

HIGHLY CAPABLE PROGRAM:

Do you know a child in grades K-12 who has the capacity to learn with an unusual depth of understanding, retain what has been learned, and to transfer learning to new situations? Does this student have the capacity and willingness to deal with increasing levels of abstraction and complexity earlier than their chronological peers? Does he or she have creative ability to make unusual connections among ideas and concepts? Does this student have the ability to learn quickly and possess the capacity for intense concentration and/or focus? If so, nominate this student during the nomination window of September or January for the Highly Capable program. You may pick up a nomination form by contacting the school at 509-849-2217.
