The following is a message we received yesterday from Superintendent Jordan who supervises the MSAD 46 and Tri County Technical Center. We wanted to communicate this message with our community in collaboration and support of the Center's handling of the situation.

*RE: COVID-19 POSITIVE CASE AT Tri-County Technical Center*

*This email is to inform you that an individual associated with Tri-County Technical Center has tested positive for COVID-19. We were notified this morning. We have taken steps with our response team to follow Maine CDC and DOE guidelines to notify staff and students as appropriate. We believe it best to share what we can with our entire community. Here are some details:*

*The individual who tested positive was last in attendance at the school on Friday 10/30/20.*

*Five students who attend TCTC and one staff member is now in quarantine.*

*Students and staff in quarantine will be contacted directly by CDC contact tracers and school personnel.*
