Locally Created Pathway: Civic Arts

Students will choose only one content area. All students adopting the Civic Arts Pathway are required to maintain a portfolio (physical or electronic copies). The portfolio must include: **1)** work samples from courses, internships, or other related experiences. **2)** Project-Based Learning artifacts from grades 9-12. **3)** At least two artifacts of student produced work from each Pathway course. **4)** Resume. **5)** Transcript with dual credit proof. **6)** Certificates or Certifications. **7)** 12 pieces of work based on a central theme that the student has decided to explore. The pieces should show growth and mastery of mediums used. **8)** Other artifacts the school or student deems important.

All students must be able to show employability skills in the arts through with at least one ICE, WBL, Cadet Teaching (WBL CT), or Industry Experience with a community partner. Students are not limited by the community partners listed in the pathway area. Students may seek outside partners, but the guidance office must approve it.

| Content Area                       | Required Courses   | Advanced Courses                  | Other Electives (not required)  |
