## Scholarships - Frequently Asked Question

**What supporting documentation is needed in addition to a completed application?** For all scholarships, proof of household income for the past 30 days and a brief letter expressing why you would like to receive financial assistance for training, including why you would like to receive this training and how you plan to use it to better yourself. Also include any information that will help the committee to understand how this scholarship will help you achieve your goals. Applications will only be considered when complete and when accompanied by all supporting documentation.

**How are decisions made about regarding scholarships?** For all scholarships, a committee of community members considers all applications on a case-by-case basis using specific criteria established for each opportunity. Committee's meet on a regularly scheduled basis, usually once per month, but can be called into special session if agreed upon by a majority of members.

**Do I have to live in a certain area to be eligible for scholarships?** Yes, each scholarship opportunity has residence requirements, both in location and duration, as defined in the table to the right.

**How will I know if I have been awarded a scholarship?** For all scholarships, those awarded will be notified in writing by letter sent to the address included in the application. Each recipient will be required to sign that they accept the stipulations of receiving the funds.

**How will I know if I have been declined for a scholarship?** For all scholarships, those declined for an award will be notified in writing by letter sent to the address included in the application.

**What is the amount of the scholarship award?** Scholarship awards are considered on a case-by-case basis, but generally consider the cost of the program, other funding sources or awards, and perceived need. In almost all cases, the scholarship will not cover the entirety of the cost of tuition for a program (usually covers about 80%). As such, if awarded, it is the recipient's responsibility to pay the balance not covered by the award.

**Do I receive the money directly?** No, all awards will be paid **DIRECTLY TO THE SCHOOL** and credited to your account balance. **When is the money distributed to the school?** Funds will be distributed to the school and subsequently applied to the student account upon successful completion of the program and when all other obligations have been met to the school (testing, etc.). If an award recipient voluntarily withdraws or is terminated from a program according to the schools' SAP (academic progress), SA (attendance), or Code of Conduct policies, the award will be immediately rescinded. Any balance remaining on the account will therefore be the responsibility of the student.

By agreeing to accept the award, recipients authorize the school and scholarship committees to use their name and photo for promotion of the program. Recipients also commit to keeping the school updated with a current phone number, email, and address.

**I HAVE READ, UNDERSTAND AND AGREE TO THE ABOVE.**
