

CREDIT FOR ADVANCED COURSES CONCURRENT ENROLLMENT STUDENT

Amber-Pocasset Board of Education believes that an important part of the educational process is the encouraging of students to strive for their intellectual limits.

High School Courses

One method of encouraging students to challenge themselves is to provide all students the option of enrolling in high school courses for credit. This board will provide the opportunity for any student to receive high-school graduation credit for taking high school courses under the following conditions:

1. The course will be a course regularly taught as a high-school course (Example: Algebra I)
2. The course will be taught by a teacher certified to teach the class as a high-school course
3. The student will successfully complete the course.
4. The grade may be either a letter grade or a pass-fail grade.

Concurrent College Enrollment

As an additional opportunity, and in compliance with state law, the board will approve the enrollment of high-school students in college courses. An eleventh-grade student or a twelfth-grade student who has achieved an acceptable score on the ACT or the SAT test may enroll concurrently in high-school and college courses.

Proficiency Based Promotion

This board will provide opportunities of proficiency-based promotion, and will disseminate materials explaining the opportunities available to students and parents each year.

The Amber-Pocasset Board of Education believes that students should be encouraged to prepare themselves for study beyond high school when possible.

Therefore, all senior students who wish to attend college courses may request appearance at a regularly scheduled board of education meeting to present their request. Parents or guardian may be requested to be present.

Prior to appearance at the board of education meeting, the student must complete the necessary scheduling of courses required for graduation from high school and must meet the requirements set forth in the regulation which accompanies this policy.

The superintendent will designate a staff member who will make personal contact with every junior and their parents or guardians, individually or in groups, during the fall semester to present materials and to explain the concurrent enrollment program.

The superintendent will post notices in at least two places conspicuous to students calling attention to the concurrent enrollment program and naming the contact person.

The superintendent is directed to prepare a regulation implementing this policy.
