PHILOSOPHY OF EDUCATION

The Sheridan School District is concerned with the social, moral, and ethical values of the children of this community as well as their curricular education. Teaching and learning, administration and supervision, school facilities, all of these are directed at one common goal – to help the growing generations become thinking, feeling, and creative individuals.

No two persons are the same in ideals, goals, and aspirations. With this statement in mind, the diversified education of all youth is one part of the primary goal of this educational system. To provide a place for this work must not be overlooked. This must be a place for learning and development that will aid or enable youth to adjust to the ever-changing aspects of life and to prepare them for the many and varied occupations and positions they will experience.

To effectively participate in American democracy demands much from its citizens. They must be informed, intelligent people who can recognize the faults of their government and correct those faults through their basic rights. It is also a part of the primary goal of this system to show democracy and its workings in action, thereby making a better citizenry who can strengthen the ideals of democracy while constantly being a part of it.

No plan is perfect. The philosophy of this educational system cannot remain static and unchanging forever. But, as time changes, all things must change.

NON-DISCRIMINATORY POLICY

The Sheridan School District is committed to the principle of equal opportunity in education. The District does not discriminate against individuals on the basis of race, color, national origin, sex, religion, disability, age, veteran status or socioeconomic status in the administration of its educational policies, admissions policies, and other District administered programs and activities.

HOME ACCESS CENTER

Home Access Center (HAC) provides parents with the ability to access their student's school information over the internet. Through Home Access Center, parents can view a daily summary of their student's attendance, schedule, and classwork, along with interim progress, report card, and discipline.

To use HAC, go to the following URL: <http://hac31.eschoolplus.k12/ar/us>.

PARENT NEEDS and RESOLUTIONS

When a parent has a concern or need related to school issues, it is expected that the student's classroom teacher will be contacted to assist in resolving the concern. At this point, the teacher will respond in a timely manner and may direct the parent to discuss the issue with the building principal if the concern is beyond his/her realm of responsibility. If a resolution is not reached in a conference with the building principal, the parent may then contact the Assistant Superintendent for Student Services for further support.

CUSTODY INFORMATION

For the child's protection, a copy of court-ordered custody agreements must be kept on file. It is important that the school be informed of any changes which may occur in custody agreements.

NON-CUSTODIAL INFORMATION

It is the policy of the Sheridan School District that non-custodial parents shall be afforded maximum access to school records to keep the parent informed of the child's activities and progress.

Access to Records - All records maintained by the Sheridan School District on each student shall be open for access to any non-custodial parent, unless those records have been closed to that parent by a court order. The burden shall be on the custodial parent to provide a copy of such court order to the school district as soon as that order is rendered. Any non-custodial parent may make an appointment to view grade and attendance information. Copies of the records will be made at that time if requested by the non-custodial parent at the expense of the non-custodial parent.

Presence of Non-Custodial Parent on School Campuses, and Access to Child – A non-custodial parent may visit with the minor child during the school day for the purpose of having lunch with the child or attending special programs or extracurricular activities,

provided the child does not leave the campus with the non-custodial parent. Non-custodial parents may leave the school grounds with the minor child during the school day only if the non-custodial parent's court-ordered visitation schedule expressly permits such activity, or the custodial parent provides written permission for that purpose. Parents shall not use the campuses of the Sheridan School District for the point of exchange of children for visitation unless ordered by the court to do so. If a court order has been obtained which restricts the non-custodial parent's access to the minor child, it is the burden of the custodial parent to provide a copy of the court order to the principal of the school in which the child is enrolled.

PARENTAL INVOLVEMENT POLICY

The Sheridan School District understands the importance of involving parents and the community as a whole in promoting higher student achievement and general goodwill between the district and those it serves. Therefore, the district shall strive to develop and maintain the capacity for meaningful and productive parental and community involvement that will result in partnerships that are mutually beneficial to the school, students, parents, and the community. The district will provide the coordination, technical assistance, and other support necessary to assist participating schools in the planning and implementing of effective parental involvement activities to improve student academic achievement and school performance. To achieve such ends, the district shall work to:

1. Involve parents and the community as partners in joint collaboration, development, decision making, and review of the parental involvement policy, as well as Title I funding and programs associated with parental involvement, and other long range goals of the district. Parent recommendations will be solicited through parent comments, surveys, meetings, etc. The parent involvement policy, which describes the means for carrying out the policy requirements, will be distributed to parents.
 - Each Title I school will convene an annual meeting, at a convenient time, to which all parents of participating children will be invited and encouraged to attend. Parents will be informed of their school's participation in Title I, the requirements of the program, and the right of the parents to be involved.
 - Each Title I school will jointly develop with parents of Title I served children a school-parent compact.
2. Give support for schools in the district to develop policies and programs that will promote parental involvement while taking into consideration cultural diversity.

3. Provide parental involvement strategies for public and private preschool programs including the HIPPY and Pre-K programs.
4. Provide strategies for encouraging parents on how to be partners in their child's education. Such strategies might incorporate developmentally-appropriate learning activities in the home (i.e. role play, ADE website tools, nutritional meal planning, etc.).
5. Coordinate and integrate parental involvement programs and activities by scheduling regular parental involvement meetings at which parents will be given a report on the state of the school and an overview of what students will be learning, including information concerning Title I programs, the forms of academic assessment used to measure student progress, and the proficiency levels students are expected to meet and how parents can assist in making a difference in their child's education.
6. Provide to parents a description and explanation of the curriculum in use at the school via curriculum brochures emphasizing learning goals and objectives.
7. Ensure that information related to school and parent programs is sent to parents to the extent practical in a language parents can understand.
8. Provide training at least annually for volunteers who assist in an instructional program.
9. Provide two hours of professional development opportunities for teachers concerning parental involvement.
10. Provide three hours of professional development opportunities for administrators concerning parental involvement.

This policy shall be adopted and implemented by each campus within the district. To ensure the continued improvement of the district's parental/community involvement program, the district will conduct an annual evaluation of the effectiveness of parental involvement policies. The evaluation will examine the policy's effect on promoting higher student achievement and participation and whether there are barriers to greater participation by parents which may include those who are economically disadvantaged or disabled, and parents who have limited English proficiency, limited literacy, or any racial or ethnic minority background. The evaluation shall be accomplished during an annual meeting of parents and other community members, certified and classified staff, and members of the administration

The Superintendent or his/her designee shall appoint an appropriate staff person to be the local educational liaison for homeless children and youth whose responsibilities shall include coordinating with the state educational liaison for homeless children and youth to ensure that homeless children are not stigmatized or segregated on the basis of their status as homeless and such other duties as are prescribed by law and this policy.

Notwithstanding residence requirements, homeless students living in the district are entitled to enroll in the district's school that non-homeless students who live in the same attendance area are eligible to attend.

The ultimate authority for the selection and retention of materials for the schools' media centers rests with the Sheridan School Board which shall serve as a final authority in resolving a challenge to any media center materials. The school library media specialists shall make the initial selections, including the requests and needs of the school and district staff. Materials selected shall be in accordance with the guidelines of this policy.

The purpose of the schools' library media centers is to supplement and enrich the curriculum and instruction offered by the Sheridan School District. Materials shall be available to challenge the different interests, learning styles, and reading levels of the school's students that will help them attain the district's educational goals.

Selection Criteria

The criteria used in the selection of media center materials shall be that the materials:

- A. Support and enhance the curricular and educational goals of the district;
- B. Are appropriate for the ages, learning styles, interests, and maturity of the schools' students, or parents in the case of parenting literature;
- C. Contribute to the examination of issues from varying points of view and help to broaden students understanding of their rights and responsibilities in our society;
- D. Help develop critical thinking skills;
- E. Are factually and/or historically accurate, in the case of non-fiction works and/or serve a pedagogical purpose;
- F. Have literary merit as perceived by the educational community;
- G. Are technically well produced, physically sound (to the extent appropriate), and represent a reasonably sound economic value.
- H. Have a high degree of potential user appeal including varied interests that reflect religious, ethnic and cultural backgrounds.

Retention and Continuous Evaluation

Media center materials shall be reviewed regularly to ensure the continued appropriateness of the center's collection to the school's curriculum and to maintain the collection in good repair. Those materials no longer meeting the selection criteria, have not been used for a long period of time, or are too worn to be economically repaired shall be withdrawn from the collection. A record of withdrawn media materials including the manner of their disposal shall be maintained for a period of three years.

Gifts

Gifts to the media centers shall be evaluated by the district's selection criteria to determine their appropriateness before they are placed in the media center

collection. Any items determined to be unacceptable shall be returned to the donor or disposed of at the discretion of the library media specialist.

CHALLENGE OF LIBRARY/MEDIA CENTER MATERIALS

Any parent, district employee, or any other resident of the district may formally challenge the appropriateness of a media center selection by following the procedure outlined in this policy.

The challenged material shall remain available to students throughout the challenge process.

The following levels of action are:

Level One:

- A. After a concern is brought to the library media specialist about library media materials, the principal responds to the contesting individual by sending an acknowledgement letter along with a copy of the Request for Reconsideration form and a copy of the Instructional Materials Selection Policy.

Level Two:

- A. The complainant may present a copy of the form to the principal and request a conference be held at a time of mutual convenience.
- B. Prior to the conference, the principal shall consult with the library media specialist regarding the contested material.
- C. In the conference, the principal and the library media specialist shall explain to the complainant the criteria used for the selection of the material and its relevancy to the educational program, as well as any other pertinent information in support of the use of the material. The complainant shall explain his/her reasons for objecting to the selected material.

Level Three:

- A. Following the conclusion of the meeting, the principal shall have five (5) working days to submit a summary of the concerns expressed by the individual and the principal's response to those concerns to the assistant superintendent for curriculum.
- B. If a review of the contested material is required, the principal shall chair the Reconsideration Committee by following the Checklist for Library Media Materials. The Reconsideration Committee will consist of the following individuals:

- 1) a representative from central administrative staff
- 2) a community member
- 3) two certified staff members familiar with the subject matter of the material involved
- 4) one parent
- 5) a student, where appropriate

C. The committee's decision will be submitted to the building principal on the Reconsideration Committee Report form.

D. The principal will respond in writing to the complainant regarding the Reconsideration Committee's report.

E. If the complainant is not satisfied with the committee's response, the individual may, after the five (5) working day period, request a meeting with the superintendent where the individual shall present the same Request for Reconsideration form previously presented to the principal.

Level Four:

A. The superintendent shall explain to the complainant the criteria used for the selection of the material and its relevancy to the educational program as well as any other pertinent information in support of the use of the material.

B. Following the conclusion of the meeting, the superintendent shall have five (5) working days to write a summary of the concerns expressed by the individual and the superintendent's response to those concerns.

C. The superintendent shall create a file of his/her response along with a copy of the Reconsideration Committee's response and a copy of the complainant's Request for Reconsideration form (5.6 G).

D. If, after meeting with the superintendent, the complainant is not satisfied with the superintendent's response regarding the appropriateness of the instructional or supplemental material, he/she may appeal the superintendent's decision to the Sheridan School Board.

E. The superintendent shall present the complainant's Request for Reconsideration form to the Sheridan School Board at the next regularly scheduled meeting along with the written responses to the challenge. The Sheridan School Board may elect, if it so chooses, to hear brief verbal presentations from the parties involved in the challenge.

The Sheridan School Board shall decide at that meeting or their next regularly scheduled meeting whether to retain the material, limit the availability of the material, or

remove the material from the school. The Sheridan School Board's primary consideration in reaching its decision shall be the appropriateness of the material for its intended educational use.

SCHOOL DAY SCHEDULES

I. Elementary & Intermediate Schools:

Doors will open at 7:20 A.M. There is no supervision until 7:20 A.M. therefore; students should not arrive before this time.

Breakfast will be served from 7:20 A.M. – 7:50 A.M., except in cases of a late bus. Students eating breakfast will remain in the cafeteria or designated area until 7:45 A.M.

The school day's instruction will begin promptly at 8:00 A.M. Students entering the classroom after the 8:00 bell are considered tardy, and must be signed in at the office by a parent/guardian.

Being tardy to school for any reason is strongly discouraged. It is very hard on a child of any age to come into the classroom in the middle of a class or after instruction has been given. In addition, it is extremely disruptive to the classroom climate to have the instructional period interrupted by a tardy student. The following is a guideline for student absences and tardies:

Morning

Arriving between 8:00 A.M. and 9:00 A.M. is a morning tardy.

Arriving between 9:00 A.M. and 11:30 A.M. is a morning absence.

Afternoon

Leaving between 2:00 P.M. and 3:00 P.M. is an afternoon tardy.

Leaving before 2:00 P.M. is an afternoon absence.

II. Sheridan Junior High School (7-9):

Doors will open at 7:20 A.M. for breakfast. There is no supervision until 7:20 A.M.; therefore; students should not arrive before this time.

Breakfast will be served from 7:20 A.M. – 7:50 A.M., except in cases of a late bus. Students eating breakfast will remain in the cafeteria or designated area until 7:50 A.M.

The school day's instruction will begin promptly at 8:00 A.M. and goes through 3:10 P.M. Students entering the classroom after the 8:00 bell are considered tardy, and must be signed in at the office by a parent/guardian.

III. Sheridan High School (10-12) and ALE Campus:

Doors will open at 7:30 A.M. for breakfast. There is no supervision until 7:20 A.M.; therefore; students should not arrive before this time.

Breakfast will be served from 7:30 A.M. – 7:50 A.M., except in cases of a late bus. Students eating breakfast will remain in the cafeteria or designated area until 7:50 A.M.

The school day's instruction will begin promptly at 8:00 A.M. and goes through 3:10 P.M. Students entering the classroom after the 8:00 bell are considered tardy, and must sign in at the office.

A student that is more than 25 minutes late is absent from that period.

LATE ARRIVAL AT THE SCHOOL

Any student arriving after the school day has begun must be checked in through the office by their parent or guardian. The student should give his/her name, reason for late arrival, and the check-in time. Tardies due to late arrivals on campus will be excused only when accompanied by official documentation.

Tardies (Elementary & Intermediate)

Students will be allowed two (2) tardies per semester; thereafter the following consequences will be enforced:

- A. On the fifth (5th) tardy a letter will be sent home.
- B. On the tenth (10th) tardy a FINS (Family in Need of Services) petition may be filed with the courts.

When emergencies make it necessary for a student to leave school early, the parent/guardian is required to sign the student out at the office. The student will be called to the office. Parents will not be allowed to go directly to the classroom. Only people listed on a student enrollment card will be allowed to pick up that student.

If a student is absent for less than 1 hour, he/she will be marked tardy. Students arriving on late buses will not be counted tardy.

Note: If you need to make a change in plans for how your child is to get home, please call the office before 2:00 P.M. Make sure your child knows before he/she leaves for school in the morning how he/she is to get home in the afternoon.

Tardies (SJHS, SHS)

A student that is more than 25 minutes late is absent from that period.

PLEDGE OF ALLEGIANCE

The Pledge of Allegiance shall be recited during the first class period of each school day. Those students choosing to participate shall do so by facing the flag with their right hand over their heart, or in an appropriate salute if in uniform, while reciting the Pledge. Students choosing not to participate shall be quiet while either standing or sitting at their desks. Students shall not be compelled to recite the Pledge, but students who choose not to recite the Pledge shall not disrupt those students reciting the Pledge. Those students choosing not to recite the Pledge shall not be subject to any comments, retaliation, or disciplinary action.

PERIOD OF SILENCE

A public school in this state shall observe a one (1) minute period of silence at the beginning of school each school day. During the period of silence a student may, without interfering with or distracting another student: (1) Reflect; (2) Pray; or (3) Engage in a silent activity. A teacher or school employee in charge of a public school classroom, shall ensure that all students remain silent and do not interfere with or distract another student during the period of silence.

SCHEDULE CHANGES

Once schedules have been approved, changes will be made only in the most extreme circumstances. This is due to the complexity of the scheduling process and the number of students involved.

STUDENT RECORDS

Student records are defined to be all official records, files, and data directly related to children, including all material that is incorporated into each student's cumulative record folder which is intended for school use or to be available to parties outside the school or school system. The intent of this policy is to establish procedures for granting requests of parents for the access to their child's records, use of those data, and procedures for their transmittal within a time period of 45 days or sooner, if practical.

ACCESS TO RECORDS:

- A. The parent or legal guardian of a student will have access to these records upon written request to the principal maintaining those records within this school system. If a student is 18 years old or older, only that student has the right to determine who outside the school system has access to his/her records.

- B. The parent, legal guardian, or student (if the student is 18 or over) will upon request to the principal maintaining those records have the data, and if a difference of opinion is noted, shall be permitted to file a letter in said cumulative folder stating their position. If further challenge is made to the record, the normal appeal procedures established by school policy will be followed.
- C. School personnel having access to those data are defined as any person or persons under contract with the district and directly involved in working toward either the affective or cognitive goals of the system.

RELEASE OF INFORMATION OUTSIDE THE SCHOOL SYSTEM:

- A. To release student records to other schools or school systems in which the student intends to enroll, the parents, legal guardian, or the student (if he/she is 18 or older) must be notified of the transfer and kinds of information being released. They will receive a copy of such information if it is requested in writing and shall have the opportunity to challenge that record as described above.
- B. Student data may be released to State Education and other government agencies only if the names of all identifying markers are removed to prevent the identification of individuals.
- C. To release student records to other persons or agencies, written consent shall be given by the parent, guardian, or the student if he/she is 18 or older. This consent form will state which records shall be released and the reason for the release. A copy of the student record being sent will be made available to the person signing the release forms if he/she desires.
- D. Student records will be furnished in compliance with judicial orders. All authorizations for release of information will be filed in the student's cumulative folder.

TEXTBOOKS AND EQUIPMENT

- A. Textbooks and materials, as well as technology equipment are public property and are loaned to students.
- B. Students are responsible for loss of textbooks, damage to textbooks, library books or damage/loss to other school property or materials.
- C. Unattended books – Students are to keep textbooks, library books, or any school property issued to them in their possession. Books left unattended will be turned into the office. Students are to check in the office frequently for lost books.
- D. All lost books will be reimbursed at full price.

STUDENTS RIGHTS AND RESPONSIBILITIES

The Constitution of the United States, through the Bill of Rights and subsequent amendments, gives all persons certain rights, and the U. S. Supreme Court has declared that students do not shed those constitutional rights by walking through the

school door. Students are protected by the Constitution, and that responsibility for protection applies to boards of education as it does to other individuals and agencies. The state legislature gives school boards rule-making authority regarding student behavior, but such authority is balanced by the Constitution and the courts.

Students under the age of eighteen (18) shall not be questioned by any law enforcement authority, other than a school resource officer acting in the normal course and scope of his or her assigned duties, on public school property during regular school hours without the knowledge of the school's principal or designee. The principal or designee shall make a reasonable, good faith effort to notify the student's parent, legal guardian, or other person having lawful control of the student by court order, or person acting *in loco parentis* listed on the student enrollment forms, prior to a law enforcement officer being granted access to the student, or if a report is made to any law enforcement agency concerning student misconduct.

If a student has been taken into custody by law enforcement personnel during the school day or while under school supervision, the principal or designee will make every good faith effort to contact or get a message to the parent/guardian to call either the principal or designee and leave both day and after hour's telephone numbers.

Notification required above is not required if school personnel make a report or file a complaint based on suspected child maltreatment, or if a law enforcement officer or investigator of the Crimes Against Children Division of the Arkansas State Police, or Department of Human Services investigator or personnel member interviews a student during the course of an investigation of suspected child maltreatment.

Responsibilities, on the other hand, are not so clearly spelled out by law. While an individual does have the right to pursue his/her own self-fulfillment, those rights terminate at the point where they impinge upon the rights of others. Below are examples of selected students' rights and responsibilities.

Students have the right to:

- A. Pursue, through study and self-application, a quality education at public expense and to attain personal goals through participation in the entire school program.
- B. Participation in school activities without being subject to unlawful discrimination on any basis. Where access to participation in programs or activities is on a competitive basis, each student has the right to compete on an equal basis.
- C. Practice freedom of speech, freedom of expression of ideas, and freedom of the press.
- D. Express views or protest symbolically so long as the manner of expression does not interfere with the orderly operation of the school or the rights of others.
- E. Participate in patriotic exercises or refrain from participating.
- F. Be secure in their persons, papers, and effects against unreasonable searches and seizures; having privacy in regard to their personal possessions, unless there is reasonable suspicion that the student is concealing materials prohibited by law.

- G. Determine their own dress, except where such dress is unsafe or unclean or is so distracting as to clearly interfere with the learning and teaching process.

Students have the responsibility to:

- A. Attend classes daily, be on time to class, and obey school rules.
- B. Foster good human relations within the school by practicing courtesy and tolerance in their dealing with each other and members of the school staff, and to respect the dignity and worth of other individuals.
- C. Refrain from libel, slanderous remarks, and obscenity in verbal and written expression.
- D. Develop tolerance of the viewpoints and opinions of others; recognize the right of other individuals to form different points of view and to dissent in an orderly and respectful manner.
- E. Respect the rights of classmates who do or do not wish to participate.
- F. Respect the rights, property, and privacy of other students and school personnel; carry only those materials which are acceptable under the law and are not hazardous to any person or property; and accept the consequences for the articles stored in their lockers.

Observe the basic standards of cleanliness, modesty, and good grooming, and wear clothing which contributes to their own health and safety, as well as that of others.

TELEPHONE CALLS

Students will be called out of class only when deemed absolutely necessary by an administrator or in case of emergency.

The office will take and deliver messages from parents and/or employers only. Office telephones are to be used only for emergencies.

CHANGE OF INFORMATION

All changes of address, telephone numbers, emergency numbers, legal guardian, etc. must be registered in the principal's office. If there is a change of address, a copy of the new personal property assessment reflecting the change of address will be required within 30 days.

CHECK OUT FROM SCHOOL

Occasionally a student may need to leave school before the end of the school day due to certain situations such as medical appointments, legal appointments, etc. Students will not be allowed to check out to take care of things that can be done after the end of the school day (example: haircuts, business in town, tanning, picking up items for class, advisory, or homeroom, etc.)

The procedure for checking out is as follows:

- A. **Proper photo ID/authorization will be required.**
- B. Parents who wish to check out any student from school for the day or part of the day should make this request in the school office. Students will be called from class only at the end of class periods except for emergency reasons when possible or practical.
- C. Students are required to have a parent/guardian sign them out in the office.
- D. If a parent/guardian is unable to come to the school to sign out the student, the student must have a note from the parent/guardian. This note must be presented in the office before the beginning of the school day during which the student is to leave early. The note should tell the student's name, the time he/she is to leave school, the student's destination, and the means of transportation. The note should have a phone number where the person signing the note can be reached. When it is time for the student to leave, the student and parent will follow the campus checkout procedure.

CLOSED CAMPUS POLICY

All district campuses are "closed campuses". No student, after having arrived on a campus, will be permitted to leave at any time during the school day without securing permission of the school principal/designee. The principal will give permission to go home for lunch only if a student presents a letter from a physician stating that the student must have a special lunch that cannot be provided at a school cafeteria or cannot be brought to school.

The Closed Campus Policy includes:

- After arriving on campus, students may not leave until before the end of the school day or until the bell rings to end the school day.
- Students who ride a bus are to go directly to their bus and are not permitted to leave campus before boarding the bus.
- No food or drink items may be brought on campus except for personal lunch items which are to be consumed in the cafeteria.

There is no checkout to go to lunch. All campuses are closed campuses, and students will not be allowed to check out to go to lunch.

DRIVER'S TEST

It is the student's responsibility to request a notification form from the SJHS or SHS office in order to take the driver's test. This form must be requested 24 hours in advance to allow sufficient processing time, and is only valid for 30 days.

CARS

Parking on the Sheridan High School campus is a privilege. Cars brought to school by students are not to be driven until school is dismissed. Students are not allowed to sit in automobiles at any time during the school day. Parking tags will be required on all students' cars. The school assumes no liability for damage to vehicles parked on the campus. There is no parking area for cars without tags on the high school campus, including football parking lots, both home and visitors' sides.

Students who have to be called from class because of parking violations (no tag, etc.) will be assigned detention hall. A student is considered to be on campus once he/she drives onto the parking lot. A student must have parental or school permission to leave once he/she has driven onto the campus parking lot. A student who leaves without permission will be considered truant, and disciplinary action will be taken. Students are not allowed in the parking lot during the school day.

Reckless and or hazardous driving on campus or school property may result in the loss of driving privileges.

HALL PASSES

- A. Students may not leave class without permission.
- B. Permission will be granted to leave the classroom when the teacher signs a hall pass.

FIELD TRIPS

Field trips may be held each year. Field trips must be directly related to the classroom curriculum. Field trips are intended to allow students experiences that provide them with insight, information, or knowledge that cannot be adequately developed through regular classroom instruction. A permission slip must be signed by the child's parent or guardian.

Field trips, therefore, become an integral part of the curriculum and are as essential to the instructional process as textbooks, equipment, and other instructional devices and teaching/ learning strategies. As it is widely acknowledged that not all children learn in the same way, field trips allow students the opportunity to expand their intelligence in ways different from those typically available inside the classroom.

While most field trips are directly related to specific, academic curricula, they also may address the need for intra- and interpersonal growth in children, and thus may be designed to promote social and emotional development and to provide for the development of the "whole" child.

Students participating in a field trip must have a signed permission slip turned in to his/her teacher prior to the date of the trip. Send money for field trips to the classroom teacher.

Students participating must ride the bus from the campus to the destination of the field trip. Only parents, guardians, or authorized adult listed on the student's General Information Form will have permission to check a student out from a field trip. Proper photo ID will be required.

Parents are welcome to attend field trips with their children, however, space may be limited due to the nature of the event or activity (i.e. ticketed events). Parents are encouraged to sign up early for field trips. STUDENT DRUG TESTING POLICY

STATEMENT OF PURPOSE:

Whereas, significant information exists to the ever-increasing incidence of drug use and addiction among our youth in society, the Sheridan Board of Education has determined that it has a compelling interest in the protection and safety of its students who are involved in interscholastic athletics and extra-curricular activities in general.

The Board of Education recognizes that adolescence is a time of rapid physical, psychological, emotional, and social growth, and that the addictive effects of drugs are most severe during this time of development and that their use can lead to immediate and irreparable physical harm or injury of a student or others engaged in interscholastic sports and/or extra-curricular activities.

The Board further acknowledges that interscholastic athletics/extra-curricular activities play an important part in the lives of many students and are significant events in creating the culture and climate of the district. The positive lessons learned in the participation of extra-curricular activities are beneficial to students, not only during their formative years, but also long after they leave school. Extra-curricular activities provide students with special opportunities to develop skills and attitudes and to be recognized for their accomplishments. Participants in extra-curricular activities are considered to be role models by their peers and younger students of the community.

Whereas, participation in extra-curricular activities and operating a vehicle are elective opportunities, and because of the potential risk of physical and psychological harm to students engaged in drug use, and whereas those who choose to become involved in extra-curricular activities are visible representatives of the district, as well as role models, the Sheridan Board of Education adopts this resolution as a statement of purpose concerning the drug testing of students who park a vehicle on campus or engage in extra-curricular activities and as a statement of support for such testing.

MISSION STATEMENT:

The Sheridan Public School District recognizes that drug abuse is a significant health problem for students, detrimentally affecting overall health, behavior, learning ability, reflexes, and the total development of each individual. The Sheridan School District is determined to undermine the effects of peer pressure by providing a legitimate reason for students involved in extra-curricular activities or operate a vehicle to refuse the use of illegal drugs and alcohol; and to be proactive in encouraging students who use drugs to participate in drug treatment programs.

DEFINITIONS:

- A. Drugs – Any substance considered illegal by Arkansas Statutes or that is controlled by the Food and Drug Administration unless prescribed by a licensed physician or medical practitioner.

- B. Activity programs – Any extra-curricular activity in grades 7 through 12 sponsored by the Arkansas Activities Association or Sheridan Public Schools and any other activities that may be formed.
- C. School year – From the first day of classes in the fall, unless the activity begins prior to the first day of classes, in which event from the first day of practice or organized activity through the last day of classes in the spring.
- D. Alcohol – Any substance containing ethyl alcohol.
- E. Vehicle operator – Any student who obtains a parking sticker and is assigned a parking place or area.

POLICY STATEMENT:

Sheridan Public School District (“the district”) is conducting a mandatory drug testing program for students. Its purpose is:

- A. To provide for the health and safety of students participating in activity programs, grades 7-12;
- B. To promote and insure the safety and well-being of motor vehicle operators and their passengers;
- C. To undermine the effects of peer pressure by providing a legitimate reason for students to refuse to use illegal drugs and alcohol;
- D. And to encourage students who use drugs to participate in drug treatment programs.

PROCEDURES FOR STUDENTS:

- A. Consent: Any student wishing to participate in an activity program or park a vehicle on school grounds must have a consent form signed and on file in the principal’s office. The student’s custodial parent/legal guardian shall consent in writing to drug testing pursuant to the district’s drug testing program. No student shall be allowed to participate in any activity program or park a vehicle on campus absent such consent.
- B. Student selection: At the option of the district, all students in activity programs or vehicle operators may be drug tested at the beginning of the school year or at the beginning of the school sponsored activity. In addition, random testing may be conducted weekly, bi-weekly, monthly or quarterly during the school year.

Selection for random testing will be lottery drawing from a “pool” of all students who operate a vehicle or participate in activity programs in the district at the time of the drawing. A single test from a student can be required by a principal for reasonable suspicion. Any parent may request his/her child’s placement in the lottery regardless of vehicle operation or extra-curricular participation.

The superintendent shall take all reasonable steps to assure the integrity, confidentiality and random nature of the selection process, including assuring that the names of all participating students are in the pool, assuring that the person drawing the names has no way of knowingly choosing or failing to choose particular students for the testing, assuring that the identity of students drawn for

testing is not known to those involved in the selection process, and assuring direct observation of the process by the least intrusive means possible while assuring brevity and privacy.

SAMPLE COLLECTION:

Samples will be collected at a mutually convenient time on the same day the student is selected for testing or if the student is absent on that day, on the day of the student's return to school. If a student is unable to produce a sample at any particular time, the student will remain with testing personnel until sample is collected. All students providing samples will have the option of doing so alone in an individual stall with the door closed. Refusal by the student to comply with request for sample will be deemed as non-compliant and, therefore, student will not be allowed to continue to participate in their activities. At that point, parent contact will be made to notify them of the student's non-compliance.

TESTING AGENCY:

The district will choose a qualified agency (if necessary) for the purpose of processing sample results and maintaining privacy with respect to test results and related matters.

PRESCRIPTION MEDICATION:

The testing personnel will inquire about medication usage prior to the administration of the test. The student will have the opportunity to discuss any medications consumed. If the test results are deemed positive, the parents may provide a copy of the prescription or a doctor's verification, which will be considered in determining whether a "positive" test has been satisfactorily explained. That documentation will be forwarded to the testing lab with instructions for the lab to consider the student's use of such medication to assure the accuracy of the result. Students who refuse to provide verification and test positive will be subject to the actions specified below for "positive tests".

SCOPE OF TESTS:

Drug screening will be by urinalysis using an FDA approved chromatographic immunoassay. The test will screen for 10 drugs: Methamphetamine, Amphetamine, Barbiturates, Benzodiazepines, Cocaine Metabolites, Marijuana (THC), MDMA (Ecstasy), Methadone, Opiates, Oxycodone, Phencyclidine, and Tricyclic Antidepressants (TCA). Additionally, the District may also choose to test for alcohol. Student samples will not be screened for the presence of any substitutes other than alcohol, an illegal drug, or for the existence of any physical condition other than drug intoxication.

As a quality control measure, the school reserves the right to send any urine sample that appears unusual in color and/or consistency to a laboratory for testing and confirmation or non-confirmation.

LIMITED ACCESS TO RESULTS:

Only the superintendent or his/her designee will be notified when double confirmation of a positive test is received.

PROCEDURE IN THE EVENT OF A POSITIVE TEST:

Whenever a student's test result indicates the presence of illegal drugs ("positive test"), the following will occur:

- a. The custodial parent/legal guardian will be notified, and a meeting will be scheduled with the superintendent or his/her designee, the student, the custodial parent or legal guardian, and the student's principal.
- b. If the parent or legal guardian would like to appeal the results of the test, the student's original urine sample will be tested by a toxicology agency using state of the art equipment and analytical methods, such as, thin layer chromatography (TLC), radioimmunoassay (RIA), gas chromatography (GC), or gas chromatography/mass spectrometry (GC/MS). The original sample will be tested at the expense of the parent/guardian. If the results of the second test are clear or negative, no further action will be necessary. If the second sample is also found to be positive, then the student will be subject to the procedures and actions stated in this policy. If the appeal option is utilized, the student will remain under suspension until a negative test is ascertained from Sheridan Public School's testing agency.

FIRST POSITIVE RESULT:

For a positive result, the student will be placed on probation and not allowed to park a vehicle on school grounds or participate in competitions, presentations, and activities of Sheridan Public Schools for a period of thirty (30) calendar days. The student will be required to attend drug/alcohol counseling, and, if any charge is incurred, it will be the responsibility of the parent/legal guardian.

On day thirty-one (31), in order to regain eligibility, the student will be required to be retested (at the expense of the parent/legal guardian), and show proof of counseling attendance. If the test results are found to be negative, the student will again become eligible for competitions, presentations, and activities relating to Sheridan Public Schools. However, the student must submit to a mandatory drug screen or lab test on a monthly basis at the expense of the parent or guardian. The screening must be conducted by a reputable agency or facility capable of screening for the same substances being screened for by the district. The duration of the screening should be determined by the intervention program and will not exceed a maximum of six months.

SECOND POSITIVE TEST:

For the second positive test in the same year, the student will be suspended from parking on campus, competitions, presentations, and activities relating to Sheridan Public Schools for a calendar year. The student will not be able to participate until after the probation period has ended and has provided a negative or clear test.

THIRD POSITIVE TEST:

For the third positive test in two consecutive calendar years, the student will be suspended from participating in activities and lose parking privileges for the remainder of his/her enrollment in the district (May be appealed to the board).

NON-PUNITIVE NATURE OF POLICY:

No student shall be penalized academically for testing positive for illegal drugs. The results of drug tests pursuant to this policy will not be documented in any student's academic records. Information regarding the results of drug tests will not be disclosed to criminal or juvenile authorities, absent legal compulsion by valid and binding subpoena or other legal process, the student and the student's custodial parent/legal guardian will be notified as soon as possible by the district.

OTHER DISCIPLINARY MEASURES:

The district, by accepting this policy, is not precluded from utilizing other disciplinary measures set forth in the Student Discipline Policy, and this policy does not preclude the district from taking disciplinary action when founded upon reasonable suspicion that a student has participated in drug-related activities.

- Such insurance is to be paid by the parents.
- If a student did not take part in the insurance program and was injured while in school or en-route to or from school activities, the school in no way will be responsible for such injuries.

LOST AND FOUND

A Lost and Found area is available and open to parents/legal guardians at any time during normal school hours. Any item of clothing or personal belongings that are found will be placed in the Lost and Found area. Students are responsible for their personal property. Articles of clothing and personal belongings should be marked with the child's name. At the end of each semester, unclaimed clothing items will be donated to charity.

TRAVEL

If a student is to forfeit return school transportation on a school-sponsored trip, he/she must have written permission from a parent or guardian and will be allowed to leave the trip only in the company of the parent or guardian.

VISITORS

Photo ID will be required for all visitors any time during the school day. All visitors to any campus in the school district are to follow these guidelines:

- Sign in at the school office and obtain a visitor's pass.
- Students from other schools are not permitted to visit.
- Parents are encouraged to visit the schools to confer with teachers, counselors, and principals concerning the instruction of their children. Except for emergencies, these conferences should be prearranged. The conferences will be set up during the teacher's planning time so that the educational process will not be disrupted.

CAR RIDER PROCEDURE (Elementary and Intermediate)

The Sheridan School District strives to maintain a safe environment for all students and have implemented the following car rider procedures. During the first week of school parents/guardians will be issued two **VISORS** with your student's name on each visor. **Each campus will develop procedures for student drop off/pick up.**

1. You will be required to have the visor **placed on your car/truck sun visor or visible** when picking your student up.
2. If you do **not** have your visor with your student's name on it,
 - a. You will need to park,
 - b. Come to the office,
 - c. Show your picture ID to pick-up your student
3. The duty teachers will notify the appropriate personnel once your visor has been read.
4. **All students will remain in designated areas** until school personnel have been notified to send your student out to the designated pick up area.

VIDEO SURVEILLANCE AND OTHER STUDENT MONITORING

The Board of Directors has a responsibility to maintain discipline, protect the safety, security, and welfare of its students, staff, and visitors while at the same time safeguarding district facilities, vehicles, and equipment. As part of fulfilling this responsibility, the board authorizes the use of video/audio surveillance cameras as well as other security technologies.

The placement of video/audio surveillance cameras shall be based on the presumption and belief that students, staff and visitors have no reasonable expectation of privacy anywhere on or near school property, facilities, school buses, vehicles, or equipment, with the exception of places such as rest rooms or dressing areas where an expectation of bodily privacy is reasonable and customary.

Signs shall be posted on campus buildings and in district vehicles to notify students, staff, and visitors that video cameras may be in use. Parents and students shall also be notified through the student handbook that cameras may be in use in school buildings, on school grounds and in school buses. Students will be held responsible for any violations of school discipline rules caught by the cameras and other technologies authorized in this policy.

The district shall retain copies of video recordings until they are erased which may be accomplished by either deletion or copying over with a new recording. Other than video recordings being retained under the provisions of this policy's following paragraph, the district's video recordings may be erased any time greater than ten (10) days after they were created.

Videos, automatic identification, or data compilations containing evidence of a violation of student conduct rules and/or state or federal law shall be retained until the issue of the misconduct is no longer subject to review or appeal as determined by board policy or student handbook; any release or viewing of such records shall be in accordance with current law.

Students who vandalize, damage, disable, or render inoperable (temporarily or permanently) surveillance cameras and equipment, automatic identification, or data compilation devices shall be subject to appropriate disciplinary action, restitution and referral to appropriate law enforcement authorities.

Due to student privacy concerns, only authorized school personnel shall view bus and/or surveillance video. The only exceptions made will be through student privacy laws and/or subpoena.

SECTION III – ATTENDANCE

ATTENDANCE

The Sheridan School District supports the philosophy that for students to receive maximum benefit from the instructional program, students must be in attendance at school. Act 1322 of 2013 modified state law regarding student attendance policies. Interactions with other students and participation in the instruction within the classroom enrich the learning environment and promote a continuity of instruction which results in higher student achievement. It is the responsibility of the parent/guardian to see that the student is in attendance at school at all times when school is in session. In recognition of the need for students to regularly attend school, the district's policy governing student absences is as follows:

I. UNEXCUSED ABSENCES

- A. No more than eight (8) unexcused absences are allowed in a semester.
- B. When a student has four (4) unexcused absences, his/her parent, guardian, or person in loco parentis shall be notified that the student has missed half the allowable unexcused days for the semester.
- C. Notification shall be by telephone by the end of the school day in which such absence occurred or by regular mail with a return address sent no later than the following school day.
- D. Whenever a student exceeds eight (8) unexcused absences in a semester, the school shall notify the prosecuting authority and/or the truancy officer and the parent, guardian, or person in loco parentis shall be subject to a civil penalty as prescribed by law.
- E. Whenever a student exceeds eight (8) unexcused absences in a course/class in a semester the student shall not receive credit for that course/class. If the student fails to receive credit for a sufficient number of courses/classes and at the discretion of the principal after consultation with persons having knowledge of the circumstances of the absences, the student may be denied promotion or graduation. Unexcused absences, however, shall not be a reason for expulsion or dismissal of a student.
- F. Days missed due to in-school or out-of-school suspension shall not count toward the unexcused number of days absent.
- G. A student will have the number of days to make up work equal to the number of days missed.
- H. A student must be in attendance for four periods in order to participate in

practices/performances/games, etc.

- I. Each building shall develop practices and procedures to enact this policy and develop ways and means to ensure good attendance. Such practices shall be clearly communicated to students and parents.

II. EXCUSED ABSENCES

A. Excused absences that are not charged against the eight (8) unexcused absences include:

1. Those where the student was on official school business, **or**
2. When the absence was due to one of the following reasons, **and** the student brings a written statement upon his/her return to school from the appropriate government agency stating such reason:
 - a. To participate in an FFA, FCCLA, or 4-H sanctioned activity;
 - b. To participate in the election poll workers program for high school students;
 - c. To serve as a page for a member of the General Assembly;
 - d. To visit his/her parent or legal guardian who is a member of the military and been called to active duty; is on leave from active duty; or has returned from deployment to a combat zone or combat support posting; and
 - e. For purposes pre-approved by the school administration such as visiting prospective colleges, to obey a subpoena, or to attend at an appointment with a government agency;
 - f. Due to the student having been sent home from school due to illness.
 - g. Upon return to school, official medical documentation must be submitted. If the district is unable to confirm or verify the medical documentation, the absences/s will be counted toward the maximum number eight (8) of unexcused absences. (The district reserves the right to call and confirm medical documentations.)

B. The school shall notify the Department of Finance and Administration whenever a student fourteen (14) years of age or older is no longer in school. The Department of Finance and Administration is required to suspend the former student's operator's license unless he/she meets certain requirements specified in the code.

C. Applicants for an instruction permit or for a driver's license by persons less than eighteen (18) years old on October 1 of any year are required to provide

proof of a high school diploma or enrollment and regular attendance in an adult education program or a public, private, or parochial school prior to receiving an instruction permit. To be issued a driver's license, a student enrolled in school shall present proof of a "C" average of the previous semester or similar equivalent grading period for which grades are reported as a part of the student's permanent record.

- D. If any student's Individual Education Plan (IEP) or 504 Plan conflicts with the Attendance Policy, the requirements of the student's IEP or 504 Plan take precedence.
- E. Absences not defined above and not having an accompanying note from the parent or legal guardian, presented in the timeline required in this policy, shall be considered as unexcused absences.

III. ATTENDANCE PETITION

- A. It is the Arkansas General Assembly's intention that students having unexcused absences due to illness, accident, or other unavoidable reason be given assistance in obtaining credit for their courses/classes. **Therefore, at any time prior to when a student exceeds the number of unexcused absences (unless unable to do so due to unforeseen circumstances), the student, or his/her parent, guardian, or person in loco parentis may petition the school or district's administration for special arrangements to address the student's absences. The Sheridan School District's petition is available in the campus principal's office.**
- B. If formal arrangements are granted in the petition, they shall be formalized into a written agreement which will include the conditions of the agreement and the consequences for failing to fulfill the agreement's requirements. The agreement shall be signed by the student, the student's parent, guardian, or person in loco parentis, and the school or district administrator or designee. Unless a student's unexcused absence is due to an unforeseen circumstance, the school will not accept a doctor's note for a student's excessive unexcused absence.

SECTION IV – ACADEMIC INFORMATION

ELEMENTARY AND INTERMEDIATE **PROMOTION/RETENTION**

Elementary and Intermediate students must perform on the expected grade level, and have a yearly average of at least sixty (60%) percent or Basic on the Standards Based Report Card in order to be considered for promotion to the next grade level. All required courses taken by the student will be used to calculate the yearly average.

1. When considering retention, a committee will review the following:

Grades on the Report Card

In-District Assessments

Attendance

Standardized Test Scores

Parental/Guardian Input

Age of the Student

Prior Retention

Reading Level

Social, Emotional, & Physical Development

2. One or both of the following methods will be used by the school to inform parents/legal guardians when a student's work is unsatisfactory and retention is being considered: Progress Reports sent home during the school year, and a parent/guardian conference may be requested to discuss the possibility of retention.
3. A committee will review all aspects of a child's performance (refer to the above stated list) to determine the promotional status of the student. If the committee attendees fail to agree with regard to the student's promotion/retention status, the final decision to promote or retain shall rest with the principal.
4. The retention committee will consist of an administrator, classroom teachers, and additional staff members that work with the student on a regular basis.

ELEMENTARY AND INTERMEDIATE **PROMOTION AND RETENTION POLICY**

A disservice is done to students through social promotion and is prohibited by state law. The district shall, at a minimum, evaluate each student annually in an effort to help each student who is not performing at grade level.

Each school in the Sheridan School District shall include in the student handbook, the criteria for promotion of students to the next grade.

Promotion or retention of students shall be primarily based on the following criteria:

1. Promotion of pupils in the elementary and intermediate schools will normally be made when the teacher feels the pupil will be able to do advanced work. This would generally mean that a student who is regular in attendance for the year and makes passing grades will be promoted.
2. Promotion will take into consideration the individual pupil's abilities (results of I.Q. and achievement tests), the schools' objectives, and the curriculum and social conditions of the next grade.
3. If there is doubt concerning the promotion or retention of a student, before a final decision is made, a conference between the parents/guardians, teacher(s), other pertinent personnel, and principal shall be held. The conference shall be held at a time and place that best accommodates those participating in the conference. The school shall document participation or non-participation in required conferences. If the conference attendees fail to agree concerning the student's placement, the final decision to promote or retain shall rest with the principal.
4. Parents or guardians shall be kept informed concerning the progress of their student(s). Any time during the school year written notification of a student's possible retention will be given or mailed to parents; such notification shall include the student's grades, documentation of missing/incomplete paperwork, etc. The parents are to sign the form indicating that they have received the notice of possible student failure.
5. Parent-teacher conferences are encouraged and may be held as necessary in an effort to improve a student's academic success.
6. A student in grades three (3) through eight (8), identified as not passing a benchmark assessment meeting the requisite scale score on the criterion-referenced assessment and failing to participate in the subsequent AIP shall be retained and shall not be promoted to the next appropriate grade until the student is deemed to have participated in the AIP or the student passes the benchmark assessment for the current grade level in which the student is retained. The local district shall determine the extent of the required participation in remediation as set forth in the student academic improvement plan.
7. In addition to the Benchmark Exam requirements, students who take a course requiring a general end-of-course (EOC) assessment must receive a score of proficient on the initial assessment or successfully participate in the AIP (Academic Improvement Plan) created for them to receive academic credit for the course and to be able to graduate.

8. Promotion/retention or graduation of students with an Individual Educational Plan (IEP) shall be based on their successful attainment of the goals set forth in their IEP.

Promotion or retention of students, or their required retaking of a course, shall be primarily based on the following criteria:

The conference shall be held at a time and place that best accommodates those participating in the conference. The school shall document

participation or non-participation in required conferences. If the conference attendees fail to agree concerning the student's placement, the final decision to promote or retain shall rest with the principal or his/her designee.

7. A student who is identified as not meeting the requisite scale score for an end-of-course assessment shall not receive academic credit on his or her transcript for the courses related to the general end-of-course assessment until the student is identified as having participated in remediation through an individualized AIP. (For 2016-17, end-course-assessments are no longer required by the State of Arkansas.)

HOMEWORK

The Sheridan School District recognizes that homework is a beneficial addition to the in-school instructional program. Homework is a flexible and individual responsibility of the classroom teacher. For most students, additional study directly related to academic work-in-progress can make the difference between mastery and non-mastery and between satisfactory and exemplary achievement.

Homework tells students that learning is more than just a schoolroom activity; that expectations go beyond minimum effort, and that independent learning is valued. Through a well-formulated homework system, students will acquire academic content while also developing self-discipline, responsibility, and good work/study habits. Students who possess these characteristics will be prepared for both academic and/or vocational careers.

Homework is also essential because of time. There simply is not enough time in the school day for students to work with all the information schools need to transfer. Homework is needed in order to fill this gap.

Because of these factors, the Sheridan District encourages the assigning of relevant homework to its students. The guidelines for homework are as follows:

1. Individual campuses will develop their own specific homework plans/procedures which comply with the district intent.
2. Each year on each campus, students and parents will be informed concerning the homework procedures to be followed.
3. Homework assignments in each class should reflect a realistic consideration of student time. Work expectations in other classes should be considered.
4. Homework assignments should not be based on the assumption that parental or adult help will be available. While adult assistance during homework has many positive benefits, students who do not receive such help must be considered and not penalized.
5. Homework assignments should not be given for disciplinary reasons.
6. All homework assigned shall receive feedback.

GRADING

Uniformity of grading will be conscientiously maintained throughout the school. That is, work of similar quality may receive about the same mark from all teachers. Academic marks are to be based on educational objectives only, and not on conduct, as behavior is to be graded separately. A minimum of two (2) grades will be recorded each week per subject.

1. Grading: The letter system/percentage system, or a standards based rubric will be used for reports to parents/guardians and for permanent record files. In either case, the following interpretation will be maintained:

Elementary (K-3)

3 – Student independently meets expectations related to the standard (On grade level)

2 – Student needs teacher guidance to be successful with expectations related to the standard (Approaching grade level)

1-Student is receiving support yet lacks understanding related to the standard (Below grade level)

Grades 4-12

A- Superior Achievement 90 to 100%

B- Above Average 80 to 89%

C- Average 70 to 79%

D- Passing 60 to 69%

F- Failure Below 60%

2. Report Cards: Report cards will be distributed one week following the close of each nine week grading period.

3. Failure Notice: When failure seems unavoidable, and retention is likely, the parent/guardian will be notified well in advance of the probable failure of the child.

4. Parent/Teacher Conferences: Teachers will meet with parent(s) or guardian(s) of each student at least twice yearly at scheduled times.

5. Make-Up Work: Students will be given the same amount of time to complete work missed due to absences as the number of days they missed school. A student missing two days of school will have two days to complete make-up work.

REPORT CARDS

Students receive a report card from their advisory teacher each nine weeks, reporting work done in each subject. When Parent-Teacher Conferences are held at the end of a grading period, report cards will be given to the parent at the conference. If parents do not attend the conferences, the report card will be given to the student on the next school day. At the end of the school year, report cards are mailed to parents.

GUIDELINES FOR REQUESTING MAKE-UP WORK

- A. Requests are to be made to main campus office
- B. Requests need to be made by 10:00 A.M. Requests made after this time may not be available until the next school day at the same time request was made; this allows teachers their prep period to prepare assignments.
- C. Assignment requests for 5 days or more will require 2 days to be collected. Extended days may require more time to collect.
- D. Getting assignments picked up is the responsibility of the student/parent.
- E. If an assignment request is made, it is expected to be picked up. Teachers expect the student to have a large portion of the assignments completed upon returning to school.
- F. Students/Parents who have access to email are encouraged to email teachers for assignments.
- G. Students that know in advance that they will be absent are encouraged to get assignments themselves prior to being out.
- H. Make up tests are to be rescheduled at the discretion of the teacher, but must be aligned with the schedule of the missed work to be made up.
- I. Students shall have one class day to make up their work for each class day they are absent.
- J. Make up work which is not turned in within the make- up schedule for that assignment shall receive a zero.
- K. Students are responsible for turning in their make-up work without the teacher having to ask for it.

Students who are absent on the day their make-up work is due must turn in their work the day they return to school whether or not the class, for which the work is due, meets the day of their return. Work may not be made up for credit for unexcused absences. Out-of-school suspensions are unexcused absences.

CONCURRENT CREDIT

Any Sheridan student enrolled in concurrent credit classes in grades 9-12 needs to enroll in a publicly supported community college, technical college, or four-year college or university in accordance with the rules and regulations adopted by the college or university.

A student who successfully completes a course(s) offered by a college, technical college, or university shall be entitled to receive high school grade(s) and credit(s) in accordance with rules and regulations adopted by the State Board of Education and the District. One (1) unit of high school credit is earned for three (3) semester hours of college coursework.

SEMESTER TESTS (Grades 7-9)

Teachers will give semester tests at the end of the first and second semesters. Students in grades 7-9 will not be exempt from the semester tests.

SEMESTER TEST MAKE-UP (Grades 7-9)

Any student who misses a semester exam at the scheduled time will be required to present medical or legal documentation in order to make up the exam. Medical or legal documentation means documentation from a doctor, a dentist, a lawyer, or a court official.

SEMESTER GRADES (Grades 10-12)

Semester grades will be calculated using two nine weeks percentages as 80 percent of the total grade and the semester test score as 20 percent of the total grade.

EXEMPTION FROM SEMESTER TESTS GRADES (10-12)

Teachers will give comprehensive nine weeks' tests at the end of the first and third nine weeks grading periods. Nine weeks' exams count as twenty (20) percent of the nine weeks' grade.

Ninth grade students will not participate in comprehensive nine weeks' exams. Additionally, ninth grade students will not be exempt from semester exams. All students classified as freshman (ninth grade) will take semester exams. Students, grades 10-12, who meet the following criteria, may be exempt from semester tests:

- a. Three (3) or fewer absences and a 70% or above grade in a class.

Students having served in Suspension School or having been suspended will not be exempt.

Two tardies in the same class will count as an absence toward taking semester exams. A student who chooses to take a semester test even if he/she meets these requirements for exemption should do so with the understanding that the test grade will not lower his/her semester grade. The campus will be closed for semester test days. Students who are exempt have to be present only in those classes where they have to take semester exams.

SEMESTER TEST MAKE-UP (Grades 10-12)

Any student who misses a semester exam at the scheduled time will be required to present medical or legal documentation in order to make up the exam. Medical or legal documentation means documentation from a doctor, a dentist, a lawyer, or a court official.

SMART CORE CURRICULUM AND GRADUATION REQUIREMENTS FOR THE CLASS OF 2018 AND THEREAFTER

All students are required to participate in the Smart Core curriculum unless their parents or guardians, or the students if they are 18 years of age or older, sign a *Smart Core Waiver Form* to not participate. While Smart Core is the default option, both a *Smart Core Informed Consent Form* and a *Smart Core Waiver Form* will be sent home with students prior to their enrolling in seventh grade, or when a 7-12 grade student enrolls in the district for the first time and there is not a signed form in the student's permanent record. Parents must sign one of the forms and return it to the school so it can be placed in the students' permanent record. This policy is to be included in student handbooks for grades 6-12 and both students and parents must sign an acknowledgement they have received the policy. Those students not participating in the

Smart Core curriculum will be required to fulfill the Core curriculum or the requirements of their IEP (when applicable) to be eligible for graduation. Counseling by trained personnel shall be available to students and their parents or legal guardians prior to the time they are required to sign the consent forms.

While there are similarities between the two curriculums, following the Core curriculum may not qualify students for some scholarships and admission to certain colleges could be jeopardized. Students initially choosing the Core curriculum may subsequently change to the Smart Core curriculum **providing** they would be able to complete the required course of study by the end of their senior year. Students wishing to change their choice of curriculums must consult with their counselor to determine the feasibility of changing paths.

This policy, the Smart Core curriculum, and the courses necessary for graduation shall be reviewed by staff, students, and parents at least every other year to determine if changes need to be made to better serve the needs of the district's students. The superintendent, or his/her designee, shall select the composition of the review panel.

Sufficient information relating to Smart Core and the district's graduation requirements shall be communicated to parents and students to ensure their informed understanding of each. This may be accomplished through any or all of the following means:¹

- Inclusion in the student handbook of the Smart Core curriculum and graduation requirements;
- Discussion of the Smart Core curriculum and graduation requirements at the school's annual public meeting, PTA meetings, or a meeting held specifically for the purpose of informing the public on this matter;
- Discussions held by the school's counselors with students and their parents; and/or
- Distribution of a newsletter(s) to parents or guardians of the district's students.

Administrators, or their designees, shall train newly hired employees, required to be licensed as a condition of their employment, regarding this policy. The district's annual professional development shall include the training required by this paragraph.

To the best of its ability, the District shall follow the requirements covering the transfer of course credit and graduation set forth in the Interstate Compact on Educational Opportunity for Military Children for all students who meet the definition of "eligible child" in Policy 4.2—ENROLLMENT.

GRADUATION REQUIREMENTS

The number of unit's students must earn to be eligible for high school graduation is to be earned from the categories listed below. A minimum of 22 units is required for graduation for a student participating in either the Smart Core or Core curriculum. In addition to the 22 units required for graduation by the Arkansas Department of Education, the district does not require additional units beyond the SDE requirements. There are some distinctions made between Smart Core units and Graduation units. Not all units earned toward graduation necessarily apply to Smart Core requirements.

Digital Learning Courses

The District shall offer one or more digital learning course(s) through one or more District approved provider(s) as either a primary or supplementary method of instruction. The courses may be in a blended learning, online-based, or other technology-based format. In addition to the other graduation requirements contained in this policy, students are required to take at least one (1) digital learning course for credit while in high school.

SMART CORE: Sixteen (16) units

English: four (4) units – 9th, 10th, 11th, and 12th

Oral Communications: one-half (1/2) unit

Mathematics: four (4) units (all students under Smart Core must take a mathematics course in grade 11 or 12 and complete Algebra II.)

1. Algebra I or Algebra A & B* which may be taken in grades 7-8 or 8-9;
2. Geometry or Investigating Geometry or Geometry A & B* which may be taken in grades 8-9 or 9-10;
*A two-year algebra equivalent or a two-year geometry equivalent may each be counted as two units of the four-unit requirement for the purpose of meeting the **graduation** requirement, but only serve as one unit each toward fulfilling the **Smart Core** requirement.
3. Algebra II; and
4. The fourth unit may be either:
 - A math unit beyond Algebra II: this can include Pre-Calculus, Calculus, AP Statistics, Algebra III, Advanced Topic and Modeling in Mathematics, Mathematical Applications and Algorithms, Linear Systems and Statistics, or

- any of several IB or Advanced Placement math courses (Comparable concurrent credit college courses may be substituted where applicable); or
- one unit of computer science chosen from ADE Essentials of Computer Programming, ADE Computer Science and Mathematics, AP Computer Science, AP Computer Science Principles, IB Computer Science, or other options approved by ADE.

Social Studies: three (3) units

1. Civics one-half ($\frac{1}{2}$) unit
2. World History - one unit
3. American History - one unit

Physical Education: one-half ($\frac{1}{2}$) unit

Note: While one-half ($\frac{1}{2}$) unit is required for graduation, no more than one (1) unit may be applied toward fulfilling the necessary units to graduate.

Health and Safety: one-half ($\frac{1}{2}$) unit

Economics – one half ($\frac{1}{2}$) unit – dependent upon the licensure of the teacher teaching the course, this can count toward the required three (3) social studies credits or the six (6) required Career Focus elective credits.²

Fine Arts: one-half ($\frac{1}{2}$) unit

CAREER FOCUS: Six (6) units

All career focus unit requirements shall be established through guidance and counseling based on the student's contemplated work aspirations. Career focus courses shall conform to the curriculum policy of the district and reflect state curriculum frameworks through course sequencing and career course concentrations where appropriate.

NOTES: ¹ Schools are required to retain documentation procedures and methods used.

² The Rules specify the option is dependent upon the licensure of the teacher. Specifically, if the course is taught by a licensed social studies teacher, both options exist. If the course is taught by a licensed business education teacher, the credit must be applied toward the career focus requirement.

SERVICES FOR ADVANCED STUDENTS

Grades 3-5, Gifted and Talented Pull-Out.

In grades 6-12 identified, officially listed gifted students receive differentiated services within Pre-AP and AP classes.

The district identification process follows state regulations which include:

Nomination: Identification is ongoing. Students, parents, teachers, and community members may nominate by filling out the official form found on the school district website. With permission, additional screenings then occur. All nominations are assigned a code number for impartiality.

Data Collection: Taken from: Rating scales and inventories from parent/teacher. Percentiles from standardized, nationally-normed exams. Verbal and non-verbal test results. Creativity samples, K-2 portfolio assessments, behavioral checklists.

Identification: 5 member district identification committee composed of Gifted and Talented (GT) certified staff, counselors, teachers, administrators select around 5 percent of student body for official listing as in need of differentiated services. Anonymity and impartiality is maintained by code on all student profile sheets. Procedures are non-discriminatory with respect to race, cultural or economic backgrounds, religion, gender, or handicapping condition.

Placement: Letters of notification sent to all parents regardless of placement decision. Permission to place form signed by parent must be received for student file. All students are subject to an annual review to determine appropriateness of placement within the program. Officially listed students who do not enroll in AP or Pre-AP classes are subject to deactivation for each school year that occurs.

ADVANCED PLACEMENT COURSES

All AP courses are open to students willing and able to accept introductory-level college work at an expected more rigorous, complex level. Quality points (weighted GPA) for AP courses are contingent on student testing and teacher training. Teacher AP training documentation is monitored and retained by the district GT/AP Coordinator. Sheridan High School does not offer International Baccalaureate (IB) courses.

Note: EXPECT AP CLASSES TO BE DIFFICULT IN CONTENT AND PROCEDURES; tutoring may be available for students who experience difficulty. Each AP class has a weighted GPA (5.0 – A, 4.0 – B, 3.0 – C, 2.0 – D) as long as the student is enrolled all year and takes the AP exam to qualify for college credit each May.

AP courses offered are the following:

Art Studio Drawing	Calculus	Environmental Science	Spanish
Art 2-D	Chemistry	Physics I	Statistics
Art History	English Language	Physics II	U.S. Government & Politics
Biology	English Literature	Psychology	U.S. History
			World History

HONOR GRADUATES

Only a student who has successfully completed the minimum core of high school courses recommended for preparation for postsecondary education (core curriculum for unconditional college admittance outlined above) or a more rigorous program of vocational study will be eligible for the honor of serving as valedictorian, salutatorian, or honor graduate of a senior class in a high school in this state. Sheridan High School no longer has a valedictorian and a salutatorian but has three tiers of honor grads: Act 980 of 1991 sets these requirements for honor graduates.

DISTINGUISHED HONOR GRADUATES

Distinguished honor grads will be those with a grade point average (GPA) of 4.0001 or higher who have taken a minimum of five (5) Advanced Placement classes and meet the state requirements. All students in this category will be ranked number one.

HONOR GRADUATES

Honor grads will be those with a GPA of 3.7500 or higher who meet state requirements. The tiers of honor graduates are determined after the completion of all high school courses/grades. Students are encouraged to seek advice from the counselor, principal and teachers to be sure requirements are met. Students are responsible for making sure they have completed all graduation requirements.

SCHOLARSHIPS

Several scholarships are available to seniors based on academic achievement, leadership, service, and need. Any student interested in applying for a scholarship should contact his/her counselor.

High school seniors will qualify based on their high school performance. Students graduating from an Arkansas public high school, a private or out-of-state school, or homeschool must have an ACT composite of at least 19 (or an equivalent score on an equivalent test.)

Previous recipients of the scholarship will continue to receive the amounts stipulated in their original award. Maximum award for four year institution is eight (8) semesters and two year institution is five (5) semesters.

Renewal: Traditional students must enroll in at least 12 hours the first fall semester following high school graduation, and at least 15 hours each semester thereafter, to receive their funds that semester. They must complete at least 27 hours their first year, and at least 30 hours each year thereafter, with a 2.5 cumulative GPA. Non-traditional students may enroll in as few as six hours and still receive a pro-rated scholarship amount. They must also maintain a cumulative GPA or at least 2.5, and their continuing eligibility requirement is related to their semester enrollment.

Disclaimer: This information is subject to changes made through the Arkansas Department of Higher Education. See www.scholarships.adhe.edu for the most current information.

STUDENT ATHLETES

Students who plan to participate in athletics at the college level are encouraged to register with the NCAA Clearinghouse at the end of their junior year. All information and registration forms are available at www.ncaaclearinghouse.net.

NATIONAL HONOR SOCIETY (11th - 12th grade)

The National Honor Society is an activity of the National Association of Secondary School Principals. The members are students chosen by the faculty council on the basis of the principles of the society: scholarship, leadership, character, and service. No honor or responsibility conferred by the school exceeds that represented by the National Honor Society. It represents the fundamental objectives for which schools are instituted and gives recognition to those who have attained most nearly the desired ends. This society looks upon education as a total product measured by the four dimensions of life.

Act 980 of 1991 set these qualifications for membership in the National Honor Society: Only a student who is enrolled in a course of study containing the minimum core of high school courses recommended for preparation for post-secondary education as set forth by the State Board of Higher Education and the State Board of Education or the technical preparation program as set forth by the State Board of Education shall be eligible for membership in the National Honor Society or any equivalent honorary society. NHS members can be dismissed from the NHS in the event of serious infractions.

**SECTION V –
STUDENT BEHAVIOR
and
DISCIPLINE POLICIES**

DISCIPLINE POLICIES

The Sheridan School District employees and the Board of Education have the responsibility to protect the health, safety, and welfare of the District's students and employees. To help maintain a safe environment conducive to high student achievement, the Board establishes policies necessary to regulate student behavior to promote an orderly school environment that is respectful of the rights of others and ensures the uniform enforcement of student discipline.

1. Students are responsible for their conduct that occurs:

6. The District will enforce disciplinary action from a minimum of a warning to a maximum of expulsion/suspension for disciplinary infractions.
7. In order to assure that policies are firm, fair, and consistent, the superintendent will annually ensure that a discipline policy committee composed of school personnel and parent's reviews and revises said policies. The District's student discipline policies and rules shall be distributed to each student annually and to new students upon their enrollment. Each student's parent or legal guardian shall sign and return to the school an acknowledgement form documenting that

they have received the policies and rules.

8. Further, parents, teachers, and students may request and receive a hearing before the District's Handbook Committee to propose revisions of policies or particular provisions of policies.
9. It is required by law that the principal or the person in charge report to the police any incidents where a person has committed or threatened to commit an act of violence or any crime involving a deadly weapon on school property or while under school supervision.
10. Sheridan School District currently employs two School Resource Officers (SRO) to assist students, faculty, and administration when necessary. If an SRO is not available, local law enforcement officers may be contacted. In cases that appear to need the help of an SRO or law enforcement officers, the principal/assistant principal will confer with the superintendent/assistant superintendent. If they are not available, he/she will make his/her own determination regarding the need for local law enforcement.

BEHAVIOR NOT COVERED IN THIS STUDENT HANDBOOK

The Sheridan School District reserves the right to punish behavior not conducive to good order and discipline in the schools even though such behavior is not specified in this handbook. Principals may alter severity of punishments based on circumstances and other conditions.

Students enrolled in the ALE program will have an additional handbook that covers program policy and procedures.

DISCIPLINE

The Sheridan Board of Education expects that when students willfully violate school rules, defy instructions of teachers and administrators, or interfere with the normal operation of the school program, the administrator in charge will take appropriate action as prescribed by the Board of Education policies and regulations, ordinances of the City of Sheridan, and the statutes of the State of Arkansas.

The constitutional rights of individuals assure the protection of due process of law; therefore, this system of constitutionally and legally sound procedures is approved with regard to the administration of discipline in the Sheridan Public Schools:

- The hallmark of exercise of disciplinary authority shall be fairness.
- Every effort shall be made by administrators and faculty members to resolve problems through effective utilization of school district resources to include prevention, intervention, mediation and conflict resolution provisions, in cooperation with the student and his/her parent or guardian.
- Teachers and other school personnel have the authority to give reasonable instructions to any student while the student is under school jurisdiction and are responsible for reporting the violation of a school regulation by a student if it cannot be resolved by the teacher or other school personnel. When situations develop that appear to need the help of law enforcement officers, other than a

School Resource Officer, the principal will confer with the superintendent or assistant superintendent. If they are not available, he/she will make his/her own determination.

DISCIPLINE OF DISABLED STUDENTS

Students identified as disabled under the Individuals with Disabilities Education Act (IDEA) will be subject to all school policies and rules unless otherwise directed by the student's Individual Education Plan, so long as such treatment does not abridge the right to a free appropriate public education. Further, discipline of IDEA students will conform to laws and regulations as enumerated under IDEA.

Students who are determined to be disabled under Section 504 of the Rehabilitation Act of 1973 will be subject to all school policies and rules unless otherwise directed by the student's Individual Accommodation Plan. Schools may remove any student with disabilities for a disciplinary infraction for up to 10 school days per offense. During a period of short term exclusion, schools are not required to provide any educational services to the student.

CORPORAL PUNISHMENT

Corporal punishment may be administered in grades K-12. It is the responsibility of building level administrators to determine that the law, policy, and guidelines related to corporal punishment are followed.

GUIDELINES FOR CORPORAL PUNISHMENT

- A. Before corporal punishment is administered, it must be documented that sufficient warning of such punishment has been given, that parents have received notice of the warnings, and that evidence must exist that other corrective measures have failed to solve the discipline problem.
- B. Any person administering corporal punishment must complete a "corporal punishment form."
- C. Parents must be notified that their child has received corporal punishment and must be furnished a copy of the corporal punishment form by the person administering the corporal punishment.
- D. No student will receive more than three (3) swats at any given time and will not receive corporal punishment more than three (3) times in any given school year.
- E. Any parent may choose not to have his/her child receive corporal punishment by notifying the school in writing. Parents must accept that if they disallow the use of corporal punishment, or if their child refuses to accept corporal punishment, the student may be suspended from school.
- F. Building level administrators may exercise their judgment as to their use of corporal punishment or any other corrective measure for students sent to the office for punishment.
- G. Teachers may exercise their judgment as to the use of corporal punishment or

other corrective measures.

- H. Corporal punishment will be administered by using an instrument supplied by the district.
- I. Corporal punishment will be administered in the presence of an administrator who shall be present when the student is advised of the reason(s) for the punishment. It will only be administered following warnings that the misbehavior will not be tolerated and that the administration of corporal punishment is imminent.

NOON DETENTION HALL (SJHS)

- 1. Noon detention is served during lunch.
- 2. A student may serve a maximum of fifteen (15) days per semester. Additional detention hall days will result in further punishment deemed appropriate by the principal or assistant principal.
- 3. A student assigned to Suspension School for not completing detention hall assignments will complete the detention hall assignment, in noon detention, upon return from Suspension School.

DETENTION HALL (10th-12th grade)

Failure to complete detention hall will result in assignment to Suspension School or suspension from school. A student can serve only fifteen (15) days of noon detention hall per semester.

SUSPENSION SCHOOL

A student assigned to Suspension School will be assigned for a minimum of two (2) days and can serve only ten (10) days per semester. Additional days may be added to a student's suspension school assignment for failure to complete their class assignments while in Suspension School. Inappropriate behavior while in Suspension School may also result in additional days being added or suspension from school being added.

If a suspension occurs while the student is in Suspension School, the Suspension School assignment will be completed after the suspension before the student can return to regular classes. When a student is assigned to Suspension School for not attending detention hall, the original detention hall assignment must be completed after the Suspension School days are completed.

Students assigned to Suspension School are not to be on campus without permission nor can they participate in any after school activity during the assignment to Suspension School.

Students assigned to Suspension School during nine week and/or semester test days shall serve the entire day of Suspension School even if all tests have been completed.

Days in Suspension School prevent SHS exemption for semester exams.

SUSPENSION FROM SCHOOL

A teacher has the right to temporarily remove a student from class. The teacher should call the office and file with the principal a written statement of the reason(s) for the student's suspension from class. The student will be given an opportunity to explain his/her version of the facts to the principal or designee. The principal shall determine whether to reinstate the student in class, reassign the student, or take other disciplinary action. The student will be given written notice of the reason of his/her suspension.

The principal, or the assistant in charge, is authorized to temporarily suspend a student from school for a period not to exceed ten (10) days and to require a student-parent-principal conference as a condition for considering reinstatement. When students have been notified that they have been suspended from school, they shall leave the building and grounds immediately and shall remain away from the school premises until a parent or guardian returns with them for a student-parent-principal conference.

Students under suspension shall not be on the school grounds and cannot attend or participate in school activities during the suspension nor can they make up work missed during the suspension. The principal shall schedule the conference and shall notify the parents. The principal may make and retain a record of the conference. If, in the conference, no decision is reached for the reinstatement of the student, or if the parent expresses feelings that the principal is unfair, then the principal shall extend the suspension and furnish the superintendent with a full report of the situation.

Students or parents may appeal to the Superintendent of Schools. An appeal to the superintendent must be made within three (3) days. Upon hearing the appeal, the superintendent will render a final binding decision in a timely manner. Any student attending vocational school as a part of his/her high school program who is suspended from classes at SHS is suspended from the vocational school. A student from SHS who is suspended at the vocational school is also suspended from classes at SHS.

EXPULSION

When a principal decides to recommend that a student be expelled, he/she shall make such recommendation to the superintendent along with a written statement of the charge or charges against the student. Students or their parents may request a hearing

before the Board of Education to appeal disciplinary action only after all steps to hear the matter have been considered through the various administrative levels. Such requests shall be made in writing. At their request, the superintendent shall schedule, within a reasonable amount of time, a hearing before the Board of Education and shall notify the student and the parents/legal guardians in writing as to the time, place, and purpose for the hearing. The parents must notify the superintendent within five (5) days of their desire to have a hearing. The Board of Education may expel a student for the remainder of the school year or a calendar year.

The following guidelines shall be used in the procedure:

1. The charge(s) against the student shall be stated in clear and concise terms in writing.
2. A parent or legal guardian of the student shall be present at the hearing.
3. The student shall be given an opportunity to give his version of the facts and their implications.
4. The student shall be allowed to observe all evidence against him, the right to cross examine, and the right to an attorney.
5. A record may be kept of the hearing.
6. The hearing authority shall state, within a reasonable time after the hearing, its findings as to whether or not the disciplinary action should be revoked, affirmed, or altered.

Parents will not be allowed to go directly to the classroom. Only people listed on a student enrollment card will be allowed to pick up that student.

If a student is absent for less than 1 hour, he/she will be marked tardy. Students arriving on late buses will not be counted tardy.

Military personnel, such as ROTC cadets, acting in the course of their official duties are accepted.

A weapon is defined as any knife, gun, pistol, revolver, shotgun, BB gun, rifle, pellet gun, razor, ice pick, dirk, box cutter, numchucks, brass knuckles, pepper spray or other noxious spray, explosive, or any other instrument or substance capable of causing bodily harm. A student guilty of having a weapon at school will be suspended until a

conference can be set up with the superintendent or designee to determine if an expulsion recommendation is necessary or if other consequences are more appropriate.

Possession means having a weapon, as defined in this policy, on the student's body or in an area under his/her control. If, prior to any questioning or search by any school personnel, a student discovers that he/she has accidentally brought a weapon to school and immediately takes the weapon to the principal's office, or a student realizes that he/she has brought a weapon to school that is in a vehicle on school grounds, and the student informs the principal or a staff person immediately, the student will not be considered to be in possession of a weapon. The weapon shall be confiscated and held in the office until such time as the student's parent/legal guardian shall pick up the weapon from the school's office.

Except as permitted in this policy, students found to be in possession of a firearm on the school campus shall be recommended for expulsion for a period of no less than one year. The Superintendent shall have the discretion to modify such expulsion recommendation for a student on a case-by-case basis. Parents or legal guardians of students expelled under this policy shall be given a copy of the current laws regarding the possibility of parental responsibility for allowing a child to possess a weapon on school property. Parents or legal guardians shall sign a statement acknowledging that they have read and understand said laws prior to readmitting the student. Parents or legal guardians of a student enrolling from another school after the expiration of an expulsion period for a weapons policy violation shall also be given a copy of the current laws regarding the possibility of parental responsibility for allowing a child to possess a weapon on school property. The parents or legal guardians shall sign a statement acknowledging that they have read and understand said laws prior to the student being enrolled in school.

The mandatory expulsion requirement for possession of a firearm does not apply to a firearm authorized by the district for activities that include the use of firearms. Such activities may include ROTC program activities or after-school trap shooting team activities.

A firearm brought inadvertently to school by a student shall be grounds for disciplinary action, but the School Board may consider the "inadvertent circumstances" of the incident in determining the student's discipline.

The district shall report any student who brings a firearm to school to the criminal justice system or juvenile delinquency system by notifying local law enforcement.

Special cases:

When in the judgment of the principal or assistant principal, and depending on the severity of the offense or if a student's presence would present a hazard to others, or would adversely affect the learning environment, a student may be suspended or recommended for expulsion for any first offense. Students involved in extracurricular activities may receive additional consequences based on individual club or group rules and/or guidelines.

Behavior not covered in this handbook will be handled by an administrative response.

CAFETERIA RULES

- G. Students depositing money into their account during lunch should go to the end of the line.
- H. Food and beverage items in glass containers are not allowed on campus.
- I. Students who do not follow these rules may be assigned to "clean-up duty" or other disciplinary action.
- J. ADE standard 8.02.01 states that parents may bring food, to school at lunch time for their children, but not other children. Food must be delivered to the office, not the cafeteria.

DRUG DOG

The district reserves the right to use drug dogs to search school premises. Unannounced periodic visits may be made to all district schools and to school-sponsored events. Lockers, automobiles, and other areas of the school grounds will be searched. Students will be held responsible for any prohibited items found in their locker, belongings, or automobiles. Should prohibited items be found during a school check, the violator(s) will be disciplined under district policies and may be prosecuted under local, state, or federal laws.

SCHOOL RESOURCE OFFICERS

The Sheridan School District currently employs two School Resource Officers and one Security Officer (SHS) to assist students, faculty and administration when necessary. If School Resource Officers are not available, local law enforcement officers may be contacted.

SEARCH AND SEIZURE

School Property:

In the assignment of school property (locker, desk, etc.) to a specific student, the school maintains ownership of such property and the right to inspect it or reclaim it. General searches of school property may be conducted at any time.

Search of an area assigned to a student should be in the student's presence except in emergencies. Illegal items such as firearms, weapons, or any other articles reasonably determined to be a threat to the safety and security of others shall be seized by school authorities and turned over to the police. Items, which are used to disrupt or interfere with the educational process, may be temporarily removed from the student's possession.

Automobiles: A school official may conduct a warrantless search of an automobile if he or she has reasonable suspicion that a search would produce evidence indicating a student had violated the law or a school rule.

Personal Property: A school official may conduct a search of items if he or she has reasonable suspicion that a search would produce evidence indicating a student had violated the law or a school rule.

Personal Searches: When a school employee has reasonable suspicion that a student

has violated the law or a school rule, he or she shall inform an administrator. If the administrator determines that a search is warranted, he or she may conduct a search of a student's person. An adult witness will be present at the time of the search. The search may be conducted as long as the scope of the search is "reasonably related to the objective of the search" and not excessively intrusive in light of the age and sex of the student and the nature of the infraction.

Pat-Down Searches: A "pat-down" search of a student's person will be done by a school official of the same sex. An adult witness shall be present at the time of the search. A pat-down search of a minor student shall be conducted in the presence of his or her parent or guardian unless the administrator has reason to believe that the student poses an immediate threat.

Strip Searches: When a school administrator has reasonable suspicion that a serious offense has occurred to the extent that a strip search is appropriate, law enforcement officials will be contacted to conduct such a search if legally deemed appropriate. In no case will a school employee conduct a strip search. In the case of law enforcement notification, parents will also be notified by school officials.

Metal Detectors: The Sheridan School Board authorizes the appropriate use of metal detectors at school and at school-sponsored events.

SECOND CHANCE PROGRAM

The Second Chance Program was developed to provide qualified students, in grades 7-12, who are first time offenders of the district's drug and alcohol policy an opportunity to avoid expulsion and remain a Sheridan School District student thus progressing in their education. Recommendations for inclusion in the Second Chance Program will be made by campus principals. Students who are enrolled in the Second Chance Program are placed on a very strict probationary status for one calendar year and are required to complete all program components including;

- A mandatory 6 week drug education class selected by the district and provided on campus, after school, at the student's expense.
- 15 hours of community service
- Random drug testing throughout the student's enrollment in the program.
- Weekly student progress meetings with the student's campus counselor/administrators.
- Strict academic and disciplinary probation.

Participating in the Second Chance Program in lieu of expulsion is an opportunity that can be taken advantage of only one time in a student's 7-12 education. Additionally, any student found to be in violation of section B of the Student Handbook-Alcoholic

Beverages, Counterfeit Drugs policy will not qualify for inclusion in the Second Chance Program.

All alcohol and drug policy violations are reported to local law enforcement.

More information regarding the Second Chance Program is available upon request.

The Learning Center Program

The Learning Center Program (TLC) is an alternative program to expulsion for students found to be in violation of section B of the Student Handbook – Alcoholic Beverages, Counterfeit Drugs policy. Students may be assigned to the TLC program for disciplinary violations other than the Alcoholic Beverage, Counterfeit Drug policy. Such exceptional assignments will be made on a case by case basis as determined by school administrators. In the case of an exceptional assignment to TLC, program criteria may be amended based on the reason of the exceptional assignment. This program will provide students in grades 7 through 12 the opportunity to earn credit for core classes through digital learning. Campus principals may offer this program to students in lieu of a recommendation for expulsion

Students are assigned one or two semesters in the Learning Center Program. Students are required to successfully complete the following criteria;

- Six week drug education/life skills class
- Random drug testing
- Satisfactory attendance according to the Sheridan School District Student Handbook attendance policy.
- Completion of 12 community service hours
- Complete 75% or more of assigned course work with passing grades
- Maintain a 90% progress report average

Students are required to follow a uniform dress code of khaki pants with a white or blue polo shirt with a collar. Transportation will not be provided during enrollment in the Learning Center Program. Upon successful completion of the TLC program, students will be placed in one semester of the Second Chance program.

**SECTION VI –
HEALTH AND WELLNESS
POLICIES AND PROCEDURES**

BREAKFAST AND LUNCH

The Sheridan Child Nutrition Department will offer lunch and breakfast at Sheridan School District Campuses. Studies show a positive relationship between academic performance, reduced tardiness, and absenteeism when students participate in school breakfast and lunch programs.

Your child will receive a personal envelope for meal deposits. There are blanks to be filled in by the parent/guardian as to the date and amount of money sent to be deposited in your child's account. Upon receipt by the food service cashier, she will post the amount of money received and the date received. Please seal the envelope. The student is to turn the envelope into his/her first period teacher or in the box located in the cafeteria or office before school starts.

The money deposited will be used for school food service only. Each time your child is served lunch, breakfast, second meals, or an extra drink the price will automatically be deducted from your child's account. Since all money sent in the meal envelopes is deposited into the student's account, money sent for field trips, pictures, books, etc., must be sent separately to the teacher's attention.

Meal charges are not allowed at Sheridan Junior or Sheridan High School. One (1) meal charge per school year will be allowed for elementary and intermediate students.

Second meals, snacks and extra drinks are not a part of the Federally-funded Food Service program. Students will be charged for these, even though your child may be eligible for free and reduced price meals. Second meal costs are the same as an adult meal price.

Students must pay in cash or check by the day, or pay in advance by the week, two weeks, or monthly. We encourage you to pay a week or more rather than daily. If your child should choose to bring his or her lunch or is absent, no meals will be deducted from their account. The only way a meal is deducted from your child's account is for your child to go through the line and pick up a tray or extra drink. We will not provide the student with the service of cashing checks or giving change. If you move from the district it is essential that you come by the cafeteria to balance your child's account whether a refund is to be received or a deficit to be paid.

EZSchoolPay

The Sheridan School District is now offering an online service to assist parents in the management of their student's school meal account. In addition to checking a student's meal balance online, parents may use a Visa, MasterCard, or Discover card (credit or debit) to enter a prepayment to their student's school meal account.

In order to prepay a child's school meals, parents can go online to the Sheridan School District website at www.sheridanschools.org and click on the quick link EZSchoolPay or go to <http://www.EZSchoolPay.com> to create an account. A child's meal account balance can also be monitored online and updated as often as every 10 minutes. The EZSchool Pay website can also be used to view recent meal transaction history and to set up e-mail alerts to indicate that a child's account balance is low. Payments can be made to a student's account anytime. **EZSchool Pay is provided for parent's convenience, however a service fee is charged when making a payment.**

If you need more information or have questions on EZSchool Pay, please call district Food Service Director at 870-942-3135.

FREE AND REDUCED LUNCHES

To qualify for free and reduced lunches, an application must be filled out, one per household with each student listed and returned to the school office or cafeteria office. Applications will be reviewed and approved or disapproved according to federal guidelines.

Students who qualified for the program last year will continue on the program for the first 30 days of the new school year. Free and reduced meal prices only apply to first servings, students who receive second trays will be charged an adult meal price. Parents are invited and encouraged to periodically join their students in dining in the cafeteria.

HEALTH POLICIES

Acts 244 and 633 of Arkansas State Law require all students Pre-Kindergarten through 12th grade to have completed all required immunizations in order to register for the current school year. All transfer students must furnish shot records within thirty (30) calendar days of enrolling.

Personal Illness

In order to provide our students with a healthy environment in which to learn, these guidelines should be followed:

1. If a child complains before school, take his/her temperature, and keep the child home if the temperature is 100 degrees or higher.
2. If a child complains with stomach disorders, such as nausea, vomiting, or diarrhea, he/she should not be sent to school. Stomach viruses are contagious. A child should be symptom free for 24 hours before returning to school.

SCHOOL DISTRICT MEDICATION GUIDELINES

In order to provide the best possible care for your children, the following guidelines are in effect for administering medication at school.

- A. Medication requested by parents/guardians to be given at school must be a doctor's prescription, and it must be in the original prescription container with the prescription label on the container. Medication should not be mixed in a container. (Ask your pharmacist to provide a second container with a prescription label. This allows the parent/legal guardian to have a container at home and one to be kept at school).

- B. Prescription medication requested to be given on a long-term or short-term basis must have a permission form signed by the parents/guardians. This permission form can be obtained from the school nurse. All prescription medications to be given at school must be accompanied by an adult requesting medication to be given. Do not send with student.

Sheridan School District
**Parental Consent to Access Public Insurance and
to Release Personally Identifiable Information**

Student Name: _____

Student Identification Number: _____ **Date of Birth:** _____

With parental consent, the school district can seek federal Medicaid reimbursement for the cost of the health services the school district provides to children who are eligible for Medicaid, and who receive those services that are identified in their individualized education program (IEP). In order to seek the federal Medicaid funds for reimbursement, the school district must disclose information from your child's education records to Medicaid and Medicaid billing agencies.

Under the Family Educational Rights and Privacy Act (FERPA), parental consent is required in order to release student personally identifiable information to agencies not identified in the Act. This consent grants the school district the ability to release student information for the purpose of billing Medicaid.

By signing below, you are indicating the following:

- I understand and agree that I am giving the school district permission to access my or my child's public benefits or insurance.
- I understand that my child's education records and information about the services my child receives through an IEP may be released to the Department of Human Services, Division of Medical Services, Arkansas Medicaid, and the school district's Medicaid billing agent for the purpose of billing Medicaid.
- I understand that this may include sharing information with DHS, contracted billing agents, and/or a physician to obtain necessary documentation to receive reimbursement for services provided through an IEP.
- I understand that information to be released may include: student's name, date of birth, social security number, Medicaid ID, disability, IEP and evaluations, type of service(s), times and dates services were delivered, and progress notes.
- I understand that this consent will remain in effect at all times the district is responsible for providing IEP services to my child, unless revoked by me.
- I understand that I may revoke consent at any time by notifying the school district in writing.
- I understand that revoking my consent does not change the school district's responsibility to provide all required IEP services to my child at no cost to me.
- Before giving my consent below, I was provided with a written notice further explaining my rights and protections under Part B of the Individuals with Disabilities Education Act (IDEA) regarding consent and the purpose of this form.

Student Identification Number: _____ **Date of Birth:** _____

Information Related to Billing Third Party Insurance:

Title 42 Code of Federal Regulations (CFR), Part 433, Subpart D, Third Party Liability, requires that all third party sources must be utilized before reimbursement can be made by Medicaid. Part B of the Individuals with Disabilities Education Act (IDEA) prohibits a public agency from requiring parents, where they would incur a financial cost, to use insurance proceeds to pay for services that must be provided to a child with disabilities under the "free appropriate public education" requirements of these statutes. IDEA does not create exceptions to Title 42 CFR, Part 433, Subpart D. All Medicaid providers, including school districts, should attempt to exhaust third party liability prior to making claims to Medicaid.
