Laptop Purchase Agreement/Understanding

The district 1:1 laptops are coming off of lease at the end of the school year and the district can purchase or sell the laptops for $45 dollars each or return the devices to the lease company. The purpose of this document is to share some basic information about the laptops, to make it very clear that the district is not responsible for anything to do with the device after the sale, and to serve as a purchase agreement with the following terms.

Facts to consider prior to purchase:
You will be getting a 3 year old laptop that has been wiped clean of all software except for windows. All district owned software like: Microsoft office, antivirus and filtering software will have to legally be removed prior to sale. The district will not be responsible for anything to do with the laptop once it leaves the district. Laptops are sold “as is” with no warranty intended and all sales are final.

Device Specs:
Lenovo X140e, AMD A4-5000 Processor, 500 GB HD, 4 GB RAM11.6”, 6 Cell Battery, Win 8 Pro License installed

These laptops are very basic functioning tanks that were purchased to meet our specific purpose and needs. They have slow processors by today’s standards. Anyone wanting to purchase this device for the purpose of gaming or for a college student will most likely be disappointed with its capabilities. This laptop would be better suited to be used as a browsing device or to perform basic computing tasks, but you will have to add software to the machine as needed.

The district is not encouraging or discouraging anyone to purchase these devices. We are simply offering anyone the option to purchase their device for $45 dollars if they so choose and we will send back any that are not purchased per the leasing contract. We must however let the Leasing Company know how many machines will be returned by March 1st, 2017.

Agreement:
I understand that I am agreeing to purchase a used laptop for $45 dollars that will come with only a functioning copy of Microsoft Windows and nothing else loaded on the hard drive. I understand that the Havana School District is not responsible for the device in any way once I take ownership of the device. I understand that there is no warranty and that all sales are final. To purchase the device you are agreeing to the terms stated above by signing the document, attaching $45 cash or check, and returning both to your child’s school office by February 17th, 2017.

Student Name Print: ____________________________________________

Adult Signature/Date ____________________________________________

*Only those who paid their tech fee to take the devices home are eligible to purchase their device.
