November 6, 2020

Dear Ovid-Elsie Alternative High School Families:

We recently became aware of a person at the Ovid-Elsie Alternative High School that self-reported a positive COVID-19 diagnosis. This has been unverified by the Mid-Michigan District Health Department (MMDHD), however, the District is working on its own investigation and contact tracing. Due to the fact that this person was on campus for only a few minutes, we feel that there is **little to no risk of exposure at school**. The protocols that have been put into place at the Ovid-Elsie Alternative High School (i.e., social distancing, mask wearing, etc.) also helped to limit the exposure of the virus to staff and students.

District personnel may contact you and request that you self-quarantine until a complete investigation can be done by the MMDHD. After our initial investigation, if you are required to quarantine, someone from the health department will contact you. Please be advised that calls or emails may come from any local health department including the State of Michigan.

Further, we want to protect the confidentiality of this person. At this time, it is my responsibility to tell all the stakeholders of the Ovid-Elsie Alternative High School community that we are moving forward with in-person learning and that all measures are being taken to protect the wellbeing of your child(ren).

Again, we ask that all families please monitor for the onset of symptoms related to COVID-19, including fever, cough, difficulty breathing, headache, or new fatigue. If you note any change in the health of your child, please call your regular medical provider.

For further guidance, please go to: www.cdc.gov/coronavirus/2019-ncov.

Sincerely,

Dr. Ryan L. Cunningham, Superintendent, Ovid-Elsie Area Schools **#MaskUp #MarauderUp**
