Study/Resource Guide for Students and Parents Grade 3

Study/Resource Guide

The Study/Resource Guides are intended to serve as a resource for parents and students. They contain practice questions and learning activities for each content area. The standards identified in the Study/Resource Guides address a sampling of the state-mandated content standards. For the purposes of day-to-day classroom instruction, teachers should consult the wide array of resources that can be found at www.georgiamilestones.org.

Welcome to Experience Online Testing Georgia!

The Georgia Milestones tests measure what students in grades 3 through high school have learned. Many students will take the tests online.

This practice site lets students see what testing online is like. Parents and educators are welcome to try it too. The items on the demonstration tests are general and are organized into three grade bands: Grades 3 – 5, Grades 6 – 8, and High School in the content areas of English Language Arts, Mathematics, Science, and Social Studies. The items do not necessarily represent the specific grade-level content that students learn daily in their classrooms. The primary purpose is to let students experience, firsthand, the functionality of the online testing platform. The sample tests are not graded, so have fun!

Technical documentation, tutorials, and a link to your online experience can be found below.
