Welcome to Mahomet-Seymour High School

This handbook has been prepared to provide information to students and parents concerning high school operations and activities. Policies and procedures may be modified by school administration as situations arise. It is hoped this handbook will be kept as a reference for use throughout the year.

Policies and regulations are necessary for an orderly and functional atmosphere conducive to learning. Courtesy and respect should govern the relationship among faculty, students, staff, and visitors during all school activities. It is in this area of courtesy and respect that students have the greatest opportunity to demonstrate their pride in Mahomet-Seymour High School.

We hope that you will participate in our varied activities and find those things that will help prepare you to live a better life and finally take your place in this complex society.

Mahomet-Seymour High School welcomes you and hopes you will always be conscious of its requirements and traditions of excellence. Your school will be whatever you make it. A positive attitude and spirit will help in making it an outstanding experience.

PESTICIDE INFORMATION

2016 - 2017

PESTICIDE APPLICATION REGISTRY NOTICE

Mahomet-Seymour CUSD #3 practices Integrated Pest Management, a program that combines preventive techniques, non-chemical pest control methods, and the appropriate use of pesticides with a preference for products that are the least harmful to human health and the environment.

The term “pesticide” includes insecticides, herbicides, rodenticides, and fungicides.

The Mahomet-Seymour School District is establishing a registry of people who wish to be notified by phone at least two days prior to unscheduled pesticide applications. Each building is inspected and treated on a monthly basis.

To be included in this registry, please complete the attached form and submit it to the Superintendent’s Office at 1301 S. Bulldog Dr, Mahomet, IL 61853. You will be added to our SchoolReach phone contact system for this particular notification category. The phone message will be given at least two business days before the application of the pesticide. It will identify the intended date of the application of the pesticide and the name and telephone contact number for the school personnel responsible for the pesticide application program. You must submit a new Registry Notice form each school year.

I would like to be notified by phone at least two days before the use of pesticides at the school. I understand that if there is an immediate threat to health or property that requires treatment before notification can be sent out, I will receive notification as soon as practicable.

L-Z --- Mr. Garrison

Students are welcome to come in at any time. If counselors are not available, students may leave a note for his/her counselor.

CLASS RANK AND GRADE POINT AVERAGE
Class rank is calculated by counting all the semester grades of a student in a regular academic program and multiplying these grades by the following scale: A=4, A−=3.67, B+=3.33, B=3, B−=2.67, C+=2.33, C=2, C−=1.67, D+=1.33, D=1, D−=0.67, F=0. Honor points will be awarded for classes designated as honors or advanced placement, providing that earned grades are a "C" or higher. These classes receive a higher point value and are reflected accordingly in each student’s grade point average (GPA) and class rank. The numerical average of all grades is the grade point average (G.P.A.). Grades for Physical Education and Driver Education are not used to determine G.P.A. or class rank. Students who desire to earn maximum honors points need to carefully plan and monitor their four-year course sequence.

COLLEGE ADMISSIONS
Colleges will conditionally admit students after three years of high school. Final acceptance to college is based on verification of graduation from high school. Admission to all public two-year and four-year colleges and universities in Illinois is based on academic performance and/or ACT test scores. Parkland College will accept all students who are high school graduates. Parkland does use a selective admissions procedure (evaluating science grades, class rank, and ACT scores) to admit students to special programs, such as nursing, animal health technology, etc.

DROP/ADD POLICY
The following policy is in effect for all students:
1. A student may drop a course and add another within the first week of the semester with approval from the Guidance Office and instructors involved.
2. A student may drop a class without it appearing on his/her transcript any time within the first nine weeks of the semester.
3. A student who drops a class after the deadline ends will have a grade of "F" entered on his/her transcript for that course.

GRADES
Student grades can be seen in the Skyward Family Access. A check of student progress is made every four to five weeks and a mid-quarter report is posted at this time. Day to day grades are updated frequently in the Skyward Family Access portal.

GRADING SCALE
A+ and A=93-100, A−=90-92, B+=87-89, B=83-86, B−=80-82, C+=77-79, C=73-76, C−=70-72, D+=67-69, D=63-66, D−=60-62, below 60=F.
HONOR CORDS
Organizations, such as National Honor Society, Spanish Honorary Society, French Honorary Society, International Thespian Society, and Quill and Scroll, may issue honor cords for students to wear during the graduation ceremony. Students must purchase the cords.

HONOR ROLL
An honor roll will be listed after each grading period. The honor roll will be for students with an average of 3.00 and above. This is based on an A=4, F=0 scale. For high honors, students must have at least a 3.75 grade point average. For honors, students must have a 3.00 grade point average.

HOW TO SEND A TRANSCRIPT
If students want a transcript of grades sent to another school, college or employer, a form must be completed (available in the guidance office). High schools, colleges, and universities require that official transcripts be mailed from school. Written consent of the student or parent is required before the transcript will be sent.

MAKE-UP WORK
Students are required to make up all coursework for excused absences. In general, students are allowed one make-up day for each day of absence due to illness. Students who have pre-arranged absences (field trips, college days, out of town with parents) should have all work completed upon returning to school. Credit may or may not be given for work missed due to unexcused absences.

MEDICAL EXCUSE FOR PHYSICAL EDUCATION
If a student is sick or injured and must be out of physical education, he/she must bring a note stating why he/she is to be excused. For periods longer than two days, a doctor's excuse is needed. The doctor's excuse must state the illness and/or treatment and the length of time the student is to be excused from physical education. The written excuse from the doctor must be turned into the instructor as soon as possible after the accident, illness or treatment occurs.

PE WAIVER - ATHLETES & MARCHING BAND MEMBERS
To be excused from PE as an athlete or marching band member, you must meet the following criteria:
1. Be a junior or senior
2. Be taking four or more classes
3. Be participating in a school sport or marching band during the season you are excused.

You must fill out a PE waiver form prior to your activity season. Once the form is completed, you will be assigned a study hall during your PE period. If you drop from the team, it is your responsibility to report to your guidance counselor and return to PE. Failure to do so may result in failure for the semester.

PLAGIARISM/ ACADEMIC DISHONESTY
Plagiarism constitutes a serious offense. It is defined as the copying or paraphrasing of material written by another without attributing the source, whether the source is published material, electronic media, or another student. A first offense may result in a zero on the assignment. A second offense may result in a failing grade for the quarter in which it occurs.

RECORDS
This is to notify the parents and students that upon graduation, transfer or permanent withdrawal of a student from school, the permanent cumulative files will be kept in storage at the Central Office for sixty (60) years. The temporary record files will be kept in storage at the Central Office for a period of five (5) years from the date of graduation, transfer or permanent withdrawal from school. At any time prior to the destruction date the student or parent may request in writing to copy the record and information proposed to be destroyed. This request should be made to the Central Office. The information should be picked up within seven to ten working days from the date of the request. The cost is twenty cents per page.

STUDY HALL WAIVER (hour 1 and/or 7)
Juniors and seniors who have a study hall during 1st or 7th period may be excused provided:
1. Students and parents sign and understand the following study hall waiver conditions.
   a. Students may NOT ride the bus to or from school.
   b. Students may NOT be in the building or on the grounds unless under supervision of a teacher.
c. Students may NOT cause a nuisance to persons or property in the neighborhood of the school.

d. Students may NOT be driving or riding in vehicles near the school during these periods.

e. Students may be detained for disciplinary and academic reasons.

f. Study hall waiver students must not arrive at school before 9:00 and must leave after 6th hour.

g. Study hall waiver privileges may be canceled at any time by administration.

2. Study hall waiver privileges will NOT be granted on an irregular basis.

**STUDENT RESPONSIBILITY FOR GRADUATION**
Counselors will assist students in planning a schedule that will meet graduation requirements and entry into educational or vocational training programs and employment after high school. It is the responsibility of each student to see that he/she takes and completes all requirements for graduation, college admission or other programs.

**SUMMER SCHOOL**
Summer school courses will be offered on a tuition-basis. Course offerings and dates will be determined prior to registration.

Alternative Education

Alternative Education provides an alternative way for Mahomet-Seymour High School students to earn their high school diploma. Students in the program have access to flexible scheduling computer based learning, and independently paced courses.

PLACEMENT

To be considered for placement, students must fill out an application and complete an interview with the Alternative Education Committee. In general, the program is designed for students who face significant obstacles in completing their high school education. Since a limited number of placements are available, priority will be given to those students with the greatest need.

ACADEMIC REQUIREMENTS

Students in Alternative Education must complete the same number of credits and the same core courses required of every Mahomet-Seymour High School student. Any student completing all of these requirements will graduate with a Mahomet-Seymour High School diploma.

COURSEWORK

Classes in the alternative program are offered in a variety of formats. Some will meet daily, some will be independently paced with teacher conferences, some will be computer-based, and some may be vocational or community projects and partnerships. Times for individual help and guided study are scheduled into every school day. Any student wishing to take a lab course, world language, or art/music course may choose to take one class per semester in the traditional school.

HOW IT WORKS

Alternative Education is a program of choice. Upon entering the program, every student is assigned to a Learning Coordinator (LC) who creates an individual plan in a conference with that student. Students decide which classes to take, how and when to take them, and how quickly they make progress toward graduation. They must commit to these plans in writing. Students are held to the commitments they make for attendance hours and academic progress. Every week, students confer with their LC to review their progress for the week. If a student does not make adequate progress, she/he may be placed on probation in the program, and ultimately may leave the program.

CRITERIA FOR ADMISSION

- Attendance Problems/Truancy
- Academic Difficulties
- Inadequate Progress
- Excessive Accumulation of Discipline Points
- Social Skills Needs
- External Home/Personal Problems
- Age Inappropriate for Grade Level
- Must complete requirements by the age of 21
- Financial need to work
- Other Factors

TYPICAL SCHOOL DAY

Each student’s typical school day will be determined by the alternative education plan that has been developed with the student. Students will be enrolled in at least three classes per quarter and will earn credits on a per quarter basis. Students who are enrolled in the work/study component of the program must attend school for at least 180 minutes per day and be on the job site for at least ten hours per week to be considered full time students. Students who are not enrolled in the work/study component must attend school for 300 minutes to be considered full time students.

MAKING CHOICES

Life is all about making choices. This alternative program is predicated on teaching students to make the right choices. It is a program of choice. Students must choose to apply for the program. No students will be placed in the program without a commitment to achieve success. Students must choose to attend their classes on a daily basis, choose to make adequate curricular progress in all of their classes, and choose to abide by a few simple behavioral rules in order to be successful in the alternative school. The program has a limited number of seats available, thus students who are not making the choices that will allow them to be successful in the program will be released from the program in order to allow another student to have a chance at being successful. We encourage all students who are interested in the program to apply. Students will be chosen for the program based on their need and individual situation. All students who apply and are not selected will remain on a waiting list and may be enrolled when a seat is available.
Attendance Policy

The progress and success of each student depends to a large extent upon regular attendance at school. Responsibility is one of the most important personal attributes to be learned in school. Strict enforcement of attendance is one way to help in teaching this concept. Regular attendance is necessary to insure maximum educational benefits. A student who is not present in school is not learning. Because excessive absences from class result in a lack of participation and interaction by the student with the class, Mahomet-Seymour High School shall adopt the following attendance policy.

I. Reporting of Absences:
If a student is absent from school, the parent/guardian must telephone the attendance office (586-3358) before 9:00am on the day of the absence to state the reason for the student's absence (notes or emails are not accepted). Parents who cannot call between the hours of 7:30am and 9:00am may leave a message on our 24-hour answering machine. The parent/guardian must call each day the student is absent unless previous arrangements have been made. If the parent does not call the attendance office on the day of the absence, the administration may classify the absence as unexcused. Students who have been absent without explanation must receive an admit slip from the attendance office before returning to their classes. The determination as to whether a student absence is excused or unexcused will be made by the administration.

II. The Eight (8) Day Excused Absence Policy
Students who accumulate more than eight excused absences in any one class (per semester) must provide proof of the nature of the excused absence (a note from a doctor) in order for the absence to be marked excused. Failure to do so will result in the absence being marked as unexcused and the student may receive no credit for work missed. Without providing proof, future absences will not allow make-up work credit and therefore will jeopardize the student's semester grade. This policy will be in effect for students who transfer in to MSHS on a prorated basis.

Acceptable reasons for excused absence:
A. Illness of the student/family
B. Unavoidable accident or emergency
C. Anticipated absence with Administrative Approval
These are examples of anticipated absences that may receive approval:
   a. College visits (for juniors and seniors)
   b. Special religious holidays
   c. Other circumstances as determined by the Administration

Excused absences not counted in the Eight Day Policy:
A. School field trips
B. Religious leaves
C. Medical appointments (with written proof from doctor)
D. Funeral for family members
E. Court appointments (with written proof from court)
F. Extended serious/critical illness of student/family member
G. Suspensions for disciplinary reasons
H. Other absences as determined by the administration

III. Release for Appointments
MSHS encourages parents to make appointments for their students during times that do not conflict with school. In the event that an appointment must be made during school time, it is expected that the student return to school following the appointment. Parents or individual students should provide transportation to the appointment. No student will be released to provide transportation for another student during school hours. In order to be excused for an appointment, the following procedure must be followed.

Prior to the appointment, the student's parent/guardian should call (no notes are accepted) the Attendance Office at 586-3358 and give the following information:
   a. Name of Student
   b. Time of Appointment
   c. Type of Appointment
   d. Time to be released
   e. Approximate time of return

On the scheduled day of the appointment, the student must sign out through the Attendance Office. When the student returns they must sign in at the same office (with the statement verifying the appointment). ALL APPOINTMENTS THAT ARE UNVERIFIED BY WRITTEN PROOF FROM A DOCTOR WILL BE CONSIDERED UNEXCUSED ABSENCES. Failure to check out through the attendance office may result in an unexcused absence.
IV. Illness at School
If a student becomes ill while at school, he or she should ask their teacher for a pass to the Attendance Office. Students may not leave school when they are ill unless the Attendance Office has received parental/guardian consent prior to the student's signing out.

V. The Five (5) Day Unexcused Absence Withdrawal/Fail Policy
All absences that are not classified above are considered to be unexcused absences. Students may receive no credit for work missed during unexcused absences. Students who accumulate more than five unexcused absences in one class may be withdrawn from the class, placed in study hall, and given a failing grade for the semester.

The following are some examples of unexcused absences:
(absences with the knowledge of the parent)

a. oversleeping
b. car trouble
c. unverified medical/dental appointments
d. students who leave due to illness without signing out
e. illness exceeding eight days not verified by a doctor
f. non-emergency family related absences
g. shopping trips
h. skip days
i. driver’s license
j. hunting

Students are considered to be unexcused truant (absent without the knowledge of the parent) if they are absent from school for all or part of a school day without parent knowledge. The consequences for unexcused truant absences range from detentions to out of school suspensions and may include legal action through the truant officer at the Regional Office of Education.
Upon the fifth unexcused absence a meeting will be requested with the student, the student's parents, a guidance counselor, and the Assistant Principal regarding the student's unexcused absences.

Students who accumulate more than five (5) unexcused absences of any kind in one class may not be withdrawn from the class until a parent/teacher/administrator conference is held to determine his or her status.

The student's status will be one of the following:
Conditional Status
The student remains in class with the following conditions:
(1) there must be no further unexcused absences.
(2) all work assigned in the class must be completed to the teacher's satisfaction.
(3) the student must not be a discipline problem.

Students on conditional status who fail to complete the semester in good standing will receive no credit for the course. The loss of credit may be appealed to a committee consisting of an MSHS administrator, a guidance counselor, and the teacher involved. It is the responsibility of the parent to initiate the appeal process by notifying the Assistant Principal in writing within five (5) school days of the end of the semester.

Withdraw-Fail Status
The student will receive a grade of "WF" (withdraw-fail) and earn no credit for the course, and be placed in study hall.

VI. Tardiness
1. Students are tardy if they are not in the classroom when the bell rings. Oversleeping, missing the bus, or experiencing car trouble are not considered valid reasons for being tardy excused to class. Tardiness may result in the assignment of detentions from the teacher or from the administration.
2. 1st offense – warning from the teacher
3. 2nd offense – teacher-issued detention served with that teacher 8:00-8:15 the next morning (missed detention = referral to the office); teacher contacts home
4. 3rd offense – referral to the office
5. All tardies greater than four -- The student will be referred to the administration for further consequences including additional detentions, Saturday Supervised Study, or suspension from the class or school.

*Tardies will be marked in the Skyward system.
Dress Code - Mahomet-Seymour High School Expectations

The following expectations for student dress have been established to promote a safe and optimum learning environment. Apparel or appearance that tends to draw attention to an individual rather than to a learning situation must be avoided. Our goal is to reduce distractions to the school-learning environment.

The following standards will be observed during school hours at Mahomet-Seymour High School.

1. Pants must be worn at the waist. No sagging allowed.
2. Shirts, blouses, and dresses must cover the abdomen, back, shoulder and chest areas. Strapless or single strap tops are not allowed. Tank top shirts are not allowed and all sleeveless shirts must cover the shoulder area. Shirts or tops must cover the waistband of pants, shorts, or skirts with no midriff visible. See-through mesh or fabric garments are not permitted.
3. Undergarments must be covered at all times.
4. Head apparel, including hats and bandannas must not be worn inside the school building.
5. Footwear is required at all times.
6. Clothing and accessories such as backpacks, patches, jewelry, and notebooks must not display (1) racial or ethnic slurs/symbols, (2) gang affiliations, (3) vulgar, subversive, or sexually suggestive language or images; nor, should they promote products which students may not legally buy; such as alcohol, tobacco, and illegal drugs.
7. Skirts, dresses, and shorts must be beyond fingertip length.
8. Prohibited items include (1) large, long and/or heavy chains, (2) studded or chained accessories, (3) sunglasses, except for health purposes, (4) sleepwear
9. Coats and jackets exceeding fingertip length are not to be worn in the classroom.

The school administration reserves the right to determine whether the student's attire is within the limits of decency and modesty.

The principal may allow exceptions in special circumstances or occasions such as holidays or special performances and may further prescribe dress in certain classes such as physical education, vocational classes, and science labs.

Student Behavior Policy

Students

This policy becomes effective and replaces the current policy on Student Discipline on the first student attendance day of the 2016-2017 school year.

Student Behavior (formerly known as Student Discipline)

The goals and objectives of this policy are to provide effective discipline practices that: (1) prioritize the safety and dignity of students and staff; (2) maintain a positive, weapons-free, and drug-free learning environment; (3) keep school property and the property of others secure; (4) address the causes of a student’s misbehavior and, to the extent possible and practical, provide opportunities for all individuals involved in an incident to participate in its resolution; and (5) teach students positive behavioral skills to become independent, self-disciplined citizens in the school community and society.

As is the case throughout the Board Policy Manual, the term “includes” when used in this policy means “includes, without limitation.”

When and Where Conduct Rules Apply

A student may be subject to disciplinary action for engaging in prohibited student conduct, as described in the section with that name below, whenever the student’s conduct is reasonably related to school or school activities, including:

1. On, or within sight of, school grounds at any time, including before, during, and after school hours;
2. Off school grounds at a school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school;
3. Traveling to or from school or a school activity, function, or event; or
4. Anywhere, if the conduct or reasonably could be foreseen to do any of the following: interfere with, disrupt, or adversely affect the school environment, school operations, or an educational function, including conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.
Prohibited Student Conduct
The school administration is authorized to discipline students for gross disobedience or misconduct, including:

1. Using, possessing, distributing, purchasing, selling, or offering for sale:
   a. Tobacco or nicotine materials, including electronic cigarettes.
   b. Alcoholic beverages. A student who is under the influence of an alcoholic beverage is not permitted to attend school or school functions and is treated as in possession of.
   c. Any illegal drug or controlled substance, or cannabis (including medical cannabis, marijuana, and hashish).
   d. Any anabolic steroid unless it is being administered in accordance with a physician’s or licensed practitioner’s prescription.
   e. Any performance-enhancing substance on the Illinois High School Association’s most current banned substance list unless administered in accordance with a physician’s or licensed practitioner’s prescription.
   f. Any prescription drug when not prescribed for the student by a physician or licensed practitioner, or when used in a manner inconsistent with the prescription or prescribing physician’s or licensed practitioner’s instructions. The use or possession of medical cannabis, even by a student for whom medical cannabis has been prescribed, is prohibited.
   g. Any substance, regardless of whether it contains an illegal drug or is explicitly prohibited by this policy, that is inhaled, injected, smoked, consumed, or otherwise ingested or absorbed with the intention of causing a physiological or psychological change in the body, regardless of whether such change is in fact caused. This includes pure caffeine in tablet or powdered form. The prohibition in this section does not apply a substance for which the student has a prescription from a physician or licensed practitioner where the student is using the substance in a manner consistent with the prescription or prescribing physician’s or licensed practitioner’s instructions, including a student’s use of legally prescribed asthma or other inhalant medication.

h. “Look-alike” or counterfeit drugs, which are any: (a) that a student believes to be, or represents to be, an illegal drug, controlled substance, substance causing a physiological or psychological change in the body, or other substance that is prohibited by this policy; or (b) about which a student engages in behavior that would lead a reasonable person to believe that the student expressly or impliedly believes or represents the substance to be an illegal drug, controlled substance, substance causing a physiological or psychological change in the body, or other substance that is prohibited by this policy.

The prohibition in this section does not apply a substance for which the student has a prescription from a physician or licensed practitioner where the student is using the substance in a manner consistent with the prescription or prescribing physician’s or licensed practitioner’s instructions, including a student’s use of legally prescribed asthma or other inhalant medication.

i. Drug paraphernalia, including devices that are or can be used to: (a) ingest, inhale, or inject cannabis or controlled substances into the body; and (b) grow, process, store, or conceal cannabis or controlled substances.

4. Using or possessing a laser pointer, unless the student: (1) has express authorization by a staff member; (2) is using the laser pointer in the context of instruction; and (3) is under a staff member’s direct supervision when using the laser pointer.

5. Disobeying rules of student conduct or directives from staff members or school officials. Examples of disobeying staff directives include refusing a District staff member’s request to stop, present school identification, or submit to a search.

6. Engaging in academic dishonesty, including cheating, intentionally plagiarizing, wrongfully giving or receiving help during an academic examination, altering report cards, and wrongfully obtaining test copies or scores.

7. Engaging in hazing or any kind of bullying or aggressive behavior that does physical or psychological harm to a staff person or another student, or urging other students to engage in such conduct. Prohibited conduct specifically includes any use of violence, intimidation, force, noise, coercion, threats, stalking, harassment, sexual harassment, public humiliation, theft or destruction of property, retaliation, hazing, bullying, bullying using a school computer or a school computer network, or other comparable conduct.

8. Engaging in any sexual activity, including consensual sexual activity, offensive touching, sexual harassment, indecent exposure (including mooning), and sexual assault. 18. Operating an unmanned aircraft system (UAS) or drone for any purpose on school grounds or at any school event unless granted permission by the Superintendent or designee.
19. Engaging in any activity, on or off campus, that interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.

For purposes of this policy, the term “possession” includes having control, custody, or care, of an object or substance, including situations in which the item is: (a) on the student’s person; (b) contained in another item belonging to, or under the control of, the student, such as in the student’s clothing, backpack, or automobile; (c) in a school’s student locker, desk, or other school property; or (d) at any location on school property or at a school-sponsored event.

Efforts, including the use of positive interventions and supports, shall be made to deter students, while at school or a school-related event, from engaging in aggressive behavior that may reasonably produce physical or psychological harm to someone else. The Superintendent or designee shall notify the parent/guardian of a student who engages in aggressive behavior about the incident. The failure to provide such notification does not limit the Board’s authority to impose discipline, including suspension or expulsion, for such behavior.

No disciplinary action shall be taken against any student that is based totally or in part on the refusal of the student’s parent/guardian to administer or consent to the administration of psychotropic or psychostimulant medication to the student.

Disciplinary Measures
School officials shall limit the number and duration of expulsions and out-of-school suspensions to the greatest extent practicable, and, where practicable and reasonable, shall consider forms of non-exclusionary discipline before using out-of-school suspensions or expulsions. School personnel shall not advise or encourage students to drop out voluntarily due to behavioral or academic difficulties. Potential disciplinary measures include any of the following:

1. Notifying parent(s)/guardian(s).
2. Disciplinary conference.
3. Withholding of privileges.
4. Temporary removal from the classroom.
5. Return of property or restitution for lost, stolen, or damaged property.
6. In-school suspension. The Building Principal or designee shall properly supervise the student.
7. After-school study or Saturday study provided the student’s parent/guardian has been notified. If transportation arrangements cannot be agreed upon, an alternative disciplinary measure must be used. The student must be supervised by the detaining teacher or the Building Principal or designee.
8. Community service with local public and nonprofit agencies that enhances community efforts to meet human, educational, environmental, or public safety needs. The District will not provide transportation. School administration shall use this option only as an alternative to another disciplinary measure, when appropriate, giving the student and/or parent/guardian the choice.
9. Seizure of contraband; confiscation and temporary retention of personal property that was used to violate this policy or school disciplinary rules.
10. Suspension of bus riding privileges in accordance with Board policy 7:220, Bus Conduct.
11. Out-of-school suspension from school and all school activities in accordance with Board policy 7:200, Suspension Procedures. A student who has been suspended may also be restricted from being on school grounds and at school activities.
12. Expulsion from school and all school activities for a definite time period not to exceed 2 calendar years in accordance with Board policy 7:210, Expulsion Procedures. A student who has been expelled may also be restricted from being on school grounds and at school activities.
13. Transfer to an alternative program if the student is expelled or if the parent/guardian agrees to such transfer. The transfer shall be in the manner provided in Article 13A or 13B of the School Code.
14. Notifying juvenile authorities or other law enforcement whenever the conduct involves criminal activity, including illegal drugs (controlled substances), “look-alikes,” alcohol, or weapons or in other circumstances as authorized by the reciprocal reporting agreement between the District and local law enforcement agencies.

The above list of disciplinary measures is a range of options that will not always be applicable in every case. In some circumstances, it may not be possible to avoid suspending or expelling a student because behavioral interventions, other than a suspension and expulsion, will not be appropriate and available, and the only reasonable and practical way to resolve the threat and/or address the disruption is a suspension or expulsion.

Corporal punishment is prohibited. Corporal punishment is defined as slapping, paddling, or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily harm. Corporal punishment does not include reasonable force as needed to maintain safety for students, staff, or other persons, or for the purpose of self-defense or defense of property.

**Weapons**

A student who is determined to have brought one of the following objects to school, any school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school shall be expelled for a period of at least one calendar year but not more than 2 calendar years:

1. A firearm, meaning any gun, rifle, shotgun, or weapon as defined by Section 921 of Title 18 of the United States Code (18 U.S.C. § 921), firearm as defined in Section 1.1 of the Firearm Owners Identification Card Act (430 ILCS 65/), or firearm as defined in Section 24-1 of the Criminal Code of 1961 (720 ILCS 5/24-1).

2. A knife, brass knuckles, or other knuckle weapon regardless of its composition, a billy club, or any other object if used or attempted to be used to cause bodily harm, including “look alikes” of any firearm as defined above.

The expulsion requirement under either paragraph 1 or 2 above may be modified by the Superintendent, and the Superintendent’s determination may be modified by the Board on a case-by-case basis. The Superintendent or designee may grant an exception to this policy, upon the prior request of an adult supervisor, for students in theatre, cooking, ROTC, martial arts, and similar programs, whether or not school-sponsored, provided the item is not equipped, nor intended, to do bodily harm.

This policy’s prohibitions concerning weapons apply regardless of whether: (1) a student is licensed to carry a concealed firearm, or (2) the Board permits visitors, who are licensed to carry a concealed firearm, to store a firearm in a locked vehicle in a school parking area.

Bullying
(including harassment, hazing, and intimidation)
The Mahomet-Seymour School District is committed to the prevention of bullying behavior through positive behavioral interventions and student instruction, currently in place at every building. The steps for addressing specific incidents of bullying are listed below. If your child is being bullied or you have concerns regarding bullying, please contact your child's building principal or assistant principal immediately.

Definition: Bullying is the unwanted, aggressive behavior among school aged children that involves a real or perceived power imbalance. The behavior is repeated, or has the potential to be repeated, over time. Both kids who are bullied and kids who bully others may have serious, lasting problems.

In order to be considered bullying, the behavior must be aggressive and include:
An Imbalance of Power: Kids who bully use their power, - such as physical strength, access to embarrassing information, or popularity - to control or harm others. Power imbalances can change over time and in different situations, even if they involve the same people.
Repetition: Bullying behaviors happen more than once or have the potential to happen more than once

Bullying includes such actions as making threats, spreading rumors, attacking someone physically or verbally, and excluding someone from a group on purpose.

Types of Bullying

There are three types of bullying:

- **Verbal bullying** - saying and writing mean things
  - Teasing
  - Name calling
  - Inappropriate sexual comments
  - Taunting
  - Threatening to cause harm
  - Laughing at
  - Mumbling under your breath
  - Electronic communications indicating any of the above

- **Social Bullying** - hurting someone’s reputation or relationships
  - Leaving someone out on purpose
  - Telling other children not to be friends with someone
  - Spreading rumors or gossip
  - Embarrassing someone in public
  - Glaring
  - Eye rolling
  - Electronic communications indicating any of the above

- **Physical Bullying** - hurting a person’s body or possessions
  - Hitting/kicking/pinching/poking
  - Spitting
  - Tripping/pushing/bumping
  - Taking or breaking someone’s things
  - Making mean or rude hand gestures
  - Hair pulling
  - Invasion of personal space

**Addressing Bullying in School**

The following steps will be used when an incident of bullying is suspected or reported. Steps and procedures are followed at the discretion of the administrator, depending on severity, intensity, and frequency of events.

1. Gather information from all involved parties. This may include students directly or indirectly involved in the incident, teachers or other district staff, and parents.
2. Phone call home.
3. Progressive consequences, following school discipline/athletic code.
4. When warranted, notify local police.

*Please be aware that consequences for specific children cannot be shared with anyone other than that child’s parents. Parents may not be aware of consequences administered to students for this reason.

**DELEGATION OF AUTHORITY**

Each teacher, and any other school personnel when students are under his or her charge, is authorized to impose any disciplinary measure, other than suspension or expulsion, corporal punishment or in-school suspension, which is appropriate and in accordance with the policies and rules on student discipline. Teachers, other certificated employees, and other persons (whether or not certificated) providing a related
service for or with respect to a student, may use reasonable force as needed to maintain safety for other students, school personnel or persons, or for the purpose of self-defense or defense of property. Teachers may remove students from a classroom for disruptive behavior.

The Superintendent, Building Principal, Assistant Building Principal and/or Dean of Students are authorized to impose the same disciplinary measures as teachers and may suspend students guilty of gross disobedience or misconduct from school (including all school functions) and from riding the school bus, up to 10 consecutive school days, provided the appropriate procedures are followed.

The School Board may suspend a student from riding the bus in excess of 10 consecutive days for safety reasons and may expel students guilty of gross disobedience or misconduct for the remainder of the school term or for a shorter period as determined by the Board.

EXTRACURRICULAR ACTIVITIES CODE
ACTIVITIES PHILOSOPHY
Mahomet-Seymour feels that extracurricular activities are an important educational experience for all who choose to participate. A person is the sum total of all his living experiences, and experience comes in many ways. The channels of learning differ with each student, and each student will tend to stress those channels that give expression to his/her best talents.

All too often, people give little thought to those values that are usually described in abstract terms. Nevertheless, qualities, such as loyalty, respect, service, sacrifice, pride, love, dedication, and courage become more obvious when exposed to the pressures associated with athletics and extra-curricular activities.

When a student endures the physical and mental hardship of being a team member, when he/she accepts all the unpleasantness of weather, outside pressures, bruises, aches, the disappointment of losing, when they subject their performance to the judgment of all spectators and critics...through all of this, a person can achieve a special discipline of character. This kind of discipline contributes to the strength, which helps all of us face hardships, responsibility, and the demands of duty throughout our lifetime. As a participant grows in their understanding of what it means to be part of a team, and they face the difficulties of a challenging schedule, many of these qualities emerge.

SECTION VI Mahomet-Seymour C.U.S.D #3 recognizes the importance and value of good sportsmanship. The major benefits derived from a child’s participation in competitive athletics and activities are the development of sportsmanlike attitudes and values such as honesty, fair play, and citizenship. With that belief in mind, Mahomet-Seymour C.U.S.D. #3 requires the parents of all student-participants to view Mahomet-Seymour’s Fundamentals of Sportsmanship and Extra-Curricular Code Review video. The video will be shown at the high school thirty minutes prior to the start of each of our seasonal sports kickoffs. The Mahomet-Seymour Fundamentals of Sportsmanship and Extra-Curricular Code Review is also available to be viewed on-line at http://www.ms.k12.il.us/mshsathletics/links/sportsmanship.ppt. If the parents are unable to attend the viewing, there will be a videotape able to view at times designated by the Extra-Curricular Director. This videotape will be available at the high school office and the parents of student-participants must watch the videotape and sign the Fundamentals of Sportsmanship signoff sheet acknowledging they have viewed and understand the Fundamentals of Sportsmanship and our Activities Code. Student-participants will be unable to compete interscholastically or perform until their parents have signed this sheet. Student-participants will still be allowed to participate in practices, meetings, rehearsals, etc.

If at any time a spectator is asked to leave our facilities for unacceptable behavior, the spectator will be required to view the videotape of the Fundamentals of Sportsmanship again before they are allowed to be present at other extra-curricular events and may be suspended from attending future events. If the spectator continues to display poor sportsmanship, they may be suspended from attending any extra-curricular event for a time period determined by the administration and the school board of Mahomet-Seymour C.U.S.D. #3.
SECTION VII Insurance for student-athletes
1. In order to compete, all Mahomet-Seymour student-athletes must be covered by family hospitalization and medical insurance and/or school accident insurance, which is suggested. This coverage is available to student-athletes at a nominal cost.

      (b) Regular school time insurance.
2. Community Unit School District No. 3 is NOT responsible for injuries or loss resulting from participating in sports.

   (For further information concerning these insurance programs, you may contact the athletic director.)
4. What you should do in case of injury:
   a. Tell your coach to fill out an injury report for you.
   b. The insurance form will then be mailed to your parents with instructions.
   c. Your parents should then complete the form and send it to your doctor or the hospital.

SECTION VIII The Illinois High School Association randomly tests the student/athletes who are members of interscholastic school teams for the use of performance enhancing supplements. The student/athletes and his or her parent(s)/guardian(s) shall consent, in writing, to the random drug testing before participation in interscholastic athletics. Failure to sign the consent form renders the student/athlete ineligible. The Superintendent or designee shall develop procedures to implement the District’s compliance with the I.H.S.A. policy.

ARTICLE II BEHAVIORAL EXPECTATIONS AND CONSEQUENCES
SECTION I A student representing Mahomet-Seymour High School shall exemplify high standards of moral integrity and good citizenship, both in and out of school. A neat, clean appearance is expected of all student-participants.

SECTION II The Mahomet-Seymour Extracurricular Activity Staff will not, under any circumstances, permit SECTION II violations listed below during the entire year (12 months a year, in and out of season):
**1. Using, possessing, distributing, purchasing or selling tobacco materials or paraphernalia on or off school grounds.
**2. Using, possessing, distributing, purchasing or selling alcoholic beverages on or off school grounds.
**3. Using, possessing, distributing, purchasing or selling any controlled substances on or off school grounds. For detailed information on substances included, see Board Policy 7:190.
4. Engage in conduct that specifically violates existing criminal code statutes.
5. Deliberate access, creation, display, transmission, or otherwise possessing or disseminating material which contains pornography, obscenity, or sexually explicit, pervasively lewd and vulgar, or indecent or inappropriate language, text, sounds, or visual depictions.
**All Drug/Alcohol/Tobacco Treatment Programs should last the full duration recommended by the approved counselor. Costs for enrollment in D/A/T Abuse Treatment Programs are the responsibility of the student-participant and/or parent. If a student-participant confides in a coach, sponsor or school official that he/she has a drug or alcohol problem and requests help, that student-participant must attend an approved D/A/T Treatment Program, but the 30 day or one-half the season suspension penalty from extra-curricular events is waived; the student-participant will be charged with his/her first offense violation. This must be considered as a “cry for help”. This section will be void if the student-participant is using this exception only to avoid the extracurricular activity suspension penalty or if the student-participant is in violation for the second or third offense.
All drug/alcohol testing must be completed at an approved testing center. Local doctor's offices or clinic tests will not be accepted.

If any member of the Mahomet-Seymour Staff, school official or law enforcement officer has proven knowledge of any of the preceding violations, the student-participant will lose all privileges and honors he/she is entitled thereto. A personal conference with the student-participant, coach, sponsor, athletic director, and/or parent(s) may be held concerning any of the preceding violations, if so desired.

The extracurricular activity staff may, at any time, require drug/alcohol testing of any student-participant where there is “reasonable suspicion” of drug or alcohol use by a student-participant.

For any drug/alcohol-related violations, a student-participant must take an approved five-panel test and test negative prior to returning to the activity. Failure to submit to testing under any of the preceding provisions will result in suspension from participation until compliance and until the test is reported negative.
Penalties for offenses #1, #2 and #3 shall be:

1st offense—suspension from participating in all extra-curricular events from the next scheduled event for a period of 30 calendar days or one-half of the next activity season, whichever is less. Event can be described as game, contest, math, performance, competition, etc. Drama and Madrigal events will be considered performances if the event is performed in full costume and performed for the entertainment of others. Dress rehearsals will not be considered performances. Students involved in more than one school activity at the same time will have the suspension period applied to each activity. The penalty for a first offense can be reduced to 15 calendar days or one third of the next activity season, whichever is less, if the student-participant chooses to meet with a school-approved treatment counselor and performs eight hours of community service. The counseling session(s) and community service must occur within the 15 day calendar period. The penalty for tobacco use is 20 calendar days for the first offense. The 2nd and 3rd offense penalties for tobacco use will be subject to the same penalties as other drug and alcohol offenses. Tobacco offenses are not subject to a five-panel drug test.

*1. The student-participant will practice with the team or group during the time he/she is suspended from extra-curricular event or activity. He/she must test negative prior to returning to the activity to participate. He/she must also provide proof of submission to a drug test prior to returning to practice.

*2. If the violation occurs during a season, the same penalty will result, but the penalty will be on a pro-rated basis for that activity and/or the next activity season of participation.

2nd Offense-Suspension from participating in all extra-curricular events for a period of 90 calendar days from the date of the next competition or performance with the completion of an approved counseling program. Student-participants must continue training rules during this time. If the student or parent should desire, the penalty can be truncated to 45 calendar days with mandatory counseling and 40 hours of community services. A random five-panel drug test must also be performed during this 45 day period and test negative before returning to the activity.

3rd and subsequent offenses are one year suspension and the completion of an approved counseling program. There will remain mandatory drug testing before returning to program or sport. Penalty for third offense can be truncated to 6 months with 80 hours of approved community service.

Expunging of record for good behavior - Following a first offense violation, a student-participant who has not been in violation of the Mahomet-Seymour CUSD #3 Discipline Policy for a period of one year will have his/her record expunged. A subsequent violation of the discipline code will be treated as a first offense, and if necessary, a second and third offense. A student-participant’s record can only be expunged one time during his/her high school career.

Proximity Clause-- Student-participants are not permitted to be in attendance at any location where alcohol, controlled substances or illegal drugs are knowingly possessed or consumed by any minors.

Penalties will be:

1st offense -- Student -participants that are in extra-curricular activities that have fewer than 15 regular season contests are suspended for one (1) contest. Student-participants that are in extra-curricular activities that have 15 or more contests are suspended for two (2) contests.

2nd offense -- This will be treated the same as a first offense for possession or consumption, which is a thirty (30) day or half the season suspension.

Penalties for offenses #4 and #5 shall be:

Dependent on the severity and nature of the infraction(s) consequences may range from suspension from practice(s) and or competition(s) participation to expulsion from program.

Questions and Answers:

Question: If a student-participant is smoking in June for the first time, when would he/she become eligible?

Answer: The student-participant would become eligible in 30 calendar days or one-half of the season after the date of the first game, match, meet or event in the activity in which he/she enrolled, provided (1) he/she practices with the team or group during the suspension and (2) he/she makes the team, squad or group, and (3) he/she attends an approved program for smoking counseling.

Question: If a student/athlete has a suspension in place and the sport season ends, does the suspension carry over to the next sport season?

Answer: Yes, and remaining suspension dates will carry over to the next sport season that a student/athlete participates.

Question: Assume a student-participant is smoking for the first time during the season. When would he/she become eligible?

Answer: In this case, the one-half season or 30 calendar days is pro-rated for that activity and the next season in which he/she participates, provided (with the coach/sponsor's permission) he/she attends practices, he/she is not dismissed from the team, squad or group, and he/she attends an approved smoking counseling program.
Question: What if a student is a non-participant, does not observe training rules, then wants to go out for an activity. Would he/she be eligible; if so, when?
Answer: Yes, provided he/she contacts the coach or sponsor and athletic director and explains his/her intention at least 30 calendar days in advance of the opening date of the season, and he/she begins training at that time. He/she would then be eligible at the opening date of the season. If, in this case, the student-participant did not notify the coach or sponsor and athletic director 30 days in advance, he/she would be eligible to compete extra-curricularly after 30 calendar days after the first game, match, meet or event, or one-half of that season, provided he/she attended all practices and abided by all rules and regulations. In this case, the prospective student-participant must test clean prior to participation in practices or games.

Question: If a student-participant has committed any first or second offenses, must he/she still observe all training rules to be eligible for extracurricular activities in the future?
Answer: Yes.

Question: Does the second offense have to be in the same year?
Answer: No. The offenses accumulate. If you had an offense as a freshman, then another as a senior, that would be considered a second offense.

Question: If it is a student-participant's second offense, may he/she practice with the team or group for the entire year, but not compete as is defined above?
Answer: Possibly, provided he/she has permission of all coaches or sponsors involved. In all practicality, the answer to this question is no. See "2nd offense."

Question: If I have a drug or alcohol problem and go to my coach or sponsor and request his/her help, what procedure would then follow?
Answer: If you sincerely are seeking help and ask your coach or sponsor for his/her assistance to help you with your drug or alcohol problem (and it is not public knowledge or will soon be public knowledge that you have just been involved in a drinking or drug situation), you will be considered to be under the 1st Offense Penalty. The 30 days or one-half (1/2) the season penalty is waived, but you must enroll in an approved Drug/Alcohol Treatment Program for a minimum time that is equal to or exceeds the amount of time of your suspension. You must take and pass a drug test prior to returning to competition.

Question: If I am a second semester 8th grade student and break training rules before I enroll at the high school, what penalties are incurred, if any?
Answer: Second semester 8th grade students who have completed their extracurricular activity careers at the junior high have two options: (1) Enroll in and complete an approved drug/alcohol/tobacco program; enter high school at no penalty or (2) Enter the high school at the first offense penalty.

SECTION III These training rules and regulations apply to all extracurricular activities at Mahomet-Seymour High School. These training rules will apply for the entire year (12 months). They are also cumulative.

SECTION IV All transfer students are required to meet with the athletic director. If a student transfers to Unit #3 after having been suspended from another school's extracurricular program for training violations, that student will not participate in this district's extracurricular program until his/her suspension would have been over at the other school. If the penalty for the violation is longer at the Unit #3 school than it would have been at the school where the offense occurred, the student will be suspended according to our guidelines.

**Question:** If I quit football before the second game, would I be eligible to practice on the opening date of wrestling or basketball practice, if it was my first time out for football?
