, within 500 feet of school property, or at school sponsored functions. 1. To allow the students of Booneville Schools to know that the school is concerned about their total wellbeing.
2. To assist students of Booneville Schools in resisting peer pressure that directs them toward drug use/misuse.

Written consent shall be in the form attached to this policy as *FORM A*. Students moving into the district during the school year must sign the consent form during the first two weeks of enrollment.

Random Testing Student Selection:

Students will be subject to random selection for testing. If a student is selected for testing but is absent on that day, the next student on the alternate list will be tested. Twenty student's names in grades seven through twelve will be randomly selected each week. Urinalysis will be the method utilized to test for the presence of abuse/misuses of drugs in the body. All students selected must report to the designated testing site immediately upon notification. A single test can be required by a principal from a student for reasonable suspicion. Reasonable suspicion may include but not be limited to the following:

- A. Observed impairment of school performance.
- B. Uncharacteristic or erratic behavior.
- C. The student's attendance changes, e.g. habitual absenteeism.

Testing Agency:

Testing dates will be selected by the school district. Upon notification by the school district, the testing company will randomly select students by computer. The district will choose a qualified agency for the purpose of processing sample results and maintaining privacy with respect to test results and related matters. The testing agency will provide a Medical Review Officer (MRO) for the purpose of interpreting test results.

Cost:

The cost of the test to be given during random selection will be paid by the district. Tests administered to regain eligibility after the first positive test will be at the expense of the student.

Refusal to Submit to Testing:

Any student who refuses to submit to random drug testing and/or re-testing will be subject to the provisions of a positive test.

Testing Procedure:

All urine specimens will be taken at a designated collection site. Any student who is required to provide a urine specimen will be directed to the collection site where the student will complete the necessary forms and will conform to all collection site procedures. All test results and Medical Review Officer (MRO) communications will be sent to the superintendent or superintendent's designee.

Sample collection procedures will be followed as outlined by the drug testing company. If a student is unable to produce a sample at any particular time, the student will stay at designated site until sample is provided.

Scope of Tests:

The drug screen tests for one or more illegal drugs (including but not limited to cocaine, amphetamines, barbiturates, benzodiazepines, marijuana, opiates, PCP, methadone, and alcohol). Student samples will not be screened for the presence of any substances other than an illegal drug or for the existence of any physical condition other than drug intoxication. As a quality control measure, the school reserves the right to send any urine sample that appears unusual in color and/or consistency to a laboratory for testing and confirmation or non-confirmation.

Limited Access to Results:

The results will be reported only to the superintendent or to such person as the superintendent may designate in the event the superintendent is absent.

Records:

All records concerning drug/alcohol testing will be maintained by the superintendent, or superintendent's designee, and the school's designated MRO, in a separate locked file. The records will not be kept in a student's regular file. Only the superintendent or superintendent's designee will have access to the files. The files on each student will be destroyed upon graduation or two years after termination of enrollment. A student and the student's custodial parent/legal guardian may obtain a copy of his/her drug/alcohol testing records upon written request. Disclosure of information will only be to those individuals whose official business duties necessitate disclosure or as required by law.

Procedures in the Event of a Positive Result:

Whenever a student's test result indicates the presence of illegal ("positive test"), the following will occur: If the sample tests positive, a custodial parent or legal guardian will be notified and a meeting will be scheduled with the Superintendent or his/her designee, the student, the custodial parent or legal guardian, and the student's principal and head coach or counselor.

First Positive Result:

Upon verification of a positive test result, the student will not be allowed to participate in competitions, practices, presentations, and activities of Booneville schools and will not be allowed to drive/park a car on the school campus for a period of twenty days. The student will be recommended for counseling and/or rehabilitation, if any charge is incurred, it will be the responsibility of the parents.

On day twenty-one the student will be able to be retested (at the expense of the parent/guardian). If the tests results are found to be negative, the student will again become eligible for competitions, practices, presentations and activities relating to Booneville Schools. However, the student must submit to a mandatory drug screen or lab test on a monthly basis (for a period of six months) at the expense of the parent/guardian.

Second Positive Result:

Upon verification of a second positive test, the student will not be allowed to participate in extra-curricular activities and will not be allowed to drive/park on campus for the remainder of that semester and the following semester. The student must submit to a mandatory drug screen or lab test on a monthly basis (for a period of six months) at the expense of the parent/guardian.

Third Positive Result:

Upon verification of a third positive test, the student will be suspended from both participation in and attendance to any extra-curricular activity and drive/park on campus for 18 calendar months. The 18-month period would begin with the date of the third positive result. A third positive result could be a positive result from the random pool, the follow-up program, or the test at the end of the end of the year suspension period. The student must submit to a mandatory drug screen or lab test on a monthly basis (for a period of six months) at the expense of the parent/guardian.

Non-punitive Nature of Policy:

No student shall be penalized academically for testing positive for illegal drugs. The results of drug tests pursuant to the policy will not be documented in any student's academic records. Information regarding the results of drug tests will not be disclosed to criminal or juvenile authorities *unless compelled* to by valid and binding subpoena or other legal process, which the district shall not solicit. In the event of service of any such subpoena or legal process, the student and the student's custodial parent or legal guardian, will be notified as soon as possible by the district.

Other Disciplinary Measures:

The District by accepting this policy is not precluded from utilizing other disciplinary measures set forth in the Student Discipline Policy and this policy does not preclude the District from taking disciplinary procedure and resulting action when founded upon reasonable belief and suspicion that a student has participated in drug related activities. Students in possession of drugs on campus will be disciplined according to policies outlined in the student handbook. Students in possession of drugs on campus can be expelled according to state law.

PARENT AND FAMILY ENGAGEMENT-SUPERINTENDENT STATEMENT

The superintendent of Booneville School District supports and encourages parental involvement in school activities and the educational process. Students whose parents are involved in their education are more likely to be successful.

PARENT AND FAMILY ENGAGEMENT POLICY

The Booneville School District understands the importance of involving parents and the community as a whole in promoting higher student achievement and general good will between the district and those it serves. Therefore, the district shall strive to develop and maintain the capacity for meaningful and productive parental and community involvement that will result in partnerships that are mutually beneficial to the school, students, parents, and the community. To achieve such ends, the district shall work to:

1. Involve parents and the community in the development of the long range planning of the district;
2. Give the schools in the district the support necessary to enable them to plan and implement effective parental involvement activities;
3. Have a coordinated involvement program where the involvement activities of the district enhance the involvement strategies of other programs such as Head Start, HIPPY,
4. Explain to parents and the community the state's content and achievement standards, state and local student assessments and how the district's curriculum is aligned with the assessments and how parents can work with the district to improve their child's academic achievement;
5. Provide parents with the materials and training they need to be better able to help their child achieve. The district may use parent resource centers or other community based organizations to foster parental involvement and provide literacy and technology training to parents;
6. Educate district staff, with the assistance of parents, in ways to work and communicate with parents and to know how to implement parent involvement programs that will promote positive partnerships between the school and parents;
7. Keep parents informed about parental involvement program, meeting, and other activities they could be involved in. Such communication shall be, to the extent practical, in a language the parents can understand.
8. Find ways to eliminate barriers that work to keep parents from being involved in their child's education. This may include providing transportation and child care to enable parents to participate, arranging meetings at a variety of times, and being creative with parent/teacher conferences;
9. Find and model other successful parent and community involvement programs to suit the needs of our district.
10. Train parents to enhance and promote the involvement of other parents;
11. Provide reasonable support for other parental involvement activities as parents may reasonably request.
12. Parents have the right to request information regarding the professional qualifications of the child's teacher and paraprofessionals.

PARENT RESPONSIBILITY

Parents can do much in helping their child in school through having a positive attitude regarding education and in providing experiences which will enrich the child's life. It is at home at an early age that a child forms his/her attitude about learning. A genuine interest in the child's learning activities is important in attitude development. By being receptive to new ideas, the parent aids the child in learning new things. The parent, as an interested party, may welcome the opportunity to visit the school and confer with teachers. Teamwork between the parent and school is essential to the child's progress and adjustment and is encouraged. Parents are urged to have their children at school on time each day.

CUSTODY

If there is any question concerning the legal custody of the student, the parent shall present documentation to the principal or his/her designee establishing the parent's custody of the student or legal right of visitation. It shall be the responsibility of the custodial parent to make any visitation restrictions regarding the non-custodial parent known to the principal by presenting a copy of a file-marked court order. Estranged parents may visit their child during school hours with the consent of the custodial parent. Unless prior arrangements have been made with the school's

principal, Arkansas law provides that the transfer of a child between his/her custodial parent and non-custodial parent, when both parents are present, shall not take place on the school's property on normal school days during normal hours of school operation.

Act 660 of 1993 states:

- a. In order to avoid continuing child custody controversies from involving public school personnel, and to avoid disruptions to the educational atmosphere in public schools, the transfer of a child between the child's custodial parent and non-custodial parent, when both parents are present, is prohibited from taking place on the real property of a public elementary or secondary school on normal school days during normal hours of school operations.
- b. The provision of this act shall not prohibit one parent (custodial or non-custodial) from transporting the child to school and the other parent (custodial or non-custodial) from transporting the child from school at pre-arranged times on pre-arranged days if prior approval has been made with the school's principal. Divorced or legally separated parents have equal access to a child or the child's records unless specifically stated in court documents. The school must see a file marked copy of the original document stating that the other parent is denied access to the child or his/her records. The school will make a copy of this document for the child's records. The parents should keep the school informed of any changes in the family structure.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA)

The family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age (eligible students) certain rights with respect to the student's education records.

These rights are:

1. The right to inspect and review the student's education records within 45 days of the day the school receives a request for access. Parents or eligible students should submit to the school principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
2. The right to request the amendment of the student's education records that the parent or eligible student believes is inaccurate or misleading. Parents or eligible students may ask the school to amend a record that they believe is inaccurate or misleading. They should write the school principal (or appropriate official), clearly identify the part of the record they want changed and specify why it is inaccurate or misleading. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the school has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his/her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his/her professional responsibility. Upon request, the school discloses education records without consent to officials of another school district in which a student seeks or intends to enroll.
4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the school to comply with the requirements of FERPA. The name and address of the office that administers FERPA are:

CONFLICT RESOLUTION

It is a goal of the Board and the District to be responsive to the community it serves and to continuously improve the educational program offered in its schools. The Board or the District welcomes constructive criticism when it is offered with the intent of improving the quality of the system's educational program or the delivery of the District's services.

The Board formulates and adopts policies to achieve the District's vision and elects a Superintendent to implement its policies. The administrative functions of the District are delegated to the superintendent who is responsible for the effective administration and supervision of the District. Individuals with complaints concerning personnel, curriculum, discipline (including specific discipline policies), coaching, or the day to day management of the schools need to address those complaints according to the following sequence:

1. Teacher, coach, or other staff member against whom the complaint is directed
2. Principal
3. Superintendent

Other than in the few instances where statutorily allowed or required, student discipline and personnel matters may not be discussed in Board meetings. Individuals with complaints regarding such matters need to follow the sequence outlined above.

Unless authorized by the Board as a whole for a specific purpose, no individual Board member has any authority when acting alone. District constituents are reminded that the Board serves as a jury in matters regarding student suspensions initiated by the Superintendent, expulsions, and personnel discipline.

VOLUNTEER POLICY

Enlisting the support of volunteers is a way the District can expand the scope of resources and knowledge available to enrich the students' educational experiences, while strengthening the relationship between the school and the community. Volunteers can also perform non-instructional tasks that allow licensed personnel more time to devote to instruction.

The Superintendent shall be responsible for establishing and maintaining a program to coordinate the services volunteers are willing and able to contribute with the needs of District personnel. The program shall establish guidelines to ensure volunteers are aware of pertinent District policies and rules. Volunteers who violate school policies or rules, or knowingly allow students to violate school rules, may be asked to leave the school campus. The guidelines should also include provision for evaluation of the volunteer program and a method for soliciting suggestions from both the volunteers and staff for its improvement.

All volunteers who intend to act as head coaches or assistant coaches must:

1. Be at least twenty-two (22) years of age; and
2. Meet the requirements adopted by the Arkansas Activities Association (AAA) to volunteer for any athletics program for grades seven (7) through twelve (12).

A member of the board of directors of the District or the spouse of a member of the board of directors of the District may not be a registered volunteer for the District unless a majority of the disinterested members of the Board of Directors approves a resolution for the board member or board member's spouse to be a registered volunteer. The resolution approving the board member or board member's spouse to be a registered volunteer shall be effective for only one (1) school year.

A volunteer may act as a head coach in all varsity junior and senior high sports administered by the AAA except in the following sports:

- Football;
- Basketball; and
- Track and field.

Background Checks for Volunteers

For the purposes of this policy, "clear background check" means that:

- A background check was performed on the potential school volunteer in accordance with A.C.A. §§ 12-12-1601 et seq.;
- The potential school volunteer has not committed any of the crimes or offenses contained in A.C.A. §§ 6-17-410, 6-17-411 or 6-17-414 according to both the National and Arkansas background checks; and
- The potential school volunteer's name was not found on the Child Abuse Central Registry.; and
- The Arkansas Educator Licensure System does not indicate the potential volunteer to:
 - Have a currently suspended or revoked educator's license; or
 - Be the recipient of a current Level 3 or Level 4 public notification of ethics violation.

A person wishing to volunteer in a capacity that requires a background check may not perform volunteer services requiring a background check until a clear background check is received by the District. Once received, a clear background check is good for ____ years; a background check renewal must be applied for and a clear background check received prior to the time of renewal or an interruption of permitted volunteer service could occur. A clear background check will be accepted of any individual wishing to volunteer provided it was conducted within the timeframe provided for in this policy.

- Option A: The Application for an initial background check may be made through the District administrative office. The District may charge the potential volunteer the same fee charged by the State of Arkansas for performing the check. For a volunteer who has passed his/her previous background check, the District will incur the fee charged by the State of Arkansas for performing a renewal background check.²
- Option B: The Application for an initial background check may be made through the District administrative office. The District will incur the fee charged by the State of Arkansas for performing the initial check and any renewal checks.²

A person who failed a previous background check may petition the Board for a waiver from this policy's requirement. The petition shall be accompanied by a signed authorization for disclosure of his or her entire criminal and child abuse registry history. In deciding whether to grant a waiver, the board may take into consideration: the circumstance or circumstances surrounding the act or omission that lead to the conviction, or Child Abuse Registry true finding, or the receipt of the Level 3 or Level 4 Public Notification of Ethics Violation; the age of the person at the time of the act or omission, the length of time that has passed without reoffending, and other relevant circumstances. If the Superintendent recommends a waiver be granted, the Board may adopt a resolution by majority vote providing an exception to this policy's requirement for a time period not to exceed five (5) years. The board must consider this matter in open session and may not confer or deliberate in closed or executive session.

The board shall not have the authority to waive the application of this policy to any potential volunteer who is a Registered Sex Offender or whose educator license has been revoked or is currently suspended.

Clear background checks for school volunteers are required for those individuals who are required to be or who seek to become Registered Volunteers, as defined in A.C.A. § 6-22-102 et seq. In addition to volunteers wishing to participate in the registered volunteers program, clear background checks are required for:

- Option 1: School volunteers who wish to accompany students on overnight school trips.
- Option 2: School volunteers who wish to volunteer to work one-on-one or in small groups of five (5) or fewer students, such as a tutor or a mentor.
- Option 3: School volunteers who will volunteer for more than _____ hours in a school year.
- Option 4: School volunteers who will volunteer for the _____, _____, and _____ volunteer programs.
- Option 5: Clear background checks for school volunteers are required prior to any volunteer service to the school district, school, teacher, or classroom, and all clear check volunteers will be issued special volunteer identification to wear prominently when performing their volunteer duties; no person may serve as a volunteer without wearing the provided identification.

No information relating to the application for or receipt of a criminal background check, including that a background check has or has not been applied for, shall be subject to disclosure under the Arkansas Freedom of Information Act, as provided by A.C.A. §§ 12-12-1601 et seq. Requests for background checks and reports on background checks obtained under this policy shall be retained by the district for a minimum of three (3) years.

The District shall maintain the following information on volunteers:

- a. The total number, location, and duties of all volunteers;
- b. The total number of annual hours of service provided by volunteers; and
- c. Any reimbursements made to volunteers for expenses, transportation, or other costs incurred in connection with volunteer services.

Volunteers will be made aware that the Arkansas Department of Human Services (DHS) considers volunteers for school districts to be mandated reporters of child maltreatment and will receive training on the responsibilities of a mandated reporter.

VISITORS ON CAMPUS-ADULT

Parents are always welcome to visit the schools. Parents wishing to visit their children during the school day shall register first with the office. Your visit gives your child a feeling of security through knowing that there is cooperation between parents and his/her teacher. When you visit the school, we would appreciate you observing the following suggestions:

- Please schedule conferences with the teacher either before or after school, or during the recess or planning period. Children in the classroom are easily distracted by conversations between adults.
- Try not to discuss a problem your child may be having in her/her presence. It may be embarrassing or harmful to the child to know that he/she is the center of your discussion.
- Public meetings are not the appropriate time to consult with teachers about individual children. A teacher and parent cannot talk freely about a child in the presence of other parents.
- A parent/teacher conference can be arranged by calling the school office.
- **By mandate of state law, any person entering the school building must first check in at the office for permission, and sign in. This law is for the protection of your child and will be enforced.**

VISITORS ON CAMPUS-STUDENT

Student visitors in the classroom can be disruptive to the educational process. Student visitation is not allowed.

TRANSPORTATION

Pupil transportation is a service of the school provided for the general welfare of students. Since transportation is a service and not required by state law, any student may be denied the privilege of this service if he or she cannot conform to the accepted rules of conduct of a bus student as provided in bus student regulations.

It shall be the duty of the Administrative Staff to route the buses to provide the best service for the greatest number of students. The bus driver shall not deviate from established route except on instructions from the Administrative Staff. An effort shall be made to hire competent CDL licensed drivers who reside in the community center being served. Qualifications and standards shall conform with those set forth in the State Department Handbook, "Handbook for the School Bus Driver" provided by the State Department of Education.

Each driver's employment will be approved by the School Board. Drivers will be notified of their employment status for the following year after the School Board takes action on non-certified personnel. Maintenance of the district buses is done by the school mechanics and paid by the school district. It is the duty of the Administrative Staff and the mechanics to see that buses are always kept in a good state of maintenance and that all safety requirements are met as reflected by the annual inspection by the State Department of Education.

Applicants for an instruction permit or for a driver's license by persons less than eighteen (18) years old on October 1 of any year are required to provide proof of a high school diploma or enrollment and regular attendance in an adult education program or a public, private, or parochial school prior to receiving an instruction permit. To be issued a driver's license, a student enrolled in school shall present proof of a "C" average for the previous semester or similar equivalent grading period for which grades are reported as part of the student's permanent record.

TRANSPORTED STUDENTS

The Booneville School District strives to offer the highest quality of educational opportunities to all its students so they may reach their maximum potential. The District will make every effort to provide our children with the safest environment possible when riding a school bus. Rules must be established and followed so a safe environment can be maintained. The Booneville Board of Education has adopted the following policies to help ensure our students are transported in a safe manner.

RIDING THE BUS IS A PRIVILEGE.

WHEN A STUDENT'S CONDUCT REQUIRES THIS PRIVILEGE BE DENIED, IT WILL BE THE RESPONSIBILITY OF THE STUDENT AND PARENTS/GUARDIANS TO FIND ALTERNATE MEANS OF TRANSPORTATION.

These rules must be observed at all times when riding a bus:

1. Be at the bus stop at the scheduled time, stand back about 10 feet from the bus stop and wait until the door is opened before moving closer to the bus. Do not play on the highway.

2. While waiting for the bus, students must remain in a safe place away from traffic. If you miss the bus, do not attempt to hitch-hike a ride to or from school.
3. While loading or unloading, enter or leave the bus orderly and quickly.
4. While riding the bus, students are under the supervision of the driver and must obey the driver at all times.
5. Students are expected to conduct themselves in a manner such that they will not distract the attention of their driver or disturb other riders on the bus.
6. Do not change seats.
7. Students must keep seated while the bus in motion.
8. Students must not tamper with any of the safety devices such as door latches, fire extinguishers, etc.
9. Students are not to put their hands, arms, head or body out of the windows.
10. Students are not to deface the bus or any school property.
11. If the student must cross the highway to enter the bus, wait until the bus has come to a complete stop and driver has signaled for you to cross in front of the bus.
12. Students who must cross the road after leaving the bus in the afternoon must go to a point on the shoulder of the road 10 feet in front of the bus. Cross the highway only after driver has signaled to do so.
13. Do not damage road signs or warning signals placed by the Highway Department. Do not damage any property at any time at the bus stop.
14. Students who do not obey these rules may be denied the privilege of riding the school bus.
15. Balloons will not be allowed on any bus within the district. Balloons are a distraction to the drivers and a safety hazard on the busses. Parents will have to make arrangements to pick up any balloon deliveries their child may receive.
16. No food or drinks are allowed on the bus.

Legal Reference: A.C.A. § 6-19-119 (b), Ark. Division of Academic Facilities and Transportation Rules Governing Maintenance and Operations of Ark. Public School Buses and Physical Examinations of School Bus Drivers 4.0

In accordance with Act 247 of 2005, a person over eighteen (18) is guilty of a class B misdemeanor if the person:

1. Enters a school bus with the intent to commit a criminal offense;
2. Enters a school bus and disregards the orders or instructions of the driver;
3. Enters a school bus and refuses to leave the bus after being ordered to do so by the driver;
4. Intentionally causes or attempts to cause a disruption or an annoyance to another person on the bus; or recklessly engages in conduct that creates a substantial risk of creating apprehension in any person on the bus.

It is fair to the parents and to the child to be informed as to what steps will be taken to correct any violations of the rules set forth in these policies. Acts of deliberate vandalism will result in restitution of cost or suspension from the bus, or both, beginning with the first offense. In extreme cases any of the following steps may be eliminated for a more appropriate action.

STEPS FOR VIOLATION OF PROCEDURES: Although the bus transportation supervisor or bus drivers may elect to give written warning, bus discipline referrals to principals made by drivers will be handled as follows.

- **FIRST OFFENSE**
 - The student will be called to the office by the principal and appropriate action will be taken. A copy of the report will be sent home.
- **SECOND OFFENSE**
 - The student will be called to the office by the principal. Disciplinary action can be taken by the principal as warranted. Parents will receive a copy of the report.
- **THIRD OFFENSE**
 - The student will be called to the office by the principal. Student will be suspended from the bus for three (3) school days. Parents will be notified by letter or telephone concerning the actions taken by the principal.
- **FOURTH OFFENSE**
 - The student will be called to the office by the principal. Student will be suspended from the bus for five (5) school days.

- **FIFTH OFFENSE**

- The student will be called to the office by the principal. Student will be suspended from the bus for the remainder of the school year.

More serious offenses may result in denial of bus privileges even though the student may have had no previous bus discipline reports. At the discretion of the principal or assistant principal, any disciplinary steps outlined in the bus conduct policy may be circumvented and stronger action may be taken if necessary. Acts of deliberate vandalism will result in restitution of cost or suspension from the bus, or both, beginning with the first offense.

CONTACT-LAW ENFORCEMENT, SOCIAL SERVICES OR BY COURT ORDER

State Law requires that Department of Human Services employees, local law enforcement, or agents of the Crimes Against Children Division of the Department of Arkansas State Police, may interview students without a court order for the purpose of investigating suspected child abuse. In instances where the interviewers deem it necessary, they may exercise a “72-hour hold” without first obtaining a court order. If the District makes a report to any law enforcement agency concerning student misconduct or if access to a student is granted to a law enforcement agency due to a court order, the principal or the principal’s designee shall make a good faith effort to contact the student’s parent, legal guardian, or other person having lawful control by court order, or person acting in loco parentis identified on student enrollment forms. The principal or the principal’s designee shall not attempt to make such contact if presented documentation by the investigator that notification is prohibited because a parent, guardian, custodian, or person standing in loco parentis is named as an alleged offender of the suspected child maltreatment. This exception applies only to interview requests made by a law enforcement officer, an investigator of the Crimes Against Children Division of the Department of Arkansas State Police, or an investigator or employee of the Department of Human Services. In instances other than those related to cases of suspected child abuse, principals must release a student to either a police officer who presents a subpoena for the student, or a warrant for arrest, or to an agent of state social services or an agent of a court with jurisdiction over a child with a court order signed by a judge. Upon release of the student, the principal or designee shall give the student’s parent, legal guardian, or other person having lawful control by court order, or person acting in loco parentis notice that the student has been taken into custody by law enforcement personnel or a state’s social services agency. If the principal or designee is unable to reach the parent, he or she shall make a reasonable, good faith effort to get a message to the parent to call the principal or designee and leave both a day and an after-hours telephone number.

Principals must release a student to either a police officer who presents a subpoena for the student, or a warrant for arrest, or to an agent of the social services with a court order signed by a judge. Upon release of the student, the principal or designee shall give the student’s parent, legal guardian, or other person having lawful control by court order, or person acting in loco parentis notice that the student has been taken into custody by law enforcement personnel or a social services agency. If the principal or designee is unable to reach the parent, he/she shall make a reasonable, good faith effort to get a message to the parent to call the principal or designee and leave both a day and an after-hours telephone number.

SEARCH, SEIZURE, AND INTERROGATIONS

The District respects the rights of its students against arbitrary intrusion of their person and property. At the same time, it is the responsibility of school officials to protect the health, safety,

and welfare of all students enrolled in the District in order to promote an environment conducive to student learning. The Superintendent, principals, and their designees have the right to inspect and search school property and equipment. They may also search students and their personal property in which the student has a reasonable expectation of privacy, when there is reasonable and individualized suspicion to believe such student or property contains illegal items or other items in violation of Board policy or dangerous to the school community. School authorities may seize evidence found in the search and disciplinary action may be taken. Evidence found which appears to be in violation of the law shall be reported to the appropriate authority.

School property shall include, but not be limited to, lockers, desks, and parking lots, as well as personal effects left there by students. When possible, prior notice will be given and the student will be allowed to be present along with an adult witness, however, searches may be done at any time with or without notice or the student's consent. The Superintendent, principals, and their designees may request the assistance of law enforcement officials to help conduct searches. Such searches may include the use of specially trained dogs. A personal search must not be excessively intrusive in light of the age and sex of the student and the nature of the infraction.

State Law requires that Department of Human Services employees, local law enforcement, or agents of the Crimes Against Children Division of the Division of Arkansas State Police, may interview students without a court order for the purpose of investigating suspected child abuse. In instances where the interviewers deem it necessary, they may exercise a "72-hour hold" without first obtaining a court order. Other questioning of students by non-school personnel shall be granted only with a court order directing such questioning, with permission of the parents of a student (or the student if above eighteen (18) years of age), or in response to a subpoena or arrest warrant.

If the District makes a report to any law enforcement agency concerning student misconduct or if access to a student is granted to a law enforcement agency due to a court order, the principal or the principal's designee shall make a good faith effort to contact the student's parent, legal guardian, person having lawful control of the student, or person standing in loco parentis. The principal or the principal's designee shall not attempt to make such contact if presented documentation by the investigator that notification is prohibited because a parent, guardian, person having lawful control of the student, or person standing in loco parentis is named as an alleged offender of the suspected child maltreatment. This exception applies only to interview requests made by a law enforcement officer, an investigator of the Crimes Against Children Division of the Division of Arkansas Police, or an investigator or employee of the Department of Human Services.

In instances other than those related to cases of suspected child abuse, principals must release a student to either a police officer who presents a subpoena for the student, or a warrant for arrest, or to an agent of state social services or an agent of a court with jurisdiction over a child with a court order signed by a judge. Upon release of the student, the principal or designee shall give the student's parent, legal guardian, person having lawful control of the student, or person standing in loco parentis notice that the student has been taken into custody by law enforcement personnel or a state's social services agency. If the principal or designee is unable to reach the parent, he or she shall make a reasonable, good faith effort to get a message to the parent to call the principal or designee and leave both a day and an afterhours telephone number.

Any law enforcement authority on public school property shall not interrogate a student enrolled in the school district during regular school hours without the knowledge of the school's principal or his designee. All

interrogations shall be conducted in private with an official school representative (principal or his designee) present. Every reasonable effort shall be made to have a parent or guardian present. In those instances where a parent cannot be present within a reasonable time period, school officials must allow interviews by law enforcement officials to proceed in the absence of the parent or guardian. Other non-school persons shall not interview students at school with the exception of parents or guardians.

RESOURCE OFFICER

The Booneville School District, along with the city of Booneville provides a School Resource Officer Program. The objective of the School Resource Officer Program is to promote and assist the Booneville School District in providing a safe learning environment and to improve relations between the law enforcement officers and the youth of our community. The role of the School Resource Officer is:

1. Protective. The first priority is the protection of the students and staff from negative outside influences and to assist in the maintenance of order.
2. Consultant. The second priority is to act as an advisor to staff in safety matters, violence reduction strategies and legal aspects of activities of students.
3. Instructor. The third priority is to facilitate learning in citizenship and related law education. Specialized lectures will be prepared and presented to classes and guest lecturers will present topics discussed by the school staff. Students will be provided with information about their rights and responsibilities in the school and community.
4. Community Relations. The fourth priority is to provide a positive role model to students and to foster better understanding between the law enforcement community, the students, and staff.

CANINE UNIT

In an effort to better serve the community and school district, upon the request of the school administration, the school resource officer may call upon the services of the Booneville Police Department's Canine Unit. The Canine Unit may be called upon to search any school district facility and property, including all school district parking lots. A K-9 (drug sniffing dog) under the supervision of an authorized law enforcement official may be used to sniff lockers, all student areas, and student vehicles on school property. Once an alert has been signaled by a K-9 that drugs have been detected, this shall constitute reasonable cause to search by proper personnel.

CRISIS INTERVENTION

The final priority is to assist students through counseling about law related problems and to assist them by mediation of disputes. School resource officers will attempt to identify problems with students and guide them to addressing their problems in a non-violent manner.

EMERGENCY DRILLS

All schools in the District shall conduct fire drills at least monthly. Tornado drills shall also be conducted no fewer than three (3) times per year with at least one each in the months of September, January, and February. Students who ride school buses,¹ shall also participate in emergency evacuation drills at least twice each school year.

The District shall annually conduct an active shooter drill and school safety assessment for all District schools in collaboration with local law enforcement and emergency management personnel. The training will include a lockdown exercise with panic button alert system

training.^{2,3} Students will be included in the drills to the extent that is developmentally appropriate for the age of both the students and grade configuration of the school.⁴

Drills may be conducted during the instructional day or during non-instructional time periods.

Other types of emergency drills may also be conducted to test the implementation of the District's emergency plans in the event of violence, terrorist attack, natural disaster, other emergency, or the District's Panic Button Alert System². Students shall be included in the drills to the extent practicable.⁴

Notes: ¹ Students who only ride buses occasionally, such as to go to and/or from a field trip will also have to participate in the evacuation drills.

² Due to the State opting to not appropriate funding for a panic button alert system, districts are no longer required to have a panic button alert system but may continue to do so if they choose. If you choose not to continue to provide a panic button alert system, remove references to it from this policy. If you choose to continue to provide a panic button alert system, A.C.A. § 6-15-1302 requires that the district's Panic Button Alert System meet the following requirements:

- a) Connect the caller with 911 while simultaneously notifying designated on-site personnel;
- b) Directly integrate into the existing statewide Smart911 system.
- c) Be available for use as a smartphone application and have a mechanism for panic notifications to be triggered by non-smartphone wireless callers and landline callers; and
- d) Be limited to users designated, approved, and confirmed by school administrators.

Smart911 is required to provide a way for schools to geo-fence the school campus and provide and manage floor plans and other documents to assist emergency responders when they automatically display during a 911 call. Districts are responsible for keeping the floor plans and pertinent emergency contact information for the statewide Smart911 system up to date.

³ The purpose of the training is to allow participants to:

- Discuss simulated emergency situations in a low-stress environment;
- Clarify the roles and responsibilities of individuals and the logistics of handling an emergency on the school campus; and
- Identify areas in which the school safety plan should be modified.

⁴ Student involvement will need to be worked out school by school and determined relative to grade and age considerations in conjunction with the actual content of the drill. There may be drills conducted that do not include any students due to the explicit nature of the drill and the age of the students while a drill in another school would include students. There are so many facets of responding to a school intruder/shooting incident that it's difficult to know when your planning has dealt with all the contingencies. A good resource on active shooter drills is the "I Love You Guys" Foundation, which was created by the parents of the victim of the school shooting at Platte Canyon High School in Colorado to develop a protocol to advance school safety. The Foundation has **free**

materials for districts that can be a big help when developing protocols and training for both personnel and students. A description of the Foundation's recommended protocol and the materials can be found at <http://iloveguys.org/srp.html>. An additional resource is the Federal government's "Federal School Safety Clearinghouse", which is located at schoolsafety.gov. Some of ~~this site's~~ these sites' information could also be applied to the emergency plans required by statute and this policy.

STUDENT MEDIA AND THE LITERATURE DISTRIBUTION

The Superintendent and the student media advisors(s)¹ shall jointly develop administrative regulations for the implementation of this policy. The regulations shall include definitions of terms and the time(s), place(s), and manner(s) of the dissemination of student media, which shall include timelines for the review of materials.

Definitions

"School-sponsored media" means all student media that are:

- Supported financially by the school;
- Supported by the use of school facilities; or
- Produced in conjunction with a class.

"Student journalist" means a student who gathers, writes, edits, photographs, records, video tapes, or prepares information for dissemination in student media.

"Student media" means any means of communication that are:²

- Prepared, substantially written, published, or broadcasted by a student;
- Distributed or generally made available, either free of charge or for a fee, to members of the student body; and
- Prepared under the direction of a student media advisor.

"Student media" does not include media that is intended for distribution or transmission solely in the classroom in which it is produced.

"Student media advisor" means an individual who is employed, appointed, or designated by the District to supervise or provide instruction with respect to student media.

While the District recognizes a student's right of expression under the First Amendment for the Constitution of the United States, school-sponsored media does not provide an open forum for public expression. Student media, as well as the content of student expression in school-sponsored activities, shall be subject to the editorial review of the District's administration whose actions shall be reasonably related to legitimate pedagogical concerns and adhere to the following limitations.

1. Advertising may be accepted for media that does not condone or promote products that are inappropriate for the age and maturity of the audience or that endorse such things as tobacco, alcohol, or drugs.
2. Media may be regulated to prohibit communications determined by the appropriate teacher, student media advisor and/or administrator, to be ungrammatical; poorly written; inadequately researched; biased or prejudiced; vulgar or profane; or unsuitable for immature audiences.
3. Media may be regulated to prohibit the dissemination of material that may reasonably be perceived to advocate drug or alcohol use; irresponsible sex; conduct that is otherwise inconsistent with the shared values of a civilized social order; or to associate the school with any position other than neutrality on matters of political controversy.

4. Prohibited media includes those that:
 - a. Are obscene as to minors;
 - b. Are libelous or slanderous, including material containing defamatory falsehoods about public figures or governmental officials, and made with knowledge of their falsity or a reckless disregard of the truth;
 - c. Constitute an unwarranted invasion of privacy as defined by state law,
 - d. Suggest or urge the commission of unlawful acts on the school premises;
 - e. Suggest or urge the violation of lawful school regulations;
 - f. Attacks ethnic, religious, or racial groups; or
 - g. Harass, threaten, or intimidate a student.

STUDENT MEDIA ON SCHOOL WEB PAGES:

Student media displayed on school web pages shall follow the same guidelines as listed above; and shall also;

1. Not contain any non-educational advertisements.
2. Adhere to the restrictions regarding use of Directory Information as prescribed in Policy 4.11 including not using a student's photograph when associated with the student's name unless written permission has been received from the student's parent or student if over the age of EIGHTEEN (18)
3. State that the views expressed are not necessarily those of the School Board or the employees of the district.

NON-SCHOOL PUBLICATIONS:

School Principals shall review non-school publications prior to their distribution and will bar from distribution those materials that are obscene, libelous, pervasively indecent, or advertise unlawful products or services. Material may also be barred from distribution if there is evidence that reasonably supports a forecast that disruption will likely result from the distribution. Principals have the authority to decide what to pass out in the building.

STUDENT DISTRIBUTION OF LITERATURE:

A student or group of students who distribute ten (10) or fewer copies of the same non-school-sponsored literature, publications, or materials shall do so in a time, place, and manner that does not cause a substantial disruption of the orderly education environment. A student or group of students wishing to distribute more than ten (10) copies of non-school-sponsored materials shall have school authorities review their non-school-sponsored materials at least three (3) school days in advance of their desired time of dissemination. School authorities shall review the non-school-sponsored materials, prior to their distribution and will bar from distribution those non-school-sponsored materials that are obscene, libelous, pervasively indecent, or advertise unlawful products or services. Material may also be barred from distribution if there is evidence that reasonably supports a forecast that a substantial disruption of the orderly operation of the school or educational environment will likely result from the distribution. Concerns related to any denial of distribution by the principal shall be heard by the superintendent, whose decision shall be final.

The school principal or designee shall establish reasonable regulations governing the time, place, and manner of student distribution of non-school-sponsored materials. The regulations shall:

1. Be narrowly drawn to promote orderly administration of school activities by preventing disruption and may not be designed to stifle expression;
2. Be uniformly applied to all forms of non-school sponsored material;
3. Allow no interference with classes or school activities;
4. Specify times and places where distribution may and may not occur; and

5. Not inhibit a person's right to accept or reject any literature distributed in accordance with the regulations.

DISTRIBUTION OF LITERATURE

The federal courts have not always been consistent in interpreting the First Amendment rights of students regarding the distribution of literature. Federal courts in Arkansas and the Eighth Circuit Court of Appeals have not ruled on this subject.

1. Students shall have the right to distribute and possess literature including, but not limited to, newspapers, magazines, leaflets and pamphlets, except that the district may prohibit a specific issue of a specific publication if there is substantial, factual basis to believe its possession or distribution will cause or is causing substantial disruption of school activities.
2. Prior to the issuance of the petition, the person or persons responsible shall make the building principal aware of said petition and understand the rules and regulations regarding circulation. The time, place, and the manner of student distribution of literature, shall be at the discretion of the building principal.
3. Petitions shall be free of obscenities, libelous statements, and personal attack and shall be within the bound of reasonable conduct.

STUDENT NEWSPAPERS AND UNOFFICIAL PUBLICATIONS

School newspapers are for reporting school news and are under the direct supervision of a certified instructor and the building principal. Students have the right to editorialize. Recognizing the power of the written word, students are urged to be constantly aware of the implications of published articles. Consultation with the sponsor shall occur. Students must refrain from printing anything that might contain obscene language or libelous materials.

SURVEYS

In accordance with district policy 5.17, no student shall be required to submit to a survey, analysis, or evaluation which is administered or distributed by a school, and is funded in whole or in part by any program administered by the U.S. Department of Education without the prior written consent of the parent/guardian that reveals information concerning the following:

1. Political affiliations;
2. Mental and psychological problems potentially embarrassing to the student or his family;
3. Sex behavior attitudes;
4. Illegal, anti-social, self-incriminating, and demeaning behavior;
5. Critical appraisals of other individuals with whom respondents have close family relationships;
6. Legally recognized privileged or analogous relationships, such as those of lawyers, physicians, and ministers;
7. Religious practices, affiliations, or beliefs of student or student's parent; or
8. Income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program)

CLOSED CAMPUS

All schools in the District shall operate closed campuses. Students are required to stay on campus from their arrival until dismissal at the end of the regular school day. Students may be given permission to leave the campus by a school official and must sign out in the office upon their departure.

SCHOOL LAWS OF ARKANSAS

The Booneville School District will comply with the laws of Arkansas and the Federal Government as they apply to students. Changes in state or federal law may supersede policies set forth in the handbook.

USE OF SCHOOL FACILITIES

The use of school facilities must be cleared through the district superintendent. All groups and organizations using school facilities must have a volunteer faculty representative to which a list of all members or participants will be recorded.

USE OF SCHOOL NAME

No group shall be entitled to use the name of the public schools or any department of the school without having first obtained the consent and then accepted the supervision of the principal or teacher designated by him/her as a school sponsored organization.

LICENSING

Booneville Elementary Pre-K will comply with the Minimum Licensing Requirements as set forth by DHS licensing of centers.

ABSENCES

Regular attendance is expected. A daily routine is important to a young child. It helps them feel more secure and prepares them for the school setting. School personnel understand that there are times when it is impossible for your child to attend. Some of these may include: illness of the child, serious illness or death in the family, observance of holidays, appointments (either medical or with a government agency) and other exceptional circumstances receiving prior approval.

Please keep absences to a minimum and notify the Pre-K if your child will not be attending. Lack of regular attendance may result in your child's slot being given to another child on the waiting list.

TARDIES

Tardies make it difficult to make preparations for breakfast. Your child will need to be at the center **no later than 8:10. Excessive tardies may result in your child's slot being given to another child on the waiting list.**

At 8:10, the doors at the Pre-K entrance will be closed and locked. At this time, you will need to sign into the school, as a visitor, through the front office before walking your child down to their classroom. Once at your child's classroom, you will need to sign them in. You will need to walk back up to the main office to sign out for safety reasons (you will not be allowed to exit through the Pre-K doors).

ARRIVAL AND DEPARTURE

When bringing your child to school, you will need to **park** in the parking spots **next to N. Owen Ave.** and walk your child to their classroom. The **doors will not open until 7:45** and all children must be signed in upon their arrival. **Children must be signed out at their departure by AUTHORIZED adults only.** In order to authorize someone to pick up your child, there must be a completed authorization form in your child's file. These forms will be filled out at the time of enrollment, and should you need to add to or delete names from your child's pick-up authorization list, talk with your child's teacher to update the necessary information. Photo ID must be shown.

During arrival and departure times, you will only be allowed to enter the building through the doors by the Pre-K classrooms to sign them in. You will also need to exit the building through the outside doors by the Pre-k classrooms. **For the safety of all children, you will not be allowed to go beyond the Pre-K classrooms for any reason during arrival and departure times.**

CLOTHES

Please make sure that your child has a change of clothes at the center at all times. Accidents do happen and preparing for this ahead of time will prevent parents from having to supply clothing during the day. Children will need to be dressed appropriately for a day of playing and learning. Comfortable footwear for walking is encouraged. If your child does have an accident, the soiled clothes will be sent home (unwashed) in a sealed bag. **Please send a replacement change of clothing the next day.** Any opened toe shoes **must have straps across the top and back of the shoes** to securely hold the shoes on your child's feet. **NO flip flops** will be allowed for safety reasons.

COMMUNICATION

Booneville Elementary Pre-K believes that communication between the center and parents is very important. We will communicate with you in a variety of ways. Please let us know if there is anything we can do to make communication easier for you and/or your family. Booneville Elementary Pre-K will utilize the following methods to keep you informed: whiteboard positioned by each classroom, SchoolReach calling system, Facebook, Twitter, local news, newspaper, and notices sent home with the children.

CONFERENCES

In an effort to encourage communication between families and staff, at least two (2) parent

conferences will be held per year. BES Pre-K will make every effort to make these conferences at times convenient to parents. Parents and staff are encouraged to arrange for more opportunities for communicating as well.

CRISIS PLAN

Monthly fire drills and tornado drills are held in Pre-K and each classroom will be provided with a crisis plan. There will be mandatory training and practice by staff to make certain they are prepared for emergencies. In the event that the Booneville Elementary Pre-K has to evacuate to another location, that location will be the Booneville Elementary K-6 Library. Parents will be notified via Facebook, Twitter, and/ or by phone should this take place.

The reunification of families will take place at the BES Library. The phone number of Booneville Elementary is (479)675-2604.

DAILY HEALTH CHECK

Upon arrival, each child will be given a quick health check by the staff. This is to look for any marks, fever, lice, etc. The parent may be asked to explain and sign off on any findings. This procedure is to protect the children and families, as well as the staff.

DAILY SCHEDULE

The daily schedule will be posted by the door. We believe that children feel more secure with routine. Efforts will be made to not deviate from the daily schedule as much as possible. However, parents will be notified of any changes.

DATES AND HOURS OF OPERATION

Our center will operate from **7:45 a.m.–3:00 p.m.** We will follow the calendar of the Booneville School District. If the District is closed, the Pre-K will be closed as well.

FIELD TRIPS

Children will remain at the center the majority of the time. Occasionally, the Pre-K will go on a Field Trip. You will be given permission slips for these activities specific to the event. Parents are welcome to attend but may not travel on the school bus. Notice will be given to parents well in advance of any field trip.

END OF THE YEAR CELEBRATION

Booneville Elementary Pre-K believes going to Kindergarten is an important step in a families' life. We will strive to make it a special occasion for the children. Prior to going to Kindergarten, there will be a brief celebration for children and their families.

Students completing their first year of Pre-K will also be acknowledged for their accomplishment of completing one year of the program during this celebration time.

HEALTH

Under DHS guidelines, your child may not attend the center if they exhibit any of the following:

fever, diarrhea, vomiting, rash, sore throat, severe cough, pink-eye, scabies, bed bugs, sores inside the mouth with drooling, lice, ring-worm, or impetigo. Should any of these occur within the day, staff will notify you so that you may pick up your child. **A 24-hour symptom free time is required of most illnesses.**

ITEMS FROM HOME

Booneville Elementary Pre-K discourages children from bringing items from home. Developmentally, 3 and 4 year olds are still working on the concept of sharing. Items brought from home are sometimes more difficult to share than others. **Please leave personal items, such as toys, at home.**

MEALS

Breakfast, lunch, and an afternoon snack are served to all children. Parents also have the option of sending a **nutritious meal** for their child. If you know that your child is going to be checked out prior to lunchtime, please notify the staff so that the child will not be counted in lunch preparations. There is never a charge for snacks. Breakfast will be served at 8:30 a.m. **Please have your child here by 8:10 a.m. so that the child may be counted in meal preparation.**

PARTIES

No child will be required to provide refreshments or gifts for a party. Staff may plan for parties on special occasions such as Valentine's Day, Christmas, etc. The center will provide all refreshments. On the child's birthday, the staff will recognize your child.

There is no intent to develop a determined set of rules that are confining or restrictive in nature; however, in the best interest of all concerned, it is imperative that we begin on common ground with policies and procedures that are clear-cut and commonly understood by all. We are all striving to accomplish a common goal of providing the best education possible for each and every student in our school.

ATTENDANCE and DAILY PROCEDURES

SCHOOL HOURS:

School begins each day at 8:00 a.m. and dismisses at 3:15 p.m. Breakfast will be served each day beginning at 7:30 a.m. **Students are not to arrive at school earlier than 7:30 a.m.** as there is no adult supervision until this time. Students eating breakfast are to go to cafeteria to receive their breakfast at their grade level designated area.

TARDINESS:

School begins at 8:00 a.m. and any student who comes in between 8:00 - 9:30 is tardy must be signed at the office by a parent or guardian upon coming to school. After the fifth tardy, students will not be eligible for Perfect Attendance designation. Subsequent tardies may result in a conference with the principal to determine the best course of action to correct the problem. Any check out after 2:00 pm is considered a tardy. Any student missing 3 hours or more of the school day will be charged $\frac{1}{2}$ absence.

Kindergarten parents may escort their students to their classrooms the first week of school. Be sure to sign in for a visitor's tag in the office.

Parents need to call before 2:30 pm with transportation changes to guarantee students are notified.

ATTENDANCE SPECIFICATIONS:

Regular school attendance is vital to the overall academic success of every student. The responsibility of regular attendance rests with the student and his/her Parents/Guardians. An absence from school is categorized as excused, unexcused, or excessive.

Excused Absences: Student absences will be excused for the following reasons:

- Personal illness of student
- Court appearance
- Medical appointments
- Serious illness in the immediate family (Parents/guardians, siblings, and grandparents)

- Death in the family
- Any circumstances not covered above which the principal or designee determines are acceptable.

All other absences will be categorized as unexcused.

All excused absences require a written note or doctor's excuse to be provided to the school within five (5) school days of returning to school. All absences over six (6) days per semester will require a medical/professional written note. The District reserves the right to require confirmation of the medical documentation through direct communication with the medical personnel responsible for the documentation and if the district is unable to confirm or verify the absence or the reason for the absence, to consider the absence unexcused. Students are responsible for seeing that work missed during an excused absence is made up. The normal time allowed to make up work will be one (1) day per absence.

Unexcused Absences: Any absence not excused by note or official documentation will be considered an unexcused absence. After three (3) unexcused absences in a semester, the student's Parent/Guardian will be notified. Students will receive a zero for work missed during a suspension. Excessive Absences & Excessive Tardies Seven (7) unexcused absences or ten (10) unexcused tardies per semester is considered excessive.

CAR POOL PROCEDURES:

To ensure the safety of children, students are **NOT** to be dropped off before 7:30 a.m. Adult supervision is not available until after this time.

For the safety of all students and to promote a fair, organized carpool process, vehicles bringing students to school during carpool hours must follow and obey carpool procedures.

Morning Car Pool Procedures: All students will be dropped off at the **front entrance in the mornings**. If a student arrives to school in a car, the car must go through the carpool lane unless the parent enters the school for business reasons. Students **may not** be dropped off in the parking lot. No drop off before 7:30. Staff members do not report to work before 7:30.

Afternoon Car Pool Procedures: All students will be picked up in the **back, circle drive (playground)**. Students are not dismissed from the office after 3:00. Carpool must pull all the way up to the front gate in a single row. Teachers will walk students to the vehicle. Parents may park on Kennedy parking along playground and walk to pick up students. Gates will not open for parents to enter until 2:45.

AFTER SCHOOL PICK-UP:

Parents and guardians are requested to pick-up their children in the back circle drive. All **walkers** will be required to use the designated pedestrian crosswalks to leave the school campus. Walkers will be dismissed from the front school exit. (Do not cross between cars).

Please do not block the front entrance or West 7th street in the afternoon. No parking on the side of 7th Street after 3:00. Students are not dismissed from the office after 3:00.

LEAVING CAMPUS:

For the students' protection any child leaving campus for any reason must be signed out at the office. If a student is to go home with another child, a note from **both** sets of parents should be brought to school or the school should be contacted. Arrangements cannot be made at school.

TRANSPORTATION:

See "Transportation" in first index

SCHOOL VISITATION:

Your visits to school are always welcomed. For the safety of all students and staff, we require that **ALL VISITORS MUST REPORT TO THE OFFICE**. Visitors can **SIGN IN** and get a **VISITOR'S PASS** and **MUST SIGN OUT AND RETURN PASS UPON DEPARTURE** any time that they enter the building excluding grade level performances. At performances, they must sign in at the table in the front foyer. We value our parents being involved in their student's education.

Because a teacher's primary responsibility is to the children, please call or email for an appointment to visit with the teacher. Students are not allowed to bring visiting friends or relatives to school with them. Visitors who are Level 3 or Level 4 sex offenders may only enter a school campus under the provisions listed in District Policy 4.10. It shall be the responsibility of the custodial parent to make any visitation restrictions regarding the noncustodial parent known to the office by presenting a copy of a file marked court order restricting visitation in situations where visitation by the non-custodial parent is not allowed.

Legal References: A.C.A. § 6-21-606, A.C.A. § 6-21-607 Last Revised: July 10, 2012

CAFETERIA VISITATION:

Parents/guardians are welcome to eat with their children at their scheduled lunchtime. For safety concerns for all, we have provided an area in the office for families to enjoy lunch together.

HEALTH:

Your child may not attend school if they exhibit any of the following: fever, diarrhea, vomiting, rash, sore throat, severe cough, pink-eye, scabies, sores inside the mouth with drooling, lice, bed bugs, ring-worm, or impetigo. Should any of these occur within the day, staff will notify you so that you may pick up your child(ren). **A 24 hour symptom free time is required of most illnesses.**

EMERGENCY FORMS CURRENT TELEPHONE NUMBERS MUST BE

FURNISHED - four numbers if possible. Address changes should be sent immediately. In the event your child should be injured and neither parent can be reached, Booneville School District officials will contact the named physician on the medical information card and authorize any treatment deemed necessary in an emergency for the health and safety of the child. If physicians or any named person cannot be contacted, the officials are authorized to take whatever action is necessary in their judgment for the health and safety of the child. Booneville Public Schools will not be held financially liable for the emergency care and/or transportation of the child.

DISCIPLINE

One of the most important lessons education should teach is discipline. It is the shared responsibility of the home and school to accomplish this goal. Discipline is the training that develops self-control, character, orderliness, and efficiency. It is the key to good conduct and proper consideration for other people. Booneville Elementary is a PBIS School (Positive Behavior Interventions School). Refer to the Booneville Elementary Website or back of Elementary Portion of Handbook.

PBIS is a positive behavior system staff and students follow. PBIS is a data driven program based on student needs at our school. This program is mostly student managed, by choices they make. When students practice expected behaviors, they are rewarded for their great decision making skills. PBIS will consist of school wide and classroom rewards.

Students are expected to put forth their best effort and to conduct themselves at all times in a manner that will promote an atmosphere which does not infringe upon the rights of others. Any behavior or inappropriate language which causes the learning atmosphere to deteriorate or be disrupted or which infringes upon the rights of others in the school will not be tolerated and may subject the student to corrective measures. All discipline referrals will have a minimum and maximum discipline process used, from a minimum of a conference with the student to a maximum of expulsion from school. Acceptable corrective measures may include,

but are not limited to the following:

1. Teacher-student conference.
2. Deprivation of privileges or preferred activities.
3. Referral to building principal.
4. Parent-school conference.
5. Referral to other school personnel (counselor).
6. Referral to out-of-school personnel, physician, psychologist, etc.
7. Detention
8. Corporal punishment - Following district and state guidelines and law.
9. Suspension (in-school/out of school) or expulsion.

School wide expectations will be posted in each area addressed and will be visible to all students. These rules will be discussed at the beginning of each year to help ensure that each student understands their purpose and revisited frequently to ensure understanding.

Buying, trading, selling, or exchanging items between students is prohibited during school hours. Any person willfully or intentionally assaulting or threatening to assault or abuse (verbally or physically) any student, teacher, principal, superintendent, employee or volunteer of the school system will result in disciplinary action.

Damaging, destroying or stealing school property will result in disciplinary action. Gangs or similar groups, whether organized in the community or in other settings, are prohibited on school grounds or at any school sponsored activity. Any gang related activity or pretense of the same, as justified by school officials, may result in an out-of- school suspension to a maximum consequence of expulsion for the first offense. The second offense may result in an immediate expulsion for the remainder of the school year.

Possession by a student of any paging device, beeper, or similar electronic communication device (including hand held laser) on the school campus may result in disciplinary action. Exemption would be for a student who is required to use a device for health or other compelling reasons. This does not include extra-curricular activities.

Whenever the school administration has direct knowledge or has received information leading to a reasonable belief that a student enrolled in Booneville Schools has committed a felony on school property, or while under school supervision, or has committed any other violent criminal act against a student, teacher, or school employee will be immediately reported to the appropriate local law enforcement agency for investigation.

It is required by law that the principal or the person in charge report to the police any incidents the person has personal knowledge of or has received information leading to a reasonable belief that a person has committed or threatened to commit an act of violence or any crime involving a deadly weapon on school property or while under school supervision. If the person making the report is not the Superintendent, that person shall also inform the Superintendent of the incident. Additionally, the principal shall inform any school employee or other person who initially reported the incident that a report has been made to the appropriate law enforcement agency. The Superintendent or designee shall inform the Board of Directors of any such report made to law enforcement.

DISCIPLINE FOR STUDENTS WITH DISABILITIES:

The Booneville School District will discipline students with disabilities in the same manner as other students unless the Federal Individuals with Disabilities Education Act requires alternative action.

BEHAVIOR NOT COVERED:

The Booneville Elementary School reserves the right to correct behavior which is subversive to good order and discipline in the school, even though such behavior is not specified in the handbook.

PLAYGROUND RULES:

1. Obey supervisory personnel.
2. Use equipment appropriately.
3. Stay within designated boundaries.
4. Fighting will not be allowed and will be handled as a severe disciplinary act.
5. Absolutely no rocks, gravel, or mulch will be thrown.
6. No leaving the playground without permission.
7. Rules may be modified to meet certain circumstances.
8. Parents who wish for their child to stay inside during recess due to illness must send a note stating this each day they wish for the child to stay inside.

DRESS CODE:

Students are expected to dress appropriately at all times. Students' dress should exhibit a reasonable degree of modesty and dignity. Students wearing clothing that is disruptive will be sent to the office for appropriate correction.

1. All students may wear appropriate shorts. (The shorts must be long enough to come past the student's fingertips when they are standing erect with their arms hanging to their sides and their fingers outstretched). No bicycle, boxer, or running shorts are to be worn. Pants with holes in them must meet the same requirements as shorts; any holes may not be higher than the student's outstretched fingertips. (can wear hoodies, no hoods on student's head in the building)

Consequences for Dress Code Violations

- 1st offense: Change clothing, Warn Student
- 2nd offense: Change clothing, Demerit
- 3rd offense: Change clothing, Demerit, 1 day in ISS
- 4th offense: Change clothing, Parent Conference, 3 days in ISS

CORPORAL PUNISHMENT:

Reasonable discipline may include the administration of corporal punishment to a student in the exercise of sound discretion by a certified employee, provided that corporal punishment shall not be excessive or unduly severe.

1. Corporal punishment can be administered for cause according to the following suggested procedures:
 - a. It may be used only after other alternatives, including but not limited to counseling, have failed or in unusual circumstances.
 - b. It will be administered by a school administrator and only in the presence of a school administrator or his or her designee, who shall be a teacher or administrator employed by the school district.
 - c. It will not be administered in the presence of other students, with malice, anger or in excess.
 - d. Before corporal punishment is administered, the student should be advised of the rule and the infraction for which the student is being punished in the presence of the witness. If the student claims innocence, the certified employee will permit the student to state his/her position. School officials are not required to conduct formal hearings prior to corporal punishment.
 - e. Refusal to take corporal punishment may result in suspension or other disciplinary measures.
 - f. The principal will be notified when corporal punishment is administered, and a written report shall be filed.
2. Arkansas law authorizes any teacher or school administrator to use corporal punishment in a reasonable manner against any pupil for good causes in order to maintain discipline and order within the public schools.

IN-SCHOOL SUSPENSION:

In order to insure an environment conducive to learning, in-school-suspension will be used as one of the discipline alternatives at Booneville Elementary School. In-school-suspension will **only be assigned by the principal** for continual disregard for classroom or school rules (such as disturbing or disrupting class, not completing assignments, insubordination, etc.).

Before In-school-suspension is assigned, the principal will check with the student's instructor to ensure that other interventions have been exhausted, especially contact with the student's guardian by the instructor. In-school-suspension may be assigned for one-half (1/2) day or a specified number of days not in excess of five consecutive days. The instructor will be responsible for making sure assignments are available and appropriate.

ACADEMICS

INSTRUCTIONAL ASSESSMENT:

Booneville Elementary School conducts standardized testing at every grade level. The results of these evaluations are monitored annually to make adjustments in the educational curriculum. Test scores are also considered to determine individual student needs. The Title I and Title VI Programs review these scores as a part of their criteria for determining needs for individual remediation and for program development. Standardized test scores are also considered as a part of the referral process for the special education program and the enhanced learning program. HORIZONTAL AND VERTICAL GROWTH:

Grade level meetings will be conducted weekly throughout the year in order to plan curriculum content horizontally. Staff meetings will be conducted throughout the year to compare curriculum content vertically.

HOMEWORK:

Students and their parents/guardians have a responsibility for the student's mastery of the subject matter. The learning process is a joint effort. Homework and/or individual study units will be discussed in the classroom so that parents are not required to give instruction. The teacher will provide the instruction.

Parents should establish a learning environment in the home by:

1. Showing a positive attitude toward education.
2. Taking an interest in your child's school work.
3. Establishing good study conditions.
4. Monitoring your child's study habits.
5. Exercising patience as you encourage your child.

It is the teacher's function to provide instruction to each student so that mastery of the subject matter can occur. The assignment of homework is an extension of that classroom instruction. The nature of the subject being taught lends itself to different types of homework. The following are examples of possible homework assignments:

1. Independent practice of newly learned skills.

2. Expansion activities beyond the subject matter presented in class.
3. Introduction of new materials (such as reading a chapter in a text).
4. Independent student study projects, approved by the teacher.
5. Classroom assignments not completed by the student during the instructional day.

Homework is considered to be part of the educational program of the District. Assignments shall be an extension of the teaching/learning experience that promotes the student's educational development. As an extension of the classroom, homework must be planned and organized and shall be viewed by the students as purposeful.

Teachers should be aware of the potential problem students may have completing assignments from multiple teachers and vary the amounts of homework they give from day to day. Parents shall be notified of this policy at the beginning of each school year.

GRADING:

Parents or guardians shall be kept informed concerning the progress of their student. Parent-teacher conferences are encouraged and may be requested by parents, guardians or teachers. If the progress of a student is unsatisfactory in a subject, the teacher shall attempt to schedule a parent-teacher conference. In the conference, the teacher shall explain the reason for difficulties and shall develop, cooperatively with the parents, a plan for remediation which may enhance the probability of the student succeeding. The school shall also send timely progress reports and issue grades or standard based reports depending on grade level for each nine-week grading period to keep parents/guardians informed of their student's progress.

The evaluation of each student's performance on a regular basis serves to give the parents/guardians, students, and the school necessary information to help effect academic improvement. Student's grades shall reflect only the extent to which a student has achieved the expressed educational objectives of the course. The grades of a child in foster care shall not be lowered due to an absence from school due to:

1. A change in the child's school enrollment;
2. The child's attendance at a dependency-neglect court proceeding; or,
3. The child's attendance at court-ordered counseling or treatment.

Grading scale and Numeric value for each letter grade:

| | | | |
|-----|--------------|-----|----------|
| A = | 100 - 90 | A = | 4 points |
| B = | 89 - 80 | B = | 3 points |
| C = | 79 - 70 | C = | 2 points |
| D = | 69 - 60 | D = | 1 point |
| F = | 59 and below | F = | 0 points |

HONOR ROLL:

Students in grades 1-6 who maintain an A/B grade point average (GPA) for the grading period will be recognized as honor roll students for that grading period. Semester grades will determine the honor roll at the end of each semester.

PROMOTION POLICY:

Booneville Elementary is a child-centered institution concerned about the educational, social, emotional and physical development of each student. Educational decisions concerning grade level placement are made on an individual basis. Decisions regarding promotion/retention will be based upon careful consideration of various factors. These factors should include but not be limited to the following:

1. First and second semester grade point average of at least 1.25 in core classes. Grade Point averages will be figured according to the following values: A- four points, B-three points, C- two points, D-one point, U-zero points.
2. Maturity, work habits and responsibility
3. Checklist of expected grade level objectives
4. Samples of daily work
5. Chronological age
6. Attendance
7. Classroom achievement (especially reading and math)
8. Identification of learning and/or emotional needs
9. Previous retention
10. Standardized test scores and criterion referenced test scores

Parents will be notified as early as possible if their child is not meeting the standards for promotion. With all the preceding factors considered, a committee comprised of the teacher, principal, any other personnel involved with the student and parents will evaluate the student. The final decision concerning grade level placement will be determined by the appropriate Booneville Elementary Staff.

REPORTING PUPIL PROGRESS:

In an effort to keep the parents informed about student progress, the following measures are used:

1. A report card is issued each nine weeks. Report cards should be signed and returned immediately.
2. A parent-teacher conference is held each semester.

3. Mid-nine weeks reports will be sent home on every child, and department will be included.
4. Standardized tests are given each year in the Kindergarten through sixth grades.
5. Conferences throughout the year are encouraged and arranged upon request.
6. If the progress of a student is unsatisfactory in a subject, the teacher shall attempt to schedule a parent- teacher conference. In the conference, the teacher shall explain the reasons for difficulties and shall develop, cooperatively with the parents, a plan for remediation that may enhance the probability of the student succeeding.
7. Grades assigned to students for performance in a course shall reflect only the extent to which a student has achieved the expressed academic objectives of the course.
8. Twice a year, a student's independent reading level will be reported in writing to the parent or legal guardian and each teacher of the student in Kindergarten through Eighth grade.

TEACHER CONFERENCES:

If you wish to speak to a teacher, leave your number and he/she will return your call as soon as possible. If you would like to set up a conference with a teacher, please request an appointment through the school office. These are held twice a year or each semester at predetermined times. If there is a conflict with the date, you may contact your student's teacher to request an alternative conference time or date.

LIBRARY/MEDIA CENTER

PHILOSOPHY:

The library media center is a critical element in the complete educational process of the students. Students and teachers are expected to function in the information age; therefore, the media center must provide access to the equipment and resources needed to fully utilize needed information. The Board of Education of Booneville School District supports the principles of intellectual freedom inherent in the constitution of the United States and expressed in the "Library Bill of Rights," the student's "Freedom to Read" statement, and the student's "Freedom to View" statement of the American Library Association. All three of these documents may be found in each school's library media center.

CRITERIA FOR SELECTION OF MATERIALS:

Selection emphasis is placed on providing a wide range of fiction and nonfiction materials that promote a life-long love of reading, support the school's curriculum, and contribute to the professional goals of the faculty. Materials are selected to reflect cultures, beliefs, and viewpoints of our diverse community.

The following criteria are considered in the selection process:

- Relevance to the local curriculum, state, and national standards
- Literary merit including quality of writing and/or illustrations
- Timeliness

- Reading level
- Popular appeal
 - Cost
 - Social significance and representation of diversity
 - Authority and accuracy of content
 - Format
 - Reputation and standards of the publisher or producer
 - Representation of differing viewpoints

GIFTS:

Gift materials can be accepted with the understanding that these materials must meet the same selection criteria as materials purchased with school funds. All gifts become part of the general collection and thus property of Booneville Public Schools.

Gifts of books and other materials will be welcomed from individuals and organizations with the understanding that items may be disposed of if they are inappropriate for the collection.

BORROWING PRIVILEGES:

A book is loaned to students and teachers for two weeks at a time and may be renewed two additional times if necessary. Patrons are responsible for returning materials on time. We do not charge fines for late books, but patrons with overdue books may be prevented from borrowing additional books until the late ones are returned. Books that have been damaged beyond reasonable repair or lost must be paid for, so take good care of your library books!

CHALLENGED MATERIALS:

The following procedures shall be followed when an item is challenged:

1. The complainant shall complete a Reconsideration Request Form and submit it to the building principal. This form may be obtained from the building's library media specialist. If the formal request for reconsideration has not been received within ten working days, the issue will be considered closed.
2. Challenged material will not be removed from the shelf.
3. When the written complaint is received, a committee to evaluate the material in question to meet. The selection committee should consist of a district level administrator, building level administrator, a teacher from the subject area in question, parent representative(s), and the library media specialist. Within three weeks of the receipt of the written complaint, the committee will meet and
 - a. Receive copies of the challenged materials,
 - b. Read and/or examine the material
 - c. Check general acceptance of the materials by reading reviews,
 - d. Weigh values and faults against each other, but the opinions shall be based on the material as a whole. Passages or parts should not be pulled out of context.
 - e. Call in consultant(s) to review in particular subject areas, if needed.
 - f. Discuss and prepare a report, presenting both majority and minority opinions. Send

copies of the report to 1) complainant 2) superintendent and 3) principal of the school involved.

The complainant may make an appeal of the decision within two weeks to the superintendent. His/her decision may be appealed within two weeks to the Board of Education. Any material which has previously been before the committee will not be reconsidered again within one calendar year after the recommendation of the committee, has been given to the superintendent.

GENERAL POLICIES

BUYING/SELLING ITEMS AT SCHOOL:

Buying, trading, selling, or exchanging items between students is prohibited during school hours.

CELL PHONES AND OTHER ELECTRONIC DEVICES:

Students are responsible for conducting themselves in a manner that respects the rights of others. Possession and use of any electronic device, whether district or student owned, that interferes with a positive, orderly classroom environment does not respect the rights of others and is expressly forbidden. As used in this policy, "electronic devices" means anything that can be used to transmit or capture images, sound, or data.

Misuses of electronic devices include, but are not limited to:

1. Using electronic devices during class time in any manner other than specifically permitted by the classroom instructor;
2. Permitting any audible sound to come from the device when not being used for reason #1 above;
3. Engaging in academic dishonesty, including cheating, intentionally plagiarizing, wrongfully giving or receiving help during an academic examination, or wrongfully obtaining test copies or scores;
4. Using the device to take photographs on school grounds;
5. Creating, sending, sharing, viewing, receiving, or possessing an indecent visual depiction of oneself, or another person.

Use of an electronic device is permitted to the extent it is approved in a student's individualized education program (IEP) or it is needed in an emergency that threatens the safety of students, staff, or other individuals.

Before and after normal school hours, electronic devices are permitted on the school campus. The use of such devices at school sponsored functions outside the regular school day is permitted to the extent and within the limitations allowed by

the event or activity the student is attending. **Students using or possessing electronic devices, other than those devices properly stored in a locker or vehicle, after the first bell and before the last bell shall have them confiscated.** Confiscated cell phones and other electronic devices may be picked up at the school's administration office by the student's parent or guardians. Students have no right of privacy as to the content contained on any cell phone and other electronic communication devices that have been confiscated. Students who use a school issued cell phone and/or computers for non-school purposes, except as permitted by the district's Internet/computer use policy, shall be subject to discipline, up to and including suspension or expulsion. Whenever feasible, activities will be scheduled so that they will not interfere with the instructional time needed for the student to successfully complete the academic requirements to the student's educational program. Every effort will be made to insure classroom interruptions will be kept to a minimum.

They will be scheduled through the office with the appropriate transportation provided and adequate supervision. Students must be picked up within 30 minutes of arrival time. Those students not picked up will be taken to the police department. Participation may be denied because of low grades, failure to complete work, poor attendance, poor attitude, discipline problems or other rules not followed as determined by supervisor/director or principal.

Chaperones and volunteers will be limited to a small number which is normally dictated by the facilities that will be visited. If parents drive and take their child, the parents are responsible for that child.

PARTIES:

Class Parties are limited to three each year: Fall, Christmas and Valentine's Day. The date and times will be scheduled through the principal's office. Only packaged food or food from commercial bakery will be served. Birthdays will not be celebrated in individual classrooms. They will be celebrated once a month as a group in the cafeteria.

PBIS INFORMATION:

Improving student academic and behavior outcomes is about ensuring all students have access to the most effective and accurately implemented instructional and behavioral practices and interventions possible. SWPBS provides an operational framework for achieving these outcomes. More importantly, SWPBS is NOT a curriculum, intervention, or practice, but IS a decision making framework that guides selection, integration, and implementation of the best evidence-based academic and behavioral practices for improving important academic and behavior

outcomes for all students. (Taken from www.pbis.org)

PBIS is a positive behavior system that staff and students will begin at Booneville Elementary in

August 2018. PBIS is a data driven program based on student needs at our school. This program is mostly student managed, by choices they make. When students practice expected behaviors, they are rewarded for their great decision-making skills.

General Expectations for Positive Behavioral Interventions and Supports (PBIS) at Booneville Elementary School:

All staff will participate in a school wide positive behavior reward system utilizing a system to recognize individuals' positive behaviors. All grade levels will design & implement a positive behavior reward system based on their discipline plan. All staff and students will appropriately use and respond to "Lock, Look and Listen!" at the cue, all persons present will hold up their hands, lock their index fingers, be quiet, and look at the person speaking. To discipline means to teach. At BES, students are taught behavioral expectations and given the opportunity to practice the procedures of the PBIS School-wide Discipline Community which is made up of all students, staff members, and administrators. It is the responsibility of teachers to ensure that every child learns the expectations of PBIS by enforcing the rules and procedures. It is the student's responsibility to follow the procedures, adhere to the rules, and actively engage in learning. At BES, we will focus on the positive behavior exhibited by students and Staff:

All staff will recognize students who are exhibiting positive behavior. All staff will be provided with a Bearcat Paw stamp and tickets. At the end of each week, students will receive a stamp and a ticket to put into the prize drawing bucket at the end of the nine weeks. There will be intermittent recognition throughout the nine weeks to keep students motivated and encouraged to make good choices. Students who are "caught" having exemplary behavior by any staff will be given a Positive Office Referral.

Lastly, students will be recognized quarterly for their efforts through numerous activities such as assemblies, newspaper, social media and other means. All staff and students will follow the School-wide Expectation and Rules found in the PAWS Matrix which includes:

- P: Practice a Positive Attitude
- A: Act Responsibly
- W: Work Together
- S: Show Respect "PAWS" Award

ATTENDANCE

ABSENCES

Students shall not be absent, as defined in this policy more than seven (7) days in a semester without a note. Students can have 3 parent notes, after those 3 notes a student must have professional notes. (i.e. Medical Doctor, Dentist, Psychologist, court document.) Students have 2 school days to clear up an unexcused absence. After that period of time, the absence will remain unexcused. When a student has 3 and 5 absences without a note, his/her parent, guardian, or person in loco parentis shall be notified that the student has missed half the allowable days for the semester. Notification shall be by telephone by the end of the school day in which such absence occurred or by regular mail with a return address sent no later than the following school day.

DIGITAL MAKE-UP

Students must adhere to the above policy, but will be able to receive a “D” instead of an Excused or Unexcused absence. “D” stands for Digital Curriculum. Absences with a “D” do not count towards semester test exemptions. To receive the Digital Curriculum absence, students must meet two requirements. 1.) Have a note that fits within the number of allowed notes 2.) Make-up any school work from the days they missed. Students will have one day per day missed to make up work. The principal may extend the amount of notes allowed due to extenuating circumstances, but must be approved.

*Students will be allowed 1 excused absence for two periods while taking their driver’s tests each semester. Students will not have to use a parent note for this; however, students must return within two periods.

According to DESE, a student is absent if the student is not:

1. present for onsite instruction provided by the district
2. participating in a planned district-approved activity, or
3. engaged in scheduled instruction at an off-site location, including remote learning.

CHECK-IN PROCEDURE

A student who has missed a class or classes must bring a parent or professional note to the office when they return. Students arriving at school late must sign in at the office before going to class.

CHECK-OUT PROCEDURE

Booneville Junior High School operates on a closed campus. No student will be allowed to check out and leave school without his/her parent, legal guardian or parents designee signing the student out on the forms in the junior high school office. **Notes and/or phone calls WILL NOT be accepted.** No student may be checked out by anyone under 21 years of age. No student shall be taken from class and sent on errands except by permission of the principal. Students may not be checked out to go to lunch. We ask that students limit checking out to only necessary appointments. The student must bring a check-in note when the return to school. Students who become ill and desire to leave campus during the school day must complete the following procedure:

1. After obtaining permission from their teacher, they are to contact the nurse.
2. They are to wait in the nurse's office until the parent/guardian has been contacted by phone and has been granted permission to check out of school.

The student is to bring a note from parent/guardian or professional when returning to school. If he/she is out of parent notes, a professional note will need to be obtained or it will be considered an unexcused absence.

TARDIES

Tardies will be kept in each teacher's grade book and/or TAC. Tardies are defined as being late by ten (10) minutes or less. Anything over 10 minutes is considered an absence.

*Note: Students who put their belongings down and leave class prior to the tardy bell will still be counted tardy if they do not return before the bell. Students have ample time to travel to each class but are given 3 "free" tardies for emergencies per 9 weeks prior to incurring any consequences.

AFTER SCHOOL PICK-UP

The parking lot immediately south of the BHS Music Center has been designated as the after school pick-up area. Parents are requested to park in this area only and wait for their children after school each day.

SCHOOL VISITATION

Your visits to BJHS are welcome. All visitors must stop by the office to sign in and pick up a “VISITOR” badge to wear while they are in the building. Conferences with teachers will be scheduled during the teacher’s conference period and may be scheduled through the office.

Students are not allowed to bring visiting friends or relatives to school with them. It shall be the responsibility of the custodial parent to make any visitation restrictions regarding the non- custodial parent known to the office personnel by presenting a copy of a file-marked court order restricting visitation in situations where visitation by the non-custodial parent is not allowed.

STUDENT WITHDRAWAL FROM BJHS

In the event that it becomes necessary for a student to withdraw from BJHS, the parent should notify the principal’s office for the procedure for withdrawal. This is essential if the required records are to be maintained in the proper manner.

ACADEMICS

Parents or guardians shall be kept informed concerning the progress of their student. Parent-teacher conferences are encouraged and may be requested by parents, guardians, or teachers. If the progress of a student is unsatisfactory in a subject, the teacher shall attempt to schedule a parent-teacher conference. In the conference, the teacher shall explain the reasons for difficulties and shall develop, cooperatively with the parents, a plan for remediation, which may enhance the probability of the student succeeding.

| GRADING SYSTEM | To determine grade point averages (GPA) |
|------------------|---|
| A = 90 – 100 | A = 4 points |
| B = 80 – 89 | B = 3 points |
| C = 70 – 79 | C = 2 points |
| D = 60 – 69 | D = 1 point |
| F = 59 and below | F = 0 points |

ADVANCED PLACEMENT and HONORS COURSES

Students in grades 7-12 who take advanced placement courses or honors or concurrent credit college courses approved for weighted credit by the Arkansas Department of Education shall be graded according to the following schedule.

| <u>Regular Classes/PreAP</u> | | | <u>Advanced Placement (AP)</u> | | |
|------------------------------|---|--------------|--------------------------------|---|------------|
| A | = | 100 – 90 | 4 points | A | = 5 points |
| B | = | 89 – 80 | 3 points | B | = 4 points |
| C | = | 79 – 70 | 2 points | C | = 3 points |
| D | = | 69 – 60 | 1 point | D | = 2 points |
| F | = | 59 and below | 0 points | F | = 0 points |

Students at BJHS will be held to a high academic standard. In order to encourage good study habits and sufficient effort, students that fail a test may be asked to copy the test questions they missed during after school detention or working lunch. Students that fail to do this or miss after school detention will be given ISS until the work is completed.

For a student to be eligible to receive weighted credit for an AP, or IB course, the student's course must have been taught by an Arkansas licensed teacher who has received the appropriate training required by Arkansas statute and ADE Rule or, for an AP teacher, is in the process of completing an Additional Training Plan.

Additionally, for students taking AP courses to receive weighted credit they must take the applicable AP or IB examination after completing the entire course. Credit shall be given for each grading period during the course of the year but shall be retroactively removed from a student's grade for any course in which the student fails to take the applicable AP exam. Students who do not take the AP exam shall receive the same numeric value for the grade he/she receives in the course as if it were a non-AP course.

"Honors Courses" are those courses that have been approved by a Department of Education Committee as honors courses. Honors courses must stress higher order learning and be offered in addition to curriculum offerings required by the Standards for Accreditation, Arkansas Public Schools.

Students who transfer into the district will be given weighted credit for the Advanced Placement courses and honors courses approved by the Arkansas Department of Education, and concurrent college courses taken for weighted credit at his/her previous school(s) according to the preceding scale.

The nine week grade shall be determined in the following manner: Percentage grades will be given on daily work, daily or chapter tests, and the nine weeks test. An average of these percentages will be used to calculate the nine-week grade. Semester grades will be determined by counting each nine weeks grade as 40% and the semester test as 20%. In the event that no semester test is given, the semester grade will be calculated by averaging together the two nine week grades.

HONOR ROLL

Students in grades 7-12 who participate in the Smart Core Curriculum and maintain a 3.00 GPA for the grading period will be recognized as honor roll students for that grading period. Semester grades will determine the honor roll at the end of each semester.

1. To be eligible for the honor roll a student must be enrolled in core curriculum classes. Core curriculum refers to the regular curriculum of Math, Science, English, Reading and Social Studies in which the adopted grade level textbooks are used.
2. Any student making all A's during a nine weeks grading period will have his/her name placed on the Superintendent's Honor Roll.
3. Any student making all A's and B's during a nine weeks grading period will have his/her name placed on the Principal's Honor Roll.

CONCURRENT CREDIT

A ninth through twelfth grade student who successfully completes a college course(s) from an institution approved by the Arkansas Department of Education shall be given credit toward high school grades and graduation at the rate of one high school credit for each three (3) semester hours of college credit. Unless approved by the school's principal, **prior to enrolling for the course**, the concurrent credit shall be applied toward the student's graduation requirements as an elective.

A student who takes a three-semester hour remedial/developmental education course, as permitted by the ADE Rules Governing Grading and Course, shall be the equivalent of one-half unit of credit for a high school career focus elective. The remedial/developmental education course cannot be used to meet the core subject area/unit requirements. Participation in the

concurrent high school and college credit program must be documented by a written agreement between:

- The District's student, and his or her parent(s) or guardian(s) if the public school student is under the age of eighteen (18);
- The District; and
- The publicly supported community college, technical college, four-year college or university, or private institution of higher education the student attends to take the concurrent credit course.

Students are responsible for having the transcript for the concurrent credit course(s) they've taken sent to their school in order to receive credit for the course(s). Credit for concurrent credit courses will not be given until a transcript is received. Transcripts for students who take concurrent credit courses as partial fulfillment of the required full day of class for students in grades 9-12 are to be received by the school within 10 school days of the end of the semester in which the course is taken. Students may not receive credit for the course(s) they took or the credit may be delayed if the transcripts are not received in time, or at all. This may jeopardize students' eligibility for extracurricular activities, graduation.

Students will retain credit earned through the concurrent credit program which was applied toward a course required for high school graduation from a previously attended, accredited, public school. Any and all costs of higher education courses taken for concurrent credit are the student's responsibility.

CREDIT RECOVERY POLICY

Booneville School District realizes the need to develop and implement a credit recovery program. The District intends to utilize software and other computer programs that include but are not limited to OdysseyWare.

Students must maintain a minimum of 60% in all classes in which they are seeking to receive credit. Students will be expected to fulfill their requirements for the reading program for the relevant grade level for which credit is being sought. Credit recovery will not be limited to school hours only. Students may make arrangements with administration/counselor for noon, after school or before school access to the program. Course must be completed within the semester it is started. All course work must be turned into administrator in hard copy before final grade is given.

Credit recovery will not be a method of by-passing a class that is offered. A student must have failed the course in order to take said course in the credit recovery program. Students are encouraged to attempt credit recovery at the earliest available time after they have failed said course. Student must be deemed to have given an earnest attempt at failed course in order to be allowed into the credit recovery program. A committee of counselor, teacher, administrator, and LEA supervisor (if applicable) will make the decision.

CURRICULUM

In order to graduate from Booneville High School, a student must have ½ credit of business applications class in order to satisfy the state requirement.

The core curriculum for grades seven, eight and nine shall emphasize mastery of competencies and skills in the following subject areas that are required for each student: English, Mathematics, Science, and Social Studies.

Students in grades seven and eight may also be required to take instruction in the following areas: Physical Education, Keyboarding/Computer Tech, Career Development, Health Education, or Fine Arts (Art & Music).

Students in grades seven and eight who demonstrate below average reading or math ability will be placed in a reading class or math enrichment class instead of an elective class. These attempts will be made in order to assist those students who need additional instruction to make satisfactory progress in required courses.

Eighth grade students who qualify by teacher recommendation, grades, and standardized test scores, may take Algebra I for high school credit. Students with an “F” in eighth grade Algebra I will be required to retake Algebra I for credit during their ninth-grade year.

Students enrolled in Title I programs are expected to complete work as assigned and take advantage of this type of educational opportunity. Students not working up to expectations (not turning in assignments, low grades) in these classes may be transferred out and not recommended for future placement in courses of this type. This may give other students who wish to excel the opportunity to take these limited enrollment courses the next year.

PREREQUISITES

7th Grade Pre-Algebra- To be eligible to take 7th Grade Pre-Algebra, students may be required to meet the standard on a qualifying rubric.

8th Grade Algebra- To be eligible to take 8th Grade Algebra, students may be required to meet the standard on a qualifying rubric.

Project Lead the Way- Project Lead the Way is an advanced class and students may be required to meet the standard on a qualifying rubric. Students in PLTW are expected to maintain at least a “C” in all classes. Missing work in any class may disqualify a student from being eligible in PLTW.

Pre-AP- Class size and teacher availability will dictate class space for Pre-AP courses. Students with the highest GPA will be considered first for placement in the class.

GRADUATION REQUIREMENTS

SMART CORE CURRICULUM FOR THE CLASS OF 2018 AND THEREAFTER

See “Smart Core Curriculum and Graduation Requirements (2018 and after) 4.45.1” in District Handbook page 20.

EXEMPTION POLICY

Students may be exempt from Fall/Spring Semester exams in a class if they meet the following criteria:

YOU “ARE” EXEMPT IF:

You have at least a “C” in the course and no absences.

*Note: Digital Make-ups do not count as absences. Refer to “Absences” for the definition of a Digital Make-up.

YOU “ARE NOT” EXEMPT IF:

- You have any unexcused absences
- You have any “Out of School Suspension” referrals
- You have two referrals for any reason
- You have fines
 - Library fines, charges, and books must be returned in order for the student to be exempt.
 - All other fines will disqualify students for that class or activity only.

***Remember each class is separate from the others, meaning you may be excused from one but not another. The rules apply to each class separately.**

***It is important to note that the reason for the absence makes no difference in qualifying for exemption. No semester test will be given early unless approved by administration.**

ASSIGNMENT POLICY

Parents and teachers should be partners in the education of students. Their joint efforts in assigning and monitoring homework can provide an excellent opportunity to strengthen the home/school relationship and to help the student feel that home and school are working for his/her best interest. All “homework” for students will be class work that was not completed at school. Parents are encouraged to support their children’s efforts with homework.

Assignments, special reports, or projects should be turned in on time. It is left up to the individual teacher as to the penalty invoked for late or incomplete assignments. Such penalties may include, but are not limited to, the giving of partial credit or the loss of all credit. Should students persist in not doing their work, additional measures will be taken. Teachers should contact a student’s parent/guardian when a student has failed to turn in 2 assignments during a nine-week grading period. It is important to note that the failure to complete assignments, when averaged in with other grades, may be sufficient to fail a student.

Each teacher should advise students as to how and to what extent assignments will be used in determining their grade for each grading period.

MAKE-UP WORK

Students who miss school due to an absence shall be allowed to make up the work they missed during their absence under the following rules:

1. **Students** are responsible for asking the teachers of the classes they missed what assignments they need to make up.
2. Teachers are responsible for providing the missed assignments when asked by a returning student.
3. **Students** are required to ask for their assignments on their first day back at school or their first class day after their return.
4. Make up tests are to be rescheduled at the discretion of the teacher but must be aligned with the schedule of the missed work to be made up.
5. The make-up schedule will be as follows:
 - a. **1-3 days absent:** 2 days to make up work
 - b. **4-6 days absent:** 3 days to make up work
 - c. **7-10 days absent:** 5 days to make up work
 - d. **11 or more days absent:** teacher and principal/asst. principal will determine appropriate amount of make-up time
6. Make up work which is not turned in within the make-up schedule for the assignment shall not receive full credit.
7. **Students** are responsible for turning in their make-up work without the teacher having to ask for it.
8. **Students** who are absent on the day their make-up work is due must turn in their work the day they return to school whether or not the class for which the work is due meet the day of their return.
9. Any student that is suspended out of school will be able to make up work for credit at the teachers discretion.
10. Work may not be made up for credit for absences in excess of the number of allowable absences in a semester **unless** the absences are part of a signed agreement.
11. As required/permitted by the student's Individual Education Program or 504 Plan.

If a student receives an incomplete on the report card, the work must be made up within amount of time determined by the principal or the grade will become an "F". Assignments will be collected by the office if a student is absent for more than three (3) days. For absences of three (3) days or less, students should contact a classmate for the assignments. If a parent requests that the assignments be collected from the teachers (four or more days absent) it will be the responsibility of the student to have the majority of the assignments completed and ready to turn in when the student returns to school.

Work for students serving an out-of-school suspension or expulsion shall be in accordance with the District's programs, measures, or alternative means and methods to continue student engagement and access to education during the student's period of suspension or expulsion, including offering an expelled student an opportunity for enrollment in digital learning courses or other alternative educational courses that result in the receipt of academic credit that is at least equal to credit the expelled student may have received from the District if the student had not been expelled.

CONDUCT GUIDELINES

DRESS CODE:

In order to establish high standards for Booneville Jr. High School, it is important to maintain neatness, cleanliness and decency in the dress of all students. With the realization that there is an

accepted dress for all occasions and that what is appropriate for one occasion may not be for another, the Booneville School District has established the following dress code:

1. Dress and grooming should be clean and in keeping with good health and sanitary practices.
2. Shoes must be worn.
3. A student shall not wear types of clothes or use emblems, insignias, badges, or other symbols which cause disruption or interference with the operation of the school.
4. Shorts and skirts must be of an appropriate length.

The following *are* examples of dress that are NOT ACCEPTABLE:

1. Tank Tops, backless blouses/shirts, dresses or tops **which expose undergarments**. See-through or low cut blouses, do-rags and clothing with holes or ragged edges

3. Sleeveless shirts which do not fit snugly around the shoulders
4. Sleeveless shirts that expose the lateral area of the wearer
5. Tops which expose the midriff

19. Students are prohibited from wearing, while on school grounds during the school day and at school-sponsored events, clothing that exposes underwear, buttocks, or the breast of a female. This prohibition does not apply, however to a costume or uniform worn by a student while participating in a school-sponsored activity or event.

SHORT HAND DRESS CODE:

Due to miscommunication and misunderstandings, here is a shorthand version of our dress code that outlines the *most common* violations. For an exhausted list, see the numbered list above.

1. Wear shoes

Students are to report to the ISS room immediately after their breakfast or, if they do not eat breakfast, they should report to ISS immediately upon arriving on campus. No loitering in other locations on campus will be tolerated. Students will be required to adhere to a strict code of conduct while in ISS. Failure to comply with the rules could result in additional days being

added to the ISS assignment or out of school suspension and then return to complete the original ISS assignment.

Students receiving ISS shall not be permitted to participate in any school function beginning at the end of the school day the date of the assignment. Students shall be allowed to return to regular activities at the end of the school day (3:00 p. m.) on the day said punishment is completed. Saturday School Suspension is an on-campus educational setting provided as an alternative to Out-of-School Suspension. Students may only be assigned to Saturday School by the principal or assistant principal. Students assigned Saturday School must bring regular classroom assignments to work on during the time at Saturday School. Students will report to the designated area by 8:00 a.m. and remain there until 11:00 a.m. for ½ day Saturday School or from 8:00 a.m. until 2:00 p.m. for full day Saturday School. Any student showing up late or without sufficient work will be turned away.

The date for Saturday School may be moved one week at the request of the parent/guardian (provided Saturday School is in session on that date) to the principal/assistant principal. If a student fails to attend the assigned Saturday School, the student will be assigned 2 days of ISS for missing ½ day and 4 days of ISS for missing a full day of Saturday School. Parents are responsible for the transportation of their child to and from Saturday School. If the student is suspended for missing Saturday School they will make up their Saturday School when they return from the suspension.

*Students in Saturday school will be required to complete a restorative justice program.

CHEATING:

Students are expected to do their own work. Cheating is considered a severe lack of honesty and integrity and is in effect "stealing" from oneself. Cheating will result in a grade reduction, parent notification, discipline referrals to the principal, or all of these.

Students shall not vandalize or otherwise damage or be face any property, including furniture and other equipment, belonging to or used by the district. Parents/guardians of students guilty of damaging school property shall be held liable for damages in accordance with the law. EXTRA-CURRICULAR & CO-CURRICULAR ACTIVITIES

The District believes in providing opportunities for students to participate in extracurricular activities that can help enrich the student's educational experience. At the same time, the District believes that a student's participation in extracurricular activities cannot come at the expense of his/her classroom academic achievement. Interruptions of instructional time in the classroom are to be minimal and absences from class to participate in extracurricular activities shall not exceed one per week per extracurricular activity (excluding tournaments).

Students are expected to ride the bus to extracurricular events. Only in extenuating circumstances and an agreement between the coach/sponsor and guardian, with prior approval from the principal, will the student be allowed to go to the event with alternative transportation.

Students may not be released to anyone other than their legal parent/guardian. The parent or guardian must present a note or sign a release document at the event in order for a student to be released. Parents or guardians may request that their son or daughter be released into the custody of another adult after the completion of an event. The procedure for this is to obtain a written permission statement from the principal (signed and cleared by the principal) and give it to the coach in charge prior to leaving for the trip. The adult who will assume custody of the student(s) must sign a checkout sheet held by the coach or sponsor in charge after the event before the student(s) will be allowed to leave the supervision of the coaches. **STUDENTS WILL ONLY BE RELEASED TO ADULTS 21 YEARS OF AGE OR OLDER.**

Definitions:

Extracurricular activities are defined as: Any school program where students from one or more schools are competing for the purpose of receiving an award, rating, recognition, or criticism, or qualification for additional competition. Examples include, but are not limited to, interscholastic athletics, cheerleading, band, choral, math, or science competitions, and club activities.

Academic Courses are those that are identified in the Arkansas Department of Education's Standards for Accreditations of Arkansas Public Schools as one of the 38 course offerings or is a definable course for which class time is scheduled and which can be credited to meet the minimum requirements for graduation and is taught by a teacher required to have State certification in the course, and has been approved by the Arkansas Department of Education.

Any of these courses for which concurrent high school credit is earned may be from an institution of higher education recognized by the Arkansas Department of Education. If a student passes an academic course offered on a block schedule, the courses can be counted twice toward

meeting the requirement for students to pass four (4) academic courses per semester as required by this policy.

The Supplemental Improvement Program is an additional instructional opportunity for identified students outside of their regular classroom and meets the criteria outlined in the Arkansas Department of Education's Regulations Governing School District Academic Requirements for Student Participation in Competitive Interscholastic Activities.

It is important to note that extra-curricular activities are not required for graduation. All extra-curricular activities will have sponsors/coaches who may require additional criteria for participation in his/her program. Students who do not meet said criteria may lose their privilege to participate in said activity at the sponsors'/coaches' discretion.

Booneville is a member of District 4-AAAA and is a member of AAA. Booneville students must meet all requirements of the AAA in order to participate in extracurricular activities. Students may qualify to "letter" in a sport beginning in the eighth grade. Qualifications to "letter" may be obtained from the Athletic Director. 1. A student promoted from the sixth grade to the seventh grade automatically meets scholarship requirements for participation in competitive interscholastic activities.
2. A student promoted from the seventh grade to eighth grade automatically meets scholarship requirements for the first semester. The **second semester eighth grader** and the **first semester ninth grader** meet the scholarship requirements for junior high if he/she has passed four (4) academic courses the previous semester, three (3) of which must be in the core curriculum as specified by the Arkansas Department of Education.
3. If a parent objects to instructional/library materials they may contact the building principal or Media Specialist to review the district policy regarding the selection/removal of instructional/library materials and to obtain a copy of the "Request for Reconsideration" form. Selection of instructional and media center materials will be based on the following criteria:

PARENT CONTACT:

Booneville Junior High School welcomes and recognizes the importance of communication between teachers and parents/legal guardians. Students will be given a progress report midway through each nine-weeks grading period. Students are to take these reports home and have their parents sign the report and bring it back to each teacher.

To help promote positive communication, parent/teacher conferences shall be held once each semester. Parent/teacher conferences are encouraged and may be requested by parents or guardians when they feel they need to discuss their child's progress with his/her teacher. Parents may contact the school secretary to set up an appointment with teachers whenever the need arises.

The District has the right to ask disruptive visitors to leave its school campuses. Principals are authorized to seek the assistance of law enforcement officers in removing any disruptive visitors who refuse to leave school property when requested to do so.

Teachers are required to communicate during the school year with the parent(s) or legal guardian(s) of each of their students to discuss their academic progress. More frequent communication is required with the parent(s) or legal guardian(s) of students who are performing below grade level.

All parent/teacher conferences shall be scheduled at a time and place to best accommodate those participating in the conference. Each teacher shall document the participation or non-participation of parent(s)/legal guardian(s) for each scheduled conference. If a student is to be retained at any grade level, notice of, and the reasons for retention shall be communicated promptly to the parent.

PROMOTION AND RETENTION:

A disservice is done to students through social promotion and is prohibited by state law. The District shall, at a minimum, evaluate each student annually in an effort to help each student who is not performing at grade level. Parents or guardians shall be kept informed concerning the progress of their student(s). Notice of a student's possible retention or required retaking of a course shall be included with the student's grades sent home to each parent/guardian or the student if 18 or older. Parent-teacher conferences are encouraged and may be held as necessary in an effort to improve a student's academic success.

At least once each semester, the parents and teacher(s) of a student in kindergarten through eighth (8th) grade shall be notified in writing of the student's independent grade-level-equivalency in reading.

Any grades, course credit, and/or promotions received by a student while enrolled in the Division of Youth Service system of education shall be considered transferable in the same manner as those grades, course credits, and promotions from other accredited Arkansas public educational entities.

Promotion or retention of students, or their required retaking of a course shall be primarily based on the following criteria.- If there is doubt concerning the promotion or retention of a student or

his/her required retaking of a course, a conference shall be held before a final decision is made that includes the following individuals:

- a. The building principal or designee;
- b. The student's teacher(s);
- c. School counselor
- d. A 504/special education representative (if applicable); and
- e. May include parent.

The conference shall be held at a time and place that best accommodates those participating in the conference. The school shall document participation or non-participation in required conferences. If the conference attendees fail to agree concerning the student's placement or receipt of course credit, the final decision shall rest with the principal or the principal's designee.

Beginning with the 2018-2019 school year, each student shall have a student success plan (SSP) developed by school personnel in collaboration with the student's parents and the student that is reviewed and updated annually. A student's SSP shall use multiple academic measures to personalize learning in order for students to achieve their grade-level expectations and individual growth. The SSP will identify if the student is in need of additional support or acceleration. Academic measures to be used in creating and updating a student's SSP shall include, but are not limited to:

- Statewide student assessment results;
- Subject grades;
- Student work samples; and
- Local assessment scores.

By the end of grade eight (8), the student's SSP shall:

- Guide the student along pathways to graduation;
- Address accelerated learning opportunities;
- Address academic deficits and interventions; and
- Include college and career planning components.

Based on a student's score on the college and career assessment:

- The student's SSP will be updated in order to assist the student with college and career readiness skills, course selection in high school, and improved academic achievement; and
- Provide a basis for counseling concerning postsecondary preparatory programs.

An SSP shall be created:

1. By no later than the end of the school year for a student in grade eight (8) or below who enrolls in the District during the school year; or
2. As soon as reasonably possible for a student in grade nine (9) or above who enrolls in the District at the beginning or during the school year.²

A student's individualized education program (IEP) may act in the place of the student's SSP if the IEP addresses academic deficits and interventions for the student's failure to meet standards-based academic goals at an expected rate or level and includes a transition plan that addresses college and career planning components. Promotion/retention of students with an IEP shall be based on their successful attainment of the goals set forth in their IEP

Promotion/retention or graduation of students with an IEP shall be based on their successful attainment of the goals set forth in their IEP either refuse to sit for a Statewide assessment or attempt to boycott a Statewide assessment by failing to put forth a good faith effort on the assessment as determined by the assessment administrator/proctor, or whose parents do not send

their student to school on the dates the assessments are originally administered or scheduled as make-up days shall not be permitted to participate in any non-curriculum related extracurricular activity, including school dances, prom, homecoming, senior events, and may be prevented from walking or participating in graduation exercises. The student shall remain ineligible to participate until the student takes the same or a following statewide assessment, as applicable, the Superintendent or designee may waive this paragraph's provisions when the student's failure was due to exceptional or extraordinary circumstances.³ Students falling under the provisions of this paragraph shall be permitted to attend curriculum related field trips occurring during the school day.

RECREATION TIME RULES:

1. Obey supervisory personnel.
2. Use equipment appropriately.
3. Stay within designated boundaries.
4. Fighting and "rough-housing" will not be allowed.
5. Absolutely no rock or gravel will be thrown.
6. No leaving designated area without permission.
7. Rules may be modified to meet certain circumstances.

SCHOOL MEAL MODIFICATIONS:

The district only provides modified meal components on menus to accommodate students with a disability. A parent/guardian wishing to request a dietary accommodations for their student with a disability must submit to the district's Director of Child Nutrition¹ a medical statement completed by a State licensed healthcare professional, which includes:

- Physicians, including those licensed by:
 - The Arkansas State Medical Board;
 - The Arkansas State Board of Chiropractic Examiners (Chiropractors);
 - The Arkansas Board of Podiatric Medicine (Podiatrists);
- Nurse Practitioners (APRNs in family or pediatric practice with prescriptive authority);
- Physician Assistants (PAs who work in collaborative practice with a physician); and
- Dentists.

The medical statement should include:

1. A description of the student's disability that is sufficient to understand how the disability restricts the student's diet;
2. An explanation of what must be done to accommodate the disability, which may include:
 - a. Food(s) to avoid or restrict;
 - b. Food(s) to substitute;
 - c. Caloric modifications; or
 - d. The substitution of a liquid nutritive formula.

If the information provided in the medical statement is unclear, or lacks sufficient detail, the district's Director of Child Nutrition shall request additional information so that a proper and safe meal can be provided.

When choosing an appropriate approach to accommodate a student's disability, the District will consider the expense and efficiency of the requested accommodations. The District will offer a reasonable modification that effectively accommodates the child's disability and provides equal opportunity to participate in or benefit from the program, which may include a generic version of a product.

Parents may file a grievance regarding the request for accommodations with the District's 504 Coordinator³, who will schedule a hearing on the grievance to be held as soon as possible. The 504 coordinator shall provide a copy of the procedures governing the hearing, including that the parent has the right to be accompanied by counsel, and the appeal process upon request.

Certification of Disability for Special Dietary Needs Form completed by a licensed physician to the district's Director of Child Nutrition. The district will not prepare meals outside the normal menu to accommodate a family's religious or personal health beliefs.

SCHOOL TRIPS AND EXTRACURRICULAR ACTIVITIES:

A valuable part of a student's education comes from participation in meetings, conventions, and personal appearances in school groups. **However**, it is possible for an individual student to participate to the extent that it may interfere with his/her academic work. For this reason, the following regulations have been adopted:

1. Students making school sponsored trips will not be counted absent on the office record, but will be required to make up class-work.
2. Consent of a parent or guardian must be given in advance before a student can make a school trip. Incentive trips will be used occasionally as a reward for students who meet certain standards or criteria such as turning in all their homework assignments for a specific period of time or students who exemplify exceptional conduct.
3. Students are expected to ride the bus to extracurricular events. Only in extenuating circumstances and an agreement between the coach/sponsor and guardian, with prior approval from the principal, will the student be allowed to go to the event with alternative transportation.
4. Students may not be released to anyone other than their legal parent/guardian. The parent or guardian must present a note or sign a release document at the event in order for a student to be released. Parents or guardians may request that their son or daughter be released into the custody of another adult after the completion of an event. The procedure for this is to obtain a written permission statement from the principal (signed and cleared by the principal) and give it to the coach in charge prior to leaving for the trip. The adult who will assume custody of the student(s) must sign a checkout sheet held by the coach or sponsor in charge after the event before the student(s) will be allowed to leave the supervision of the coaches. **STUDENTS WILL BE RELEASED TO ADULTS ONLY.**
5. The decision whether or not to take a student on a trip rests with the trip sponsor and principal.

FIELD TRIPS OR CONFERENCES:

Students will not be considered absent from school if they choose to participate in an organized field trip or school-related conference. Written permission is required from a parent or guardian in order for a student to participate in field trips or conferences. Non-school sponsored organizations requesting trips during the school day must obtain permission from the principal, and participants must use a parent note to be excused. Students with absentee or discipline problems may not be allowed to participate on field trips.

OVERNIGHT TRIPS:

Any certified employee of the school who desires to sponsor an overnight trip that includes students and is considered school sponsored, must consult with his/her principal prior to discussing the trip with students or parents. The sponsor and principal must present the proposed trip to the superintendent for his approval in plenty of time for proper planning of the trip.

DISPLAY OF STUDENT PHOTOS ON THE WEB SITE:

The school may from time to time display the photograph or video clip of a student/s on the school/teacher web site to give recognition of student activities or accomplishments. Only the student's first name will be used in conjunction with the photograph or video clip. It is understood that once the photograph or video clip is displayed on a web site, the District has no control over how the photograph or video clip is used or misused by persons with computers accessing the District's web site.

STUDENT VEHICLES:

A student, who has presented a valid driver's license and proof of insurance to the appropriate office personnel, may drive his/her vehicle to school. Vehicles driven to school shall be parked in the area designated for student parking. Parking on school property is a privilege which may be denied to a student for any disciplinary violation, at the discretion of the student's building principal. Students are not permitted to loiter in parking areas and are not to return to their vehicles for any reason unless given permission to do so by school personnel.

It is understood that there is no expectation of privacy in vehicles in parking areas. Drivers of vehicles parked on a school campus will be held accountable for illegal substances or any other item prohibited by District policy found in their vehicle. The act of a student parking a vehicle on campus is a grant of permission for school or law enforcement authorities to search that vehicle. Students will be assigned a parking spot in the parking lot or area in front of the band room.

AUTOMOBILES/MOTORCYCLES:

Automobiles and motorcycles of students may be searched without a warrant if reasonable cause is evident. A K-9 (drug sniffing dog), under the supervision of an authorized law enforcement official, may be used to sniff student vehicles on school property. Once an alert has been signaled by a K-9 that drugs have been detected, this shall constitute reasonable cause to search by proper personnel.

Automobile/motorcycle registration is the responsibility of each student. A permit is required to drive on school campus. Reckless driving will not be tolerated and will result in a loss of driving privileges. If a student should drive another vehicle not registered with the office, the student should check in at the office or risk possible towing at the owner's expense. To properly register a vehicle, the driver should bring their driver's license, proof of insurance and vehicle registration to the office. A Booneville Jr. High School vehicle registration sticker must be displayed in the bottom right-hand section of the windshield. If the sticker is not displayed, the driver risks the loss of driving privileges and/or towing at the owner's expense.

TELEPHONE:

See "Telephone Policy" in District Handbook page 33.

TOBACCO POSSESSION AND USE:

Students shall not possess or use tobacco products, including but not limited to cigarettes, cigars, pipes, snuff, or chewing tobacco, while under the school's jurisdiction. Possession of a lighter

and/or matches is also prohibited.

Act 1555- “An act to require that a copy of the statue prohibiting smoking or use of tobacco or tobacco products on school property be posted in a conspicuous place at every entrance of each school building or school bus.”

Section1. Arkansas Code 6-21-609 is amended to read as follows: “6-21-609. Prohibition against smoking or use of tobacco products in any form in or on any property owned or leased by a public school district, including school buses, is prohibited. Any person violating the provisions of this section shall be guilty of a misdemeanor and, upon conviction thereof, shall be punished by a fine of not less than ten dollars (\$10) nor more than one hundred dollars (\$100).”

TOYS, CARDS, ETC.:

Toys, collectibles, etc. should not be brought to school. Such items will be held in the office until the end of the day. Any item not claimed within a week after school is out will be destroyed or given away.

VIDEO SURVEILLANCE AND OTHER STUDENT MONITORING:

See “Audio Taping/Video Surveillance” in District Handbook page 27.

ATTENDANCE

ATTENDANCE

Students shall not be absent, as defined in this policy more than seven (7) days in a semester without a note. Students can have 3 parent notes, after those 3 notes a student must have professional notes. (i.e. Medical Doctor, Dentist, Psychologist, court document.) Student have 2 school days to clear up an unexcused absence. After that period of time, the absence will remain unexcused. When a student has 3 and 5 absences without a note, his/her parent, guardian, or person in loco parentis shall be notified that the student has missed half the allowable days for the semester. Notification shall be by telephone by the end of the school day in which such absence occurred or by regular mail with a return address sent no later than the following school day.

DIGITAL MAKE-UP

Students must adhere to the above policy, but will be able to receive a “D” instead of an Excused or Unexcused absence. “D” stands for Digital Curriculum. Absences with a “D” do not count towards semester test exemptions. To receive the Digital Curriculum absence, students must meet two requirements. 1.) Have a note that fits within the number of allowed notes 2.) Make-up any school work from the days they missed. Students will have one day per day missed to make up work. The principal may extend the amount of notes allowed due to extenuating circumstances, but must be approved.

*Students will be allowed 1 excused absence for two periods while taking their driver’s tests each semester. Students will not have to use a parent note for this; however, students must return within two periods.

According to DESE, a student is absent if the student is not:

1. present for onsite instruction provided by the district
2. participating in a planned district-approved activity, or
3. engaged in scheduled instruction at an off-site location, including remote learning.

REGISTRATION

Students attending BHS are scheduled by the principals and counselors in the summer based upon the student’s choice of classes as shown on the pre-registration form filled out by the student in the spring. Student choices will be followed if at all possible. After the semester begins, a student’s schedule may be changed by a teacher, counselor, LEA Supervisor or administrative recommendation for a schedule change. All changes must be approved by the administration. New students will be enrolled conditionally until all records are obtained and all health records are brought up to date. Students enrolling in Booneville High School who have been home schooled will be classified according to the following criteria:

1. If the student has completed the 9th grade and wishes to enroll in the 10th grade, the student’s age must be appropriate for the 10th grade level and provide documentation in the form of test results on the state adopted nationally normed standardized tests administered to 5th, 7th grade students that they are ready for the 10th grade.
2. Students who are older than the customary 10th grade student will be classified the number of credits they have earned from an accredited high school.
3. In order for students to receive credit for courses completed through home schooling, the student must:

- a. Provide documentation showing that they had followed the appropriate steps to participate in home schooling
- b. Successfully complete the semester tests administered in that course. The student will receive credit toward graduation upon successfully passing the test (60% and above). The credit will not be calculated into the GPA.

CHECK-IN PROCEDURE

A student who has missed a class or classes must bring a parent or professional note to the office when they return within 48 hours. Students arriving at school late must sign in at the office before going to class.

CHECK-OUT PROCEDURE

Booneville High School operates on a closed campus. No student will be allowed to check out and leave school without his/her parent, legal guardian or parent designee signing the student out on the forms in the junior high school office. **Notes and/or phone calls WILL NOT be accepted.** No student may be checked out by anyone under 21 years of age. No student shall be taken from class and sent on errands except by permission of the principal. Students may not be checked out to go to lunch. We ask that students limit checking out to only necessary appointments. The student must bring a check-in note when they return to school. Students who become ill and desire to leave campus during the school day must complete the following procedure:

1. After obtaining permission from their teacher, they are to contact the nurse.
2. They are to wait in the nurse's office until the parent/guardian has been contacted by phone and has been granted permission to check out of school.
3. No student shall be taken from class or school and sent on errands except by permission from the principal and consent from the parent/guardian. The student is to bring a note from the parent/guardian or professional when returning to school. If he/she is out of parent notes, a professional note will need to be obtained or it will be considered an unexcused absence.

TARDIES

Tardies will be kept in each teacher's grade book and/or TAC. Tardies are defined as being late by ten (10) minutes or less. Anything over 10 minutes is considered an absence. The policy is per nine weeks as follows:

- 1-3 tardies Tardies Recorded
- 4th tardy ½ day of Saturday School
- 6th tardy 1 day of Saturday School
- 8th tardy 3 days ISS
- 10th tardy 5 days ISS

Parent meeting to determine appropriate punishment, which could range from loss of certain privileges (i.e.-driving to school), removal from extracurricular programs and in extreme instances FINS petition filed where student will be taken before the juvenile judge.

*Note: Students who put their belongings down and leave class prior to the tardy bell will still be counted tardy if they do not return before the bell. Students have ample time to travel to each

class but are given 3 “free” tardies for emergencies per 9 weeks prior to incurring any consequences.

TRUANCY:

Any student who fails to follow all or part of his/her assigned schedule (whether on or off campus, whole or part of a period) will be considered truant. Truancy includes leaving school during the day without properly checking out through the office.

Punishment Range:

- 1st offense- ½ day Saturday School or 5 days detention
- 2nd offense- 3 days ISS and parent meeting
- 3rd offense- 5 days ISS

**Credit for make-up work may be allowed

ACADEMICS

CLASSIFICATION OF STUDENTS

A student’s classification refers to his/her position in the high school relative to the graduation requirements. Students will be classified according to the number of credits earned. The following requirements must be met by the beginning of the fall semester for a student to be classified in the indicated grade level.

- **Freshman** - A minimum of 5 credits must be earned to promote to Sophomore
- **Sophomore** - A minimum of 6 additional credits (for a total of 11) must be earned to promote to Junior
- **Junior** - A minimum of 6 additional credits (for a total of 17) must be earned to promote to Senior
- **Senior Graduation** - A minimum of 22 credits must be earned in order to graduate. Of these 22 credits, 6 credits may be non-solid credits, and 3 credits may be earned from correspondence study, with permission of the Principal.

ASSIGNMENT AND INDEPENDENT STUDY POLICY

Parents and teachers should be partners in the education of students. Their joint efforts in assigning and monitoring work can provide an excellent opportunity to strengthen the home/school relationship and to help the student feel that home and school are working for his/her best interest. All “homework” for students can be class work that was not completed at school. Parents are encouraged to support their children’s efforts with schoolwork.

Assignments, special reports, or projects should be turned in on time. It is left up to the individual teacher as to the penalty invoked for late or incomplete assignments. Such penalties may include, but are not limited to, the giving of partial credit or the loss of all credit. Should students persist in not doing their work, additional measures will be taken. Homework should be assigned regularly, clearly stated, relevant, regularly collected and checked and returned to the students as soon as possible. Homework should complement and reinforce classroom learning. Each teacher should advise students as to how and to what extent work will be used in determining their grade for each grading period. Assignments should not be ordinarily required of students over an extended holiday period. Teachers should communicate concerns about inaccurate or incomplete assignments to parents. It is important to note that the failure to complete assignments, when averaged in with other grades, may be sufficient to fail a student.

MAKE-UP WORK

Students who miss school due to an absence shall be allowed to make up the work they missed during their absence under the following rules:

1. Students are responsible for asking the teachers of the classes they missed what assignments they need to make up.
2. Teachers are responsible for providing the missed assignment when asked by a returned student.
3. Students are required to ask for their assignments on their first day back at school or their first class day after their return.
4. Make up tests are to be rescheduled at the discretion of the teacher, but must be aligned with the schedule of the missed work to be made up.
5. Students shall have one class day to make up their work for each class day they are absent.
6. Students are responsible for assignments missed for any reason including school business.
7. Students are responsible for turning in their make- up work without the teacher having to ask for it.
8. Students who are absent on the day their make- up work is due must turn in their work the day they return to school whether or not the class for which the work is due meets the day of their return.
9. Students are still responsible for making up work due to out of school suspension.

If a student receives an incomplete on the report card, the work must be made up within two weeks or the grade will become an “F” as required/permitted by the student’s Individual Education Program or 504 Plan.

GRADING SYSTEM

Grades assigned to students for performance in a course shall reflect only the extent to which a student has achieved the expressed academic objectives of the course. Grades that reflect other educational objectives such as the student learning expectations contained in the curriculum frameworks may also be given.

Grading Scale is as follows:

| | |
|--------------|---|
| 90 and above | A |
| 80-89 | B |
| 70-79 | C |
| 60-69 | D |
| Below 60 | F |

The nine-week grade shall be determined in the following manner: Percentage grades will be given on daily work, daily or chapter tests, and the nine weeks test. An average of these percentages will be used to calculate the nine-week grade. The semester grade will be calculated by counting each nine-week period in the semester as 40% and the semester test as 20%. In the event that there is no semester test given, the semester grade will be calculated by averaging together the two nine-week grades. See “Grading” in District Handbook pages for more information regarding grades.

REPORT CARDS

Official report cards will be issued every nine weeks. The report card will reflect the academic achievement and attendance of each of the students’ courses of study. After approximately 4½ weeks of each nine weeks, a progress report will be sent home with the student to the parent/guardian. This progress report will reflect the mid-nine week grades for each course the student is enrolled in.

PROMOTION/RETENTION/COURSE CREDIT:

A disservice is done to students through social promotion and is prohibited by state law. The district shall, at a minimum, evaluate each student annually in an effort to help each student who is not performing at grade level. Each school in the Booneville School District shall include the criteria in the student handbook.

HONOR ROLL

Students in grades 7-12 who participate in the Smart Core Curriculum and maintain a 3.00 GPA for the grading period will be recognized as honor roll students for that grading period. Semester grades will determine the honor roll at the end of each semester.

1. Any student making all A's during a nine weeks grading period will have his/her name placed on the Superintendent's Honor Roll.
2. Any student making all A's and B's during a nine weeks grading period will have his/her name placed on the Principal's Honor Roll.
3. To be eligible for the honor roll a student must be enrolled in core curriculum classes. Core curriculum refers to the regular curriculum of Math, Science, English, Reading and Social Studies in which the adopted grade level textbooks are used.

EXEMPTION POLICY

Students may be exempt from Fall/Spring Semester exams in a class if they meet the following criteria:

YOU "ARE" EXEMPT IF:

You have at least a "C" in the course and no absences.

***Note:** Digital Make-ups do not count as absences. Refer to "Absences" for the definition of a Digital Make-up.

YOU "ARE NOT" EXEMPT IF:

- You have any unexcused absences
- You have any "Out of School Suspension" referrals
- You have two referrals for any reason
- You have fines
 - Library fines, charges, and books must be returned in order for the student to be exempt.
 - All other fines will disqualify students for that class or activity only.

***Remember each class is separate from the others, meaning you may be excused from one but not another. The rules apply to each class separately.**

***It is important to note that the reason for the absence makes no difference in qualifying for exemption. No semester test will be given early unless approved by administration.**

CREDIT RECOVERY POLICY

Booneville School District realizes the need to develop and implement a credit recovery program. The District intends to utilize software and other computer programs that include but are not limited to OdysseyWare.

Students must maintain a minimum of 60% in all classes in which they are seeking to receive credit. Students will be expected to fulfil their requirements for the reading program for the relevant grade level for which credit is being sought. Credit Recovery will not be limited to school hours only. Students may make arrangements with the administration/counselor for noon, after school or before school access to the program. Course must be completed within a semester it is started. All course work must be turned into the administrator in a hard copy before final grade is given.

Credit Recovery will not be a method of bypassing a class that is offered. A student must have failed the course in order to take said course in the credit recovery program. Students are encouraged to attempt credit recovery at the earliest available time after they have failed said course. Students must be deemed to have given an earnest attempt at failed course in order to be allowed into the credit recovery program. A committee of counselor, teacher, administrator, and LEA supervisor (if applicable) will make the decision.

REMEDATION

Due to state academic regulations, students not proficient in state EOC exams will not be granted credit in related courses until they have been remediated. Therefore, beginning with the 2005-2006 school year, any student required to take an end-of-course assessment that is identified as not meeting the satisfactory pass levels for a particular assessment shall participate in his or her remediation activities as required in his or her individualized academic improvement plan in the school year the assessment results are reported or he/she will not receive credit on his or her transcript for the course related to the end-of-course assessment.

SUMMER SCHOOL

Summer School is not offered at BHS every year. Summer School, when offered, will be only for those students that have attempted the course in a conventional high school setting. With special permission and approval from the counselor and principal, seniors may take summer school courses for classes they have not attempted. Only those students who have failed a class or not received credit will be allowed to attend summer school at Booneville High School. The grade will be averaged into their previous grade for grade point purposes. Summer school is not guaranteed and is on a first come first served priority. Priority will be first given to Booneville High School students. Priority will be given to seniors first and then to juniors, sophomores, and finally freshman that have failed. There are only a certain amount of slots available when summer school is offered. There will be a cost incurred for each class, and parents will need to fill out the necessary paperwork before students may begin the class. There are no refunds and payment must be received before credit is given. The handbook rules of Booneville High School, as well as any classroom rules will be enforced.

TUTORING AND COMPUTER AVAILABILITY

It is important for parents/guardians to know that tutoring and computer availability is provided by Booneville High School at the following times: 7:30 a.m., during lunch and after school until 4:00 p.m. These are all available by appointment with instructors and are at no cost to the student. Students must request help in advance to provide instructors the appropriate time to set their personal schedules.

GRADUATION REQUIREMENTS

In order to receive a diploma from Booneville High School, students must have a minimum of 22 units toward either the Smart Core or Core curriculum. Not all units earned toward graduation necessarily apply to Smart Core requirements. Of these 22 units, 16 units must be completed in solid subjects. A minimum of 22 units is required for graduation. The following courses must be part of the 22 units:

EARLY RELEASE FOR COLLEGE CREDIT

The following guidelines were recommended by the committee:

1. Fifth year seniors will be required to be enrolled in enough classes to fulfill graduation requirements. They are not required to be enrolled in seven classes.
2. Seniors may be permitted to leave after four academic classes under the following conditions:
 - a. Approval of educational transition committee
 - b. Student is enrolled in appropriate courses to fulfill graduation requirements

There is no need to file another application for the spring semester.
3. Seniors who did not successfully complete the six hours of credit enrolled in the first semester will not be allowed to leave early the second semester. They are to be enrolled in seven classes at the high school, only one of which is to be a study hall.
4. All other students are to be enrolled in seven classes, only one of which is to be a study hall.

CONCURRENT CREDIT

A ninth through twelfth grade student who successfully completes a college course(s) from an institution approved by the Arkansas Department of Education shall be given credit toward high school grades and graduation at the rate of one high school credit for each three (3) semester hours of college credit. Unless approved by the school's principal, **prior to enrolling for the course**, the concurrent credit shall be applied toward the student's graduation requirements as an elective.

A student who takes a three-semester hour remedial/developmental education course, as permitted by the ADE Rules Governing Concurrent College and High School Credit, shall be the equivalent of one-half unit of credit for a high school career focus elective. The remedial/developmental education course cannot be used to meet the core subject area/unit requirements in English and mathematics. Participation in the concurrent high school and college credit program must be documented by a written agreement between:

- The District's student, and his or her parent(s) or guardian(s) if the public school student is under the age of eighteen (18);
- The District; and
- The publicly supported community college, technical college, four-year college or university, or private institution the student attends to take the concurrent credit course.

Students are responsible for having the transcript for the concurrent credit course(s) they've taken sent to their school in order to receive credit for the course(s). Credit for concurrent credit courses will not be given until a transcript is received. Transcripts for students who take concurrent credit courses as partial fulfillment of the required full day of class for students in grades 9-12 (see Policy 4.44) are to be received by the school within 10 school days of the end of the semester in which the course is taken. Students may not receive credit for the course(s) they took or the credit may be delayed if the transcripts are not received in time, or at all. This may jeopardize students' eligibility for extracurricular activities or graduation.

Students will retain credit earned through the concurrent credit program which was applied toward a course required for high school graduation from a previously attended, accredited, public school. Any and all costs of higher education courses taken for concurrent credit are the student's responsibility.

WORKFORCE COMPLETERS

Workforce completers are determined by the successful completion of three (3) units of any workforce education program of study including the foundation core. Completers will be recognized at graduation by a white cord.

HONOR GRADUATES

Honor students will be determined by grade point average computed on semester grades beginning with the first semester of the ninth grade year and through the second semester of the twelfth grade year, with the exception of those students taking high school courses during their eighth grade year. Additional requirements for being selected as an honor student are:

1. Be enrolled at BHS during the junior and senior year if transferred from a school of lower rating.
2. Be enrolled at BHS during the senior year if transferred from a school of equal or higher rating.
3. Be a regular full-time student for these periods.
4. Have a minimum GPA of 3.50 in all solid courses.
5. Students must have completed the following curriculum:
 - a. Four units of Pre AP English or its equivalent
 - b. Two units of the same foreign language
 - c. Four units of mathematics which must be chosen from Algebra I, Algebra II, Geometry, Advanced Math, College Algebra, Pre-Calculus or Calculus.
 - d. Three units of science, which must include Pre-AP Biology and two courses from Advanced Physical Science, Pre-AP Chemistry or Physics, or Advanced Anatomy and Physiology
 - e. Three units of social studies including one unit of American History (does not include Contemporary American History), one unit of world history (does not include world culture, world geography, European history or global studies) and at least one-half unit of civics or American government (not to include courses in practical arts.)
6. Honor graduates will be required to have taken three AP courses and the AP test assigned to said course.
7. Students must maintain a "C" or better in any College Course
8. AP courses may only be replaced by a college core course

*A core course is defined as a course in Math, Science, English, or History

* After meeting the requirements of honor graduate, a student may choose to drop a college course without affecting his or her honor graduate status. Dropping a college course that replaces an AP course with a "D" or an "F" will result in a student being excluded from honor graduate status.

VALEDICTORIAN AND SALUTATORIAN

Honor students ranked first and second are designated valedictorian and salutatorian respectively. The honor student with the highest GPA and who has been enrolled in public school in grades 9 through 12 and in Booneville High School for his/her entire senior year shall serve as the valedictorian of his/her graduating class. Students who finished their 9th, 10th, or 11th grade year enrolled in a high school which has been closed due to consolidation/annexation with the Booneville District shall be selected valedictorian on the basis of the criteria in existence in their high school at the time of the closure and their subsequent academic achievement in Booneville High School. Their selection shall be separate from and in addition to selection of the valedictorian from non-consolidated/annexed students enrolled in Booneville High School.

The honor student with the second highest GPA and who has been enrolled in public school in grades 9 through 12 and in Booneville High School for his/her entire senior year shall serve as the salutatorian of his/her graduating class. Students who finished their 9th, 10th, or 11th grade year enrolled in a high school which has been closed due to consolidation/annexation with the Booneville District shall be selected salutatorian on the basis of the criteria in existence in their high school at the time of the closure and their subsequent academic achievement in Booneville High School. Their selection shall be separate from and in addition to selection of the salutatorian from non-consolidated/annexed students enrolled in Booneville High School.

Parents or guardians of a student, or a student eighteen (18) years of age or older, who choose to not have the student publicly identified as an honor roll or honor graduate student must submit a written request that the student not be so identified.

*In case of a tie, ACT Scores will be used as a tiebreaker.

- Follow the school's code of conduct when writing online. It is acceptable to disagree with other's opinions; however, do it in a respectful way. Make sure that criticism is constructive and not hurtful. What is inappropriate in the classroom is inappropriate online.
- Be safe online. Never give out personal information, including, but not limited to, last names, phone numbers, addresses, exact birthdates, and pictures. Do not SHARE your password with anyone besides your teachers and parents.
- Linking to other websites to support your thoughts and ideas is recommended. However, be sure to read and review the entire website prior to linking to ensure that all information is appropriate for a school setting.

- Be aware that pictures and music may be protected under copyright laws. Verify that you have permission to use the image or that it is under Creative Commons attribution.
- How you represent yourself online is an extension of yourself. Do not misrepresent yourself by using someone else's identity.
- Online work should be well written. Follow writing conventions including proper grammar, capitalization, and punctuation.
- If you edit someone else's work, be sure it is in the spirit of improving the writing. If you run across inappropriate material that makes you feel uncomfortable or is not respectful, tell your teacher right away.

CLOSED CAMPUS:

LIBRARY:

The high school library meets all requirements of the State Department of Education and the North Central Association. Approved books are in open shelves in the well-lighted reading room. Many books and other materials of learning are added each year to meet the needs of the students and faculty. If a parent objects to any instructional/library materials they need to contact the principal's office to review a copy of the district's policies. Student librarians are trained each year to facilitate the use of the library. The library is open to students from 7:45 a.m. until 3:30 p.m. each school day. Most materials may be checked out for a period of two weeks and rechecked if necessary. A fine of five cents per day is charged for overdue books. The student must pay for any book that he/she may lose. Report cards will be withheld until the student pays his/her fine, or for the book, as the case may be.

No Jr. High students will be permitted to park in the high school parking lot under any circumstances.

A K-9 (drug sniffing dog), under the supervision of an authorized law enforcement official, may be used to sniff student vehicles on school property. Once an alert has been signaled by a K-9 that drugs have been detected, this shall constitute reasonable cause to search by proper personnel. It is understood that there is no expectation of privacy in vehicles in parking areas. Drivers of vehicles parked on a school campus will be held accountable for illegal substances or any other item prohibited by District policy found in their vehicle. Any student parking a vehicle on campus is granting permission for school or law enforcement authorities to search that vehicle.

In order to park on school campus, students will be required to properly register their vehicle with the office and obtain a parking permit. The student should bring their driver's license, proof of insurance, vehicle registration, and permit fee of \$5.00 to the office. Students driving vehicles without the permit displayed risk losing their driving privileges and/or possible towing at the owners' expense. In the event the student changes vehicles during the school year, the office must be notified and the new information be recorded. Reckless driving will not be tolerated and will result in the loss of driving privileges.

A student or group of students wishing to distribute more than ten (10) copies of

non-school materials shall have school authorities review their non-school materials at least three (3) school days in advance of their desired time of dissemination. School authorities shall review the non-school materials, prior to their distribution and will bar from distribution those non-school materials that are obscene, libelous, pervasively indecent, or advertise unlawful products or services. Material may also be barred from distribution if there is evidence that reasonably supports a forecast that a substantial disruption of orderly operation of the school or educational environment will likely result from the distribution. Concerns related to any denial of distribution by the principal shall be heard by the superintendent whose decision shall be final.

The school principal or designee shall establish reasonable regulations governing the time, place, and manner of student distribution of non-school materials.

The regulations shall:

1. Be narrowly drawn to promote orderly administration of school activities by preventing disruption and may not be designed to stifle expression;
2. Be uniformly applied to all forms of non-school materials;
3. Allow no interference with classes or school activities;

Whereas the bulletin information is available to all students, each student is responsible for information contained in the bulletin. Posters may be placed in the building or on the grounds with the principal's permission. The person who puts up the poster is also responsible for removing the poster and placing them in appropriate trash receptacles.

STUDENT APPEARANCE

Dress Code:

In order to establish high standards for Booneville High School, it is important to maintain neatness, cleanliness, and decency in the dress of all students. With the realization that there is an accepted dress for all occasions, and what is appropriate for one occasion may not be for another, the Booneville School Board has established the following dress code.

Students are prohibited from wearing, while on the school grounds during the school day and at school-sponsored events, clothing that exposes underwear, buttocks, or the breast of a female. This prohibition does not apply, however, to a costume or uniform worn by a student while participating in a school-sponsored activity or event.

- b. A student shall not wear types of clothes or use emblems, insignias, badges, or other symbols which cause disruption or interference with the operation of the school.

- c. Students will be allowed to wear appropriate shorts provided that the shorts are of an acceptable length (The shorts must be long enough to come past the student's fingertips when they are standing erect with their arms hanging to their sides and their fingers outstretched). No bicycle or boxer are to be worn. Pants with holes in them must meet the same requirements as shorts; any holes may not be higher than the student's outstretched fingertips. Skirts, except for approved cheerleading, should come within six (6) inches of the top of the knee.
- d. Halter tops, tank tops, tops with spaghetti straps, hats, caps, bandanas, and do – rags are not acceptable. Shoulder width must be 2 inches wide (width of a dollar bill).

*All items confiscated by and held in the office may be picked up at the end of the semester. Items left in the office will be discarded.

Short Hand Dress Code:

Due to miscommunications and misunderstandings, here is a shorthand version of our dress code that outlines the *most common* violations. For an exhausted list, see the numbered list above.

1. Wear shoes
2. Skirts, shorts, and dresses have to be as long as fingers on the side of the thigh

7. No shirts that show your stomach
8. You can only wear tights/leggings if your private areas are covered
9. No pajamas
10. No hats, hoodies, beanies, or bandanas

The principal will decide appropriateness and will make the final decision in cases where a question is involved. In all circumstances, we will err on the side of "most appropriate." It will not be a discussion at this point. Students whose appearance is disruptive to the educational environment of the school will be sent home if their appearance is of such a nature that it cannot be corrected at school.

Prom Dress Code:

Students attending the BHS prom must follow the Prom Dress Code Guidelines:

- **Males:** Formal suit or tux with socks and dress shoes or building principal approval.
- **Females:** Formal dress with dress shoes or building principal approval. Attire that is considered inappropriate in the judgment of a school administrator may result in being denied admission.

In order to maintain high standards at Booneville High School, it is important to maintain neatness, cleanliness and decency in the dress of all students at all events. Prom is no exception.

Dresses that expose all or part of the midriff area or dresses with excessive splits are not acceptable. **** *The principal or an administrator will make final determinations regarding the above dress code violations. We may provide lace for dresses with excessive cleavage.***

PROHIBITED CONDUCT:

See “Prohibited Conduct” in District Handbook page 9.

CELL PHONES AND OTHER ELECTRONIC DEVICES:

Cell phones may be used before school, after school, during lunch, or in between classes. Students are expected to have cell phones put away prior to the tardy bell. Students are not allowed to use cell phones during class time.

Students caught with their cell phone out and refuse to give it to the teacher will immediately receive an office referral.

Taking video or pictures of students or staff without permission is strictly prohibited.

DISCIPLINARY RANGE OF INTERVENTIONS:

See “Disciplinary Range of Interventions” in District Handbook page 13.

RESTORATIVE PRACTICES

In addition to or in place of disciplinary intervention, principals may choose to use a restorative practices program when necessary.

UNEXCUSED ABSENCES:

See “Unexcused Absences” in District Handbook page 8.

DEMERIT SYSTEM/BEHAVIORAL MATRIX:

Demerits may be given any time a student is at school for breaking school rules and regulations or misbehavior of any kind. Demerits are cumulative for all classes for misbehavior in a nine week grading period.

Consequences:

| | |
|------------------|--|
| 3 Demerits | Student will be referred to the office and will be assigned detention for one (1) week, Corporal Punishment, or ½ day Saturday School. |
| 6 Demerits | Corporal Punishment 10 days detention or full day Saturday School |
| 9 Demerits | 5 days of ISS |
| Above 9 Demerits | 3 days out-of-School Suspension |

IN-SCHOOL SUSPENSION (ISS):

Students are to report to the ISS room immediately after their breakfast or, if they do not eat breakfast, they should report to ISS immediately upon arriving on campus. No loitering in other locations on campus will be tolerated. Students will be required to adhere to a strict code of conduct while in ISS. Failure to complete work or comply with the rules could result in additional days being added to the ISS assignment or out of school suspension and then return to complete the original ISS assignment.

Students receiving ISS shall not be permitted to participate in any school function beginning the first morning of the assigned punishment. Students shall be allowed to return to regular activities at the end of the school day (3:00 p. m.) on the day said punishment is completed. It is important to note that students whose punishment starts during one week and will be completed the following week will not be able to participate in any school functions during that weekend. Students in ISS may not attend or participate in any school function at home or away. Failure to adhere to this policy may result in trespassing charges being filed. Students violating ISS regulations will receive additional punishment ranging from additional days in ISS to suspension.

OUT-OF-SCHOOL SUSPENSION (OSS):

Students not present at school can benefit from educational opportunities the school environment affords. Administrators shall strive to find ways to keep students in school as participants in the educational process. There are instances, however, when needs of the other students or the interests of the orderly learning environment require the removal of a student from school. The Board authorizes school principals or their designees to suspend students for disciplinary reasons for a period of time not to exceed ten (10) school days, including the day upon which the suspension is imposed. The suspension may be in school or out of school. Students are responsible for their conduct that occurs; at any time on the school grounds; off school grounds at a school-sponsored function, activity, or event; going to and from or a school activity. A student may be suspended for behavior including, but not limited to that which:

1. Is in violation of school policies, rules, and regulations;
2. Substantially interferes with the safe and orderly educational environment;
3. School administrators believe will result in the substantial interference with the safe and orderly educational environment; and/or;
4. Is insubordinate, incorrigible, violent, or shows moral turpitude.

The School principal or designee shall proceed as follows in deciding whether or not to suspend a student.

- The student shall be given written notice or advised orally of the charges against him/her;
- If the student denies the charges, he/she shall be given an explanation of the evidence against him/her and be allowed to present his/her version of the facts;
- If the principal finds the student guilty of the misconduct, he/she may be suspended.

When possible, notice of the suspension, its duration, and any stipulations for the student's readmittance to class will be given to the parent(s) or legal guardian(s) or to the student if age 18 or older prior to the suspension. Such notice shall be handed to the parent(s) or legal guardian(s) or to the student if age 18 or older or mailed to the last address reflected in the records of the school district.

Out-of- School Suspension Procedures:

- A teacher may temporarily dismiss students from class for disciplinary action.
- The teacher shall, when feasible, accompany students to the office of the principal or designee and shall, as soon as practical, file with the principal a written statement about the student's dismissal from class.
- The principal or designee shall determine whether to reinstate students in class, reassign them, or take other disciplinary action.

- The principal or designee of any school is authorized to suspend students from school for disciplinary reasons up to ten school days, including the day upon which the suspension was initially imposed.
- Prior to suspension, the principal or designee shall inform students either orally or in writing about the infraction.
- If students deny charges, the principal shall explain to them the evidence that forms a basis of the charges and shall permit students to present their side of the story.
- When the principal considers that an out-of-school suspension is proper, he/she shall send the student (s) home.
- Students in OSS may not attend or participate in any school function at home or away. Failure to adhere to this policy may result in trespassing charges being filed.
- Students will receive credits for work while in out-of- school suspension.

Generally, notice and hearing should precede the student's removal from school, but if prior notice and hearing are not feasible, as where the student's presence endangers persons or property or threatens disruption of the academic process, thus justifying immediate removal from school, the necessary notice and hearing should follow as soon as practicable.

It is the parents' or legal guardians' responsibility to provide current contact information to the district which the school shall use to immediately notify the parent or legal guardian upon the suspension of a student. The notification shall be one of the following means, listed in order of priority:

- A primary call number the contact may be by voice, voice mail, or text message
- An email address
- A regular first class letter to the last known mailing address

The district shall keep a log of contacts attempted and made to the parent or legal guardian.

***Suspensions initiated by the principal or his/her designee may be appealed to the Superintendent, but not to the Board. *Suspensions initiated by the Superintendent may be appealed to the Board.**

SATURDAY SCHOOL SUSPENSION:

Saturday School Suspension is an on-campus educational setting provided as an alternative to out-of-school suspension. Students may be assigned up to five days of Saturday School Suspension based on the Principal's discretion. Students assigned Saturday School will be assigned regular classroom work under the supervision of a certified teacher. Students are responsible for obtaining work assignments from their teachers for the next week's assignments on the Friday before suspension begins. Students may only be assigned Saturday School by the principal or assistant principal and/or his/her assigned designee. Students may be assigned to Saturday School Suspension for inappropriate behavior in or out of class, poor attendance, excessive tardies, cumulative disciplinary referrals or misconduct reports, or for other infractions for which it is felt this would be appropriate action.

Students will report to the designated area at (½ day) 8:00 a.m. until 11:00 a.m. and (full day) 8:00 a.m. until 2:00 p.m. While there, students will follow all rules and regulations for Saturday School Suspension. Any student showing up late or without sufficient work will be turned away. Students will be responsible for their own transportation to and from Saturday School Suspension. Students assigned a full day of Saturday school will be responsible for providing their own lunch. Failure to attend Saturday School will result in 4 days In-School Suspension.

*Students in Saturday school will be required to complete a restorative justice program.

EXTRA-CURRICULAR ACTIVITIES

ACTIVITIES / FUNDRAISING:

All arrangements for any activity must be cleared with the principal before the activity is scheduled. The principal shall be the one to put the activity on the calendar. Scheduling of activities on school nights should be kept at a minimum. It is our policy each year to discourage as many money making projects as possible. Teachers must get permission from the principal for any fundraising campaign. No class or club may assess dues without permission of the principal.

ATHLETICS:

The Booneville High School athletic program is governed by the Arkansas Activities Association. The AAA along with the local school board sets rules and regulations determining eligibility of students and to a certain degree the scheduling of inter-school competition. Booneville students must meet all requirements of the AAA in order to participate in extracurricular activities.

ARKANSAS ACTIVITIES ASSOCIATION (AAA):

There shall be no secret club or organization within the Booneville School District. Non-curriculum-related secondary school student organizations wishing to conduct meetings on school premises during non-instructional time shall not be denied equal access on the basis of the religious, political, philosophical, or other content of the speech at such meeting. Such meetings must meet the following criteria:

1. The meeting is to be voluntary and student initiated;
2. There is no sponsorship of the meeting by the school, the government, or its agents or employees;

Hazing, as defined by law, is forbidden in connection with initiation into, or affiliation with, any student organization.

In lieu of fundraisers, each class/organization may pay a fee to help offset yearly costs including, but not limited to homecoming and float supplies, prom expenses and graduation activities. This will be determined by the class/organization sponsor. All class/organization members must meet these obligations. Failure to do so may result in a students' name being added to the fine list. A.C.A. § 6-5-201 et seq. A.C.A. § 6-21-201 et seq. 20, U.S.C. 4071 Equal Access Act, Board of Education of the Westside Community Schools v. Mergens, 496 U.S. 226 (1990), A.C.A. § 6-18-601 et seq.

SCHOOL TRIPS:

A valuable part of a student's education comes from participation in meetings, conventions and personal appearances in school groups. However, it is possible for an individual student to participate to the extent that it may interfere with his/her academic work. For this reason, the following regulations have been adopted:

1. Students making school-sponsored trips will not be counted absent on the office record but will be required to make up class work. **Students should talk with the teacher prior to leaving.**
2. Consent of parent or guardian must be given in advance before a student can participate in school trips.

Students may not be released to anyone other than their legal parent/guardian. The parent or guardian must present a note or sign a release document at the event in order for a student to be released. Parents or guardians may request that their son or daughter be released into the custody of another adult after the completion of an event. The procedure for this is to obtain a written permission statement from the principal (signed and cleared by the principal) and give it to the coach in charge prior to leaving for the trip. The adult who will assume custody of the student(s) must sign a checkout sheet held by the coach or sponsor in charge after the event before the student(s) will be allowed to leave the supervision of the coaches. **STUDENTS WILL ONLY BE RELEASED TO ADULTS 21 YEARS OF AGE OR OLDER.**

OVERNIGHT TRIPS:

Any certified employee of the school who desires to sponsor an overnight trip that includes students and is considered school sponsored, must consult with his/her principal prior to discussing the trip with students or parents. The sponsor and principal must present the proposed trip to the Superintendent in plenty of time for proper planning of the trip. This also must be done prior to discussing the trip with students or parents.

SCHOOL SPONSORED STUDENT ACTIVITY INSURANCE:

See "Student Sponsored Student Activity Insurance" in District Handbook page 51.

CHEERLEADERS/DRILL TEAM:

Sr. High Cheerleaders & Sr. High Drill Team members are chosen in the spring. Cheerleaders/ Drill Team will be selected by a judging committee. Each student must agree to abide by the constitution and bylaws of this organization before trying out.

HOMECOMING:

Each year, in conjunction with homecoming, the student council sponsors activities designed to honor former students of BHS. These activities usually consist of dress up days, a pep rally, and a parade. One representative from each class (7th - 12th) will be elected by a vote from each individual class. The student body will vote from a pool of five girls nominated by the football players in their class. The queen will be elected from the 12th grade by a vote from the 10th, 11th, and 12th grade students from a pool of five girls nominated by the 12th grade football players. The class representatives and queen all must have a 2.0 GPA, adhere to the attendance policy, and must meet AAA guidelines. Students that receive more than one office referral per semester will be ineligible for homecoming court. All classes, clubs, and campus organizations are encouraged to have an entry in the homecoming parade which is held on the afternoon of the homecoming football game. When choosing homecoming royalty for basketball, any student that was elected for football homecoming will be ineligible for the basketball ballot.

MR. & MISS BHS:

Each year, the BHS chapter of the National Beta Club sponsors a Mr. and Miss BHS contest. All classes, clubs, and organizations at BHS from grades 10-12 are eligible to enter representatives in this contest. Contestants for Mr. BHS complete an information sheet based on school and community activities. This sheet is used during a personal interview during which he is judged based on composure, personality, stage presence and appearance. Miss BHS contestants compete in the areas of personal interview, talent, and modeling. The selection criteria consist of poise, personality, beauty, and talent as judged by competent out-of-town judges during a formal competition in the high school auditorium. All AAA guidelines must be followed.

CO-CURRICULAR ACTIVITIES

The co-curricular activities of the Booneville High School are an integral part of the instructional program leading to a well-rounded individual. To help provide for participation for all without over participation by anyone individual, the following rules have been adopted. Qualifications for holding office in Booneville High School are:

1. No student will be allowed to run for or hold office in a school activity unless he/she has a grade of "C" or better in all courses. An officer, whose grades fall below a "C" will be given a warning. He/she will be allowed four (4) weeks to bring his/her grades up. The grades will be determined by the last semester grades.
