**I would need assistance (explain below what you would need to access meetings)**

**Explain below why you would like to be on this committee?**

**Explain below what you feel you would bring to this committee?**

We are looking for committee members who will come with an open mind, agree to listen to others, set aside preconceptions, and be willing to work in unity to arrive at a recommendation. Please explain below why you think this would be important and whether you could agree to these terms.

I agree with the terms listed above

This is an important issue and deserves our collective attention. All applicants will be reviewed and selected by the entire MRSUD Board. The Study Committee Members, with the assistance of a Facilitator and Committee Chair, will identify and agree upon a time frame for this process. This will be a working committee; members will be responsible for researching data, likely attending multiple meetings a month, and compiling a report with a recommendation for the MRUSD Board.

I understand the time frame and I can commit to a minimum of 5 meetings

Explain below if there anything else you feel we should know?
