

# ACTIVITY PROGRAM

## WHY

MHMS strives to provide opportunities for success for all our students. We believe in providing support to students who are struggling, and recognizing students who are demonstrating success. To serve our students, we are adopting an Activity Program that will support our students and acknowledge achievement at the same time.

## HOW IT WORKS

Each Friday a failure report will be run to identify students who are failing any given class. If a student is failing a class, he/she will be assigned to that class during our activity period Monday—Thursday which runs from 9:40-10:15 am. During this time the student will have the opportunity to work with their teacher and receive extra support and assistance. If a student is failing more than one class, the student will be assigned to the classes throughout the week so every opportunity is provided.

On Fridays a modified schedule will be followed that places our activity time at the end of the day. This will allow the teachers to submit a Zap list to administration of students who have zeros in their class. These students will be gathered in the library for a short time while others who have completed their work are released for the day. The Zapped students will then be directed to their classes in which they have zeros and will complete their work. These students will be released as they finish their work or at the end of the day at 4:00 PM.
