

#Building our Future

Construction Update: Week ending October 20, 2017:
 Work is progressing at a steady pace, defining the shape of the buildings on site. Work has begun on the 7/8 classroom wing with placement of structural steel, and layers of concrete blocks are rapidly defining the walls of the Main Gym in a big way.

Overall view of the east side of the complex. From left to right: 5/6 classroom wing, the Media Center and Gyms.

Concrete block walls define the exterior of the Main Gym.
