

Geneva Area City Schools

Eric M. Kujala, Superintendent
Geneva, Ohio 44041
AN EQUAL OPPORTUNITY EMPLOYER

November 5, 2020

Dear Geneva Teachers and Staff,

The Geneva Area City School District wishes to inform you that the Local Health Department is investigating a case of COVID-19 at Geneva Platt R. Spencer. During the time that the case was potentially infectious, the student was in school with their last day on Tuesday, November 3rd from 8:30 am - 10:30 am, the case reported to have visited only Geneva Platt R. Spencer in Geneva, Ohio. The student, a kindergarten student, received a positive test result on Thursday, November 5, 2020.

COVID-19 is a contagious respiratory disease that is thought to spread mainly from person-to-person from people who are in close contact. Generally, close contact is defined as being within 6 feet for 15 minutes or more. Symptoms of COVID-19 typically appear 2-14 days after exposure and may include fever/chills, cough, shortness of breath or difficult breathing, fatigue, muscle or body aches, headache, new loss of taste or smell, sore throat, congestion or runny nose, nausea or vomiting, and diarrhea. For more information visit: www.coronavirus.ohio.gov.

The Local Health Department will be calling all close contacts in this matter. It is highly important that all contacts answer or return health department calls in this very important matter. If you have concerns, the Local Health Departments can be reached between 8:00 a.m. to 4:30 p.m. weekdays at:

- Ashtabula County Health Department, Jefferson, OH (440) 576-6010
- Ashtabula City Health Department, Ashtabula, OH (440) 992-7123
- Conneaut City Health Department, Conneaut, OH (440) 593-3087

The best way to prevent COVID-19 is to practice social distancing; wash your hands often; avoid touching your eyes, nose, and mouth; wear a facemask; cover cough and sneezes; don't leave your home when you are sick, clean and disinfect high-touch surfaces often, and monitor your health daily.

Sincerely,

Eric M. Kujala
Superintendent
