

ACCIDENT REPORTS

Accurate and prompt accident reporting is essential if similar accidents are to be prevented from happening again. If there are injuries or damage, prompt reports also are vital in assuring the district, staff, students, and others of proper insurance coverage.

Therefore, the Board requires that an accident report be filed for every accident that takes place on school property, or that involves a school vehicle, students or staff on school-sponsored trips, or staff members on authorized school business trips. Such accident reports are required whether or not there is an injury or damage immediately evident.

For accidents involving students, the teacher responsible for the child when the accident occurred will file an accident report with the principal on the same day. Teachers that are responsible for the child will also call the child's parents or guardians to let them know about the accident.
