

Features of our **GREEN SCHOOL** P. 7

Wise Use of Sustainable **BUILDING MATERIALS**:

- Our building has **RECYCLING** collection stations and processing areas.
- **88% OF THE CONSTRUCTION WASTE** including the demolition of the old school was transported to re-cycling centers and **DIVERTED** from the landfill.
- Of the total materials (by cost) used in our new building **28% IS RECYCLED MATERIAL**.
- Of the total materials (by cost) used in our new building **20% IS FROM REGIONAL SOURCES** within 500 miles thereby **REDUCING ENVIRONMENTAL IMPACTS OF TRANSPORTATION** and supporting local and regional businesses.
- Of the total wood products (by cost) used in our new building **82% IS FROM FOREST STEWARDSHIP COUNCIL CERTIFIED (FSC) SOURCES** which supports environmentally responsible forest management.
