Student Directory Information

The Mid-Del School District proposes to designate the following personal identifiable information contained in a student's education records as directory information. Parents have the right to request this information not be released. Such requests must be made in writing to the principal at the school site. Unless such notice is received, the following directory information may be disclosed:

- A. The student's name;
- B. The student's class designation (i.e., first grade, tenth grade, etc.);
- C. The student's extracurricular participation;
- D. The student's achievement awards or honors;
- E. The student's weight and height if a member of an athletic team;
- F. The student's photograph

Within the first three weeks of each school year, the school district will publish the above list, or a revised list, of items of directory information it proposes to designate as directory information. For students enrolling after the notice is published, the list will be given to the student's parent or the eligible student at the time and place of enrollment.

After the parent or eligible student has been notified, he or she will have two weeks to advise the school district in writing (a letter to the school principal's office) of any or all of the items they refuse to permit the district to designate as directory information about the student.

At the end of the two-week period, each student's record will be appropriately marked by the record custodian to indicate the items the District will designate as directory information about the student. This designation will remain in effect until it is modified by the written direction of the student's parent or the eligible student.
