

SPECIAL USE OF SCHOOL BUSES

Although the regular transportation of students to and from school will always be given first priority, school buses may also be used to take students to and from school-sponsored activities.

Driving regulations, safety rules, and insurance coverage will be the same for special uses as for regular student transportation to and from school. Regular bus drivers will, whenever possible, be given priority in assignments.

The transportation supervisor will work with the appropriate school administrators to establish regulations governing transportation for special district programs.

In the event an outside agency requests use of a school bus, the Facility Use and Equipment Agreement will be completed by the outside agency and may be approved by the Board. A mileage rate may be charged as well as salary for a bus driver.
