1. School Supplies (Instructional, Supplies, Instructional Equipment, STAAR/TEKS Materials, Textbooks, etc.)

Products and Services Descriptions

Teacherâ€™s Discovery has been in the business of providing wacky, current educational tools and goodies for over 40 years. We started out selling T-shirts, and now we sell anything a teacher could want and need. Your classroom is your corner of the world, and we want to help make it as fun and interesting as possible.

We deploy all over the world to pack your classroom with current culture, from international destinations such as China and Mexico to locations closer to home such as Hollywood and local high school classrooms. We may not have to call celebrities to provide sound recordings of Hamlet or tour Diego Riveraâ€™s original murals in Mexico to create a traveling exhibit, but weÂ´re committed to giving you the best products possible. Since your students may not get the chance to go to these places or meet these people, we do everything we can to pack these interesting, real-world experiences into our products. We want your students to experience Spanish, French, German, English, Science and Social Studies as much as you do. Teaching is never â€œbusiness as usual,â€• so we give you cutting-edge, eye-opening teaching tools.

In the end, teachers are candid people who know their own minds. We are always looking for your feedback and ideas. Send them in! Send us your thoughts by email, snail mail, telephone, airplane, pizza box or passenger pigeon. We treasure your input and are proud to work with you. While many of our products are teacher-created, every single one is tested, evaluated and approved by educational soldiers working in the field. Our success is built on your involvement, and we appreciate your passion for education. Your enthusiasm shows through in the products you help us create. Thank you!

Products and Services Descriptions

At Bedford, Freeman and Worth, we've built our reputation on producing the highest quality materials for AP courses and a variety of electives, and now we're proud to offer resources for a range of high school courses. With BFW you'll find what you need for class today: classroom tools that work; extensive support for teachers; media that adds value to your classes; and the support you need, when you need it. Our groundbreaking books and media are based on changes in education, in student populations, and in accepted best practices for the classroom. Books like The Language of Composition, Myers' Psychology for AP*, and The Practice of Statistics workâ€”because they grow from what teachers want and what students need.

Products and Services Descriptions

ByteSpeed was founded in 1999 with a vision to manufacture high quality computers and offer uncommonly superior customer service. We have been custom-building Intel® based desktops, laptops, and servers since 1999 and have become a top solution provider for the education market nationwide. We have also expanded to work with financial institutions, healthcare facilities, and city and county governments across the nation. Each system is built and serviced at our location in Moorhead, Minnesota, and is backed by an industry leading warranty, personal customer service, and free lifetime tech support. ByteSpeed provides a standard 5-year parts and labor warranty on all servers and desktops, 3-year warranty on laptops (plus 1 year on the laptop battery), and 2-year or 1-year warranty on netbooks, depending on the model (plus 1-year on the netbook battery). Product costs include lifetime technical support, free imaging, a parts closet, and shipping and handling of warranty issues.

Carlex has been providing great French and Spanish products at competitive prices to teachers since 1989. We carry over 2000 wonderful products! Videos, games, maps, awards, books, flags, room decorations, posters, certificates, dictionaries, and much more. Many of our products are designed by teachers for teachers. We publish numerous items that language teachers have created and used in their classrooms. We have a 100% satisfaction guarantee! If you're not completely satisfied with any item from Carlex, return the item to us within 30 days for a prompt refund or exchange. Because at Carlex, we're not completely satisfied until our customers are. We do not sell or trade your name, address, or phone number with any other persons or companies.

Carnegie Learning is the only math publisher that uses cognitive science as the cornerstone of its instructional design. With textbooks, software, and professional development, we help students succeed in math, creating a gateway to graduation and preparing them for 21st century careers.
Award Winning: Our Cognitive Tutor SoftwareÂ® is a two-time SIIA CODiEâ„¢ Award Winner, and our MATHia SoftwareÂ® is a 2012 finalist.
Common Core: Built from the ground up, our curricula are written for the Common Core State Standards and are consistent with the Standards for Mathematical Practice.
State Adoption: Our math curricula have been formally adopted in 16 states.
Our learning solutions include write-in work texts and innovative software for students in grades 6-12 and post-secondary education, and professional development for educators and leaders for grades K-12.

Products and Services Descriptions

Champion ONE was founded over 20 years ago on a straightforward idea: produce high-quality innovative products with a level(s) of availability that surpass any other company in the industry and provide customers with outstanding service and support. In doing so we redefined service â€“ we call it In A Class By Itself Serviceâ„¢. We do this by providing our customers with carrier-grade products backed by an exceptional warranty and consistently superior support that exceeds our customersâ€™ expectations.Today, Champion ONE products are implemented in systems by customers who use the industryâ€™s leading OEM platforms, including Cisco, Alcatel-Lucent, Juniper, as well as many others. Additionally, we are certified and quality approved by many Fortune 1000 companies, including many of the largest telecommunications carriers in the U.S., Canada and Mexico.

And since the beginning, we have recruited only the most talented people â€“ associates who fully understand the intricacies of optical networks and are laser-focused on customer service. Those prerequisites hold true today and our team consists of experienced professionals with the highest level of technical expertise. This team is available to provide a consultative approach and deliver the innovative, cost-saving solutions that help you streamline your network and set a strong foundation for future growthChampion ONE offers innovative solutions that allow educational facilities to deploy outside-the-box solutions. Connectivity is vital for campus environments and school districts that provide carrier-like services to their community, connecting data centers, remote learning centers and shared research networks. Champion ONE has the expertise to build and future proof scalable solutions to best meet your needs.

Champion ONE offers MMXs (multi-mode extenders) in both GBIC and SFP form factors, which enables you to use your existing multimode fiber plant to establish Gigabit Ethernet connections up to 2km. In

Products and Services Descriptions

Failure Free Reading is a research based and a scientifically validated blended learning methodology. that specializes in teaching non-readers to read. Failure Free Reading works extremely fast. Clients see dramatic reading improvement from the very first lessons making it perfect for: K-12 institutions, Special Education, ID, LD, Autistic, English Language Learners (ELL/ESL,) incarcerated adults, adjudicated youth, work force re-entry, immigrants, and foreign nationals who have never experienced English reading success.

Failure Free Reading provides instructional materials, online or CDRom software, and professional development/training to serve these unique populations of students. Failure Free Reading's methodology uses teacher led scripted instruction, computer reinforcement and testing, along with pencil and paper independent or small group activities.

Failure Free Reading is compatible with all software platforms â€“ new and old â€“ from flash-based to the new HTML 5 web standards found in Mac, Android, PC desktop, Chomrebooks, iPads, tablets and mobile devices (smart phones.)

Established in 1988, Failure Free Reading has obtained over 2 million hours of instruction serving clients across the world in public and private sectors. Its unique instructional software comes with English, Spanish and Sign Language directions. Failure Free Reading has 9 published studies in national and international journals, is listed in the What Works Clearinghouse, Florida Center on Reading Research, National Center on Intensive Interventionâ€™s Tools Chart and the National Dropout Prevention Center/Network.

Lakeshore Learning Materials is an industry leader in the field of early childhood and elementary instructional materials. Every year, we release our Early Childhood and Elementary Catalogs, which are both packed full of exclusive materials designed by our own in-house product developers. Lakeshore is dedicated to creating innovative educational materials that spark young imaginations, instill a sense of wonder and foster a lifelong love of learning. With materials for infants & toddlers through the 6th grade, we help children reach developmental milestones and achieve educational goalsâ€”while still having fun! We know that each child is unique, and we strive to develop materials that appeal to children of all interests, backgrounds and abilities. And, of course, all of the products we carry must meet stringent quality & safety standardsâ€”so theyâ€™re strong enough for daily use in the classroom and safe enough for use by babies and children.

Products and Services Descriptions

Our company carries any percussion item that you might need to fulfill your performance requirements. We carry drum sets, marching instruments, world percussion instruments, orchestral percussion, and we also include audio and P.A. gear. We stock literally thousands of mallets, sticks, heads and assorted sheet music along with any gear accessories needed. We bring in world-class players to give on-site clinics in every area of percussion, and we offer private lessons for drum set, keyboard, and marching percussion students. We also have keyboard rentals available as required for students.
We have over a dozen music education degrees, more than 40 collective years of DCI experience as players and staff, and nearly two centuries of experience as gigging percussionists and drummers.

Discount Information

Mackin's online catalog at www.mackin.com is already discounted up to 45% off publishers' list prices. We are offering an additional 5% discount as part of our proposal for the Region 18 ESC Purchasing Cooperative for 2016-2017 school year. eBooks, online databases, digital audio/video and audio/video devices are excluded from this additional discount but are available at standard Mackin.com prices.

Products and Services Categories

Products and Services Descriptions

Mackin is a true, one-source acquisition service providing more than 2.4 million titles from over 18,000 different publishers through one continuously updated online catalog: www.mackin.com. Mackin provides books in multiple bindings (including publisher library, trade hardcover, paperback, and MackinBound prebound) as well as nonprint materials such as DVDs, Blu-ray, audio and music CDs and MP3s. Digital resources have become a mainstay in education and our free school-centric eresources management system, MackinVIATM, provides easy, convenient access to all your digital materials. With over 350,000 ebooks, 150+ online educational databases, more than 40,000 digital audiobooks and dozens of digital videos available from Mackin, we are properly equipped to assist your schools with digital solutions.

Professional Development and Consulting: Our experienced, solutions-driven education consultants provide schools and districts with research-based, tailored guidance, and innovative solutions to help focus on what matters most in raising student achievement.

Staff Development: We offer extensive staff development and coaching, on- and off-site, for teachers and leaders, including effective classroom instruction across the content areas and leadership development at the school and district/system level.

Training of Trainers: Weâ€™ll help build the capacity of your staff to deliver professional development programs in your school or district.

School Improvement: Weâ€™ll demonstrate effective ways to create a high-performance school culture and guide your school teams through sustainable school improvement initiatives. We also provide customized support for multi-tiered systems of support (MTSS)/response to intervention (RtI) initiatives.

Technical Assistance/Consulting: Our tailored services can target specific areas for improvement in your school or district, such as standards analysis, curriculum audits and alignment, data analysis, technology in the classroom, and more.

Research, Analysis, and Evaluation: We offer research, analysis, and psychometric expertise to states, districts, and other agencies. We can evaluate and analyze programs, grant projects, standards, assessments, and performance evaluation systems, or help you design your own instruments.

Effectively streamlining the multitude of processes and requirements of students, educators, and administrators within a district necessitates a system whose comprehensiveness is matched by its ease of use. Both engaging and intuitive, Oneder is a software platform that enables educators to efficiently create and adapt lessons aligned to academic standards, yet optimally suited to individual studentsâ€™ unique learning needs and both academic and functional goals. With real-time data collection and automatic progress reporting, educators are empowered with actionable insights to make quick adjustments, resulting in improved student outcomes backed by data and attuned to the needs of the individual. Administrators are able, at a glance, to see, articulate, and plan for both student and staff development needs utilizing the data dashboard. Additionally, Oneder has the capacity to import district assessments, end of chapter assessments, and state level-released test items to support student success during critical assessment times.

Oneder is also a cross-platform solution that works seamlessly on all devices. The cloud-based software allows educators to share content, IEP team members to collaborate, and students to have a continuous learning experience by accessing their lessons and supports securely anytime, anywhere. Running on Microsoftâ€™s Azure cloud, all communication between Oneder services and clients is SSL encrypted; parents and educators can rest assured that all student data is sacrosanct and protected while in compliance with HIPPA, FERPA and PPRA standards.

Pricing:

Catalog URL	
Accept PO	Yes

Shipping Information

Pocket Nurse will provide free freight on all parcel-type, first floor deliveries via standard UPS Ground Shipping.
*Third party freight (LTL) deliveries will be calculated at time of order based upon quantity, weight and distance

Discount Information

For this bid, I would like to offer our Pocket Nurse Platinum Pricing Program as detailed below:
â€¢ Pocket Nurse Premium Pricing Program reflects a 15% discount from the price seen at www.pocketnurse.com.
* Price typically reflects a 10% discount off our most recent version of the published catalog. However, given the static nature of the catalog and the dynamic nature of the website, it IS possible to see a price which receives less than a 10% discount from the catalog. These instances should be few and you can always count on the price to reflect a 15% discount from the website (with the below, minimal, exceptions)
Roughly 100 low-use items are an exception to the above pricing methodology. Those items receive a 5% discount from the Online Price
â€¢Free freight on all parcel-type, first floor deliveries via standard UPSÂ® Ground Shipping
* Third-party freight (LTL) deliveries will be calculated at time of order based upon quantity, weight and distance
â€¢Pocket Nurse is not only willing to offer, but strongly encourages Healthcare Education Providers to request bulk product purchase prices, which provides Pocket Nurse the opportunity to offer the best competitive pricing available

Values

You have our commitment to provide great customer service as we build high quality products that delight your community. Customer Service still comes first, after 14 years. PTI has more than 14 years of experience in the outdoor playground and recreation industry. We credit our growing list of happy customers to our relentless promise to listen to customer needs. We are flexible, and work with you to design playgrounds and outdoor equipment that meets your needs. From start to timely completion, weâ€™ll pay attention to the details that matter to you before and after equipment installation.

Quality

We want you to take as much pride in the quality workmanship of your finished products as we do. Quality equipment ensures everyone has the best experience on your playground or athletic facility, and it also reduces your long-term costs. PTI provides the finest athletic surfacing, area shades and playground equipment on the market.

Safety

We believe there is no room for compromise in the safety of your playground or recreation spaces. PTI is an expert in the most current safety standards and will ensure your designs and equipment meet or exceed all regulations. The design, installation and maintenance of your equipment is always done in a rigorous way that will protect the safety of your children or athletes. From age-appropriate design, to proper fall surfacing, to protection from the sun and correct maintenance, ask us how PTI makes your equipment safe.

Community

A play to play. A place to be part of a team. A place to share experiences and build relationships that matter most. PTI knows the spaces we build are not only for you but also for your community. We design our equipment with inclusive play and use in mind. As lifelong Americans and Texans, we are proud to help you make your neighborhood a better place.

Shipping Information

All prices are FOB Origin. Title and risk of loss transfer to the buyer at the shipping point (Wisconsin Rapids, WI). Appropriate shipping and processing fees are applied to orders based on weight of product shipped, order destination, carrier fuel surcharges and special handling or services used. Additional fees may apply for inside freight delivery (including shipments weighing over 200 pounds.) Shipping charges do not apply to customer downloads or subscriptions.

Discount Information

Subscription minimums vary by product. Districts may receive a volume discount on orders based on total amount of invoice before shipping and processing fees are added; items already discounted do not qualify. In order to receive volume discounts all orders must arrive together in the same envelope for processing.

Products and Services Descriptions

SAS has a tested, flexible, sustainable and effective solution that includes two kinds of teacher evaluation tools: reflective value-added reports to assess the effectiveness of districts, schools and teachers; and proactive projection reports that offer predictive insight into an individual student's potential future performance. These complementary tools and additional diagnostic reports available through our secure web application go beyond a single estimate of effectiveness so that educators and policymakers have a more complete picture of student learning that can inform best practices, school improvement plans and resource planning.

Products and Services Descriptions

For over 15 years, Tech4Learning has created award-winning educational software and delivered effective professional learning programs. Tech4Learning helps school provide students with essential 21st-century skills.
We help transform classrooms into learning environments where students are actively and creatively engaged in the learning process, and graduate prepared to use the skills and knowledge they have acquired.
Our products include:
Wixie - Online student publishing and creativity platform.
Pixie - Software for student publishing and creativity.
Frames - Create Animations, digital stories and stop-motion.
Share - Create web-sites, epubs and presentations.
ImageBlender - Create layered drawings and edit images.
Professional Development - Tech4Learning can support your district's sustained professional learning program with training opportunities that provide new ideas and renewed energy. Our workshops help you create 21st century classrooms through effective technology integration and project-based learning.

Wynne has the optimal mix of small, medium and large capacity vehicles that can accommodate the needs of any size group from 10 to 5,000. No other company in the Dallas-Ft. Worth market owns and operates such a wide range of vehicles. In addition to our sizable mini-bus and motorcoach fleet, Wynne offers personalized transportation with late model sedans, SUVâ€™s and Vans. We will assist you in all phases of planning and delivering worry free charters.

As transportation experts, we can offer you the best and most cost effective vehicles for your trip or tour. We offer an extensive range of mini-buses and motorcoaches that will give your trip an extra special touch. We are one of the largest group transportation providers in Texas and we deliver an unmatched level of service and customer satisfaction. We are eager and willing to assist you in all your custom tour and charter needs.

Wynne has been recognized as one of the best in the chartered transportation industry. We have a dedicated reservation team for this service, available 24 hours a day, to manage the fast pace and multiple changes that may occur with your charters.

Wynne is a certified woman owned business, WOSB, HUB and other LCT recognized motorcoach provided of the year 2016
