

# **Welcome to Clark-Pleasant Community School Corporation's Department of Special Services**

---

Clark-Pleasant provides special services for students with disabilities, ages 3 through 21. Students are determined eligible for special education through a multidisciplinary evaluation, which is coordinated by a school psychologist and then reviewed at a case conference.

Working closely with families, teachers, and administration, Clark-Pleasant is committed to educating students in their least restrictive environment. The majority of students with disabilities attend their neighborhood schools and are educated with their non-disabled peers, to the maximum extent possible.
